

CONDITIONS IN THE EMERY STAKE

Assistant Church Historian Com-
pares the Outlook Today With
That of a Few Years Ago

PROSPEROUS SETTLEMENTS.

New Wards Organized to Meet the
Growing Demands of the Country
—Church Officers.

To the Editor:

Price, Carbon Co., Utah, Oct. 25.—I am making a tour of the Emery stake of Zion in the interest of Church history and local records. Since attending the stake conference in Orangetown on the 14th and 15th inst. have visited nearly every ward in the stake. I made a similar tour of this part of the country 15 years ago, and in contrasting the condition and circumstances of the people then with what I have witnessed on this tour, I am deeply impressed with what a thrifty and virtuous community can accomplish under the blessing and guidance of Almighty God. Horrible Valley was, when the first settlers ventured in here to make homes over a quarter of a century ago, perhaps as barren and forbidding a country as the Latter-day Saints ever attempted to redeem from the desert; but success has certainly rewarded their efforts, and the small, unhealthily villages of 15 years ago have grown into pleasant towns and neighborhoods, abounding with beautiful dwellings, rich orchards, and fertile fields. Several new towns, inhabited by our people, have also sprung into existence during the past few years. Altogether, the Emery stake of Zion, which embraces the Saints residing in Carbon and Emery counties, Utah, consist of 15 organized wards, and one branch with a total Church population of 6,211. Reuben B. Miller presides over the stake with John H. Pace as first and Henry G. Martin as second counselor. Arthur W. Horsley is clerk. These four brethren all reside at Price, which has been the headquarters of the stake since 1899.

CONDITIONS CHANGE.

When I first visited Price in 1890 there were only a few families of Saints living in scattered condition along Price river, and the townsite had just been surveyed. Upon my first visit I found a thriving little village, called Wellington, and a ward, presided over by Bishop Eugene E. Branch, consisting of 230 souls, belonging to the Church.

On my second visit to Emery county in 1890 I found a family of Saints endeavoring to locate a town on Price river, seven miles southeast of Price. On my visit this time I found a thriving little village, called Wellington, and a ward, presided over by Bishop Eugene E. Branch, consisting of 230 souls, belonging to the Church.

PROSPEROUS SETTLEMENT.

Spring Glen, lying six miles up Price river, now has 127 and Castle Gate, a coal mining camp on Price river, 200 members of the Church.

Huntington, the largest ward in the Emery stake, now has nearly 1,000 members, and is presided over by Bishop W. N. Nixon is the present Bishop. This is one of the three original settlements in the Emery stake, the other two being Castle Dale and Emery.

Cleveland, and growth of Huntington, and lying about seven miles north of that town, has been impeded in its progress somewhat during the past few years by a drought which has dried up the reservoir site was discovered between the hills of the upper end of the valley. A dozen men or more went to work constructing a dam across the mouth of a hollow, which backed up the water from Huntington creek and the flood water from some smaller streams and washes. Farming in the valley lying below was commenced; the irrigation from the reservoir, after the loss of the first two dams, was successful; and the little settlement of Desert Lake was the result.

Last year a townsite was surveyed in the center of the valley, but so far Bishop Manasseh J. Blackburn is the only man living there. Desert Lake promises to be an interesting settlement, but lacks good water for culinary purposes; this evil can, however, be remedied by bringing a fresh stream from Huntington to the new townsite, a work which is now contemplated.

Last year, another outgrowth of Huntington, had last year a Church population of 141, and Christian M. Miller presides as Bishop.

TWO THRIVING TOWNS.

Castle Dale and Orangetown are two flourishing settlements on Cottonwood creek. The former is the county seat of Emery county and has a Church population of 642, with John J. Jensen as Bishop. The latter has 600 souls belonging to the Church, and Brother Jasper Robertson, who presides here, is the only one of original Bishops in Emery stake of Zion; he has presided as Bishop in Orangetown since the place was first organized as a ward in 1882.

Ferron, Molen and Cleason are the three settlements which irrigate their lands from Ferron creek. Ferron was founded in 1877 and the ward, now presided over by John D. Kilpatrick, consists of 744 souls belonging to the Church. The town, which 15 years ago, stood bare and barren on the hillside, now represents a beautiful point of fruit and shrub trees surrounding commodious dwellings.

Molen, lying four miles east of Ferron, presided over by Bishop Hans Peter Hasselmann, merely keeps its own records in regard to size and progress; 176 souls constitute the Church membership.

Lawson is a new ward, lying four miles southeast of Ferron and the road to Castle Dale. It was named in honor of Elder Rudger Clawson who organized it in 1904. The numerical strength of the ward at the present time is about 150.

EMERY TOWNSITE.

The southernmost settlement in Em-

AN ALARMING CASE.

SEVERE TEST OF A BLOOD REMEDY IN ERYSIPELAS.

Dr. Williams' Pink Pills Banish Pain
And Inflammation and Avert Peril
From the Vital Organs.

Erysipelas or St. Anthony's fire is a most uncomfortable disease on account of the burning, the pain and the disfigurement; it is also a very grave disorder, attended always by the danger of involving vital organs in its spread.

The case which follows will be read with great interest by all sufferers as it affected the whole body, and refused to yield to the remedies prescribed by the physician employed. Mrs. Ida A. Coburn, who was the victim of the attack, residing at No. 19 Winter street, Newburyport, Mass., says:

In June of 1903, I was taken ill with what at first appeared to be a fever. I sent for a physician who pronounced my disease chronic erysipelas and said it would be a long time before I would be up and around.

The inflammation began on my face and spread all over my body. My eyes were swollen and seemed bulging out of their sockets. I was in a terrible plight and suffered the most intense pain throughout my body. The doctor said my case was a very severe one. Under his treatment, however, the inflammation did not diminish and the pains which shot through my body increased in severity. After being confined to my bed for two months under his care, without any improvement, I decided to get along without any physician.

Shortly after this, on the advice of a friend, I began to take Dr. Williams' Pink Pills for Pale People, two at a dose three times a day. After the second box had been used I was surprised to notice that the inflammation was going down, and that the pains which used to cause me so much agony had disappeared. After using six boxes of the pills I was up and around, the house attending to my household duties, as well as ever.

No better proof of the power of this great remedy to expel poisons from the blood and to supply new vigor could be given. Dr. Williams' Pink Pills cure all diseases springing from an impoverished or vitiated condition of the blood, such as anæmia, rheumatism, neuralgia, etc. They make the complexion ruddy and are the best of tonics in all cases of debility.

Dr. Williams' Pink Pills are sold by all dealers in medicine or may be obtained direct from the Dr. Williams' Medicine Co., Schenectady, N. Y.

ery stake is Emery, situated on the divide of Price or 17 miles southwest of Ferron. To my happy surprise I found on my present visit a beautiful town with regular streets, lined with shade trees, and city lots covered with rich orchards and vegetable gardens, instead of a few huts standing out upon a desert flat 15 years ago. Emery townsite commands the finest view of the stake in Emery county, and is also the second ward in point of size in the stake, 775 souls being the total Church population. Alon Brinkneroff is the present Bishop.

Last, but not least, I will mention Sunnyside, a coal mining town, situated in the mouth of Grassy Trail canyon, 27 miles east of Price. About one-third of the population here are Latter-day Saints, the heads of families and others being employed mostly in and about the coal mines. John Potter presides over the ward, which was organized July 17, 1905. The present Church membership is 402.

GREEN RIVER BRANCH.

In addition to the wards enumerated in the foregoing, the Emery stake contains the Green River branch, embracing 75 Saints (including children) residing in Green River, a station on the Rio Grande Western railway.

I am having a pleasant tour and find faithful and true-hearted Latter-day Saints in all the settlements that I have visited, the records of the Church, as a rule, are in a fair condition, and there is every reason to believe that the history of the past in this part of the Lord's vineyard, so far as the spiritual and temporal prosperity and welfare of the Saints is concerned. This is a healthy country, and I have not, for a long time, seen so many strong, healthy and robust looking children as I have met on this trip.

ANDREW JENSEN.

SOCIAL AND PERSONAL.

Mr. and Mrs. S. W. Jenkinson of 387 H street announce the engagement of their daughter Florence to Frederick Jacobson of Denver, Colo., the wedding to take place in the near future.

Last night was marked by a number of ghostly affairs in celebration of Halloween and hoists and hostesses vied in efforts to make his or her affair more ghostly than the other. Many informal lawn parties figured, among these with the small boys as impromptu guest and entertainer, sleight of hand tricks with gams, etc., being performed for the chief features.

Mr. and Mrs. Neph Clayton will leave during the winter for a trip abroad.

Mrs. William Jennings entertained informally at tea Monday in honor of Mrs. W. T. Lisleheart of Indiana and Mrs. Bueon.

Mr. and Mrs. Alfred Lamborne announce the engagement of their daughter Antoinette to Ernest Macdonald Fowler, the marriage to take place in December.

Mrs. William C. Alexander entertained

FUNNY

People Will Drink Coffee When It
"Does Such Things."

"I began to use Postum because the old kind of coffee had so poisoned my whole system that I was on the point of breaking down, and the doctor warned me that I must quit it."

My chief ailment was nervousness and heart trouble.

Any unexpected noise would cause me the most painful palpitation, make me faint and weak.

I had heard of Postum and began to drink it when I left off the old coffee. It began to help me just as soon as the old effects of the other kind of coffee passed away. It did not stimulate me for a while, and then I became weak and nervous as coffee used to do. Instead of that it built up my strength and supplied a constant vigor to my system which I can always rely on. It enables me to do the biggest kind of a day's work without getting tired. All the heart trouble, etc., has passed away.

"I give Postum freely to all my children, from the youngest to the oldest, and it keeps them all healthy and hearty." Name given by Postum Co., Battle Creek, Mich.

There is a reason. Read the little book, "The Road to Wellville," in package.

ed at a delightful bridge ten yesterday afternoon at the Kenyon.

Members of the "Auld Lang Syne" club celebrated Halloween last night at the Country club, and the Utah club held a similar affair at their own club house.

Mrs. J. C. Dick gave a luncheon at the University club yesterday in honor of Mrs. W. A. Cunningham, who leaves shortly for California.

One of the largest Halloween affairs of last night was that at Rowland hall, the pupils taking part in a ball masque, with dancing, fortune-telling and a guessing contest as to the number of pumpkin seeds in a bottle, being among the chief features. The decorations were chiefly jack o'lanterns and corn, and prizes were awarded those wearing the best costumes.

The Manitou hotel was also the scene of a large Halloween celebration last night, about 200 participating in the festivities, which were most appropriately and delightfully planned and thoroughly enjoyed.

The Thistle club gave a delightful entertainment last night at their hall, which was very lively decorated in Halloween symbols for the occasion. A program of music and recitations was included in the festivities.

A quiet but pretty wedding took place last night at the home of Mr. and Mrs. Tremaine when their daughter, Mrs. Jennie Pierce was married to Mr. Thomas W. Gallagher, the ceremony being performed by Rev. T. W. Pinkerton in the presence of the near relatives and friends, and a wedding supper following.

MISS J. HENSON ARRIVES.

Supervisor of Physical Culture Begins
Work in City Schools.

The department of physical culture will at once be installed in the public schools of this city under the direction of Miss Martha Johnson, the new supervisor of physical culture who arrived from New York yesterday. The preliminary step will be taken this afternoon when Miss Johnson will address the principals of the schools in the assembly room at the city and county building in regard to her work. Tomorrow she will visit the various school buildings and become acquainted with the teachers, through whom she proposes to accomplish the best results with the pupils.

For the past three years Miss Johnson has had charge of the physical culture work in 10 schools in Harlem under the supervision of Dr. L. H. Guilek, one of the most noted physical culture supervisors in the United States. It is the intention to use only light free-hand work at first, but later dumbbells and Indian clubs will be used. In the higher grades and in the High school basket ball teams will soon be organized among the girls. Gymnasium work will not be taken up this year but will be installed by next year.

Sick Wives and Daughters.
You have often seen them with pale faces, poor appetite, head and back aches, symptoms common to the sex. Fathers and mothers, lose no time in securing Dr. David Kennedy's Favorite Remedy. It will cost only one dollar and is much cheaper than sickness. Write to Dr. David Kennedy's Sons, Rondout, N. Y., for a free sample bottle.

Each day your advertisement fixes and measures your store's place and space in the public eye. On the day that your ad does not appear your store has no place in measured place or space in the public eye or the public notice.

HALLOW 'N PRANKS.

Were Not So Damaged to Property as
In Years Past.

Halloween was celebrated last night by Salt Lake youth with less demonstrations of violence to property than in years past. There were a good many gates unhooked, of course, but the young people seemed disposed to let out their exuberant spirits in indoor and less uproarious festivities. Among the many Halloween parties, the one at

the Y. M. C. A. was the most notable. It was a purely stag affair, and the climax of the fun was reached at midnight, when a young man in pajamas who had cut a great figure in the masquerade, was carried bodily by his companions across the street to the drug store, and turned loose. The program at the Y. M. C. A. included a grand march in costume, a kangaroo court, etc., the prize for the most remarkable costume being given to J. L. Gerarden, who was disguised as a monkey.

There were a number of street parades about town by masqueraders, and the police were kept busy answering telephone calls by irate householders, whose fences were being removed to other locations, along with light wagons left in exposed places. The police contented themselves mainly with driving the youthful roisterers away, and no arrests were made. The party of the Thistle club in Electrical Workers' hall was a success, and the program was carried out with flying colors.

Hives are a terrible torment to the little folks, and to some older ones. Easily cured. Doan's Ointment never fails. Instant relief, permanent cure. At any drug store, 50 cents.
