

FLOATING FRAGMENTS.

Conference visitors from the country are beginning to arrive.

Brother James G. Black, of St. George, is up for conference.

The silver question: "Where in the world did I get that punched coin?"

Conference will open the week from to-day, at the Tabernacle, at 10 a.m.

Mass Constitutional Convention, at the City Hall, on Saturday, April 1st.

Meeting of the Salt Lake Board of Trade tomorrow evening, at the Council House.

Priesthood meeting of Salt Lake State, at 11 a.m. on Saturday, at the Assembly Hall.

Brother Samuel Holt, the well known stock man, of Logan, is down from the north.

Keep in mind the concert in the Fourteenth Ward Hall tonight, for the benefit of the Sunday School. The house should be filled.

We have from Mr. Samuel G. Reed, European and Australian agent, *Boa Bella* for April 1st, a popular periodical.

The superior is putting down two cable crossings at the Walker Corner and the County Court House, Second South Street.

Marie Geisinger and opera troupe booked on the C. P. R., and the performance announced for tonight at the Theatre will not come off. They will arrive to-morrow morning.

The track of the U. O. R. R., between Ogden and Salt Lake, is lined with traps. The other day one who was out on the train took point back with a pistol at a brakeman, who saved himself by dropping.

A Chicago sculptor is trying to make a statue of a man in a marble coat. The figure of a divorced woman on the back of a poker, with a small black face, a whiskey flask for a nose, and two flatboats for hands, ought to be about the right thing. — *Phil. News.*

A Georgia planter says a negro with a banjo will do more work with two muskets than one without any musical instrument can do with three. Perhaps if the driver would play an accordion one mile would be enough; but then by that time the Society for the prevention of cruelty to animals would probably interfere.

Cows on the prairie got accustomed to the noise of locomotives and whistles, and do not always clear the track until thrown off by the cowcatcher. A patented device is described in the *Scientific American* for quelling hot water twenty miles above the mouth of the river, and adopted and its use continued until the people become less desirous of using railroad tracks for their promenades.

LOCAL AND OTHER MATTERS.

Disease in Western Cattle.—A singular disease has appeared in some portions of Wyoming, among the cattle. The animals appear a little lame at first, and keep growing worse, and die in from eight to twelve hours after being attacked.

Coming In.—Brothers who have not been in the city for considerable periods are arriving from the South for conference. This morning we had the pleasure of meeting Elder Jacob Gates, of St. George, who has not been in Salt Lake for eight years. Brother Gates is one of the veterans, having nearly completed his forty-ninth year in the Church.

Bishop David H. Cannon, whose arrival we noticed the other day, had not been in the city for seven years previous to this present visit.

The Rowdy Element.—A gang of hoodlums came up all sorts of cups in the 10th Ward at night, and destroyed the property of residents. (We understand that they had been and otherwise injured a man twice at the residence of Mr. R. R. Margate. Boys guilty of such unmitigated meanness are devoid of a spark of manliness in their composition. Citizens in the locality should make it a point to find a clue to the discovery of the members of the gang and set the police on their track.

A Rubbish Receipts.—There is a hollow on Second South Street, about forty rods in length, immediately west of the County Court House. Into this depression cattle from various localities have made a business of dumping loads of rubbish of extensive variety. Some of the variations in the quality of the materials are offensive to the sensibilities of the residents of the locality, and they desire that the miniature morass should receive some attention from the city authorities.

The C. P. Block.—There is a gap in the C. P. Road between Wells and Deeth, Nevada, made by floods. The trouble extends a distance of about twenty miles. The melting snows have caused the Humboldt River, north of the line to overflow, and portions of the track are either under water or washed away.

Large force of hands and implements has been forwarded to make the necessary repairs, and the road is expected to be opened to-night or early in the morning.

Cruel Conduct.—A disgusting scene was witnessed in City Creek Canyon, near the water works, yesterday. A man drove a team into the park which the city labors have excavated for gravel, and loaded his wagon with boards.

The mules being unable to move the load from its position, the owner of the animals struck them violently in the mouth with his fist, then pelted them about the head with rocks, and finally belabored them with a shovel, causing the blood to flow from the poor brutes.

A lad named Paul Thompson, who was near, stated he would complain to the police, when the man said: "If he did he would break his neck."

The owner of the timber finally borrowed a couple of horses, and moved all the four animals could do to move the load from the place where it was stuck.

PEOPLE'S MASS CONVENTION.

A mass convention of the voters of the People's ticket will be held at the City Hall, Salt Lake City, on Saturday, April 1st, 1892, at 12.30 p.m., to elect 15 delegates to represent Salt Lake County at the Constitutional Convention, to be held at Salt Lake City on the 10th proximo, pursuant to a resolution of the Council and House of Representatives of the Legislature of Utah.

Representatives from all parts of the County are respectfully invited to be present.

By order of the People's County Central Committee.

JOHN SHARP, Chairman.

THEO. MCKEAN, Sec'y.

Headquarters People's Central Committee, Salt Lake City, March 25, 1892.

Clean Up.

We have before drawn attention to the importance of some public steps being taken to have a regular cleaning up day throughout the whole city. Various kinds of rubbish, old furniture, and other articles, are being thrown about the streets, and it is a disgraceful sight.

The warm rays of the sun, if a sanitary campaign is not immediately inaugurated, will fill the air with pestiferous odors and cause the air to carry disease in its breath.

Pending the appointment of a regular sanitary officer, Mr. W. G. Phillips has been assigned by the City Marshal, the duty of having every species of noxious nuisance abated. We hope that officer will do his work thoroughly and efficiently, the squirming of offenders to the contrary notwithstanding. He cannot be too particular to suit the majority of the citizens. Those who have sources of offensive effluvia around their premises had better look out now. If they don't clean up they will be likely to have an interview with the police justice.

Serious Accident.—We regret to have to state that our esteemed friend Mr. Joseph Horne of the Fourteenth Ward, met with a serious accident on the State Road to-day. At a point about three miles south of the city his horse became frightened at some object on the highway. The animal commenced kicking and plunging furiously, upsetting the buggy and causing Mr. Horne, his wife and child to be thrown violently out. The two latter escaped without injury, but Mr. Horne had one of his ribs broken, besides being very badly bruised, and his horse was considerably damaged.

Mr. Henry Barton and another gentleman, whose name we did not learn, being near at the time of the accident, very kindly rendered the aid possible under the circumstances and brought Mr. Horne and his companions to their home in the Fourteenth Ward.

The Geisinger Company Detained.—The large number of people who have purchased tickets for the Geisinger entertainment to-night will be disappointed to learn that the company will not arrive to-day, and consequently will not appear. They are detained on the train from the west, which is sidetracked at Elko, Nevada.

We learn from the company's agent, Mr. Louis A. Morgenstern, that he has received a dispatch that the troupe will reach this city tomorrow (Friday) morning, and requesting him to announce that the entertainment will be produced in the evening and La Belle Helena on Saturday evening.

Tickets sold for this evening (Baccaccio) will be good for Friday, and those for Friday good for Saturday evening.

Not Well Flavored.—"G. T." a Fish Haven correspondent appears anxious to comfort the tea-drinking portion of the community. He states that a Chinaman recently called at the store in Montpellier, Bear Lake County, Idaho, to purchase some tea. He stated he would buy unless permitted to examine the packages, twenty-four of which he partially opened and peered into before he made a selection.

Being asked why he acted thus, he replied that when Chinamen deal abroad they were generally packed in tea and sent home, and the same tea was re-exported from China. He didn't want any dead Chinaman flavor in his fragrant decoction.

Gratifying.—A large audience was in attendance at the 15th Ward concert last evening. It was not supposed to be anything but an amateur performance, and the majority acquitted themselves in a manner that would have been creditable to professionals. The Ward glee club, with the able accompaniment of the orchestra, did excellently. Mr. Evan Stevens elevated quite a *furore* by his song in *Voltaire's* voice. Mr. Tibbs is a whole host in and of himself. Miss Nellie Druce displayed a good voice in an accomplished manner. In fact the concert was another evidence of that innate musical talent now developing among the youth of our city.

Fined.—The boldest man from the Tenth Ward, square was before Judge Pyper this morning, on two separate charges. For striking and wounding George Rose with a club he was fined \$50 and costs, and for resisting and striking the officers \$50 more, making a hundred dollars of overcharge which he will have to work for.

Two promising couples, Miss Sarah Jones and Mr. John Smith, were married yesterday at the home of the bride's parents.

A Healthy Town.

A gentleman just in from Kanab states that there has not been a death in that area since the settlement there last July. It must be a good place for invalids to reside in.

The Tramp nuisance.—Open is determined to abate the tramp nuisance. The *Herald* of that town says the police commissioners have decided to increase the force of officers. A chain gang is to be organized, and parties thereafter convicted of vagrancy will be put to work. Work is the great antidote of trampism. The ordinary tramp has a mortal terror of labor.

Snake River Bridge.—The *Helena Herald* says:

"The Northern Pacific Company have let to D. D. McBean the contract for building the piers of the bridge over Snake River, near its mouth. They will be eight in number, and will cost \$250,000. The terms of the contract require the work to be done by April 1st, 1893. The entire superstructure will be of steel, and the bridge will be constructed in the most substantial manner. It will not cost far from \$500,000. As the company has a powerful ferry at this point, the bridge, for the present, is unnecessary, but it will be finished in time for the first through train from New York."

Artificial Complexions.—One of the most humiliating spectacles to be observed on the streets of our city, is a handsome woman with her face daubed over with a white powder, resembling fine flour. It gives the countenance a ghastly, corpse-like appearance, that, in extreme cases, is absolutely repulsive. Yet we presume this powdering process is used for the purpose of rendering the face more attractive. The natural complexion, however tawny, is preferable to that stinky substance. This dusting of the face with whitening sal-tates, appears to be becoming remarkably common.

Painting of the face is a civilized as well as barbarous custom, the difference between the two styles being in color and quantity.

SPECIAL BUSINESS NOTICES.

Our Spring Goods have arrived and will be sold at *Red Book Prices*. DUNFORD'S.

Gents' and boys' Nobby Hats and Caps. DUNFORD'S.

Ladies' lined Silk Gloves, worth \$1.25, closing out at 50 cents, at J. D. FARMER'S.

Mens' and boys' furnishing goods. DUNFORD'S.

COHEN BROS.

We have received an immense stock of dry-goods, too numerous to detail, but simply a synopsis of our stock, you will find in the following: Our line of Spring wares cannot be surpassed in style, and we defy competition in price. The whole goods, consisting of Table Linens, Napkins and a general line of house keeping goods, not equalled in town. A stock of Muslin Underwear, just arrived, for Ladies and Men, in beyond description, and an idea of them is only to be obtained from examination. The Spring line of Parasols has just been received and their styles and designs are elegant, and by seeing them is the only way to be convinced.

Children's Natty Hats and Caps. DUNFORD'S.

AUCTION EXTRAORDINARY:

At F. AUERBACH & BRO. d 89 1/2

Mens' and mens' and boys' fine shoes. DUNFORD'S.

Wherever coughs, colds and consumption exist, Ayer's Cherry Pectoral ought to be known and used. There never existed a sentiment so universal among all classes in favor of any other medicine, as is entertained the world over in regard to Ayer's Cherry Pectoral. The humblest patient in the pioneer's cabin, and the proudest dame in the metropolitan city use it, appreciate its merits, and speak its praises.

JOHN H. BARNARD.

They cure all diseases of the Stomach, Bowels, Blood, Liver, Nerves, Kidney and Urinary Organs, and \$500 will be paid for a case they will not cure or help, or for anything but a permanent cure.
