The Corean embassy, to-day, made official calls on the heads of different foreign legations. To-morrow they will visit the State, War and Navy Departments.

The Corean embassy paid an official visit to the State, War and Navy departments to-day. They were received at the State Department by Assistant Secretaries Davis and Hunter, and Chief Clerk Brown, at the Navy department, by Acting Secretary Nichols, Rear Admiral Shufeldt, and Commodores Walker and English, and at the War department by Adjutant-General Drum. The head of the embassy took occasion to thank Admiral Shufeldt in behalf of the Corean government for his good offices in bringing about the close relations between the United States and Corea. Admiral Shufeldt said he expected to make another visit to Corea next year.

Depravity and Disaster.

MINNEAPOLIS, Minn., 2.—Last night between 1 and 2 o'clock four men entered the store of Cohen & Rosenthal, on Washington Avenue, south, and carried away ready-made clothing valued at $2,000, using drays to cart the goods away. It is asserted that two policemen saw the men in the store, but were afraid to attack them, and while one went to headquarters for assistance, the thieves became alarmed and escaped.

Harrisburg, 1.—Benjamin Wilson, colored, was fatally shot while fleeing from Charles McCulloch's hotel, Bridgeport, which he and others attempted to rob. Wilson escaped home and died in bed from his wounds. A coat the robbers left in the hotel make Wilson known.

New York, 1.—The police made three arrests of persons engaged in the wholesale robbery of postoffices in Massachusetts and Connecticut.

Oxford, Ind., 1.—The coroner's inquest in the case of Ada Atkinson, so mysteriously butchered, is conducted with the utmost secrecy. The coroner went to the scene of the tragedy and interviewed Jacob Neiling, who is closely watched on account of a bloody handkerchief found in his possession.

Burlington, 1.—A *Hawkeye* special from Iowa station, Ills., on the Carthage Branch of the Chicago, Burlington & Quincy, gives an account of a fatal tragedy there to-day. William Diver, a deaf mute, rejected by his brother's widow, attempted to kill her with a hand axe, and inflicted serious injuries. Being interrupted in his endeavors to spiritualize his sister-in-law, he cut his own throat and pounded himself on the head with the axe until he fell dead. The woman will recover.

Constantinople, 2.—The British consul at Suturis, Albania, was fired at while on a hunting expedition a few days since, but not hurt. The would-be-assassins escaped.

Pittsburg, 30.—Mrs. Fanny Bryant Newton, the sensational suicide, will be buried to-morrow. The remarkable circumstances of this case have excited the deepest interest here and the residence of the deceased was visited to-day by many ladies and gentlemen. The methodical manner in which she arranged her affairs and prepared everything for death is believed to be without parallel in the history of suicides. She was doubtless insane, but there was a suprising degree of method in her madness. The unfortunate woman was well connected, being a niece of Alexander Campbell, founder of the Campbellite church. Her reputed husband, Dr. Orlu Newton, who suicided two weeks ago, was a descendant of Sir Isaac Newton.

New York, 2.—David A. Paul, 375 East Sixth, was arrested to-day charged with violating the new law in manufacturing cigars in a tenament. He was to give bail for trial. This was the first case under the law which went into effect to-day, and will be carried to a higher court and a test case made of it.

Edward Lobello, alias James Faulkner, was arrested on board the steamer *Lydnia Monarch*, on requisition of the British consul, charged with forging in Bristol England, a cheque for £280. Of the sum £230 in gold was found with him. He was arraigned before the United States commissioner, and sent to jail to await examination.

The grand jury, to-day, handed in a presentment in regard to the bureau of water rents and the bureau of arrears and assessment, in both of which frauds have recently been discovered. The system of keeping accounts is pronounced faulty and inadequate, and the immediate adoption of an improved system is recommended, and that a board of experts be appointed to examine all financial departments of the city from July 1st to date.

The case of Frank Sherwen, who was arrested in Chicago, was a surprise to his friends. Sherwen has figured prominently in public life for many years. The charges against him dated as far back as 1873, when he was indicted in Albany for failing to appear there in answer to a subpœna in connection with the prosecution of Phelps, defaulting New York State treasury cashier. Six indictments were found against him, but he was not tried. It was alleged that he had left the country for Europe. Over a year ago he was arrested on the old charges against him in this city, and was taken before the supreme court on a writ of habeas corpus. Sherwen was remanded to the custody of Fischer of Albany. An appeal was taken to the general supreme court, and the judgment was affirmed. Meantime Sherwen was taken to the court of appeals, and that court also affirmed the decision of the supreme court directing Sherwen to appear and abide under the general term. The accused was to have appeared before the general term to-day, but failed to do so. That was owing to his arrest in Chicago upon a telegram from Albany. His counsel obtained an order from Judge Barrett returnable on Friday next before the Supreme Court general term, to show cause why all proceedings should not be stopped. Meantime the order itself stayed all proceedings. Counsel presented the order before the general term court. The district attorney of Albany moved that the order should be vacated, claiming that Sherwen was required by the Court of Appeals to be in court to-day, and such orders should not be interfered with. He asked that Sherwen's bail be forfeited and that Judge Barrett's order be vacated.

Denver, Col., 30.—*Tribune's* Tornichi, Colorado: The Eastman and Short Consolidated Mining Company's concentrating works were burned this morning. Loss, $40,000. No insurance.

Indianapolis, 30.—About 5 o'clock this morning a story and half frame house in the eastern part of Shelby, Indiana, occupied by Kittie Wallace as a house of ill fame, was set on fire and entirely consumed. Flora Garrett and Maggie Wells, two of the inmates who were sleeping in a back room up stairs, unable to escape, were burned to death. Kittie Wallace, the mistress, and Nelson Peedham and Hermon Tormelia, who were sleeping downstairs, escaped. It is supposed by some that the girls were murdered and then fire set to the house to conceal the crime, as the left breast and arm of a girl was found to have several sharp cuts as with a knife. A dirk knife was found near the remains. An inquest was held this afternoon, but nothing definite was decided.

Dodge City, Ks., 1.—Those in charge of the matter seem to think Dean, one of the parties arrested for the train robbery, is the man who shot Hilton and Fadel, and the lines seem to be drawn closely around him as a leader of the gang. He tells a very explicit and apparently straight story, but the officers have discovered that it fails to hang together in many very important particulars. The matter will fully develop in a day or two, and it is more than likely one of the men now held will give the whole thing away. There is a determination among those representing the railroad company and the State to bring the scoundrels to justice at all hazards. A Deputy sheriff is now at Coolidge and also Jack Bridges, city marshal, and Deputy Sheriff White. They will say nothing, but it is thought by many they have some clue and are forging the chains more closely about Dean.

Montreal, 1.—Severe frost last night did great damage to grapes and vegetables.

Naples, 1.—Near here, to day, a train was thrown from the track, and five persons killed and forty injured.

Chicago, 1.—To night Mrs. Mary Davis sprang from a fifth story window at the corner of York and Harrison Streets, and died within 15 minutes.

Trenton, 1.—Mrs. Henry Kearney and Mrs. Conrad Best, 70 and 75 years old, were killed by a railroad train while walking on the track.

Leigh, England, 2.—As a cage was being hoisted in Nelson coal pit, here to-day, the rope broke, precipitating the cage to the bottom of the shaft, killing six miners.

Nashua, N. H., 1.—During a thunder storm on Saturday night, the residence of Harvey Wheeler was struck by lightning and Mrs. Wheeler killed; water was scarce and Wheeler extinguished the fire with milk.

British Briefs.

LONDON, 2.—A dispatch from Paris to the local news agency, says: Waldeck Rosseau, minister of the interior, has ordered that an inquiry be instituted as to what measures were taken to secure order on the occasion of King Alfonso's arrival on Saturday.

London, 1.—Fifteen thousand steel and ironworkers of Glamorganshire and Monmouthshire, have struck against a reduction of 10 per cent. in their wages. Employers urge, in view of English and American competition, that they must either close the works or reduce wages.

The steamer *Devonshire* from Baltimore, Sept. 11th, has arrived. She lost 103 head of cattle on the passage.

General Items.

Rome, 1.—Cardinal Ledochowski renounces the idea of being reinstated in the Archbishopric of Posen.

Berlin, 2.—Newspapers here regard the insults heaped upon Alfonso in Paris as mortal to France. No power, they say, would now wish for an alliance with her. The insults to the Spanish King were, in their opinion, more directly aimed against the Germans, who consider them a sign of weakness.

Paris, 2.—Prime Minister Ferry had an interview with President Grevy this morning. It is reported that several members of the cabinet intend to offer their resignations.

France says: At the dinner at the Elysee the minister of public works informed the Spanish minister that the French government, wishing to furnish proof of its strength in relation to France and Spain, had resolved to summon an international commission to examine into the scheme of building a tunnel at Camree, France, so as to improve the railway connection with the two countries.

President Grevy's aide de camp accompanied Alfonso to the frontier.

Berlin, 1.—The German government will take no diplomatic notice of the manifestation against king Alfonso in Paris.

All newspapers express great indignation at the insults offered to Alfonso in Paris.

Paris, 2.—Alfonso, in declining the invitation of Grevy to prolong his stay in Paris, remarked that Grevy's apology for his treatment by the people might make him forget the bitterness of his entry, but Spain would long remember the hisses of the populace, who would not see that behind the king it was the nation they were hissing.

Madrid, 1.—The *Iberia* says: The demonstration against Alfonso will remain a lasting shame to France. If she does not give full satisfaction it will show the government of France has merely a nominal existence and that seditious persons are more powerful than all the authorities. Republican papers urge the Spanish people to be calm and prudent, in order to avoid playing into the hands of Bismarck. At a meeting of the dynastic left to-day after a speech by Moret, favoring the project, it was resolved to organize a great public demonstration in honor of the King on his arrival here. The military club of this city passed a similar resolution.

Irun, Spain, 2.—The train containing King Alfonso and suite arrived here this morning. The King was received with unbounded enthusiasm by the crowed in waiting. In parting at the frontier with his French escort, he charged the aide-de-campe of President Grevy to convey his thanks to the President for the cordial welcome he gave him in Paris.

Madrid, 2.—The Queen and family returned from La Grainja, where they were given an ovation by the populace. The streets from the depot to the palace were thronged with carriages and pedestrians, and an enormous crowd filled the depot, including officers of the garrison. The Queen and Princesses were greatly cheered. Shouts were raised, "Long live the King and Queen." Occasional cries hostile to France were heard. The Queen appeared twice on the balcony of the palace in response to the plaudits of the multitude. A short time afterwards a group of excited youths went in the direction of the French emba sy crying, "Long live the Uhlan King; down with the French," but dispersed on seeing the embassy protected by a strong body of police. A number of people made friendly demonstrations in front of the German legation. Placards were posted in various parts of the city, violently attacking France. There was a meeting of the principal French residents of Madrid at which the insults to the King were strongly condemned and cordial sympathy with Spain was expressed.

BRIEF TELEGRAMS.

Hartford, Conn., 2.—The results so far as heard from, show the republicans have carried a large majority of the towns, making gains apparently on the figures of a year ago.

Omaha, 2.—The board of education, to-night decided to try the experiment of the Kindergarten system in some of the lower grades of Omaha public schools.

Christine Nilsson arrived in New York Monday, looking fifteen years younger than when she visited us a year ago.

At Rogers Park, Chicago, while fifteen men were working on a sewer, a cave occurred; Patrick O'Donnell was killed, and a number of others injured, one fatally.

Anna Helms, aged 18, committed suicide at Terre Haute, Ind., Monday, by taking arsenic. She and her mother had quarreled because the former was too intimate with her stepfather, from whom the mother was lately divorced.

The fight between Mitchell and Sheriff took place in New York on Tuesday avening. It occupies 30 minutes, in which seven rounds were fought. Neither man was badly punished, though some scientific work and hard hitting were indulged in. The referee declared the fight a draw.

Montreal, 2.—The glass blowers who lately arrived from France decline to work for the wages they agreed to accept before leaving home. The affair is in settlement by the vice consul.

Boston, 2.—St. John lodge celebrated to-night the 150th anniversary of its organization. It was shown that the Pennsylvania claimant for seniority received its charter through Joseph's lodge.

New York, 1.—Up to the close of business hours to-day, there were sold at the postoffice 1,250,000 two cent stamps, 85,000 four cent stamps and 400,000 two cent envelopes. The crowd was at no time such as to cause confusion, and the fact that the two cent denomination were called for mainly, made possible the enormous sale in the comparatively short time. One man in each of the postoffices was kept busy telling people their own stamps were better than they were before the change and that old two cent stamps were good for any point in the United States.

Chicago, 2.—There is an universal rush for the new two cent postage stamps, and up to noon 350,000 had been sold.

New York, 1.—The tax office opened to-day, and $3,725,000 was received. Among the checks were $6,542 on the property of President Arthur and Robert G. Dun, assessed at $857,000; Wm. W. Astor, $466,000 on real estate; W. H. Vanderbilt, $170,000 on real estate and $229,000 on personal property; Trinity church corporation, $60,000 on real estate. The total amount to be collected is $29,186,169 tax; rate, $2.29.

Chicago, 30.—Thirty young Sioux Indians from Standing Rock agency arrived here to-day and were taken to Feehanville Catholic training school, where they will be taught the manual arts. Among them is a son of Sitting Bull. A party of 70 Indians, including Running Antelope and a son of Spotted Tail are in the city on the way to Washington, in charge of Indian Agent Noel. They ask government to give them farms and provide them with agricultural implements. They refuse to sleep in the hotel and are camping in a tent in Lincoln Park.

Pittsburg, 2.—This is Grand Army day, and the city is in holiday attire in honor of the veterans. The day opened gloomy, with a steady rain, which ruined many decorations, but by noon the clouds had passed, and at this hour, 1 o'clock, the sun is shining brightly and the streets are thronged with people, visitors from the surrounding towns, Western Pennsylvania, Eastern Ohio and West Virginia. This afternoon there will be a grand parade, in which it is estimated not less than 10,000 will participate.

Philadelphia, 30.—Hog Chuck, the Chinaman, who died in the almshouse on Wednesday, was buried to-day. At the grave Mr. Lyle said the Lord's prayer in Chinese and in English, after which a number of ribbons bound around the body, were removed and thrown upon the coffin. While the clay was being shoveled upon the coffin, the celestials cast meats, rice, tea, baked dough, roast chicken, and a black bottle among the dirt; 10,000 people witnessed the ceremonies at the grave.

New York, 1.—The cigar-makers' association has issued an address to its members, relative to the new law whice goes into effect to-day. The law relates only to the city of New York, and makes it a misdemeanor subject to fine, arrest and penalty to manufacture cigars in living rooms of tenement houses. For many years millions of cigars have been made in the very rooms where workmen, their wives and children ate and slept. There are now 19,200 families living in tenement houses in New York engaged in the business. These families number over 50,000 persons. The Cigar Manufacturers' association notifies all the landlords of tenement houses used for that purpose that special rooms must be set apart in each building, free of rent, for the manufactnre of cigars; and that no tobacco be delivered at rooms as heretofore.

The renowned swimmer, Paul Boyton, says he is never without a bottle of St. Jacobs Oil, the great pain-cure. It kills pain.

IF EATING WERE A FELONY IT COULD NOT BE MORE TERRIBLY PUNISHED THAN BY THE TORTURES OF INDIGESTION. WHY ENDURE THEM? EVERY DYSPEPTIC KNOWS, OR OUGHT TO KNOW, THAT TARRENT'S EFFERVESCENT SELTZER APERIENT IS A SPECIFIC FOR THE COMPLAINT. WHY THEN SUFFER? IT IS SHEER FOLLY. SOLD BY ALL DRUGGISTS.

TO BUILDERS AND OTHERS!

TO A SUITABLE NEIGHBOR I will sell a nice Building Lot on my property in the Eleventh Ward, for a reasonable figure. It is situated about half a block South of the New Catholic Hospital, and the same distance from the First South Street Car Line. FIRE! FIRE!

"A High Private in the Rear Rank."

TO OUR MANY PATRONS:

ON ACCOUNT OF THE GREAT heat, the Merchandise Department of the ART BAZAR is removed to the store lately occupied by David Yearsley, in the Hooper & Eldredge block. The Photographic Department, in charge of Mr. Ralph Savage, has also been transferred to John Olson's new gallery, on Commercial street. Persons having paid for portraits in advance at the old stand can have them retaken after July 4th, free of charge. No pains will be spared to keep up the standard of excellence hitherto maintained. Rally! Rally! Rally! A new series of views will soon be taken. Nothing was saved from the upper part of the Art Bazar.
