Guiterrez de Lara, a Mexican Attorney at Los Angeles, Arrested at instance of Govt.

IS SAID TO BE UNDESIRABLE.

Said to Bave Talked Against the Unitof states-All He Asks is Justice,

Las Angeles, Cal., Oct. 18 -- Oulterrea or lars, Mexican attorney and author, as amound today by United States elention service impactors acting anders from the department of are and labor. De Lara became daty known recoully as the man who manied a well known American writer into Mexico, where he mution for a series of ar-red "Slavery in Mexico." Larn's friends allege thist an ef-being make to "railroad" him -the horder into Mexico, whore porities of that country might

authorities of that country international Los Angeles, Cal., Oct. 18-To-

Washington.

I want to recommend S. S. S. to all who are in need of a blood purifier, and especially as a remedy for sores and obstinate niters. In 1877 my blood was very impure and I accidentally cat my leg on the sharp edge of a bærrel. This, I suppose, made an opening for the discharge of the impurities in the circulation, and a great sore formed. For years no one knows what I suffered with the place. I tried, it seemed to me nearly everything I had ever heard of, but got no relief. The Doctors said I would have to have the leg amputated or else go through life with an angry, discharging sore that would injure my general health. At last I commenced to take S.S.S., and it was but a short time until I saw the place was improving. Greatly encouraged I continued the use of S.S.S. until it removed all the poison from my blood and made a complete cure of the sore. This was five years ago and my leg has remained healed and perfectly sound ever since. JOHN ELLIS.

108 Wychoff St., Brooklyn, N. Y.

What S.S.S. did for Mr. Ellis it can do for everyone who is ned with an old sore or ulcer. He is just one of the thousands a have cured themselves of these offensive places through the sime process of purifying the blood, and removing the cause of an old re with this great blood remedy

No matter on what part of the body a chronic sore may be located, is kept open by bad blood. The flesh tissues at the place have been oken down and the nerves irritated because the blood constantly disarges germs and impure matters at that spot. Thus a diseased and included condition is maintained and all efforts of nature to heal the have fail because pure blood is the most necessary thing in the healing of any sore, especially those of a chronic nature.

The impurities in the blood which produce chronic sores, come from different causes. A long spell of debilitating sickness which breeds asease germs in the system, the retention of the natural waste matters f the body because of a sluggish condition of the elim rative members, reveninherited bad blood will produce the infected condition of the reulation that keeps sores and ulcers open. But it does not matter what the cause may be there can be no cure until the blood is purified.

One of the strongest evidences of the deep-seated nature of these aces is the fact that local treatment, such as salves, washes, plus never have any permanent effect. Such treatment only aids in ing the outward impurities of the ulcer while the blood continues a is impure state. Nor will removing the place and surrounding less by surgical operation produce a cure. The blood cannot be cut way, the old cause is still there, and in every instance the sore va return or break out in a new location. 3.5.5. S. cures Old Sores by purifying the blood. It removes eery impurity and taint from the circulation, and completely does why with the cause. When S. S. S. has cleansed the blood the sore gins to heal, and it is not a surface cure, but the healing process tras at the bottom; soon the pain and inflammation are gone, the ficharge ceases, and the place fills in with firm, healthy flesh. S. S. S. purely vegetable, made entirely from roots, herbs and barks of celle blood-purifying properties, and it is an absolutely safe remedy rany one to take. Under the purifying and tonic effects of S. S. S. e system is built up, and those whose health has been impaired requise of the drain and worry of an old sore will be doubly benefited Its use. S.S.S. S. cures old sores by PURIFYING THE BLOOD nd removing the cause. Book on Sores and Ulcers and any medical advice you may wish free to all who write.

My arrest is based on the allegatio any arrest is haved on the allogation but I am in allen anarchist who has seen in the United States less than three years. There's Only One Royal "Table Queen"

No bread-not even your owncan compare with it.

Two reasons for that: We have the facilities for perfect bread making, and we've put many years into the mastery of the science. We spend most of our time baking bread. The house-wife cannot compete with us for quality, yet her bread costs more.

We use as good or better materials than you.

Even the water we use is constantly tested. Our milk shows a high per cent of butter fat. Our flour is sifted and resifted. We used the very best Kansas hard wheat flour. Everything is pure and the bakery perfectly sanitary.
