CASH FROM UTAH MINES

Big Dividends Usher in Making Their Stockholders Happy.

BINGHAM WILL PAY IN TEN DAYS.

Week on the Stock Exchange Surpasses All Previous Records—Miscellaneous Mining Items.

With customary regularity the Bingham Mining company came forward today with dividend No. 47, or $25,000, as an amount payable to stockholders on account of the sale of ore from the Yampa Tunnel. The check, which the company's friends will have received in the course of a few days, is large and wealthy, the operations on an addition to which, the completion of an addition to which is now nearly effected, will greatly enhance the output of ore and make dividends such a regular and matter of course as the production of the products now in sight.

The Bingham Bulletin comments upon the dividend as follows: "Another dividend of $25,000 has been declared by the Bingham Mining company, which it was expected the regular monthly dividend of $10,000 would be increased to. Maybe the company thought the Yampa tunnel would be in ore by the time the dividend was declared, but it is not. Reports from the mine are also to the effect that the company is making an abundance of room for stoping ore in the mine, so say good stoping ore in the mine, so say good morning to the supply of the milling ores.

Accompanying the movements above noted was a distribution of $37,500 by the Boston company, one of $31,250 by the Grand Central and a scattering of dimes among those holding shares in the Ohio Copper company, the Bingham Central and the Galena Consolidated, making with the handsome sum of $12,750, this being but a partial report for the end of month.

STOCK EXCHANGE BUSINESS.

The Heavy Today as it Has Been During the Week.

The week on the stock exchange has been a record for the business done, for the six days just past surpassing all previous records. In the period mentioned the shares sold amounted to 46,325, while the cash value represented was $917,753.31, or a sum of over per million dollars a day. It is not the business to say that the volume of business done in local mining securities is as great as the volume of business in any other branch of affairs and this, of itself, speaks volumes to Utah, for mines and the mining industry.

The closing day of the week raised off with no predecessors and when the market took its leave it had shipped one aggregating 46,350 shares, the same having a cash value of $20,542.99. Taking the Salisbury Mar Consolidated shares at 18 cents and then followed heavy businesses in Four Aces (most exclusively), White Cross, Ne-Ma-Ha-Ha (with their sales of over 4,000 shares at figures ranging from 6½ to 7 cents a share). The stock closed strong, a bid of 8½ cents remaining to close, while the closing shares there were selling in Mammoth, Lower Mammoth, Norbeth, Light, and Sunshine, all at good figures, and when the curtain dropped the market was well closed and a good whips for the opening of another week.

The unlisted stocks the brokers sell to Alice at 75 cents, then Buckeye, named 2½ cents, after which gratifying offers to sell at a number of other concerns, the best sellers coming there being Eagle and Blue Bell, Little Pittsburg Consolidated, Mount Sevier, Tabor and West Mountain Placer, the last of these remained firm, the holder being the exception. It is reported in the trading and had a choice lot of ore to show. All in all the day was one of the most active held recently and the brokers seemed to enjoy the proceedings immensely.

The closing figures were as follows:

LISTED STOCKS.

Stocks.	Bid.	Asked.
Alice	75	1.00
Ajax	14	
Anchor	30	35
Bullion-Beck	1.50	2.00
