JOHN SHARP, General Superintendent.

A MAN

WHO IS UNACQUAINTED WITH THE GEOGRAPHY OF THIS COUNTRY, WILL SEE BY EXAMINING THIS MAP, THAT THE

CHICAGO, ROCK ISLAND & PACIFIC R'Y

By reason of its central position, close relation to principal lines East of Chicago and continuous lines at terminal points West, Northwest and Southwest—is the only true middle-link in that transcontinental system which invites and facilitates travel and traffic in either direction between the Atlantic and Pacific.

The Rock Island's main line and branches include Chicago, Joliet, Ottawa, La Salle, Peoria, Geneseo, Moline and Rock Island, in Illinois; Davenport, Muscatine, Washington, Fairfield, Ottumwa, Oskaloosa, West Liberty, Iowa City, Des Moines, Indianola, Winterset, Atlantic, Knoxville, Audubon, Harlan, Guthrie Centre and Council Bluffs, in Iowa; Gallatin, Trenton, St. Joseph, Cameron and Kansas City, in Missouri; Leavenworth and Atchison, in Kansas; Albert Lea, Minneapolis and St. Paul, in Minnesota; Watertown in Dakota, and hundreds of intermediate cities, towns and villages.

THE GREAT ROCK ISLAND ROUTE

Guarantees Speed, Comfort and Safety to those who travel over it. Its roadbed is thoroughly ballasted. Its track is of heavy steel. Its bridges are solid structures of stone and iron. Its rolling stock is perfect as human skill can make it. It has all the safety appliances that mechanical genius has invented and experience proved valuable. Its practical operation is conservative and methodical—its discipline strict and exacting. The luxury of its passenger accommodations is unequaled in the West—unsurpassed in the world.

ALL EXPRESS TRAINS between Chicago and the Missouri River consist of comfortable DAY COACHES, magnificent PULLMAN PALACE PARLOR and SLEEPING CARS, elegant DINING CARS providing excellent meals, and—between Chicago, St. Joseph, Atchison and Kansas City—restful RECLINING CHAIR CARS.

THE FAMOUS ALBERT LEA ROUTE

Is the direct, favorite line between Chicago and Minneapolis and St. Paul. Over this route solid Fast Express Trains run daily to the summer resorts, picturesque localities and hunting and fishing grounds of Iowa and Minnesota. The rich wheat fields and grazing lands of interior Dakota are reached via Watertown.

A short desirable route, via Seneca and Kankakee, offers superior inducements to travelers between Cincinnati, Indianapolis, Lafayette and Council Bluffs, St. Joseph, Atchison, Leavenworth, Kansas City, Minneapolis, St. Paul and intermediate points.

All classes of patrons, especially families, ladies and children, receive from officials and employes of Rock Island trains protection, respectful courtesy and kindly attention.

For Tickets, Maps, Folders—obtainable at all principal Ticket Offices in the United States and Canada—or any desired information, address,

MOST PERFECT MADE

Prepared with strict regard to Purity, Strength and Healthfulness. Dr. Price's Baking Powder contains no Ammonia, Lime, Alum or Phosphates. Dr. Price's Extracts, Vanilla, Lemon, etc., flavor deliciously.

PRICE BAKING POWDER CO. Chicago and St. Louis

A SURE CURE FOR THE PILES.—You need not suffer from this most distressing disease again in all your life. Email's Balm acts as a poultice and lubricator, absorbs the tumors and allays the intense itching at once. No caustic, no acid, no pain. A. McGibbons Esq., 19 Poplar street, Allegheny, Pa., writes: "I had itching and bleeding piles so bad I could not sit, stand or walk without intense suffering. I doctored with many physicians, and tried all the (so called) cures that I ever heard of, in vain (paying out hundreds of dollars), until I used Email's Magic Balm, or Ointment. After the first application I enjoyed the best night's sleep I had for ten years, and two boxes have cured me completely." Wherever introduced Dr. Email's Balm takes the lead, and has the largest sale of any Pile remedy in the world. Sold by druggists everywhere or sent by mail. 50 cent boxes. Address Zion's Co-operative Mercantile Institution, Salt Lake City. d&w (2)

UNCLE Sam has found it at last! A sure remedy for Torpid Liver, Sick Headache, Habitual Constipation, Chills and Fever, and all affections of the Kidneys and Liver. This is a New Compound, and one trial will convince you that it is the Cheapest and Best Remedy in the Market for Diseases of Kidneys, Liver and Stomach. If you want a pure vegetable compound, that is positively guaranteed to contain no mercury, go to your Druggist, and get a Bottle of the Arkansaw Liver and Kidney Remedy. Price, $1.00 per Bottle.

H. H. MOORE & SON.
For Sale by all Druggists.

EVENING NEWS.

Saturday, - - July 16, 1887.

OUR LEGEND—E PLURIBUS UNUM.

The legend set upon our shield
Brims with grand meaning: All in one,
Hearts welded, souls together run
At white heat on the battle-field!

One shining way for all to take,
One oath, one hope, one purpose grand,
One flag for all in all the land,
Upheld by all for Freedom's sake.

One sign set in the central sky,
Read of all men alike, a name
Written in empyrean flame
By the bold hand of Destiny!

That legend naught could dim or mar;
Though bathed in tears and hid in smoke
Forth from the focal storm it broke,
A bow above the cloud of war.

We read it pensively and knew
Some element of precious gain
Had come to it from wounds and pain,
And mightily its meaning grew.

And so we keep upon our shield
The deathless legend: All in one,
Hearts welded, souls together run
At white heat on the battle-field.

A myriad songs together thrown
Across old gulfs of hate, are blent,
Like starlight in the firmament,
And round the world in triumph blown.

Our starry unity of stars
Gives man a manly masterhood,
Our law of love engrossed in blood
Is sealed with burning bullet-scars!

—*Maurice Thompson, in the American Magazine.*

A DESERT RAILROAD.

FROM THE CASPIAN SEA TO THE OXUS RIVER.

Several interesting problems in railroad building have been solved by the completion of the transcaspian road from the Caspian Sea to Amu Daria or Oxus River. This road is unique in the fact that it is the only railroad in the world which runs through the moving sands of the desert. Here and there along the 650 miles of completed track the road passes through regions covered by sand so fine that the slightest wind moves it. About 200 miles of the road runs through these sands. Some eminent engineers asserted that a railroad could not be maintained amid these wastes. Gen. Tchernaieff said it would be necessary to build side walls all the way, and he condemned the entire scheme, urging against it all the objections that had previously been raised in France against the proposed transsaharan railroad.

The difficulties were certainly great, but it seems likely that Gen. Annenkoff will achieve a complete triumph over the croakers who asserted that all his railroad cuttings would become choked with sand, and that his embankments would be blown away. He has employed different expedients on different parts of the road to solve the problem of drifting sand. On some long stretches of desert road he has covered his embankments with a layer of clay or saline earth, and those that were built in this way a year and a half ago have as yet suffered no destruction.

DESERT SHRUBS AND PLANTS.

In other places he has strengthened his embankments by placing in them at intervals layers of the branches of a desert shrub which he found in abundance. The embankments of this sort between Mary and the Oxus have stood unimpaired up to the present time. He is also extensively cultivating along the track desert shrubs and plants, whose roots retain the sand. This spring a large amount of grass seed is to be sown and many thousands of shrubs are to be planted.

The question of providing water in these desert regions was no less difficult than that of protecting and preserving the road bed. Water for the locomotives and stations along the first 200 miles of the road is brought in pipes from the mountains that run parallel with the road for a long distance. After the track turns northeast away from the mountains to go to Merv, the waters of the Tejend and Murghab rivers are led in conduits or canals to the various stations, and between Merv and the Oxus very careful researches have led to the discovery of subterranean waters, and wells affording a sufficient supply have been opened.

Another important question involved in this unique experiment of desert railroading was how to heat the sixty stations that have been opened between the Caspian and the Oxus, in a region where the cold is often extreme and where there is a total lack of fuel. Petroleum has been the means of solving this problem. It not only furnishes the motive power for the tran-caspian railroad, but in all the stations and in the little towns that have sprung up en route, the buildings are warmed and food is cooked by means of petroleum stoves of Russian invention.—*N. Y. Sun.*

An August Tribunal.

Everything about the Supreme Cour is impressive and awe-inspiring. Even the two trim negro men who sit at the inner and outer doors and noiselessly open them by means of a cord attached to the door knobs, to allow persons to pass in and out, apparently perform that duty with a deep sense of their responsibility.—The semi-circular chamber, with its stately columns of mottled Potomac marble, its half-doomed roof ligated by skylights, its substantial, old-fashioned furniture, and the rich upholstry of the sofas arranged upon the sides for the accomodation of spectators, recall historic scenes, glorified as they are viewed through the dim mist of time, and its walls seem ready to echo the voices of the past. The appearance and bearing of the nine elderly gentlemen who sit in a row upon a raised platform behind a long desk, clothed in their black silk robes; the absolute silence enjoined upon all not having to address the Court, and the subdued monotones in which the business is transacted, make one feel that here at least are gravity and attention befitting the dignity of a great government.

Probably none of the justices sitting upon the bench of the Supreme Court to-day will leave as deep a mark on the institutions of our country, and they certainly have not so greatly distinguished themselves in other branches of the public service, as some of their predecessors have done, but I believe that the bench has never been filled by jurists of such even equipment as those now comprising the Supreme Court, for dealing with the questions they have to pass upon; or of equal ability to get through successfully with the great mass of business that yearly finds its way to their docket. And I do not wish to be understood as saying that the standard of individual attainments of the court is not high. Their legal learning and judicial experience are, I believe, in most instances, greater to-day than ever before in the history of the court, and there certainly has never been a time in the last century when the decisions of the Supreme Court have been less frequently questioned than now.—*Z. L. White in The American Magazine.*

An exchange says: At the Butte fair grounds Monday a genius introduced a new diversion. Calico sewed together to double the size of a bed spread was stretched on uprights. In the center was a hole large enough for a man standing behind to project his head through. Thirty feet in advance was a rail where a partly sold eggs "two for a quarter," with the privilege of throwing them at the proprietor, who stuck his head through the hole, and each time he was hit the marksman received "a Havana Cigar." He got it frequently, perhaps one time in ten, bang on the head, but there was a big margin of profit. He says he cleared $54, and it was a better performance than the sword combat.

Seventy-five acres of harvested grain and three-quarters of a mile of fencing were destroyed by fire near Santa Rosa, Cal., on the 9th inst. It was the property of W. S. M. Wright and R. H. Britton, and the loss was estimated at $2,500.

Scalds, burns and bruises, no matter how severe, are healed by St. Jacobs Oil.

GRAIN CHOPPING!

BILIOUSNESS

Is an affection of the Liver, and can be thoroughly cured by that Grand Regulator of the Liver and Biliary Organs,

SIMMONS LIVER REGULATOR

MANUFACTURED BY
J. H. ZEILIN & CO., PHILADELPHIA, PA.

I was afflicted for several years with disordered liver, which resulted in a severe attack of jaundice. I had as good medical attendance as our section affords, who failed utterly to restore me to the enjoyment of my former good health. I then tried the favorite prescription of one of the most renowned physicians of Louisville, Ky., but to no purpose; whereupon I was induced to try Simmons Liver Regulator. I found immediate benefit from its use, and it ultimately restored me to the full enjoyment of health.

A. H. SHIRLEY,
Richmond, Ky.

HEADACHE

Proceeds from a Torpid Liver and Impurities of the Stomach. It can be invariably cured by taking

SIMMONS LIVER REGULATOR

Let all who suffer remember that

SICK AND NERVOUS HEADACHES

Can be prevented by taking a dose as soon as their symptoms indicate the coming of an attack.

PUTNAM'S HOT FORGED NAIL

Every Putnam Nail

Is drawn down to a point from the rod, thus: receiving over sixty quick, successive sharp blows, at a welding heat. They are then scalded by the water process,

NO ACIDS

being used, and afterwards

HAMMER POINTED.

Our nails, therefore, are to all intents and purposes the same as the old fashioned hand and hammer pointed.

Some other manufacturers claim to make a Hot Forged Nail, but you will observe on all such a Sheared Edge near the point.

THE PUTNAM NAIL IS THE ONLY

Hot Forged and Hammer Pointed HORSE SHOE NAIL

Made by Machinery in the World.

We address these lines to HORSE OWNERS, because they are the parties most vitally interested. We feel assured that after knowing the facts, and giving the subject due consideration, they will INSIST that their horses be shod with the Hot Forged and Hammer Pointed Nail. A few months' trial will always convince.

The Putnam Nail Company,
BOSTON, MASS.

P. O. Address, NEPONSET, MASS.
