Prospective Brides to be Exempted

From Giving Their Ages Hereafter.

Intended brides need no longer hesi-

giving their correct ages to the clerk

giving their correct ages to the clerk and eventually to the public through the newspapers. A new application and marriage license record has been adopted by County Clerke- Eldredge whereby the applicants for certificates need only take the oath that they are over the legal ages, namely 21, for men and 18 for ladies. The new application blanks from which the newspaper men secure their information do not state

the ages of the applicants at all, hence there is no danger of that heretofore interesting bit of information being made public.

There are spaces in the marriage license and certificate for the insertion of the correct ages of the bride and groom, but, as one of those documents is given to the contracting parties after

marriage and the other returned to the county clerk for record by the per-son performing the ceremony, there is

absolutely no possibility of either fall-ing into the hands of the reporters. The

new blanks went into use yesterday and it is now expected that the mar-riage license department will be kept

MISSIONARY FROM ISLANDS

Rev. W. A. Brown Discusses the Situation in the Philippines.

William A. Brown Rev. D. A. Brown of this city, is visiting here with his brother's family, enroute to Kansas City from the Philippine islands, where he has been a missionary. The visitor says that as long as the government will keep faith with he natives there will be peace; but to talk of giving them independence in their present condition is nonsense. Sixty-eight tribes inhabit the jelands.

If the stomach cannot do its work properly, ill health is sure to follow. Mi-o-na is the one medicine that as-sures a natural digestion, that strength-ens the stomach, that soothes and heals all trittation, congestion, and inflam-mation in the stomach or bawels. It is this that makes it a certain and guaranteed cure for all stomach trou-bles.

If the digestion is impaired, the blood is impoverished and becomes filled with

DRAMATIZATION EXERCISE

Display of Primary Papils That Attracted Much Attention.

At the meeting of the primary teachers of the city schools yesterday afternoon in the city and county building, the primary classes from the Oquirrh and Lowell schools, under the direction of Miss Blanche Lawson and Miss Maud Potter, gave some very creditable

exercises in dramatization, games and rhythmic work. The exercises were rhythmic work. The exercises were given in the hall on the third floor, just outside Supt. Christensen's room, and they attracted the attention of a large number of members of the senate and employees of the building, and before the children were through they had quite a large and enthusiastic audience.

Latest Move Taken by Schettler Creditors to Force a Settlement.

At the instance of Hyrum Smith, Jacob Rufi and Mrs. Amelia Dale, representing the creditors of the defunct Scheitler bank, proceedings in involuntary bankruptcy were yesterday afternoon begun in the federal court against B. H. Schettler. The case for the petitioners is in the hands of Stewart & Stewart, and yesterday was the last day in which the petition could have been filed.

could have been filed. It is thought that the amount pald by Receiver Anderson on the Living-ston judgment should be recovered, and made to apply on the assets of Mr. Schettler, and the sum apportioned pro rata among all the creditors. The respondent will have ten days in which to make answer.

Again it is hinted that the district court will be asked to remove Receiver Anderson and appoint another in his stead.
