

STILL STORMING NEAR CALIENTE.

Operations on Repair Work on Salt Lake Route Are Hampered Thereby.

ARE THREE MORE WASHOUTS.

Freshet Came Down the Canyon Yesterday Damaging the Repair Work Already Completed.

Operations on repair work on the Salt Lake Route in the vicinity of Caliente have again received a setback occasioned by rains and accompanying freshets which came down the canyon causing three washouts of the dirt dumped into the grade following the trouble of March 24. Accordingly communication with Caliente was not re-established today as anticipated. The work train at this end was caught between two washouts between Acoma and Minto and the gangs today are patching up the breaks. Some small washouts are also reported in the Meadow Valley wash where there is a large force of men working to meet the gangs pushing west.

Reports from Caliente this morning state that it is still raining but it is believed that the worst is over. The fact that both men and material for the Las Vegas & Toponah, now pushing on to Bullfrog, have been pressed into service to repair the break will delay the completion of that important feeder.

All railroads are encountering trouble and according to dispatches from Orville, Cal., the recent storms have been so severe that it has been impossible to reach some of the construction camps by team and in consequence provisions are scarce and men are cutting their work and coming out. Landslides and washouts are in order on practically every big western road this week.

WILL HUSTLE WOOL.

Nickle Plate Puts Man Into This Territory For the Season.

The Nickle Plate this season will get busy in this territory securing a share of the wool trade routed east. With this object in view it has appointed E. W. Schneider from Chicago the office to come west and remain until the last of the wool has been moved. Mr. Schneider arrived this morning and is now getting in touch with the local situation.

BIG CHOIR CONCERT.

Juvenile Singing Class and Soloists Make Good Impression.

There was an attendance of nearly 2,000 people in the Tabernacle last night, on the occasion of the concert given by the stake singing classes, Tabernacle choir and soloists. The director was Prof. Evan Stephens and the organist and accompanist, J. J. McMillan. It was a very successful effort, particularly the singing by the children, whose fresh, young voices rang out with the enthusiasm for which children are noted.

The first number was Bellini's grand march chorus, "Freedom," rendered by the entire ensemble of 800 voices, with the organ, and the result was decidedly impressive. The children were heard again to advantage in the chorus "Lullaby Ships," Evelyn Bird singing the solo part. The soloist is only seven years old, and the child sang with that absence of affectation that is so characteristic of artless childhood. She was distinctly heard above the other children. The Ladies quartet won the hearts of all by their excellent work and were heartily encored. Horace S. Ensign was a marked favorite, and it is doubtful if he ever appeared in better voice. In response to an encore he favored the audience with "Love's Sorrow," which was very sweet and touching. Mrs. Lizzie Thomas Edward sang with clear and sympathetic voice that has a clear-like color that is engaging. She sang with effect in the "Swiss Echo Song." W. D. Phillips was another favorite singer, and Miss Judith Anderson's rendition of Saint Saens' "My Heart at Thy Sweet Voice" was given with marked excellence. The children's chorus was heard again to advantage in "The Old Brigade," under the conductorship of Noel S. Frost. The Forest Dale choir, led by James T. Dunbar, made a hit with their number, showing themselves worthy of the recent honors won in the Granite state contest. Prof. McMillan's performance of the overture to William Tell was up to the high standard of work which ever characterizes the efforts of that artist.

CONFERENCE REUNION.

Elders and Saints of Newcastle Had An Enjoyable Time.

The Semi-Annual meeting of the Newcastle Conference reunion society was held last evening in the Barratt Hall.

There were in attendance about 200 Saints and Elders, who had been connected at different times with that part of the British mission. An interesting program was given, including vocal selections, recitations and an address of welcome by Elder Mitchell. The following names were presented and sustained as president and secretary of the Reunion society: Wm. G. Lambert, president; Orson John Hyde, secretary and treasurer.

After the program all retired to the gymnasium, where refreshments were indulged in.

Any communications should be directed to Orson John Hyde, 40 West North Temple street, Salt Lake City.

HAWAIIAN TRANSLATION.

Book of Mormon Work That Will Be Appreciated by Very Many.

One of the most interesting features connected with the missionary work in the Church, is the translation of the Book of Mormon into foreign tongues. This sacred record has been translated into other languages 12 times; while it is now being translated into four more. Just 20 years ago, the late President George Q. Cannon, while on a mission to the Sandwich Islands, translated the Book of Mormon into the Hawaiian language. The work occupied 18 months; he brought the manuscript to San Francisco and had it printed there. It is said by Hawaiian scholars that the work done by President Cannon was colonial in its nature. He was but a youth, and he acquired a very comprehensive knowledge of the language. It must be remembered that there was no written language among this people till about the year 1822, when the Calvinist missionaries went there to convert and

Hope--One More Trial

Ulcers in the Stomach--Hemorrhages--She Could Eat Nothing--Bowels Inactive.

And Yet Another Wonderful Cure by Hood's Sarsaparilla.

"Twelve years ago I began to have hemorrhages and four years ago became so low that the physician told me there was no hope and I should soon die. I could not be moved from my bed. Under my face were napkins continually reddened with blood from my mouth. I could eat nothing and had no action of the bowels for a week. The doctors said the cause was ulcers in the stomach. At this time my mother said she wanted to make one more trial, and asked if I would take Hood's Sarsaparilla. I told her

It Would Be a Waste of Money

But finding it would comfort her, I began taking it. In a few days the bloating began to subside, I seemed to feel a little stronger, but thought it only fancy. I was so weak I could only take ten drops of Sarsaparilla at first. In two weeks I was able to sit up a few minutes every day. In a month I could walk across the room. One day I asked what they were to have for dinner, and said I wanted something hearty. Mother was so happy she cried. It was

The First Time I had Felt Hungry for Two Years.

I kept on with Hood's Sarsaparilla and in six months was as well as ever in my life. It is now four years since I recovered, and I have not had a day's sickness since, nor any hemorrhage. If ever a human being thanked the good Lord on bended knees it was I. I know that Hood's Sarsaparilla, and that alone, unquestionably saved my life."

Miss Lettie Huntley, Cortland, N. Y.

Hood's Sarsaparilla

SPECIAL.—To meet the wishes of those who prefer medicine in tablet form, we are now putting up Hood's Sarsaparilla in chocolate-coated tablets as well as in the usual liquid form. By reducing Hood's Sarsaparilla to a solid extract, we have retained in the tablets the curative properties of every medicinal ingredient. Sold by druggists or sent by mail. 100 doses one dollar. C. I. Hood Co., Lowell, Mass.

educate the Hawaiians. There were scholars among these missionaries, and they set to work to make a grammar and a dictionary of the Hawaiian language. Their own work, in translating the Bible into English is still a native classic. Pres. Cannon's work on the Book of Mormon is second to none. The earlier work of the missionaries.

Fifty years has completely exhausted the one and only edition of the Book of Mormon then printed. Indeed, there has been such a pressing need for this book, that an edition has been recently issued by the Josephite or Reorganized church.

The Hawaiians are all readers; they are exceedingly bright, and are especially fond of theological discussion. They love a good book, well made and well written.

For all these reasons, President Joseph F. Smith called upon Elder Jacob F. Gates, two years ago, to prepare a new edition of the Book of Mormon. Elder Gates has made a careful painstaking labor of this mission, and has prepared a fine, new edition of 5,000 of this record. He has had the benefit of frequent consultations with President Joseph F. Smith, who is an authority in the language.

The book has been modernized by division into chapters and verses, following the recent English versions. The footnotes prepared by Apostle Orson Pratt and now used in all the editions, have also been translated. A welcome addition has been made of a 24-page alphabetical index, compiled from the Tahitian Book of Mormon, first rendered into English and then put into Hawaiian.

Five hundred books have already been bound and shipped to Honolulu, for distribution at the annual April conference of that mission. The binding of the book is especially fine, with all the latest mechanical details, the whole being a triumph of the printer's art. The work has been done by our own office—the Deseret News company. The Hawaiian missionaries attending conference will find the book on sale at the Deseret News book store.

ELECTRICAL EXHIBITION.

Conference Visitors Are Greatly Interested in the Unique Display.

Conference visitors are thronging into the electrical exhibition now being held in the Aztec block, and examining with interest the varied displays of the latest in electrical science. There are many things there which people living out in the state have had no opportunity of acquainting themselves with, and which they see in the Aztec block is giving them valuable information, and bringing them up to the level of the times along that line. The first thing that strikes the eye is the immense black board display of the Bell Telephone company, showing in white lines the configuration of the system, the different cities and towns being marked by little incandescent glass bulbs. The company has also an extensive display of telephone apparatus. Then the Allis-Chalmers company exhibits generators of 1, 5, 20 and 50-horsepower. The Independent Telephone company displays a model switchboard, conversation box, marble panel switches, dynamos, etc. The Troy Laundry people display an ironing board on which electrically heated irons are worked in regular laundry operations. The Westinghouse Electrical & Manufacturing company show some very elegant arc lamps, and a magnificent display of electrical equipment and a message machine which is good deal of a curiosity. The General Electric company display heating and cooking appliances which are complete and do all that is required of them. A pleasant and instructive feature is the counter where coffee and biscuits are cooked with electricity, and served up hot to all comers. This part of the show is never without its throng of patrons. Then there are washing machines, printing machines, motors of many kinds, fans, sewing machines, etc., operated by the electrical fluid, and which attract a good deal of attention. Then there is a fine large four seated automobile operated by electricity, and last but not least, the Bell Telephone company has phones connected with the Salt Lake and Orpheum theaters, so that patrons of the electrical show can pick up a "phone and hear the music and vocal performance going on in both of those houses of amusement. Altogether, it is a most instructive show, and deserves well the patronage it receives.

MRS. PLATT INJURED.

Woman Slipped on Banana Peel—Taken to Hospital.

Mrs. John Platt, who resides at 127 North Fourth West street, fell this afternoon on South Temple street, between First and Second west streets, injuring herself very severely. The cause of the accident was a banana peel which had been dropped to the sidewalk by some careless person. Mrs. Platt is an elderly and a heavy woman, and the fall caused considerable shock to her system. Dr. C. F. Wilcox was

called, and the police ambulance was summoned to carry the unfortunate lady to the L. D. S. hospital. The doctor was unable to say whether a limb had been fractured or whether the injury was confined to a dislocation. In any event, the hurt was very painful, and Mrs. Platt begged to not be moved. Her husband, who is employed at the gas works, was notified by some gentlemen who witnessed the accident, and who rendered all the assistance possible. He pending the arrival of Dr. Wilcox and the ambulance. The accident occurred just before 2 o'clock this afternoon.

SHERIFF OF NYE CO., NEV., KILLED BY A GAMBLER.

Toponah, Nev., April 7.—Thomas Logan, sheriff of Nye county, was shot and killed last night at Manhattan by a gambler known as "Blondy" Berry. Logan attempted to prevent a pistol duel between Berry and another gambler, and received the shots which killed him. He leaves a wife and eight children, three of whom are attending school at Oakland, Cal.

PRIZE WINNERS

Of the Clayton Music Company's Piano Contest.

Salt Lake City, April 6, 1906. Clayton Music Company: Gentlemen: The judges after a thorough examination of the lists submitted in the Word Contest of your company agree unanimously on the following report: First prize of one \$450.00 Kimball pi-

ano to be awarded to Miss Effie Hitch of No. 262 East 4th South Street, who submitted 1,580 words, of which 1,537 were found to be correct. Second prize of one \$325.00 Kimball piano to be awarded to Miss Etta Erick of No. 879 Second Street, who submitted 1,689 words, of which 1,502 were found to be correct. Third prize of a \$150.00 coupon to Miss Fannie Kay of No. 35 Fifth South, who submitted 1,701 words, of which 1,495 were found to be correct. Fourth prize of a \$120.00 coupon to F. N. Poulson of No. 1604 Dunford avenue, who submitted 1,788 words, of which 1,494 were found to be correct. Fifth prize of a \$100.00 coupon to Edward Brook of 10th North and 10th West, who submitted 1,895 words, of which 1,491 were found to be correct. We find a number of lists containing many more words than any of those mentioned above, but as it was evident that dictionaries other than the one prescribed for this contest had been used, we were forced to throw out all words except those found in the International dictionary which determined the contest as above.

Respectfully submitted, A. G. MACKENZIE, of the Inter-Mountain Republican, Chairman.

J. S. CRITCHLOW, of the Herald; E. S. WOODRUFF, of the Deseret News.
