BOY FALLS DOWN
OPEN MANHOLE.

Somebody's Carelessness Responsible for Serious Condition of Little Fred Stouffer.

AND, ASICAN DIES IN STREETS.

Divorce, Damage and Other Suits—Samoan Girl Returns to Native Land—Naisbitt-Pearce Wedding.

Fred Stouffer, a ten-year-old boy, who resides at 2229 Washington avenue, met with a very painful and serious accident yesterday afternoon by falling down an eight-foot man hole into the sewer, breaking his left arm and crushing the left cheek bone, so seriously that it is feared the bones may be cracked up into the forehead. The boy with a number of playmates were playing at the corner of Adams avenue and Twenty-first street. The man-hole to the sewer had been left carelessly wide open. It is presumed that the boy was looking down at the sewer, and while looking down he stepped into the hole, falling head downward to the bottom of the hole, a distance of about eight feet, crushing the left cheek bone, and other bones severely bruising him. His playmates saw him fall and gave the alarm, which attracted several men who lifted him out of the hole and carried him to his home, where he is given medical attendance, but his condition is quite serious.

SUIT FOR POSSESSION.

John H. Winslow, Sr., has filed suit against Clifford S. Potter, asking for return of the premises occupied by the latter in Ogden canyon and pay \$500 damages for unlawful occupancy. The complaint alleges that Potter has a lease up to Jan. 29, 1904, with the privilege of renewing the same each year for six years, the rental to be \$50 per month, and the lessee to refrain from running an eating house and from subletting any part of the premises without Winslow's consent. The claim is made that the provision as to subletting has been violated, hence the suit.

\$5,000 DAMAGE SUIT.

An Angelo yesterday brought suit against the Utah Construction company, claiming damages in the sum of \$5,000 for personal injuries, alleged to have been sustained July 21 last at Moapa, Nev. The complaint alleges that Angelo was employed by the company in the San Pedro grading work and that a lot of rock, loosened by a previous blast, slid down from the slope to where Angelo was working, striking his back and otherwise causing him bodily injury.

MRS. C. WEAVER WANTS DIVORCE

An action for divorce has been filed in the Second civil court by Mrs. C. Weaver against Russell Weaver. The complaint sets forth that the couple were married at Ogden City, Feb. 15, 1902; that since said marriage the defendant treated his wife in a cruel manner, and has failed to provide her with the necessities of life or clothing. A dissolution of the bonds of matrimony, custody of a minor child and attorneys' fees is prayed for.

NAISBITT-PEARCE WEDDING.

Miss Nellie Josephs, a very bright young Samoan girl, was visiting in Ogden yesterday and today, the guest of George W. Larkin and family. The young lady is about 20 years of age and joined the "Mormon" church in her native land, emigrated to Utah three years ago, and has lived in Lehi since. She is now en route to her native land as a missionary for the church. When she came to Utah she could only speak a few words of English, but can now speak the language correctly and fluently, having attended school at Lehi. She has also learned to play the piano and organ quite well, and sings sweetly in English. She is delighted to go back to her native land as a missionary and says she hopes to do much in elevating her people. Miss Josephs left today for San Francisco, accompanied by several friends, and is going there to do missionary work.

DEAD IN THE STREET.

Andrew Asigan, who has been a resident of Ogden for several years, was a member of the G. A. R., was

found dead last night about 10 o'clock, at a point on Twenty-seventh street between Madison and Monroe avenues. Death, it is thought, was due to hemorrhage, the cause of the body suffered much from lung trouble. The body was discovered by a young man and his lady returning from church, the man lying face downward in a pool of blood. The police were immediately notified, and as also Judge Howell, who will hold an inquest over the remains. Asigan was about 50 years of age and had been employed for three years past at Smith's gambling house. On this person was found the sum of \$75 in gold and currency. So far as known he has no relatives in this section.

OGDEN'S LABOR DAY.

Labor day is being celebrated in appropriate style here today, under the auspices of the Trades and Labor assembly of this city. At 11 a. m. the people of Ogden were treated to one of the finest parades ever seen here. It was something like a mile long and was headed by Marshall of the Day Joseph Roth. He was followed by a platoon of police, the fire department, a float of little girls representing the different states, city councilmen and other officials in carriages, and also the singers who were to take part in the exercises of the day.

The first division of the parade was headed by a band. Then came the machinists and their apprentices, the painters, carpenters, lathers, roof carriers, brick and stone masons, teamsters, plumbers, electrical workers, plasterers, and the United Brotherhood of Railroad employees. The third division was made up of a band, cigarmakers, clerks, bartenders, barbers, cooks and waiters, typographical union, and Western Steam Laundry workers and others in trades.

Perhaps the best floats in the parade were those representing the barbers and electrical workers in action. The line of march along was Washington avenue and Twenty-fifth street to Lehi Park, where the exercises of the day were carried out. These consisted of speeches, music and a fine program of sports.

Mt. Pleasant, Sanpete Co., Sept. 2.—Today was Scandinavian day at Nielsen's park. At 10:30 a. m. the large crowd left the depot, and drove to the meeting place, about three miles west

of town. After reaching the resort, a fine program was carried out. H. J. Brown made the address of welcome. The response was made by President Peter Matson. Danish songs, short speeches by President C. N. Lund, Geo. Christensen and others made up a most pleasant program. Nearly everything rendered was in Danish. Bishops Larsen and Rasmussen spoke in the English language.

After the program, picnic was served. Batching was indulged in by quite a number. This resort has just been opened this summer, and is a most delightful place to spend a day with picnic and friends. The people had a most delightful time, with no accidents to mar their pleasure.

Prof. G. H. Marshall is home from southern California, where he has been sojourning for the summer. Mrs. Marshall remains there for the benefit of her health.

Everything looks prosperous.

HUNTINGTON.

EMERY COUNTY NOT DERELICT

Keeps Up Her End of Price Road, but Carbon Does Not.

Special Correspondence. Huntington, Emery Co., Sept. 2.—In the issue of the "News" for Aug. 31, an article headed, "Want Bridges, Emery County Residents Complain of Laxness of County Commissioners," does a great injustice to the commissioners of Emery county. The district school has been spending thousands of dollars on the roads of Emery county, and have an advertisement out now, asking for bids for a \$3,000 bridge.

The county line between Emery and Carbon counties is about half way between Huntington and Price. The north half of that road, which is in Carbon county, is in the condition described in the article referred to and it was at Miller Creek, five miles north of the Emery county line, that the freighter lost \$500 worth of goods. The commissioners of Carbon county have been appealed to a great many times to fix this road, and they have promised several times to do so. During the session of the last Legislature, as is usual, Emery and Carbon counties asked for appropriations for roads. Carbon's representative wanted all he asked for to go north of Price. Emery's representative wanted all he asked for south of Price, because he thought some of Carbon's appropriation ought to be put on the road above referred to, but Emery finally voted for it, on the solemn pledge of Carbon's representative to do so.

MONTPELIER, IDAHO.

JAMES HOLMES DEAD.

Respected Pioneer of 70 Goes to Rest—Death of Mrs. Harriet Orchard.

Special Correspondence. Montpelier, Bear Lake Co., Sept. 3.—This week witnessed the departure from this city of an old pioneer, James Holmes, formerly of Ogden, Idaho, who died Aug. 30th. Deceased was born Oct. 5, 1836, in London, England, and in 1856, emigrated to the United States, where he was a farmer and always ready and willing to lend a helping hand to those in need and distress, denying himself for the comfort and benefit of others. The funeral service, held yesterday afternoon, was largely attended. Sister Orchard, a widow, and four children, were present, and three sons, with a host of friends, to mourn her demise.

The second to leave us was our honored and venerable pioneer, James Holmes, who, after two weeks of intense suffering, passed to the great beyond. Deceased was born Dec. 25, 1836, in Londonderry, New Hampshire, and embraced the "Mormon" faith in 1861. In the course of time he found his way to the gathering place of the saints, where he remained the acquaintance of Harriet W. Phelps, the first "Mormon" girl born in the city of Nauvoo, whom he later married. He and his wife were among the first to enter Bear Lake valley, coming to Montpelier in the fall of 1861. As one of the founders of the city, he passed through all the trials and tribulations incident to the pioneering of Bear Lake. The funeral service, held yesterday afternoon, was largely attended. The house being literally packed and scores of people standing on the grounds outside. Early this morning the mayor of the city issued a proclamation asking that all business houses close their doors during the funeral service, which was readily obeyed. Among those present upon the stand were the bishopric of the ward, President Wm. L. Rich of the stake presidency, Dr. A. H. Hoover, E. P. Clark of Farmington, Utah, the city mayor, and members of the city council, with a host of leading citizens of the city. The funeral service was held in the city hall, and the declaration that Elder James Holmes had lived to bless mankind.
