DISTRICT COURT HEARINGS.

Divorce and Probate Matters—Lars Nelson Estate Controversy.

Prosecuted for Cruelty to Animals—Efforts of Council to Settle With W. G. Weaver.

Suit was filed in the Second district court by Anna N. Larsen against John E. Larsen to secure a decree of divorce. The complaint sets forth that the plaintiff and defendant were married in Ames, Iowa, Nov. 22, 1883. That on or about the first day of January, 1896, the defendant willfully abandoned the plaintiff and has for the past five years been willfully absent from the plaintiff. It is further alleged that for four years past the defendant has failed to provide for the plaintiff the common necessities of life, that the defendant is amply able to support plaintiff, but on account of intemperate habits, his means are spent in riotous living, that there has been born to the plaintiff and defendant three children, all living, and plaintiff asks for custody of the children and for such other relief as the court may deem just.

In the matter of the estate of Lars Nelson, deceased, the hearing on the petition of Ellen Nelson, wife of the deceased, for appointment as administratrix, and the cross-petition of the children of the deceased, protesting against the appointment of the widow, and praying for the appointment of Archibald McFarland as administrator, was heard before Judge Rolapp. The testimony of the children of the said deceased, purported to show that the widow, who is the step-mother of the children, is very much opposed to the children, and drove them all away from the parental home, shortly after the marriage of their father to Mrs. Ellen Nelson, which took place about sixteen years ago. The testimony introduced went to show further that the widow is not familiar with the English language, and is in other ways incompetent to act as said administratrix. The defense went to show by the testimony of several witnesses that the widow, Mrs. Ellen Nelson, did not turn the children from their home, because of her cruel and unkind treatment to them, further, that she is competent to administer the said estate. After the testimony was all introduced the court, appointed Archibald McFarland, Ole Olson and P. Peterson, special appraisers to appraise all the property and examine the same with a purpose in view of ascertaining what portion of property, both real and personal, legally belongs to the widow and what portion belonged to the deceased, and to report on the same as soon as possible. Until the report of the special appraisers is received and considered by the court no action will be taken by the court as to the appointment of an administrator.

In the matter of the estate of Anna M. L. Erickson, the court appointed A. P. Rasmussen administrator with bonds fixed at \$500.

In the matter of the estate and guardianship of William V. Stevens, a minor, Jesse B. Weidell was appointed guardian.

Mrs. Agnes Stevens Moyes was appointed guardian over the estate of Joseph Stevens et al, minors, without bond.

State Humane Officer Henniger, of Salt Lake, swore out a complaint against Isaac Farr and Peter Johnson, charging them with cruelty to animals. The complaint alleges that the two men left a team tied up in this city for over twenty-four hours without either food or water. The humane society intends prosecuting all violators of the law.

TO SETTLE WITH WEAVER.

The Ogden city council last night voted to tender a warrant for \$24,568.37 to W. C. Weaver, receiver of the Bear River Irrigation & Odeon Waterworks company, as payment for the judgment recently secured in the federal court against the city, together with costs and interest. Councilmen Carr, Emmett and Powers were absent. Jones voted against the proposition. The latter stood for answering the writ of mandamus recently issued from the federal court by setting up that the city has no funds with which to pay the judgment and is without authority of law to levy a special tax. Jones' resolution to this effect failed to pass, and the plan recommended by Judge Hilen, a special counsel for the city, was adopted.

AMERICAN FORK.

Impressive Funeral of Bishop Vm. D. Robinson.

American Fork, Utah, Sept. 13.—What was perhaps one of the largest assemblies of the kind that ever gathered in the meeting house here convened today at 1 p. m. at the funeral services of Bishop Vm. D. Robinson. Brother Robinson is an old time here, and has been much before the people in various capacities. He was born in Pennsylvania and came to this country at an early day. He has been intimately associated with the growth of American Fork, was the third and fifth mayor of the city and ever stood for progress and advancement in the community. He served a number of years in the High Council of the Utah State and for the last eight years has been Bishop of the American Fork ward. He acted as the latter capacity until July 14, when the ward was divided. For the past three years he has been afflicted with disease and for a great part of the time has been unable to attend to his duties. Friends gathered from all over the country to pay the last respects to his memory.

The American Fork Co-op. has opened up in its new building and from the appearance of things one would judge that the disastrous fire of last May is fast becoming only an unpleasant memory in its history. A large brick addition is being added to the already commodious building, which improves its appearance very much.

The Chipman Mercantile Co. has almost completed their new brick building on Merchant St.

The farmers are getting well through with threshing. Grain crops are generally good.

GROVONT, WYOMING.

PREST. JOS. F. SMITH AND PARTY

The Ranchers' Paradise—Room for Enterprising Homeseekers.

Special Correspondence.

Grovont, Uinta Co., Wyo., Sept. 6.—President Joseph F. Smith and party stopped a few minutes at James O. May's place as they were on their way to the National Park. Henry Todd and father were accompanying the party through. All were in good health and seemed to be enjoying themselves. They held meeting at Jackson on the 5th at 10 o'clock a. m. Elder Blackhurst of Pleasant Green and W. P. Carter were present. The president's party looking for stock ranches.

ROOM FOR HOMESEKERS.

We have room for quite a number of good, enterprising men. Good ranches can be bought very reasonably, while there is some land yet that can be taken up, though the choicest lots and the handiest to water have been filled on. The land is of good quality and we look forward in hopes of seeing the tillable land all occupied and under cultivation, supporting a large population. Full grain can be successfully raised, and the ground is covered with snow from December until May and the earth seldom freezes.

The last word from here regarding crops is encouraging. June was so early that all vegetation stopped growing and the prospect at that time was for half a crop. But July changed the looks of things most wonderfully, for the better, as our best such as timothy, alfalfa, native grass and oats, was just splendid. On ground that you corresponded last year cut eleven loads this year he cut forty-nine. Oats were excellent. The yield of the wheat was 60 bushels to the acre, and half of them had but one watering. Hardy vegetables also do well.

So, all things considered, with our fine range, fat beef good butter and milk, nice gardens, large hay stacks, wild game and fish, and the money that the tourists leave here, not forgetting the hand of the Lord in all these things, we are fast becoming a desirable life. So to those desiring homes where there is good range for cattle, plenty of timber, water, and hard labor, come and see this beautiful land.

No External Symptoms.

The blood may be in bad condition, yet with no external signs, no skin eruptions or sores to indicate it. The symptoms in such cases being a variable appetite, poor digestion, an indescribable weakness and nervousness, loss of flesh, and a general run-down condition of the system—clearly showing the blood has lost its nutritive qualities, has become thin and watery. It is in just such cases that S. S. S. has done some of its quickest and most effective work by building up the blood and supplying the elements lacking to make it strong and vigorous.

"My wife used several bottles of S. S. S. as a blood purifier and to tone up a weak and 'run-down' system, with very marked effect by way of improvement."

"We regard it as the greatest of all tonics, and you will find it proves at once, strength, returns, and nervousness vanishes as new rich pure blood once more circulates through all parts of the system."

S. S. S. is the only purely vegetable blood purifier known. It contains no minerals whatever. Send for our free book on blood and skin diseases and write our physicians for any information or advice wanted. No charge for medical advice.

RODE A WHEEL 24,200 MILES.

Dr. A. M. Blanchard the "Bar of the Wasatch" Returns.

ON HIS WAY TO MEXICO.

He is Known as the "Pilgrim Poet"—Traveled 7,500 Miles Without Changing "Bikes."

One of the most unique characters that ever pushed a pedal, wheeled into Salt Lake Thursday and completed a trip of 7,500 miles without changing bicycles. He is known by the titles of "The Bard of the Wasatch," "The Pilgrim Poet," etc. His name is Dr. A. M. Blanchard, a dentist of Ogden.

Since May, 1896 he has wheeled exactly 24,200 miles, and will continue his journey Monday morning when he will start for Mexico.

The object of his travels is to collect material for poems and war songs which he will compose upon his return and publish under the title of "Ballads of our Battlefields."

Dr. Blanchard was born in Michigan about 56 years ago, but was raised in Utah.

When he left Utah in '96 he went east to Springfield, Ill., and thence south to Florida. He wheeled along the eastern coast of Florida by way of Jacksonville and on to New York. From there he went to Buffalo and to Canada by way of the falls. He came back to the United States to Detroit, from Detroit to Chicago. On this trip he visited all the historic spots of the Church and all the principal battlefields of the Civil War. On his return to Utah he spent five months in Iowa. He arrived in Utah in 1898.

Dr. Blanchard's next trip was to California. He traveled throughout that State and back to Utah without accident. He was on his last Thursday when he was punctured. He presented the wheel to the Deseret Museum and the record of his travels will be engraved on a card and attached to the handlebars.

The doctor is not wheeling around the world on a vagrant of steel billion dollars. He is doing it for pleasure. He carries about 40 pounds of baggage and has been riding a Victor wheel of the 1880 pattern. He has written a poem entitled "From Camorah to Carthage."
