

ROOSEVELT ON GOV. POYNTER.

Reiterates What He Said About
Nebraska's Executive.

STORY OF TEXAS COW TOWN

His Moral: "Let Well Enough Alone"
—Opponents of Republicanism are
called Foolish or Unpatriotic.

Omaha, Neb., Oct. 4.—Gov. Roosevelt was met at the train this evening as it rolled into the station, after a day of strenuous effort, in which no less than ten speeches were made, by the reception committee of this city, and after a parade through the streets he was conveyed to a tent, where an enormous audience had assembled to hear him speak. The street reception accorded the governor was extremely warm and brilliant and enormous crowds lined the street. He spoke an hour and a half and was listened to with profound attention. At midnight Gov. Roosevelt departed on his Iowa trip.

Gov. Roosevelt arrived at Valentine at 7 o'clock this morning. A large crowd, composed largely of cattlemen, had assembled to hear Gov. Roosevelt. He said:

"I was once in a little Texas cow town where there was a cow puncher leaning against a wall and a dapper fellow standing near with the little nickel-plated revolver in his hand. By some means it went off. The cow puncher looked at him a moment and then said: 'Now, if you shoot me on purpose I may forgive you, but if you shoot me by accident I may kick you out of town.' Now, don't let us shoot ourselves by accident and put up the excuse that we did not know it was loaded. We have tried experiments; we have got a good thing, and we should stand by it. There are just two types of men who are our opponents: one is the short-sighted, foolish, and the other is the unpatriotic type. Every man who feels keenly the honor of the flag, who realizes the debt that all of us owe to those who upheld the honor of the flag in times gone by should stand with us today."

At Basset a troop of mounted cowboys and citizens of the town colored this morning at the depot to greet Gov. Roosevelt. He made the usual plea to his auditors to "vote to uphold not only the cause of our material well-being but the cause of the honor of the American flag."

At Amesworth Gov. Roosevelt made a brief speech. On the stand was a faded and tattered banner bearing the names of Lincoln and Hamilton which had been carried in the campaign of 1860.

At O'Neill a stop of fifteen minutes was made. Gov. Roosevelt said in part: "The other day at Lincoln I stated that Gov. Poynter has been reported as having spoken of the regular United States soldiers as 'big-a-month-birelings.' He has denied that he had ever made such a statement, attributing to me the word 'bireling' which I never used. He was reported in the press as having made such a statement, but Mr. Dietrich and Mr. Steuffer, now running on the Republican state ticket, heard him make use of those words the regular army of August at an old settlers' picnic at Dakota City. In the latter part of September at Superior, Messrs. Dietrich, Froot, Savage and Steuffer all heard him make the same statement in slightly different words."

"Three stations back there were on the platform with me three men, sons of farmers from the neighborhood who had come to the regular army and served two years. Those are the men to whom Gov. Poynter alludes as 'birelings.' I was glad enough to have these 'birelings' on either side of my argument. We are none of us in a mood to pay much attention as to whether a man was a volunteer or a regular—white man or colored. The 'birelings' at Santiago left between 1,200 and 1,400 of their killed and wounded. The mold is fresh on the graves of those 'birelings' who lie in the Philippines. Have they not deserved well of their country? I ask you as American citizens to stamp your disapproval on all who sneer at such men who put upon them slight and slander."

"I have answered the statement of Gov. Poynter and have given names and dates. I do not make any statements that I cannot stand by."

Three hundred mounted men came from Madison today, besides an excursion train loaded with people to hear Gov. Roosevelt speak at the town of Norfolk.

When West Point was reached a big crowd was found waiting, composed of mounted men and citizens.

The Cutch May Be Raised.

Vancouver, B. C., Oct. 5.—After the Vancouver steamer Cutch grounded on Horseshoe Reef, 150 miles this side of Skagway, the owners sent men from the steamer to examine the vessel. The chief carpenter and Lloyd's representative returned from the north yesterday and reported that the Cutch will probably be raised within two weeks.

So long as the weather does not become too boisterous it is expected that the boat will be floated after the low tides of the 10th inst.

Capt. Newcomb, with the tug Flossie is in charge of operations and has succeeded in patching up the stern of the steamer and the broken plates in her bow have been mended for temporary purposes.

Oberammergau Passion Play.

Berlin, Oct. 5.—It is announced that there were 210,000 spectators at the forty-eighth productions of the Passion Play at Oberammergau. The admission receipts totaled 1,200,000 marks and it is estimated that the villagers received from the visitors about 4,000,000 marks.

New Boundary Line Marked.

New Whatcom, Wash., Oct. 5.—It is reported that a new boundary marking has just been discovered in the disputed portion of the Mount Baker district by members of a railroad surveying party.

They found the monument in the vicinity of Chiluk creek lake in the middle of a wide swath which was years ago cut through the timber. If the boundary follows the line of this swath, Red Mountain and all the disputed strip on the American side. It is expected the report of the Dominion surveyors will be made in a few days. If the Canadians claim the line is south of the present location, the Washington authorities will be asked to make a survey. A question has also arisen as to whether the 49th parallel was correctly fixed by the boundary commission and the settlement may become an international affair. Many mines are located in the disputed territory.

Uprising in the New Hebrides.

Victoria, B. C., Oct. 5.—According to cables received by the Miowera, the natives of Eromanga, in the New Hebrides group, have risen. The news was brought by a steamer from that group.

CARDINAL GIBBONS, WHO HAS CONSENTED TO ACT AS ARBITRATOR IN THE COAL STRIKE.

His eminence Cardinal Gibbons, who has signified his willingness to arbitrate the differences between the coal operators and the anthracite coal miners, is the head of the Roman Catholic church in America and is the only cardinal in the United States. His residence is in Baltimore.

From his latest photograph.

society. He said that during an uprising on Eromanga fifteen natives had been killed and that the British warship Ringarooma had gone to the scene of the trouble. He had been informed that the missionary teachers had been compelled to hold their services in caves and to build a bullet proof stockade around the chief's premises at Dillon's bay, Eromanga.

In the district affected, he said, there were over thirty native teachers and besides himself there was only one white man on the island, which is one of the southern islands of the group and about 100 miles in circumference.

PRINCE ALBERT'S WEDDING.

The Festivities May Be Interfered With by Socialists.

Brussels, Oct. 5.—The festivities arranged for Saturday and Sunday in order to celebrate the wedding of Prince Albert of Belgium to the Duchess Elizabeth of Bavaria threaten to be troubled by socialist demonstrations. The socialists propose to gather Sunday on the square in front of the house where the prince and his bride are to witness a procession of 7,000 school children.

The socialist organ, La Peupée, calls on the populace to demonstrate that they are in favor of amnesty and universal suffrage. It depicts a disturbance as a claim for justice will suffice to achieve the object in view.

Nevertheless the authorities fear that the proposed assemblage of socialists will lead to disorder and are considering the abandonment of the procession.

AMERICAN COAL IN EUROPE

Reports of Consuls Show It Is Crowding Out the English Article.

Chairman of London Metropolitan Gas Company Finds It Superior to British Coal.

Washington, D. C., Oct. 5.—In view of the crisis in Europe, resulting from the falling off of the English coal product, with the consequently enhanced prices, Chief Emery, of the bureau of foreign commerce of the state department, recently addressed instructions to United States consuls at some of the more important ports abroad requesting them to indicate the prospects at their ports for the introduction of American coal. A preliminary report just published by the bureau shows some astonishing results. With several important ports heard from, it appears that almost without exception the American product is rapidly entering the markets of the world and in many places has overcome the British coal, long regarded as superior, at every point. One of the most important contributions is that made by Consul Halstead at Birmingham, enclosing the results of a competitive test of American and British coal by the Metropolitan Gas company of London. The chairman of that company reported that American coal included 15,000 feet of gas per ton against 10,000 in the English coal, while the coke was plentiful and good. Consequently, though the American coal was quoted higher than English coal, it was actually cheaper. It had been found also that the American coal was superior to the Australian coal. There is talk of building 10,000 ton vessels for the express purpose of bringing American coal to the Mediterranean, because the freight rates at present make the price of American coal higher than it should be.

Consul General Osborne, at London, in commenting upon the arrival of a cargo of American gas coal there, predicts that during the coming winter coal will rise to from \$12.15 to \$13.35 per ton, or more than double the ordinary winter price.

WENT TO TEA

And It Wound Her Robbin.

Tea drinking frequently effects people as badly as coffee. A lady in Salisbury, Md., Mrs. Belle H. Jones, says that she was compelled to abandon the use of coffee a good many years ago, because it threatened to ruin her health and that she went over to tea drinking, but that finally, about three years ago, she had dyspepsia so badly that she had lost twenty-five pounds and no food seemed to agree with her.

She further says: "At this time I was induced to take up the famous food drink, Postum Food Coffee, and was so much pleased with the results that I have never been without it since. I commenced to improve at once, regained my twenty-five pounds of flesh and went some beyond my usual weight."

"I know Postum to be good, pure, and healthy, and there never was an article, and never will be, I believe, that does so surely take the place of coffee, as Postum Food Coffee. The beauty of it all is that it is satisfying to the stomach, and I feel as if I could eat anything."

DIED IN THE MOUNTAINS.

General MacArthur Reports the Death of Five Escaped Soldiers.

Had Been Captured by Filipinos, Got Away and Perished Seeking American Lines.

Washington, Oct. 4.—Gen. MacArthur reports to the war department that five soldiers died in the mountains of Laguna after having made their escape from the insurgents, by whom they had been captured. The date of their death is unknown, and no details are furnished as to the manner of their death. It is supposed, however, that they perished from exposure after having lost their way. The cablegram follows:

Manila, Oct. 4.—Reported having died in mountains after escaping from insurgents, date unknown.—Hospital corps, Alex. Medlocks, Edward Sexton, company K, Thirty-seventh Infantry, John Bolan; company C, signal corps, Olaf Sundwall; company A, Thirtieth volunteer infantry, John W. Kinney.

Killed by Comrade—September 14th. Paojon, Luzon, troops G. Elevanah volunteer cavalry, Quartermaster Sergt. William A. Hogan.

Wounded—September 15th. Novallies, Luzon, company I, Twenty-seventh volunteer infantry, Otto Thiede, leg above knee, slight; Second Lieut. Matthew T. Ward, side, slight; September 25th, Castillejos, Luzon, company K, Twenty-seventh infantry, James I. Carlick, moderate; August 18th, Hagonaga, Leyte, company A, Forty-four volunteer infantry, First Sergt. Charles O. Port, chest, serious; September 14th, Dingley, Panay, company K, Eighteenth infantry, Captain Anderson, leg, knee, serious; Fred W. Bender, in arm, serious.

Khaki Boom Wins.

London, Oct. 5. 4 a. m.—The khaki boom has swept the country. Yesterday's poolings are a tale of increased ministerial and diminished liberal majorities. The returns from the rural districts today (Friday) and tomorrow may do something to rehabilitate the liberals, but the results thus far have fully justified Mr. Chamberlain and the party organizers who are backing the government in their choice of the moment to dissolve parliament.

At midnight returns showed the total number elected to be 397, with the relative strength of the parties as follows: Ministerialists, 230; liberals, including laborites, 72; nationalists, 45. The conservatives have gained altogether twenty-one seats and the liberals fourteen.

Ice Thrown at Mark Hanna.

Chicago, Oct. 4.—Senator M. A. Hanna was the target for a ten-pound chunk of ice tonight at the Thirty-first ward Republican meeting at Sixty-fifth and Halsted street. The missile was dropped through an aperture in the tent directly over the speakers' stand. It did not miss Hanna's head over two inches and had it struck him would have knocked him down and probably fractured his skull. The police, who surrounded the speakers' stand were astounded for a moment and then made a rush for the street. Senator Hanna retained his composure and quietly seated himself while Congressman J. S. Mann went on with the speech-making.

The police found the place where the ice had been placed on the sidewalk but could get no trace of the person who threw it. They said it was probably the work of some mischievous boy, who had secured the ice from a neighboring saloon.

Senator Hanna left the tent escorted and protected by a double row of police. As he rolled away in his carriage there were cries of "How would you like to be the ice man, Mark?"

Actor's Salary Suit.

The case of Will S. Rising vs. Salt Lake Palace Exposition was called for trial before Judge Cherry today and had not concluded at a late hour this afternoon.

The action is to recover \$299 alleged to be the balance due on a certain contract. Rising was engaged as an actor at the Vaudeville theater and was discharged for alleged drunkenness. The case was tried before Justice Sommer last July and judgment given for plaintiff for \$150 and costs. From this judgment the defendant company appealed.

W. R. Hall appears for plaintiff and Dey & Street and W. H. Branel for defendant.

NATIONAL DEMOCRATIC CLUBS

Convention Elects W. R. Hearst President and Marcus Daly Treasurer.

Indianapolis, Ind., Oct. 4.—Gov. McMillin, of Tennessee, presided at the morning session of the National Association of Democratic Clubs. President W. R. Hearst did not arrive this morning and it probably he may not come at all.

The train bearing Mr. Bryan and

For Surveyor,
W. H. EVANS,
For Assessor,
JAMES E. LYNCH.

Bourke Cockran is expected to arrive shortly after noon.

The convention took up the report of the committee on permanent organization as soon as the session began.

The report recommended that the following officers be elected: W. R. Hearst, president; Max F. Thompson, secretary; Marcus Daly, treasurer.

It was also recommended by the committee that the executive committee, which now consists of seventeen members, be increased to forty-five members. The remainder of the report of the committee on permanent organization was adopted.

Furious Storm in Minnesota.

Redwing, Minn., Oct. 4.—Another furious storm struck here during the night and this city is now cut off from railroad communication with the outside world. Innumerable bridges have been carried away.

PASSPORTS FROM AMERICA.

Italy to Take Steps to Bring About Action to Secure Such a Measure.

New York, Oct. 5.—A dispatch to the Journal and Advertiser from Rome says:

A letter found in the possession of Milich and Villi, the assassins arrested at Milan on Tuesday, proves that the plot was hatched in Chicago. Bresci declares that he has no knowledge of the plot, but re-asserts that all chiefs of the plot are marked for vengeance.

The Tribune announces that the Italian government will take the initiative to get European joint action to exact passports from all persons coming from America.

SOLDIERS FOR MARINDUQUE.

Gen'l Hare Will Push Operations to Crush Out Insurrection.

Washington, Oct. 4.—The following cablegram has been received at the war department:

Manila, Oct. 4. Adjutant General Washington.—First volunteer infantry, October 6, on Summer; General Hare to command the island with orders to push operations until insurrection is stamped out absolutely. He will have twelve full companies of infantry for the purpose. Anderson's first operations developed nothing. No reports since October 2.

The above dispatch relates to reinforcements sent to the island of Marinduque, where Captain Shields and fifty-one men of the Twenty-ninth volunteer infantry were either killed or captured by the insurgents. At that time General MacArthur sent Colonel Anderson and two companies of the Thirty-eighth volunteer infantry with the Yorktown and two gunboats to the relief of Shields and his command if they were still alive.

WHAT HIS PUPIL SAYS

Professor J. S. Pugh, of Littleton, N. C., writes,

Prof. McNamara, the Magnetic Healer
Has Met With Success Elsewhere as
Well as in Salt Lake City.

Littleton, N. C., Aug. 29, 1900.

I take pleasure in stating that I have received instructions under Prof. J. W. McNamara in Magnetic and Hydropathic healing, and I deem the information and knowledge obtained of incalculable value to me. I could not be without the knowledge of the God-given power, as taught by him for twenty times the cost of it. His instructions in this wonderful science is so complete and so simple that anyone of ordinary intelligence can understand them. I can cheerfully recommend J. W. McNamara's course of instruction to all who seek such knowledge for the good of mankind and the elevation of humanity. For every father and mother ought to know and understand this wonderful science. I feel as though I cannot say too much in behalf of his teaching. His course on healing comprehends the science of the soul is far more than he claims for it. May God bless him in his good work to instruct those who are striving to live a higher, holier, grander life. With best wishes for your success in spreading the truths of this great science, I remain yours sincerely,

J. S. PUGH, D. S.
