LOCAL AND OTHER MATTERS.

Still Thawing.—The thaw winds still continue. The snow is swiftly going, and in some places the walking is nice and dry.

Term Closing.—The September term of the Third District Court is drawing to its close. To-morrow is the last day.

Philharmonic Concert.—The Philharmonic Concert is the next musical attraction at the Theatre. It will take place on Wednesday evening the 8th inst. A treat is looked for.

From Logan.—President W. B. Preston, of Cache Stake, and Mrs. H. A. Preston, his wife, came down to Salt Lake yesterday, and were the guests of Mrs. Fanny Thatcher. They returned north to-day.

Firemen Attention!—Eagle Hook and Ladder Company, there will be a meeting to-morrow (Saturday) evening, December 4th, at 7.30, sharp.

By order E. B. FULLMER,
Foreman.

A Birth.—We tender our earnest congratulations to Mr. and Mrs. Jacob Gates, jr., of St. George, on the birth of their first child, an event which happened about three weeks ago, in that city. The sex of the young visitor we have not learned.

Low Condition.—We are sorry to learn of the unfavorable condition of Brother Aquila G. Noble, of Smithfield, Cache County, who has been suffering from an abcess for some time, is at present in a low condition and appears to be growing weaker every day. He is the son of Brother W. G. Noble, and a fine young man, well beloved by all his acquaintances.

Seriously Hurt.—On Monday last, George Barnes, a young son of Mr. George R. Barnes, of Kayesville, was coasting on a hill at that place, when his sled collided with a mule, and it is supposed the animal kicked him. His head was badly bruised, and he also sustained internal injuries. He was picked up senseless, and taken home for dead, but hopes are now cherished for his restoration.

Opium Cases.—Officers Phillips and Pratt make a descent upon a Chinese opium den on Commercial Street, last night about 12 o'clock. The proprietor "Chinese Dick," was arrested with six others; four young men, a white girl and a colored damsel. Most of them were taken in the act of using the narcotic. They were before the police magistrate this afternoon, and on being arraigned, all plead guilty. The Chinaman was fined $99, and the rest $10 a piece. One of the young men has been up twice before for being found in such places.

Pleasant Reunion.—The Mutual Improvement Association of the 6th Ward, last evening gave a reception to their returned missionaries. It took place in the Meeting-house and, over 300 persons were present. Among the guests were Elders Hugh Watson, Jesse West, Sr., and H. H. Evans, each of whom had been president of the Association prior to going abroad. The exercises consisted of speeches, songs, music by the band and social conversation. The affair lasted two hours, from 7.30 to 9.30, and was very enjoyable to all.

Hamill's Readings.—Remember the Hamill matinee at the Theatre to-morrow afternoon. The readings will commence at 2 o'clock. Admission to all parts of the house, only 25c., undoubtedly the best entertainment ever offered in this city at so extremely low a price. In fact, it is a first-class performance, for which only a quarter of its merited value is asked.

To-morrow evening, also, Professor Hamill and his daughter will give readings. This entertainment will commence at 8 o'clock. Admission to parquette and first circle, 50c.; other parts of the house, 25c.

The Widow's Plea.—The following effusion shows the ingenious plan hit upon by a poor woman of this city to obtain a supply of fuel:

SALT LAKE CITY,
December 1st, 1880.

A. Gould, Esq.:

Mr. Abraham Gould,
Please sell me a ton of Red Canyon coal.
You are warm and rich in gold,
While I am poor and very cold.
And then you, like Abraham of old,
Will think of the widow in the cold,
When you, like me, are 66 years old,
You may think of the poor woman's ton of coal!

Very respectfully,

Mr. Gould, on receiving the above, promptly sent the cold widow her coal.

We hear of many kind acts of that gentleman towards the poor at the same time that he is gruff and implacable towards the wealthy when coal is scarce. "Honor to whom" etc.

A Thriving Business.—To-day we visited the boot and shoe warerooms of Messrs. Solomon Brothers & Gold, who have lately opened business three doors north of the Deseret Bank. Solomon Brothers have been in the boot and shoe manufacturing in this city, for the last eleven years, during eight of which their goods were handled and controlled by Z. C. M. I., and are well known throughout the Territory. In fact, they are the pioneers of Utah in this line of business. Brother Gold, for over four years, had charge of the leather and findings department of Z. C. M. I., and went into partnership with the Messrs. Solomon on the 1st of November. They are all practical boot and shoe men, and thoroughly understand the leather business and the wants of the public in this direction. They are rapidly turning out a fine and complete stock of boots and shoes, and have on hand leather and findings for the wholesale and retail trade, and up to the present have been unable to supply the continually increasing demand. They started with 40 workmen and have since added daily to their force. Their stock consists principally of home made goods, including about 80 different kinds of men's, women's and children's boots and shoes in styles, qualities and low prices to surpass anything of the kind ever offered in the Territory. The manufacturing department is at Solomon Brothers old stand, opposite the City Meat Market, but their main stock may be seen at the warerooms on Main Street.

"Junction" Jots.—From yesterday's issue:

We learn that Mr. Frank Rother, who has for years been the manager of the Utah Vinegar Works in this city, has got full charge and control of that popular institution. From Dec. 1st, the firm will go under Mr. Rother's name.

The electric light tower will not be placed on the Court House dome, as at first thought, but will be placed further up on the bench, in the centre of the block opposite, between Main and Fifth and Fourth and Spring Streets. The tower will be 130 feet high, and set in a stone base. It is expected that the light will be in working order in about a month.

Last evening Jack Shaw, who happened to be in Nelse McCarty's saloon, put his hand down into his pistol pocket. He found the weapon barrel upwards, and as he was drawing it out it went off. The bullet entered the palm of the right hand, passed through the wrist joint, and came ont about two inches above said joint on the back of the wrist. Dr. Carnahan was sent for, who, in company with Dr. Condon, dressed the wound. It will be some time before "Jack" will be able to use his right arm again.

The Coal Scarcity.—As an evidence of how general is the coal famine now being experienced, we clip the following from a recent number of the *Nebraskan*, published at Hastings, Nebraska:

"It cannot be denied that a coal famine stares us in the face. It was supposed that our dealers could keep up a supply. But on Saturday they were all entirely out.

Fourteen cars of coal consigned to the Badger Yard, that should have been here on or before that day, over the St. Joe and Western, were appropriated by the railroad to meet their necessities. In two of the Iowa mines there are strikes, cutting down the supply, and it is not certain that other strikes may not follow.

Altogether, therefore, the outlook is not cheering. It does not now look as though an adequate supply can by any possibility be secured.

The same paper hints darkly at the probability of farmers being compelled to burn corn for fuel this winter.

The New Railroad.—There has been some talk of a broad guage railroad from Ogden into the north country. The Idaho *Enterprise* speaks of the new scheme as follows:

"A wide guage Railroad will be built as rapidly as money and men can build it from Ogden, or rather Brigham City, Utah, *via* Curlew Valley, and Raft River, Wood River and Boise City, to Portland, Oregon, commencing early in the spring. At least that is the present programme of the Union Pacific managers. Thus in a year or two, Idaho will contain a through Pacific Railroad."

UTAH SILK ASSOCIATION.

The quarterly meeting of the Utah Stake Silk Association was held at Provo, November 26th, 1880; Mrs. Mary John in the chair.

Roll being called, 11 wards of the Stake responded.

Mrs. Hannah Booth, secretary of the central district, read reports showing the several wards of that district as having an efficient organization, and preparations being made for the extension of silk culture for the next season.

Mrs. Hindley, president of the northern district, gave in a favorable report of her district.

The Secretary read a report showing that $368 of the $500 fund voted to be raised at the last quarterly meeting had been paid into the treasury.

Sister Lucy W. Kimball read a report from the committee on manufacture of silk, showing the difficulties encountered by the committee in their efforts to prepare and manufacture the silk on hand, making favorable mention of the patient and untiring efforts of Sister Saunders, of the First Ward, Provo City, in weaving the handkerchiefs produced.

On motion, the report was adopted and a vote of thanks extended to Mrs. Saunders for her labors in behalf of the association.

Elder Daniel Graves, after alluding to the difficulties encountered by the association for lack of machinery, moved that the treasurer, Bishop William Paxman, be authorized to purchase a loom. Seconded and carried.

Mrs. Beebe gave notice that J. C. Neilson, of the 5th Ward, Provo, had mulberry trees for sale and, if encouraged, would supply any amount needed by the association.

Mrs. E. H. Williams, purchasing agent of the central district reported having purchased 47 lbs cocoons; complimented the silk raisers of Spanish Fork for the superior quality of their cocoons.

Mrs. Clark, purchasing agent of the northern district, reported an outlay of $51.50 on the purchase of cocoons.

Several members of the association made remarks of an encouraging and instructive nature, pertaining to the interest of sericulture, particularly so on the part of Bro. Cornaby, of Spanish Fork, of his original experiment in feeding the Osage Orange leaves with great success, and the notice received of his case, and the notice received of his experiment by the Department of Agriculture. After remarks of encouragement from Prest. John and Bishop Paxman the meeting adjourned for three months.

A. JONES, Secy.

SPECIAL BUSINESS NOTICES.

RESCUED FROM DEATH.

The following statement of Wm. J. Coughlin, of Somerville, Mass., is so remarkable that we beg to ask for it the attention of our readers. He says: "In the fall of 1876 I was taken with a VIOLENT BLEEDING OF THE LUNGS followed by a severe cough I soon began to lose my appetite and flesh. I was so weak at one time that I could not leave my bed. In the summer of 1877 I was admitted to the City Hospital. While there the doctors said I had a hole in my left lung as big as a half dollar. I expended over a hundred dollars in doctors and medicines. I was so far gone at one time a report went around that I was dead. I gave up hope, but a friend told me of DR. WM. HALL'S BALSAM FOR THE LUNGS. I laughed at my friends, thinking that my case was incurable, but I got a bottle to satisfy them, when to my surprise and gratification, I commenced to feel better. My hope, once dead, began to revive, and to-day I feel in better spirits than I have the past three years.

"I write this hoping you will publish it, so that every one afflicted with Diseased Lungs will be induced to take DR. WM. HALL'S BALSAM FOR THE LUNGS, and be convinced that CONSUMPTION CAN BE CURED. I have taken two bottles and can positively say that it has done more good than all other medicines I have taken since my sickness. My cough has almost entirely disappeared and I shall soon be able to go to work. Sold by all druggists.

By Universal Accord,

AYERS' CATHARTIC PILLS are the best of all purgatives for family use. They are the product of long, laborious, and successful chemical investigation, and their extensive use, by Physicians in their practice, and by all civilized nations, proves them the best and most effective purgative Pill that medical science can devise. Being purely vegetable, no harm can arise from their use. In intrinsic value and curative powers no other pills can be compared with them, and every person, knowing their virtues, will employ them, when needed. They keep the system in perfect order, and maintain in healthy action the whole machinery of life. Mild, searching and effectual, they are specially adapted to the needs of the digestive apparatus, derangements of which they prevent and cure, if timely taken. They are the best and safest purgative to employ for children and weakened constitutions, where a mild, but effectual cathartic is required. 1 dsw

IT IS TRULY WONDERFUL

TO SEE what improvements now exist as compared with railway travel only a few years ago. To become convinced of this, one has only to select for his route East, the popular and well-known

CHICAGO & NORTHWESTERN RAILWAY.

You are landed by the Union Pacific R. R. in the Union Depot at Council Bluffs, where stands the C. and N. W. Palace train, composed of Pullman Hotel Cars, Pullman Sleeping Cars, elegant Day Coaches, Smoking, Baggage, Postal Cars, etc., ready to convey its passengers through Iowa and Illinois, and into Chicago. Gli ing smoothly along over the superb track of steel rail through thriving cities and villages, comfortably seated in this train, one scarcely discovers the high rate of speed at which he is riding. Trains of this road are always on time, connections sure, and passengers seeking pleasure, comfort, safety and ease in traveling, will find the "North Western" in excess of their expectations, and the greatest of all routes to Chicago and the East. Insist upon Ticket Agents selling you Tickets via this road; all Agents sell them. Examine your Tickets, and refuse to buy if they do not read over this Road. If you wish the best Traveling Accommodations, you will buy your Tickets by this Route, BUT AND WILL TAKE NO OTHER. dswly

A Man Walks from Newark, N. J., to New York.

Some weeks since, a man came into the store, No. 7 Sixth Avenue, New York, inquiring for Mr. Crittenton, to whom he was shown. He appeared to be very much excited, and immediately commenced to tell a story of how his wife had suffered from an affection of the lungs, and, in fact, had been given up by the physicians to die. Through some friend she was induced, as a last resort, to try Hale's Honey of Horehound and Tar, and, using here her husband's language, he said: "Before she had used one bottle she could breathe with more ease; and by the time she had used six bottles she was up and around the house, able to do her own work." The man took the pains to come in person and thank the present proprietor of this popular article for a perfect cure of his wife. Hale's Honey of Horehound and Tar is for sale by all druggists at 50 cents and $1. Large size the most economical. Depot, Crittenton's, 7 Sixth Avenue, New York City. JOHN F. HENRY
