

ANOTHER UTAH MAN PROMOTED

Faithful Services of John W. Trewhela Recognized by Rock Island Road.

IS NOW COMMERCIAL AGENT.

Eleven Years Ago Trewhela Was Boy at Knutsford—Now Youngest Official in Service.

The latest Utah boy to receive favor at the hands of his company is John W. Trewhela, who has just been appointed commercial agent of the Chicago, Rock Island and Pacific railway at Seattle, Washington, the appointment being effective April 1.

Eleven years ago Mr. Trewhela was a bell boy at the Knutsford hotel in this city. From there he became office boy for Assistant General Passenger and Ticket Agent Wadleigh of the Denver & Rio Grande railway. He remained in the service of the Rio Grande for some time, but for the last eight years he has been connected with the Rock Island in various capacities.

Trewhela is the youngest commercial agent on the Rock Island system, and his signal ability and attention to duty have secured for him continued promotion until he has reached the position of commercial agent of the line at the Seattle office. His last position with the road was in the capacity of traveling freight agent at St. Paul, and he is now on his way to Seattle from the Minneapolis town.

Mr. Trewhela could not resist the temptation to stop over at his old stamping ground, and on his way to Seattle he is stopping at the Knutsford hotel, where he is receiving the congratulations of his numerous friends on the deserved recognition of his faithful services.

TO RESTRAIN S. P.

Crocker Estate Company Files Bill in Equity Against Harriman Road.

Chicago, March 28.—Atty. Henry Crawford of this city announced today that a bill in equity in behalf of the Crocker Estate company of San Francisco, and Thomas H. Hubbard of New York, has been filed in the circuit court at Austin, Texas, asking that the Southern Pacific Railroad company be restrained from paying dividends upon its common stocks amounting to \$4,000,000.

The court is asked to decree that the Union Pacific Railroad controls and operates a system of railroad which is inconsistent and in violation of the laws of the U. S. and the laws of Texas.

The bill asks that the court enjoin the Union Pacific company and its officers and agents from hereafter voting on any stock of the Southern Pacific Railroad company, or exercising a direction or control over the Southern Pacific Railroad or over its finances, including the Golden State, Harrisburg and San Antonio companies.

It is said by the complainants that in order to fully protect the liens and priorities of the second mortgage bank, division bonds that the court must either appoint a receiver for the western division or direct the mortgage trustees to enter into possession and operate the lines under the direction of the court.

The complainants say they hold more than \$2,000,000 of the total of \$5,840,000 of second mortgage bonds of the division. Harrisburg and San Antonio companies, and aver that the interest and sinking fund installments past due amount to \$2,000,000. They claim that, inasmuch as the Southern Pacific assumed and agreed to pay the interest and sinking fund installments, the bondholders have the right to enforce their claims against the Southern Pacific. It is alleged in the bill that the railroad paid interest on bonds and declared dividends when they should have paid the interest on the mortgage bonds, and the court is asked to decree accordingly.

SPICE AND RAIL

P. H. Cook traveling freight agent of the Union Pacific at Ogden, is in town today.

On his western trip, Mr. S. W. Eccles, general manager of the American Smelting & Refining company, made the whole distance from New York to the special car "Oceanic."

Trains are running pretty regularly on the Southern Pacific today. The washouts have been put into shape and the waters are receding rapidly, and not much further trouble is anticipated from this cause.

S. W. Eccles, vice president and general manager of the American Smelting & Refining company, is in town from New York. He was formerly general freight agent of the Oregon Short Line.

If all calculations do not fail, the Clark road will be opened up for traffic through to Callente tomorrow. The repair gangs are working hard to that end.

Spring Medicine

In thousands and thousands of homes Hood's Sarsaparilla is now being taken by every member of the family.

Because Hood's Sarsaparilla has proved itself the Best Spring Medicine, by its wonderful effects in cleansing the system, overcoming that tired feeling, creating appetite, giving strength. Take Hood's Sarsaparilla.

In usual liquid form or chocolate tablets called Sarsatabs. 100 Doses \$1. Guaranteed under Food and Drug Act, June 30, 1906, No. 324.

and expect to complete the track so as to open up the Pioche country by connection at Callente not later than Saturday.

Word has been received from MacKay, Idaho, that the Oregon Short Line people have cut all rates to that point. A daily passenger train service has also been promised, beginning April 1. Traffic over the MacKay branch of the Short Line the last year has been the heaviest of any period in its history.

LATE LOCALS.

Bank Clearings—Today's local bank clearings amounted to \$724,316.12 as against \$69,523.77 for the same day last year.

Store Will Close—Binwood's store will be closed tomorrow from 1 to 2 p.m. during the hours of the funeral of the late Heber Lee.

Is Proving Popular—The Utah Chamber of Commerce is proving a popular institution. Nearly 300 people visited this center of attraction yesterday, and the register of visitors is becoming quite a bulky volume.

Z. C. M. I. Dance at Saltair—The employees of Z. C. M. I. have secured the opening dance night at Saltair, Friday, April 6, for a big social hop. The committee on arrangements is making preparations for an unusually successful function.

Mrs. Homer Was Hostess—The feature of the Elks' social last night, was the unexpected providing of a fine spread for the members of the order present, and their friends, 300 in all, by Mrs. Thomas Homer, wife of the retiring exalted ruler of Lodge No. 85. The occasion was one of the most enjoyable the Elks have ever had.

Small Blaze in Fur Store—At 2:15 this morning the fire department was called to the Knutsford hotel where a blaze had started in the Mehevy fur store. A bolt of cloth came in contact with an electric light globe and took fire. The blaze was discovered before any serious damage was done, and the loss will not amount to more than \$20.

New Irrigation Company—The Richards Irrigation company of Union filed its articles of incorporation in the county clerk's office today. The capital stock of the company is \$12,500, divided into shares of the par value of \$25 each. W. A. Bogges is president; William Osburn, vice president; Peter Van Valkenburg, secretary and treasurer. The company owns water rights in Little Cottonwood creek.

Hay of Hope for Ladies—While today is cloudy and threatening, the local weather office does not believe Easter Sunday will be stormy, as the present cloud is due to a low barometer area of intermountain origin which is being pushed away by the high area from the coast. Consequently fair weather is predicted for tomorrow. Considerable rain fell over the country yesterday.

Special Election—On Saturday, April 6, a special election will be held in the Granite county district of the county for the purpose of voting on a bond issue of \$40,000 for the construction of a new school building at Garfield and the completion of several other buildings in the district. The bonds will bear interest at 5 per cent and it is thought that they will be authorized by the taxpayers by a safe majority.

Easter Flowers Scarce—There will be less flowers in the churches this Easter. The floods in California and consequent washouts have cut Salt Lake off from the sources of floral supply. Prices of the eastern flowers have risen and the city, as a matter of consequence they are 25 to 50 per cent higher than last Easter.

Flowers that there will, however, be the usual private decorations, but for public purposes, the floral displays will be much less than a year ago. The fact that Easter comes so early this year is getting something of a figure also in the city supply.

NOTICE TO LADIES.

Wanting Easter Millinery, Spring or Summer Dress or Street Hats. When ready to select give me a call. You will find the styles right, the work neat, and prices most reasonable.

REV. GOSHEN AT U. OF U.

Addresses the Students on the Topic of "College Life."

Today was "Senior Chapel Day" at the University and before one of the largest audiences of the year, Rev. Elmer J. Goshen spoke to students and friends on the subject of "College Life." President Mehner Eardley of the senior class presided.

Mr. Goshen said in essence: "It is a privilege to be able to join with you on this occasion, for it brings back fond memories of a similar event some years ago. In all of the great universities a clash between the 'town and gown' was considered the proper thing. There was a day that the gown considered that it was privileged to interfere with the town and such like, but that spirit is now disappearing fast. The spirit should be closely allied to that of the town."

"You have more leisure than you ever will have. In spite of all the duties you have more time to think of self-improvement."

"The busy youth is a disgrace to his town and the lazy student is a disgrace to his school. The student should do all things learn to work. You have a duty to your state for the education you have received here. You should learn to have a helpful influence. Society has a right to consider that such will be your influence."

"Discipline is to be learned. Better than a universal knowledge are a few things that one can use. To think is a thing you should claim as a habit. Learn the psychology of habit. Make your college life the time to form rigorous habits. Let it be a reminiscence as the time of forming the basis of a valuable life."

"For the man who experienced college life it is very near the largest part of it. Let your memory be what it should be and it will be a fond benediction."

"Important as all of these are, judgment. The person is exceptional who can judge fairly and squarely. We will never come to greatness of state and we learn that state is not for one set or creed but for all. While you are in college cultivate universal judgment."

The following musical selections were rendered: String quartet, Misses Mahan, Bogole, Harrison and Williams; soprano solo, Miss Edith Kingsbury; baritone solo, Hugh Douglass; violin solo, Miss Little.

After the seniors marched into the hall in their caps and gowns the juniors followed them, costumed in night gowns. They marched in and claimed a squatter's right to the center aisle.

WARD ENTERTAINMENTS

Twenty-second Ward—"Snowball," a comedy, was presented last evening in the Twenty-second ward amusement hall. The house was crowded, and the efforts of the players were much appreciated by the audience. The Misses Clara Holmes and Gertrude Clayton, and Janet Morgan, sang several songs, and the other members of the cast, Ferdinand Billeter, Walter Wildford, Fred Beesley and Estella Hardy, took their part creditably. There were several between-the-acts specialties by the ward orchestra and a quartet composed of James S. Morgan, Stella Hardy, Clara Holmes and Fred Beesley.

Sugar House—A farewell entertainment will be given at Sugar House chapel this evening, in honor of Robert Alston, who is about to leave on a mission. A good program has been arranged, in which Miss Joy Witbeck, the talented daughter of J. H. Witbeck, will participate, as well as a number of other leading singers and entertainers.

Twenty-third Ward—This evening, at the Twenty-third ward meeting-house, a farewell entertainment will be tendered to Elders John A. Harter and Robert Anderson, who will leave shortly to perform missions. The concert, under the direction of the amusement committee, and the following will take part on the program: G. Lundin, Ella and Clara Peterson, George Fox, George Salberg, R. H. Siddoway, Millie Williams, Cecil Cowden, Vera Felt, Alice and Eva Wickens and Mme. V. B. DeLeary.

WEATHER REPORT

Local forecast for Salt Lake City and vicinity:

BRINGING OUT BIG GUNS

IN CHICAGO CAMPAIGN.

Chicago, March 28.—Both sides in the mayoralty campaign brought out their heavy artillery last night and will have it again in practice this afternoon and tonight. In much less energetic fashion, several hundred meetings were held throughout the city, all of them largely attended.

The most pretentious meeting during the last 24 hours was held last night at the Auditorium under Republican auspices. The chief speakers were Gov. Deneen, Lieut. Gov. Sherman, Atty.-Gen. Stead, Mayor Becker of Milwaukee and Rev. J. Wesley Hill of Brooklyn.

All the Republican speakers made much of the attitude of William R. Hearst, who they claim has come from New York to "boos" the city of Chicago. Charges were freely made that he is working for the election of Mayor Dunne in order to further his alleged ambition for the presidency of the United States.

The Democratic speakers were all local men. They repudiated the charges brought against Mr. Hearst, and declared that he is inspired only by the desire to give the city good government and an improved street car system.

All the Democratic orators attacked the personal character of the Republican candidate, declaring that he is a tool of the corporations and a man who desires the best welfare of such organizations more than he wishes for the well being of the people of Chicago.

The judges of the municipal courts who for several months have been protesting against what they have called a too free use of the pardoning power by Mayor Dunne, have directed the police department that warrants, whenever possible, shall be brought under the state laws instead of city ordinances in order to deprive the mayor of all opportunity of pardoning convicted prisoners. The justices of the municipal courts with one exception are Republicans.

A circular was issued today signed by a number of prominent labor leaders urging their members to vote against the street railway ordinances which were passed by the city council over the veto of Mayor Dunne.

Mayor Dunne today predicted that he will be re-elected by a plurality of 20,000. The Republican claim about as many for Buse.

Both sides rested somewhat today on account of Good Friday, and the number of meetings was greatly reduced. The campaign is expected to be energetically renewed tomorrow.
