

Forty-Five New Typhoid Cases

City Authorities Admit They Are Unable to Cope With the Situation.

FIGHT ON SCIENTIFIC BASIS.

State Board of Health Decides to Issue Late Number of Persons in Danger Zone.

Forty-five cases of typhoid fever have been reported to the city board of health within the last 48 hours and the epidemic still remains unabated. The city health authorities admit they are unable to cope with the situation and the state board of health has now taken up the fight to check the spread of the disease. Dr. T. B. Borty, secretary of the state board of health, was handed yesterday afternoon a complete list of the dairies supplying milk in Salt Lake and the number of cases of fever on each route. With this data to work on, the state board of health will begin active work today in an effort to locate the infection and stamp it out. The state board of health has decided to isolate a number of persons in the danger zone and fight the epidemic on a scientific basis.

CITY CREEK PURE.
Herman Harris, city and state chemist, and Heber C. Smith, deputy state food and dairy commissioner, made an examination again yesterday afternoon of the waters of city creek and declare that it is not contaminated. Samples were taken along Canyon road and every mile up the stream but nothing could be found.

The Women's league of Salt Lake took up the typhoid epidemic yesterday at a meeting of the organization. It was proposed to start a crusade against bakers and manufacturers of food stuffs to compel them to be more sanitary in handling such products. An effort will be made to have the bakers wrap each loaf in it leaves the oven. The handling of food stuff in the household was also taken up. It was declared that the housewives should be more careful and screen the flies out of the dwelling so that the food and milk could not be contaminated in that way.

FIVE DEATHS TO DATE.

The list of deaths from the epidemic now numbers five. C. H. Riese, 56 Canyon road, died at the St. Mark's hospital yesterday afternoon. He was taken ill on Sept. 2.

PRECAUTIONS TO TAKE.

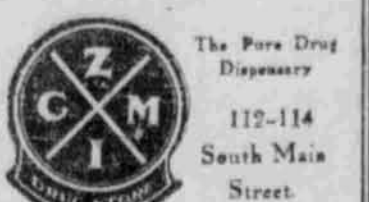

John E. Breen, assistant professor of hygiene and physiology at the University of Utah, delivered a lecture to the members of the senior normal class in hygiene Wednesday afternoon on the typhoid epidemic. He dwelt on the causes of the disease and the simple preventive which could be used, he said, in part:

"Typhoid fever, one of the most common and most dangerous diseases of the fall of the year, has apparently secured a strong foothold in Salt Lake. The causes of the disease are many, but the most common source of infection comes from drinking water and from milk which has been contaminated by the germs. In out-of-town districts where sewerage systems are lacking, the germs often get into the water from waste water which has been carelessly thrown around during some previous time, and which finally finds its way to the water supply.

Cough Cure

You are apt to catch cold this weather. A dose or two of White Pine Expectorant, taken in time, will prevent a severe cough or cold. Have a bottle handy.

25c and 50c a Bottle

The typhoid germs are killed by a comparatively low heat, so that an ordinary amount of sterilization assures safety. In the present epidemic the local newspapers are to be congratulated for the great work they are doing for the public. Through their columns the people of the city have been warned of the spread of the dreaded disease, and have thus been given ample time to take precautions for their own safety. If the students in this class will report all known cases to the city health board and also to the 1911 newspapers, they will be doing a great service to the community who are attempting to stamp out the disease, and also to the citizens who live in the vicinity of the place where the disease is located.

BORAH PRAISES THE UTAH DELEGATION

Senators Smoot and Sutherland and Congressman Howell All Able Men, He Says.

Senator William E. Borah of Idaho is in the city, having come here to greet President Taft. While in the city Senator Borah is a guest at the Knutsford. The distinguished visitor paid a high tribute to the Utah delegation in Congress.

"Utah has a very strong delegation in Congress," said Senator Borah. "I think this will be conceded by all. Senator Smoot is an untiring, indefatigable and most effective worker. His fund of information with reference to the tariff, and as disclosed by the tariff discussion, is remarkable, and won him a high place in the esteem of all members of the senate."

"It is a very remarkable thing when a new senator is relied upon for detailed information by such a man as Senator Aldrich, and especially with reference to tariff legislation, but it is not too much to say that Senator Aldrich often referred to Senator Smoot for information."

"Senator George Sutherland, as everybody knows, stands as one of the first lawyers of the senate. As was said by one of the oldest members of the senate, he is regarded as a very able legislator."

"Utah, in short, holds a very enviable position in Congress so far as that position is made up of the ability and enthusiasm of her delegation."

"It has not been my good fortune to know so much of Congressman Joseph Howell, but his reputation is that of an industrious and vigilant representative."

LAUNCH CAMPAIGN TONIGHT.

Membership of Three Hundred New Young Men for Y. M. C. A. Sought.

Tonight will witness the first mass meeting of representative Y. M. C. A. members which has been held for several years. The occasion is the launching of a membership campaign to enlist 300 new members for the organization. While the gathering this evening will not in any way be in the form of an entertainment, yet the program will doubtless call together an enthusiastic gathering. The details of the campaign have been pretty well decided—100 a day will be the slogan for three days. The campaign is to open at 12 o'clock next Monday, at which time all of the teams will launch together in the lobby of the Y. M. C. A. building. The teams will leave for their districts immediately after lunch, returning on Tuesday and Wednesday at dinner, closing the campaign Wednesday night.

At the meeting tonight, Attorney Frank B. Stephens of the Y. M. C. A. board of management and Senator Carl A. Badger, chairman of the membership committee will speak and probably also Joseph Lippman. The Salt Lake high school cadet band will furnish the music for the rally.

The captains and teams as so far appointed are as follows:

No. 1. Spencer's Committee—McIntyre, Russell, G. L. Saul, L. W. Wood, H. Beach D. Lyon, C. C. Hagby, captain.

No. 2. Lucian Ray, captain.

No. 3. Wesley King, H. V. Dille, H. J. Finch, A. E. Eberhardt, Robert Van Eaton.

No. 4. Robert Porter, captain; Will Ray, Athol Rawlins, Dr. Richards, A. R. Thomas.

No. 5. W. C. Carlson, captain; E. C. Ashton, Dale Park, J. O. Carter, Mr. Nagler.

No. 6. W. C. Coulson, captain; Neil Whitely, W. Finlayson, R. J. Blomquist, Roy White.

No. 7. James Collins, captain; J. Fletcher, A. G. Potts, H. Stephens.

No. 8. L. W. Sowles, captain; D. J. Murphy, R. R. Tempest, W. C. Feltz, Leola Watson.

No. 9. B. B. Ball, captain; A. Reeves, O. W. Harvey, W. G. Holsworth, George Hoffman.

No. 10. John H. Bow, captain; Will H. Crain, C. Leigh Battelle, A. J. Gunn, Mr. Daly.

MELON CUTTING.

August M. Cannon returned from a two-weeks' visit to St. George this morning, greatly benefited in health by the change. Among the trophies he brought back from Dixie with him was a huge and luscious cantaloupe melon which was raised on the farm of his nephew, Melvin D. Harmon, at St. George.

The sample demonstrated that southern Utah more than holds her own when it comes to products of the soil. The melon and only looked, but tasted the part after the decision had been made at the editorial rooms of the Deseret News.

W. O. W. ATTENTION.

All members of Camp 406 will meet at their hall Sunday next, Sept. 27, at 12 noon, there to attend the funeral of the late Melvin D. Harmon. Members of other camps cordially invited.

SAMUEL I. GOODMAN ARRESTED TODAY

City License Assessor to Be Sentenced Pending Hearing of Assault On Wife Case.

Samuel I. Goodman, city license assessor, was arrested this morning by Sheriff Shoop on the warrant issued for him yesterday at the request of his former wife, Mrs. Ida M. Goodman, charging him with assault. As a result, it is stated, that Goodman will be suspended from his position by City Auditor Rudolph Ains pending the hearing of the case.

In the complaint Goodman is charged with having assaulted his divorced wife in the Ott Drug store on Third South street last Tuesday night while in company with some friends. Goodman used his "back kick" on his wife and threatened to "get her." After a struggle he was thrown out of the drug store and the police were called but no arrest was made until his wife swore to the complaint.

Goodman has been an active supporter of Joseph Lippman for the mayoral nomination on the "American" ticket. He was arrested, it is stated, that in case Lippman was nominated and elected he would be made chief of police.

THREE YEARS FOR A SILENT BURGLAR

Randolph Declines to Make Any Statement—Pickpockets Prefer to Forfeit \$1,000 Bail.

John Randolph pleaded guilty to the charge of burglary in the second degree in Judge Lewis' court this morning and was sentenced to three years in the state prison. In the information, he was charged with having entered the residence of Richard Barker at 50 South Twelfth East street on Sept. 16, 1909. Randolph declined to make a statement after entering his plea.

H. Quinn and Daniel Sullivan, two alleged pickpockets, failed to appear this morning in court when their case was called and forfeited their bail of \$500 each. They were jointly charged in the information with robbing Alexander Walker of a gold watch, \$5 in money and a handkerchief.

A. MILTON MUSSER ILL.

At the Dr. Groves L. D. S. hospital this morning a delicate operation was performed upon A. Milton Musser and despite the fact that he is in his eightieth year, the operation was pronounced successful and there is every likelihood of a recovery. The operation was performed by Dr. Musser, Allen and Middleton.

Salt Lake Ready to Greet Presidential Party

To greet the chief executive of the greatest nation on earth, Salt Lake today feels proud to extend the glad hand of welcome to President William Howard Taft.

The line of programs of the presidential party from the depot to Fort Douglas, where President Taft will review the regular troops this afternoon, has been tastefully decorated in honor of the distinguished visitor, with waving flags and bunting. The committee in charge of the reception of the president asks that all the people of the city, and especially those along the line of march of the president, decorate their homes with American flags. No special scheme of decorations are called for, but if the residents will hang out of their windows a good flag it will be an appreciated token of respect for the president and exhibit the patriotism which the people of this city feel for the ruler of the nation.

The program as originally arranged will be carried out in the reception and entertainment of the president. Upon arrival at the Denver & Rio Grande railroad station at 4:30 this afternoon, President Taft will be met by three infantry companies and the signal corps of the Utah National Guard. The soldiers will form a double line through which the president will pass in an automobile, followed by his party. The national guard companies will consist of B company of Ogden, and C and H companies of Salt Lake, and the signal corps of this city. The president will proceed along Second South street to Main, north on Main street to South Temple street, and east on South Temple to Fort Douglas. It is planned to have the president arrive at the fort at 6 o'clock, when the review will start on the brow of the hill which will be the first battery, U. S. G., which will fire the president's salute of 21 guns as the president's motorcade passes.

After the review President Taft will be the guest of honor at a banquet to be given by the officers of the post, followed by a reception. This will be strictly a military affair, and by Sheriff and about 50 other guests have been invited to attend.

The program for Saturday and Sunday has been previously privy. Sept. 25, D. H. Christensen of the city schools announces that the children of the "living flag" belonging to the Longfellow and Oakley school in marching to the place of review Sunday morning, do not do so as separate organizations. They may join with any school in the march hour, but preferably with the Bryant pupils at the Bryant school grounds.

John Hays Hammond And Gifford Pinchot Here

John Hays Hammond, president of the National League of Republican Clubs, a rising expert of national reputation and a prominent figure in national politics during the last presidential campaign, is a visitor in this city. Mr. Hammond arrived here this afternoon from Los Angeles and is a guest at the Knutsford. He came here to join President Taft and party and will accompany the chief executive of the nation on his northern trip. Mr. Hammond is accompanied by his secretary, A. J. Carter and Dr. C. L. Lindberg.

In the same train with Mr. Hammond was Gifford Pinchot, chief forester. The latter was met at the station by local friends and quickly whisked away. It is understood that Mr. Pinchot, while here, will be a party at a conference of the nation on the northern trip. Mr. Hammond is accompanied by his secretary, A. J. Carter and Dr. C. L. Lindberg.

At the Spokane Reclamation congress attacks were made upon Secretary Hays and out of these came the difference between Secretary Hays and Pinchot. It is understood that President Taft and these gentlemen are to meet while in Salt Lake City and that a reconciliation by the secretary of the interior of certain tracks of land to public entry.

DELEGATES DRIVEN TO THE PRIMARIES

Some Sideglances on Last Night's "American" Gatherings in Which City Contractors Figured.

In the list of delegates chosen in the primaries last night to attend the "American" convention, it is estimated that 12 men pledged to Mayor John R. Brannford. "Mike" O'Connor, superintendent of the James Kennedy construction company sent his pro rata of men to the convention and so did Doyle Bros. & Schwartz, contractors for water mains. The Lippman forces say that the contractors doing the city's public improvement work have about 20 among the delegates.

Moran received a set back in the Twentieth district, according to one Lippman man, Fred A. Ark of Murray and A. N. Fenton, a foreman for Moran, attempted to vote in the Twentieth district. Their presence was discovered and their vote was not recorded because, it is alleged, they were not residents in the district.

After the delegates were selected in the Fifth district and all but about 12 had gone home, somebody made a motion to endorse Barney Quinn for councilman from the Fifth municipal ward. Quinn rallied his supporters who were for Lippman. Quinn, himself, talked on the motion and said that he would serve to the best of his ability, etc. When a vote was taken the motion was defeated by one vote, which leaves Quinn out in the cold, and Lippman, too, as far as the Fifth district is concerned.

Jack Raleigh, city street supervisor, sent 30 delegates to the convention from his department. Thomas Hobbs, superintendent of waterworks, had

his men lined up, but it is said that the Lippman forces broke in on him. Hobbs does not know, himself, just how many of his men will go to the convention for Brannford. There were about 30 in all. City Engineer Louis C. Kelsey succeeded in sending a number to the convention out of his office force. It is estimated that he had 25 in the convention.

Providing that Brannford is nominated, it is stated, that Moran and the other contractors will contribute to the campaign fund. Raleigh will also turn over to the campaign fund about \$1,500 which he has already collected if Brannford is nominated.
