Ogden, Aug. 15.—After being in executive session for more than two hours in which they discussed the removal of Principal David Cloyd of the high school, the board of education adjourned last evening with the statement that no action was taken, but another session of the board would be held this morning at 9 o'clock.

At the session were present President H. W. Williams, A. F. T. H. Carr and M. S. Browning of the board, Supt. Allison and Prof. Cloyd. Dr. R. S. Joyce a member of the board from the School ward, and who is now a resident of the Fourth ward and against whom Prof. Cloyd made charges of being unlawfully retained as a member of the board, did not attend the executive session.

Ogden, Aug. 15.—The city school board met again this morning and passed the following resolution removing Prof. Cloyd from the high school principalship:

"Whereas, it appears to this board, after due consideration, that sufficient cause exists for the removal of David E. Cloyd as principal of the Ogden high school, therefore be it
Resolved, that David E. Cloyd, the principal of the high school, be and he is hereby discharged and removed from such position of office, and the agreements heretofore entered into between him and this board, by the terms of which he was employed, be and are hereby terminated and henceforth annulled.

STATE MENTAL HOSPITAL.

Monthly Board Meeting—Wedding Bells—Death of Alex. Gillespie.

Provo, Aug. 15.—At the regular monthly meeting of the State Mental Hospital board, held yesterday, the following routine business was disposed of:

The treasurer's report for July shows balance on hand July 1 of \$1,541.10, receipts from state warrants and other sources, \$3,025.37; warrants paid during the month, \$3,482.63, leaving a balance on hand Aug. 1 of \$2,083.84. Bills were allowed as follows: Current expenses and maintenance for July, \$2,108.85; salaries, \$2,224.75.

The report of the movement of patients shows:
In attendance July 30, 165 men and 173 women, total, 338. Admitted during the month, 7 men and 10 women; discharged, 3 men and 1 woman; died, 3 men and 3 women. In attendance July 31, 166 men, 185 women; total, 351.

In his report, Chief Engineer Homer showed that the plumbing on the building and his assistants saved the state about \$1,000, in comparison to the bid that the board rejected on the grounds that it was too high, the bid being \$2,000 and the work being accomplished at a cost of \$1,000, beside the adding of one large lavatory, two baths and one small lavatory more than the plans and specifications called for, and which would place the estimate at \$2,500.
