She has succeeded in entirely satisfying the requirements of the state department with regard to her case and Secretary Bayard has transmitted the papers to Minister Bragg at Mexico with instructions to lay the same before the Mexican authorities with a demand for indemnity.

Mrs. Baldwin has just received from the president of the mining company with which her husband was connected an account of the capture and death of Vicenot Berara, Bernal's lieutenant and accomplice in the murder of Baldwin. The shooting of Berara brings the death roll of the Durango bandits up to the enormous figures of 800, all of whom have been slain since the murder of Leon Baldwin.

**CINCINNATI, May 3.**—At the annual dinner of the Loyal Legion last night, General Sherman, the commander, presided and was toastmaster. His remarks were listened to with marked attention, especially when at nearly 2 o'clock in the morning he arose to say a good-bye. It was felt by many that this would probably be his last appearance, as he has declined a re-election, and his residence in New York makes it inconvenient for him to attend. An almost deathlike stillness prevailed.

The General spoke with feeling of the extraordinary scenes, the lessons of patriotism and loyalty to the flag inculcated here. He begged his companions to carry home with them and teach them to their children and grandchildren, and with this he said farewell, asking the commandery to join in singing "America." Responses to toasts were made by Governor Foraker, General Willard Warner, of Alabama, Ex-President Hayes, Col. D. R. Dyer, of St. Louis, Capt. Thomas Speed, of Louisville, General John P. **NEW YORK, May 3.**—The stock market today was weaker than at any time since the rise began, and after all a reaction was the result of the day's operations. There was free selling on the part of foreigners early in the day. The reduction of the rate of the dividend of the Pennsylvania and the unfavorable report just passed by the Louisville and Nashville, create a revulsion feeling at that centre on American stocks. There was, however, also a great pressure from the local bears and traders, with considerable realizations from the bulls, some of whom think, however, that the more permanent advance will follow the reaction. In the last hour there was some reaction from the lowest figures, but the market was feverish and unsettled and so closed with a moderately active business. Petroleum opened steady at 86 1/2, and then became dull and heavy, sagging off to 85 1/2. A few buying orders then caused an advance to 86 1/2, but as soon as these orders were filled a decline occurred, and closed.

## SHOT BY AN OFFICER.

A TERRIBLE CASE OF CRIME COMMITTED NEAR FORT WORTH.

**Fort Worth, Texas, April 27.**—This morning County Attorney Carlock received a letter from Justice of the Peace Jones, near Smithfield, a village in this county, that he would have a preliminary examination of a well-known citizen of the county, S. P. Thrower, on a charge of outraging Della Cunningham, a little orphan girl 10 years old, on Monday and to be on hand to represent the state. Mr. Carlock, who knew nothing of the circumstances, was surprised this evening to receive a dispatch that Thrower had been killed by a posse while resisting arrest. The details of the outrage are disgusting. The little girl's stepmother learning the facts from the child, notified Constable Meacham, who arrested Thrower while at home with his wife and children. His bond was fixed and he gave it, but the sureties learning of the hideousness of his offense, withdrew from the bond and Thrower was rearrested. He asked time to write a note what he wanted his wife to do after he was in jail, and permission was granted. Handing his wife the letter, he said he wanted a drink of water and would get it in the kitchen. Meacham permitted him to go. There was a .45-calibre Colt's revolver in a kitchen drawer, and Thrower, without hesitation, put it to his head and fired. "The ball simply ranged along the skull and while he bled profusely he was not hurt. His wife and constable considered him fatally wounded, however. Mrs. Thrower begged piteously that Mr. Meacham would go for a physician, which he did. When Meacham had gone Thrower jumped up and said he must go at once. Bandaging his head he went to the constable's, saddled his best horse and rode away. Stopping three miles away he had his wound dressed and then went on. Meacham and the doctor, returning, found their man gone, and the constable at once summoned Newton Stowell and Jim Hoyerlamp to help him arrest Thrower. He was tracked to Denton, and Marshal Fry was summoned. Thrower was at a lively stable, and as Fry told him he was under arrest he threw his hand to his hip pocket as if to draw a pistol. Fry fired first, hitting Thrower in the heart and killing him instantly. Fry is under bonds. Thrower's relatives brought his body home to-night.

## MARRIAGE LICENSES.

**TO MEET THE REQUIREMENTS** OF the lately enacted Territorial law, providing for a marriage license being issued by the Clerk of the Probate Court of the county in which the intended bride resides before a marriage can be legally performed, there has been issued from the press at this office a supply of licenses of approved form, which Probate Clerks will do well to avail themselves of. The law also requires that the person performing the ceremony return with the license, within thirty days after the marriage, a certificate over his own signature and countersigned by two or more witnesses present at the ceremony stating the date and place of the marriage. These certificates, suitable for either a civil officer or an Elder of the Church to use, can be had at this office in any quantity, and Probate Clerks ought to keep some of them on hand also, so that if necessary they could supply the person applying for a marriage license with a certificate also, to provide against the possibility of the person who is to officiate in performing the ceremony not having one to furnish them with.

Sufferings Intense, Read nearly raw. Body covered with sores. Cured by the Cuticura Remedies.

**Messrs. Stevens & Bruner, Monroe, N. My neighbors are witnesses to this remarkable cure, and the doubting ones are requested to call or write me, or any of my neighbors. WM. S. STEPHENSON, Winchester P. O., Union Co., N. C.
