

LOVE'S LABOR LOST.—A son of the Baron Rothschild is said to be in this country, in the South, for the purpose of inducing members of his race to take up their future residence in Jerusalem. We are of the opinion that the success of this gentleman will not be so great as to overwhelm him with its immensity, and that he will soon open his eyes to the fact that the Israelites of the United States, however much they may revere the traditions of the old Jerusalem and the prophecies as to the gathering together of the lost tribes, have a far more abiding confidence and trust in the new Jerusalem which they have found on this side of the Atlantic. What would the brains and energy of the Hebrews of this country, occupying as they do the first places among men in almost every walk of life—what would these find to do in Jerusalem? The expansion of liberalism has long ago settled the question of the Lost Tribes. Where man is mightiest, most progressive and most successful, there will the Hebrew children be found, thriftiest among the thrifty, and caring very little for the traditions of a dead and buried antiquity, which can only serve them in the future as a framework to the grand immortality of their ancient faith.—*St. Louis Dispatch.*

NO LASCIVIOUS COHABITATION.—The United States interference with polygamy is condemned as bigoted and alien alike from the spirit of the fathers of American independence, as it is opposed to the advanced political ideas of the time. It is generally said that if Brigham Young is to be prosecuted for lascivious cohabitation, every rake in the United States should be equally prosecuted, that in Brigham Young's case there is no lascivious cohabitation; that those with whom he cohabits lose no caste—are not disrespected, but on the contrary, by the laws and customs of Utah, are wives, and are honored as such. Brigham Young, it is said, is guilty of no treachery to his spouse or spouses in taking an additional wife, for, from the outset, that has been an understood matter betwixt them. His polygamy is not clandestine, nor is it other than an open and above-board institution. However distasteful such practices may be to the American people, they are held by enlightened jurists here to be strictly of that class of *jura privata inter gentes*, which so wide and all-embracing a government as the United States might tolerate with no danger to the national fabric. Opinions and practice have changed on celibacy, monogamy and polygamy, and may further change; but to prosecute for such opinions and practice is simply intolerance.—*London correspondent of the San Francisco Chronicle.*

THE Philadelphia Dispatch is inclined to jocularly over the situation in Utah. Jocularly is far better than brutal vindictiveness, for a vindictive man is a bad man, while a joker, even an inveterate joker, is not so likely to be a villain, and if he is rather worse than he ought to be he is more easily forgiven than the unmitigated, however polished, ruffian. Thus the Dispatch indulges at "Mormon" expense—

Is there, then, not something heroic in a man who binds his heart "jintly" to several plain women at a time? When a man marries a single wife without personal attractions his friends of both sexes commiserate him; but the unflinching Mormon sacrifices himself over and over again, and never murmurs. There is a Providence in everything, and if the Court convened in Utah will only look at it reasonably the sins of Brigham are not so very dire.

All women confidently expect to marry at some time of their lives, be their countenance foul or fair, and the man who fulfills the desire of so many is little short of a benefactor, particularly as few of his accusers would be willing to relieve him of half of his responsibilities.

There is another highly practical view to be taken of this matter. The whole civilized world has quailed at the power and sway of the mothers-in-law. Here is a man who has set at naught their terrors, and met them by the dozen undismayed. Every other vanquisher of dragons has been canonized, but this one is indicted!

A fearful tendency to snub Hymen has been bewailed in the beaux of the present age. Will not this attempt to find fault with his chief patron rather encourage these enemies of the highly respectable god?

BACKBONE.

When you see a fellow mortal
Without fixed and fearless views,
Hanging on the skirts of others,
Walking in their cast off shoes,
Bowing low to wealth or favor,
With abject, uncovered head,
Ready to retract or waver,
Willing to be drove or led;
Walk yourself with firmer bearing,
Throw your moral shoulders back,
Show your spine has nerve and marrow—
Just the things which he must lack.

A stronger word
Was never heard
In sense and tone
Than this, backbone.

When you see a theologian
Hugging close some ugly creed,
Fearing to reject or question
Dogmas which his priest may read;
Holding back all nobler feeling,
Choking down each manly view,
Caring more for signs and symbols
Than to know the Good and True;
Walk your-self with firmer bearing,
Throw your moral shoulders back,
Show your spine has nerve and marrow—
Just the things which his must lack.

A stronger word
Was never heard
In sense and tone
Than this, backbone.

When you see a politician
Crawling through contracted holes,
Begging for some fat position,
In the ring or at the polls,
With no sterling manhood in him,
Nothing stable, broad or sound,
Destitute of pluck or ballast,
Walk yourself with firmer bearing,
Throw your moral shoulders back,
Show your spine has nerve and marrow—
Just the things which his must lack.

A stronger word
Was never heard
In sense and tone
Than this, backbone.

A modest song and plainly told—
The text is worth a mine of gold;
For many men most sadly lack
A noble stiffness in the back.

SINGER SEWING MACHINES

WERE SOLD DURING THE PAST YEAR.—*Scientific American*, June 10, 1871

The Singer Manufacturing Company,
WORLD'S FAIR.

Constituted by the homes of the people,
Received the Great Award of the Highest Sales! and have left all
Rivals far behind them! As the following article shows:

"SEWING MACHINE SALES FOR 1870.

The magnitude to which the manufacture of sewing machines has attained is shown by the "SWORN" returns (to which anyone can have access,) of the manufacturers for the year 1870 to the owners of the leading patents, on which they pay a royalty. According to these returns the number of machines sold by each manufacturer in 1870 is as follows:

The Singer Manufacturing Company.....	127,833.....	Difference.
Wheeler & Wilson Manufacturing Company.....	83,208.....	44,625
Howe Machine Company.....	75,156.....	52,677
Grover & Baker Sewing Machine Company.....	57,402.....	70,431
Weed Sewing Machine Company.....	35,002.....	92,831
Willcox & Gibbs Sewing Machine Company.....	28,890.....	98,943
American Buttonhole & Overseaming Company.....	14,573.....	113,260
Florence Sewing Machine Company.....	17,660.....	110,173
Gold Medal Sewing Machine Company.....	8,912.....	118,921
Etna Sewing Machine Company.....	5,806.....	122,027
Empire Sewing Machine Company.....	3,560.....	124,273
Finkle & Lyon Manufacturing Company.....	2,420.....	125,413
Parham Sewing Machine Company.....	1,761.....	126,067

And several other Companies who sold a few Machines.

It will be seen by this table that the popularity of the Singer Machines far exceeds that of all others, their sale being one-half greater than even that of the famous "Wheeler & Wilson" Machine. This is owing to the fact that the Singer Company have lately commenced making, besides their old and well-established manufacturing machine, what is known as their "New Family Machine," which is selling at the rate of nine to one better than the old style. Their total sales for 1869 were 86,781 machines against the 127,833 of 1870, showing an increase of one half in the latter year.—*New York Sun.*

The total Sales of "Singer" Machines are very nearly

THREE QUARTERS OF A MILLION!!!

Two Thirds of which were Sold within the Last Three Years, and all are in

SUCCESSFUL DAILY USE!

And still there are Agents, for even the poorest Machines, who persist, in the most "unblushing manner," in decrying ours, as if it were possible for the "Overwhelming and Rapidly Increasing Majorities of Singer Purchasers" to be mistaken.

We are not so vain as to suppose that these large sales are due to superior business capacity so much as to the superior merits of the Singer Machines, as well as the

OBSERVATION OF THOSE WHO BUY AND USE,
And are personally interested in comparing the merits of the different Machines before making a selection.

THE

"NEW FAMILY SINGER" SEWING MACHINE,
WITH ATTACHMENTS FOR ALL KINDS OF WORK,

We claim and can show is the cheapest, most beautiful, delicately arranged, nicely adjusted, easily operated, and smoothly running of all the Family Sewing Machines. It is remarkable not only for the range and variety of its sewing, but also for the variety and different kinds of texture which it will sew with equal facility and perfection, using silk twist, linen or cotton thread, fine or coarse, making the INTERLOCKED-ELASTIC-STITCH, alike on both sides of the fabric sewn.

The only STITCH that is Universally Approved, or is at all adapted to
FIRST-CLASS WORK.

Thus, beaver cloth, or leather may be sewn with great strength and uniformity of stitch, and, in a moment, this willing and never-wearying instrument may be adjusted, even by a child, for fine work on gauze or gossamer tissue, or the tucking of tulle, or ruffling, or almost any other work which delicate fingers have been known to perform.

All Machines Sold Guaranteed to give Entire Satisfaction!

Terms to Suit All!

OTHER MACHINES THOROUGHLY REPAIRED AT REASONABLE RATES!

WE MAKE NO CHARGE FOR CARTAGE WITHIN SALT LAKE CITY!

BEWARE of Spurious Needles, Poor Silk, Twist, Linen and Cotton Thread, Bad Oil, etc., Which may render the Best Machine Useless. The Singer

Company manufacture their own Needles, Silk and Twist; furnish

Linen and Cotton Thread and Oil—all of Superior Quality—

but which can be relied on only when obtained through their

Principal or Branch Offices.

THE SINGER COMPANY have, for the past three years, been unable to supply the demand for their machines, though much has been done to increase their manufacturing facilities. Much more is being done at home and abroad in enlarging their present manufacturing, building new ones, availing of the best machinery, and the services of the most skillful artisans, in the hope of being able to accept propositions for agencies, where such are not already established, though they are now tolerably well represented throughout the civilized world.

Be Sure to get the Best. Before you Purchase be sure to see the "Singer" at the Central General Agency, Singer Sewing Machine Depot E. C. M. L., EAST TEMPLE ST., second door South of Eagle Emporium, SALT LAKE CITY.
