

FLOATING FRAGMENTS.

A storm is brewing. This is the last day on which registration can be legally attended to.

Registration has been conducted in Logan according to the rules. Zephyrus laden with dust have been running riot on our streets for a couple of days.

Another has been added to the list of toy-pistol victims, William G. Sharp, of North Jordan.

Conference of the Primary Associations of Salt Lake Stake at 10 a. m. Saturday, at the Assembly Hall.

It is expected that a Bishop and Counselors for the Twelfth Ward will be selected to-morrow evening, at the regular meeting.

The Union Square Theatre Company will open at the Walker House on Tuesday night. It is one of the best companies in America.

Registration in the Fourth Precinct will be conducted from eight o'clock till midnight at the residence of deputy registrar A. Pratt.

Mr. Chase, Sanson, of the Fourth Precinct, has not lived in plural marital relation since 1882. He was placed registration on the ground of being a polygamist.

"Jingo" is the successor of "Jumbo" at the London Zoological Garden, and he is a great favorite. What they lose on Jumbo they expect to make up, by Jingo.—*Cin. Star.*

The First and Third Judicial District Courts have decided in favor of the Woman Suffrage Act. The test case in the Second District Court will be decided next week; so we learn by telegraph from Beaver.

"How did you come to get in jail?" asked a gentleman of a negro he saw behind the bars. "Day put me in jail for borrowing money from a friend." "Why, they can't do that; it is no crime to borrow money." "Yes, boss, but I had to knock him down with a club several times before he would loan it to me, and then I had to take it outen his pocket myself."—*Texas Siftings.*

Mr. Thor, Traitor, and two other gentlemen have a coal mine about twenty miles from Spring Hill Station on the Utah & Northern road, which we learn from Mr. Traitor, a showing up splendidly. The vein is a foot wide, and so far as developed displays a body of coal, which after being pretty well tested, is said to "burn well, producing a good heat, besides being well adapted for cooking."—*Butte Miner.*

Home Mission.—Elders of the Home Mission will visit the meetings of the country wards to-morrow evening.

Religious Services.—Religious services of the Church of Jesus Christ of Latter-day Saints at the Tabernacle to-morrow afternoon, beginning at 2 o'clock.

Change of Time.—In consequence of the time for regular Priesthood meeting of this Stake occurring during the time of General Conference, it will convene on the last Saturday of the present month, at the Assembly Hall.

Fire Alarm.—The fire alarm was rung at 11 o'clock last night. The trouble was in the foundry of Mr. Daniel Dunne, but was an insignificant affair. The flames were all out before the firemen reached the place. No damage.

The Exponent.—We have received the *Woman's Exponent* of yesterday's date. It is filled with excellent reading matter, original and selected. It is judiciously and ably edited, is a useful agent for good in the community, and should be well patronized.

Last Opportunity.—For the benefit of readers of the Fourth Precinct, eligible for registration and who have been prevented by circumstances from registering, we are authorized to state that Mr. Arthur Pratt, deputy registrar, will attend to all such cases at his residence, one block east of the 18th Ward meeting house, from 8 o'clock till midnight.

Primary Conference.—A conference of the Primary Associations of Salt Lake Stake will be held on Saturday, Sep. 21st, beginning at 10 a. m., at the Assembly Hall, Salt Lake City.

Secretaries of all the branch associations are requested to forward their reports to the *Exponent* office as soon as possible, ready for the approaching Ladies' Conference.

E. C. CLAWSON, President.

The Union Square Company.—Next Tuesday night, A. M. Palmer's Union Square Theatre Company, under the management of J. H. Haverly, will begin an engagement at the Walker Opera House.

It is one of the finest companies in the United States. They will play successively, during the week, *The Banker's Daughter*; *A False Friend*; *Daniel Rochat* and *Lights O'London*. It will be a dramatic feast seldom equaled in this city.

Moral Sentiment.—"Polygamy shocks the moral sense of the nation and must be crushed out." This is a common phrase in the mouths of anti-"Mormons," and is used as a transparent excuse to accomplish political ends. Not only have polygamists been disfranchised, the only cause intended by the law to be placed under political disabilities, but people who have never broken any law of the land prohibiting polygamy, and who to all appearance practically abandoned it before any such law was framed, are deprived of their rights.

In contradistinction to this unjust and illegal treatment of "Mormons" is the fact that during the past week notorious prostitutes have walked up to the registrars and had their names placed upon the lists of eligible voters. The "Liberal" sticklers for moral and political purity need the assistance of the law of society to assist them in their dishonest designs.

Great is the moral sense of the "Liberal" party and great is the hypocrisy necessary to bolster it.

"Old Shipmates."—On the 26th and 27th insts., a great dramatic treat will be presented at the Salt Lake Theatre. Frank Mordant will appear in "Old Shipmates," assisted by a strong company. The agent Mr. Ben Stern, is in the city making the needed arrangements. The New York *Sun* speaks of the drama thus:

"It is a wholesome comedy, sound in its motive, written with a great deal of humor, and an excellent sense of dramatic arrangement. It is a cleanly and respectable achievement, direct and forcible in its way, full of fun from beginning to end, well worth the seeing."

Mr. Frank Mordant has the principal part in it, that of "Captain Weatherage," a warm-souled, noisy sea dog. This Mr. Mordant managed with great skill, presenting a very interesting and entertaining character, with an attention to detail and a general effectiveness that were most creditable.

"Old Shipmates" furnishes one of the best entertainments that have been had in the 14th Street Theatre this season.

Mr. H. C. Tryon, the noted scene painter, is coming on from Denver expressly to paint a marine scene for the play. He is one of the best scenic artists in the United States.

Another Victim.—A week ago last Thursday William George Sharp, aged ten years, of North Jordan, was in this city with his parents. Walking down the west side of East Temple Street he was accosted by another boy who had a toy pistol, and proposed to sell it to him. In passing the article from one to the other it was discharged and little Willie Sharp was wounded in the palm of the left hand. The wound appeared to do well and healed up in a few days. Last Thursday, however, he was attacked with lockjaw. He was brought into the city yesterday and placed in St. Mary's Hospital, where he died this morning. Thus has one more been added to the list of toy-pistol victims. Every instance of the kind is a foreboding plea for the suppression of the dangerous plaything. A law should be made for the purpose. This action has been taken in several parts of the country and why not here? This time a distressed father and mother have been robbed of their only child.

A NARROW ESCAPE.—Yesterday Mr. Samuel Bateman had a narrow escape from having a disastrous fire on his premises at West Jordan. The wind blew up a hurricane from the south, and quickly veered round till it came directly from the east. By the sudden gust the fire was carried out of a stove that was outside the house and scattered over six different places. Luckily Mrs. Bateman was in the yard at the time, and succeeded by great exertion in extinguishing the fire. When the work was completed she could scarcely stand from exhaustion. But for the lady's presence of mind and rapid efforts forty tons of hay, three hundred bushels of wheat and perhaps the entire premises would have been destroyed.

The Home Club.—Miss Ada Dwyer, Miss Lottie Claridge, Miss Birdie Clawson, Mrs. Henry Ross, Miss Sara Ellerbeck, Miss Annie Wells, Miss Florence Whitney, and Mr. H. M. Wells, Mr. J. D. Spencer, Mr. L. Cummings, Mr. B. S. Young, Mr. H. Taylor, Mr. D. C. Dunbar, Mr. M. H. Barrett and Mr. Charles Whitney, are the ladies and gentlemen who appear in the Home Club's play of "Miss Chester" and the "Two Orphans," on October 6th and 6th.

Concert.—On Tuesday night, beginning at eight o'clock, the De Moss family will give a concert in the Sixteenth District Schoolhouse. The entertainment will be vocal and instrumental. Some of the young members of the family especially are said to possess unusual musical ability.

Five O'clock Instead of Six.—Bro. H. J. Hill, of the Deseret Telegraph office, is doing a good work in the interest of the Sunday Schools by offering to instruct a pupil from each Ward on the organ free. This is a reward for the one who has been the most punctual this year, between the age of 9 and 14 years. He wishes the pupils selected to call at the Morgan College building, opposite the 14th Ward School at 5 o'clock instead of six.

A Tender Conscience.—Last evening, in the Fifth Precinct, a man entered the registration office and took up one of the blanks. He commenced reading it and got along all right till he reached the part where it says, "nor have I cohabited with more than one woman," when he stopped abruptly and said, starting out with a profane word, "I can't say that." Resuming, he read further, "in the marriage relation," when he said, "Oh, all right," at the same time holding up his hand to be sworn, and he took the oath.
