

FLOATING FRAGMENTS.

The party who lost a watch can get it by calling at this office.

Hill's Council met at 7 o'clock this evening at the Council House.

The settlement of Ashley, Utah County, is in want of a good school teacher.

Ashley settlement is without a school. A son of St. Crispin could find steady work there all the time.

The Sunday school festival at the 12th Ward school-house yesterday was a very successful and pleasant affair.

A stone meeting house, 85 x 45 feet, is being erected at Moorhead. It is pleasantly situated, on a prominent elevation, and will have a fine appearance.

Some of the F. O. H.'s of Utah are afflicted with a feeling of insecurity about their official heads. They feel as if the basket was not a great distance away.

Last Saturday, the telegraph operator at Point of Rocks, west of Rawlins, whose name is McCarty, fell under the wheels of a freight train and had one of his arms cut off.

The railroad from Nephi to Pleasant Valley coal mines is progressing. We learn from Brother E. Stevenson, who has returned from the summit, that the rails are laid to the summit and lies down into the valley.

Denver was threatened with a riot on Saturday night. A quarrel broke out among some Italians on the Flatlands. About 50 or 60 were engaged in the fight, and some pistols were used. The police succeeded in driving the rioters to their homes. The officers were unable to make any arrests owing to the number of the rioters.

LOCAL AND OTHER MATTERS.

Hook and Ladder.—The E. H. and Ladder Co., No. 1, will be held tomorrow evening, at 7.30, in the Firemen's Hall. A full attendance is desired.

A. F. BLOMBERG, Secretary.

Diphtheria.—This malady has again made its appearance in West Jordan. Brother John W. Hill has lost two children within one week with this dreadful disease: a girl and boy, respectively 5 and 2 years.

Removal.—Fort Thornburgh, now located at the junction of the Green and Duchesne rivers, will, we have been informed, shortly be removed to the vicinity of Ashley settlement. The present location is 12 miles from that place.

Fifty Days.—Harvey Green, the party who did some stealing from Z. C. M. I. yesterday and was captured after a lively chase, was fined \$5 by Justice Chase. Being an impetuous thief, he will handle the \$5 and show for the benefit of the municipality for 50 days.

A Roland for an Oliver.—Yesterday a party hired a horse and buggy at one of the city livery establishments. He abused the poor brute in an unbecoming manner, doing it considerable injury. The livery man was so incensed when he saw the marks of maltreatment on his horse that he administered several doses of the same sort of medicine to the anti-Barg man, raising his attitude by several vigorous applications of the toe of his boot. The ass who abused the horse now finds that his comfort is not increased by sitting down, a perpendicular position being less painful.

Dramatic Attraction.—Ladies and children who cannot conveniently attend the Theatre at night, will have an excellent opportunity of witnessing a dramatic treat on Monday afternoon, when "Our Boarding House" will be presented at a matinee. It is a most entertaining and amusing comedy, and is performed with artistic skill by the Home Dramatic Club.

In the evening, will be played, for the first time in this city, "Satanstoe." Great pains have been taken to put this piece upon the boards in the best practicable shape. The cast incorporates no less than 25 speaking characters and includes all the favorites, among whom are Messrs. Wells, Spencer, Cummings and Staley, Misses Claridge, Mesdames Cummings, Clawson, E. Cummings and others.

The audience should be particularly comfortable in their seats by 8 o'clock, as the New York Academy of Design shows, specially painted by Mr. Lamborne, occurs in the first act.

Twelfth Ward S. S. Festival.—The Twelfth Ward Sunday School had a fine festival yesterday afternoon at the school-house. The room was handsomely decorated with festoons of variegated fabrics and floral ornaments, but the chief attraction was centered in a Christmas tree, which reached from floor to ceiling, and was hung with presents for the young folks.

The little people enjoyed themselves in the dance from 1 to shortly after 6 o'clock. At the latter hour the parents of the children assembled and Superintendent Geo. Goddard and Assistant T. E. Taylor were present.

The tree was illuminated with variegated candles, and to heighten the beauty of the effect, the lights in the room were lowered. It was a pleasant sight. The presents amounting for value to \$100, were taken down, the names of the happy ones to whom they were awarded called and the presentations made. The gifts consisted principally of books of an instructive character, the toy presents being in the minority, and the whole affair gave great satisfaction.

Much credit is due in this matter, as well as for the efficient condition of the Sunday school of the Ward, to Superintendent T. V. Williams and his associates, John G. Midgley and Z. T. Derrick.

After the presents were awarded brief and happy speeches were made by Brothers Goddard and Williams, and a benediction was pronounced by Brother Drake.

About the Uintah Country.—Considerable interest is felt by a large number of people regarding the portion of the Territory now in process of being settled up known as the Uintah County. Yesterday we had the pleasure of conversing on the subject with Brother C. C. Bartlett, of Ashley, a thriving settlement in that section.

That part was not really settled until about two years ago, although a few ranches had been located in the vicinity for about ten years. The settlement is situated on the Ashley River, and has about 100 families.

In 1879 the amount of wheat raised was 1,000 bushels. In 1880, it was 7,000, and in the present year 25,000. The climate is equal to that of Salt Lake Valley. The facilities are abundant, there being plenty of wood, water, coal and excellent land. There is plenty of room yet for good families to settle and build up comfortable homes.

The meagre character of the soil facilities is a source of great inconvenience at present. The matter has to be carried from Green River City by any of the citizens who happen to be able to deliver to it. There have been but three deliveries in the last two months. Several petitions have been sent to Washington on the subject, but, thus far, without avail.

Among the disadvantages to be met with is a liability to have stock run off by cattle thieves. As is generally the case with newly settled places, some of the sums of older settled localities has floated there, and a renegade has opened a "whisky mill," which is occasionally the scene of riot and fighting. The large majority of the people are, however, orderly and substantial.

There is a fair prospect for an Indian outbreak in the spring. The White River Utes came to the Uintah reservation, got the government pay and left with a determination to fight rather than return. The (unhappy) are still on the reservation, but are obtaining all the arms they can get hold of, and a somewhat uneasy feeling exists among the settlers in consequence.

The Utah Question.—Rumors are rife on the Utah question in Congress, as will be seen by the dispatches. These are to be taken for what they are worth. Speculations as to what Congress will do on the subject are vain, and in most instances the wish is father to the thought. That the National Legislature will go back to barbaric measures in attempting to crush an innocent people and their institutions is too monstrous for belief.

The Wilcox measure for the abolition of the Territorial Legislature and the inauguration of an exclusively carpet-bag rule, takes the nation back to ante-revolutionary times. It is the perfection of political oppression, and could only originate in the mind of a narrow-souled specimen of humanity, with no more statesmanship in his composition than is possessed by a rat. Liberty is an element entirely foreign to the promoters of and sympathizers with such a tyrannical measure, and we do not believe that the National Legislature is prepared to pass it, manufactured floating reports to the contrary notwithstanding.

See Culture.—We noticed some time since that Brother Edward Stevenson had started on a trip south, in the interest of bee associations. We learn from him that he held a meeting at Ephraim, Sanpete Co. Regarding his visit to Mantle, he says:

"A public meeting was advertised for the evening, under the auspices of the Society. The house was well filled, and during the meeting a branch Bee Association was organized with William Braithwaite as P. E. (President), Jacob Keeler, 1st Vice-President and Bishop Lars Anderson 2d Vice-President. The latter is of Ephraim City. J. Bench, was elected Secretary.

Brother Braithwaite has 32 hives of bees and has taken 250 pounds of honey from three hives, proving by this example that beekeeping can be made a success even in this altitude of over 5,000 feet, and it is expected that this county organization will add to its branch associations in Sanpete County."

Joined in Wedlock.—In this city, to-day, Brother Lyman R. Mathews and Miss Alley Preston, both of Logan, Cache Co., were united in the bonds of matrimony. The bridegroom is the son of Brother James H. Mathews, surveyor, of Cache County, and the bride is the daughter of President Wm. B. Preston, and his wife, Mrs. Harriet A. Preston. They are a handsome, intelligent and interesting couple, with a future of great promise before them. Both have our regard and esteem, and to say that they have our heartiest congratulations and best wishes, does not adequately express our desires for their welfare. May their union be blessed for their happiness in time and eternity.

Fine Horses.—Yesterday we saw the silver medal awarded at the late Territorial Fair to Brother A. M. Cannon for his splendid mare, Vilese, and her superb colt, General Lee. The size of the latter is 14 hands, a thoroughbred, imported from Kentucky by Messrs. Clawson and Ferris. This cross is much better than when the sire is Norman and the dam thoroughbred, the mare giving the advantage of shape. The sire and dam of Vilese were imported direct from France. The owner of Vilese, and General Lee had a very fine display of other horses in the fair, for which he was awarded two diplomas, two silver medals and a special prize of \$25.

Old Telegraph.—Rumor has it that the machinery of the Old Telegraph Smelting Works of West Jordan will soon be moved to Monticello. Any move to give the place the appearance of life would be hailed with pleasure, for these located in the vicinity.

The attendance at the art exhibit increased. It deserves to be well patronized.

They Made It Up.—One of two small boys to reporter—

If you please, mister, we've been a fine and we don't want the disgrace of having our names in the paper. Wish you wouldn't say nothin' about our names.

Rep.—What were you fighting about?

Boy.—He said I said he were a nigger and he struck me. Then I pitched into him and the policeman took us up. You won't say nothin' about our names, will you?

Rep.—Are you good friends now?

Boy.—Yes, we've made it up.

Rep.—And you won't fight any more?

Boy.—No, sir.

Rep.—Then I won't put your name in the paper.

Exit two boys relieved of a load of apprehension.

Murderous Attack.—The other day a U. P. brakeman named I. Gray, of Evanston, was assaulted by a man named Porter, who knocked him down, kicked him in the face and side, and finally, before the man had time to fully get on his feet, and, as an eye-witness says, was apparently trying to get away, Porter caught him with one hand, and with a knife in the other hand, made a slash at the victim's neck, inflicting a ghastly wound, but by a fortunate chance missing the jugular vein by a hair's breadth. Porter was arrested.

SPECIAL BUSINESS NOTICES.

SHEEP! SHEEP! SHEEP!!!

Just arrived, a car load of Thoroughbred French Merino Ewes, and a few Thoroughbred Buckets. Enquiries of Alma Pratt, at his farm, West Temple Street, two miles south of Temple Block, or of J. MONROE, at CHIEF HOUSE.

d & s

REMOVED.

N. BOUKOFKY, has opened at his New Stand, 117 Main Street, where he has the Largest Stock of LIQUORS to be found in the Territory. Fine Old Kentucky Whiskies, distilled from the grain of the purest quality and as old as the hills. His pure old Wines and Liquors are the best that can be had for the money, and we advise families to give him a trial.

Orders from country dealers promptly attended to.

N. BOUKOFKY, 117 Main Street, Salt Lake City.

RECEFACTORS.

When a board of eminent physicians and chemists announced the discovery that by combining some well-known valuable remedies, the most wonderful medicine was produced, which would cure such a wide range of diseases that most all other remedies could be dispensed with, many were sceptical, but proof of its merits by actual trial has dispelled all doubt, and to-day the discoverers of that great medicine, Hop Bitters, are honored and blessed by all as benefactors.

ENTERPRISING DRUGGISTS.

Moore, Allen & Co., the live Druggists of the town, are always up to the times and ready to meet the demands of their many customers. They have just received a supply of that wonderful remedy that is astonishing the world by its marvelous cures, Dr. King's New Discovery for Consumption, Coughs, Colds, Asthma, Bronchitis, Hay Fever, Phthisis, Croup, Whooping Cough, Tickling in the Throat, and Lung. This remedy positively cures, as thousands can testify. If you do not believe it call at Moore, Allen & Co.'s Drug store and get a Trial Bottle free of cost, or a regular size bottle for one dollar. As you value your life give it a trial and be convinced, as thousands already have been.
