

PUGILISTS SANG "AULD LANG SYNE"

Death of the Horton Law Signaled at the Broadway Club.

MOURNING OF THE SPORTS.

Since the Passage of the Law, 3,300 Fights Have Taken Place—Total Receipts 2,805,000.

A dispatch from New York this morning says: The Horton law is dead. At the Broadway Athletic Club last night, after the Gans-Hawkins fight, the passing of pugilism was signalled by the singing of "Auld Lang Syne" by the crowd, led by "Joe" Humphries, the club's announcer. Other clubs mourned the law in much the same way. It is estimated that since the passage of the law in 1896, 3,300 fights have taken place in this state, the majority in Greater New York. The total receipts are placed at about \$2,805,000. The Ernie McDevitt fight drew the biggest crowd and the Corbett-McCoy fight had the largest receipts, about \$60,000.

Preparations are already being made by the local promoters to secure nearby club houses in New Jersey and Connecticut. Robert Fitzsimmons said last night of James J. Jeffries' proposition to fight him at Carson City four weeks hence: "No. Jeffries can make all the bluffs he wants to now. Everyone knows that I tried to get him to fight me tonight (Friday). He knows that I have retired from the ring, and this is final. No more fights for the old man. Let Jeffries fight who he likes. I guess Jim can take care of him after the form he showed against McCoy."

Corbett said last night: "I am going to take a little rest and then I will hold hands with him. He said last Monday that Jeffries would meet the winner of our fight last night if Fitzsimmons retires. Fitz says he will do no more fighting so it is up to me."

JOE GANS THE WINNER.

Knocked Out Dal Hawkins—Last Fight Under Horton Law.

New York, Aug. 31.—At the Broadway Athletic Club tonight the last series of bouts under the Horton law was brought to a conclusion by Joe Gans of Baltimore knocking out Dal Hawkins of California in the third round in a contest that was scheduled to go twenty-five rounds at 133 pounds.

Both men were at the required weight, and both looked to be in good condition when they entered the ring.

Both fought carefully in the opening round. Hawkins tried repeatedly for the head, but the blocking of Gans was perfect and not many punches were landed other than a few swings to the stomach of Hawkins.

In the second round the men warmed to their work, and each scored heavily on the head. Both missed repeatedly in their anxiety to land, but the round ended in Hawkins' favor because of his superior work to the body, which seemed to worry Gans.

They started the third with a rush, and Dal reached Joe's head with a sharp left to the jaw, but Gans repaid him a moment later with a hard right on the jaw. Gans then cornered Dal and both started to slug with both hands.

For fully a minute they neither moved from the spot where they started, and so vicious was the fighting that the crowd was on its feet in a perfect frenzy of excitement. Hawkins' blows seemed to carry the most steam, and it looked as if the colored boxer would land the knockout. Heated himself, however, and with a sharp right hook to the jaw stretched Dal on the floor. There was no need for a count, as Dal was so far gone that he did not recover for several minutes after being carried to his corner. Gans himself could hardly stand and looked to be ready to drop when he landed the lucky blow.

Jeff Will Fight Jim.

Richmond, Va., Aug. 31.—James J. Jeffries, the pugilist, in an interview here today said: "I will fight Corbett if he is anxious to have a match, but it will have to be a case of the winner getting everything and the loser only the losing. That is the only way to do business."

"Fitzsimmons can get a fight from me whenever he wants it, when he goes about it properly and gives time to the man he wants to fight. I will fight nobody without time to train in. Let me give me thirty days, and we can find plenty of places. The fight could go on in Carson City or in California, or even at Cincinnati."

BASEBALL ELSEWHERE.

The Leaders Were Defeated Again by the Phillies.

The Quakers hauled the Brooklynites down again yesterday in a good game. The Phillies opened up on Brooklyn's third base in fine style and when they didn't get free passes they got singles and doubles. The game at Chicago with Cincinnati was very raw.

JOHN M. CHAPMAN, THE GEORGIA CYCLONE.

Patrons of the Salt Lake bicycle track will readily recognize the striking features here presented of John M. Chapman, better known in the racing world as the "Georgia Cyclone." For two years he has been a favorite with Salt Lake audiences. Until the appearance of Iver Lawson on the local track he was the undisputed champion. During the present summer he and Lawson have worked together and won a large number of races. As yet, however, they are well high in the air. Only on two occasions have they met with defeat. That was one week ago when they ran the ten mile race with the Turville brothers when the odds were considerably against them, owing to the Turvilles having a superior racing machine, and last night, when John and Gust Lawson outdrew them in a similar event. Chapman was born at

BIG TWENTY-FOUR HOUR CONTEST.

"Terrible" Swede and Charles Turville After a World's Record.

SPEED AND ENDURANCE.

Race Will be Most Unique and the First Ever Attempted in the Intermountain Region.

Salt Lakers who have become addicted to the bicycle racing habit have their minds focused on the big twenty-four hour contest that is to begin on the saucer at 10 o'clock on Monday night and terminate at the same hour on Tuesday night. Such a race is a great novelty in the Intermountain country. In fact, it will be the first time that such a feat has ever been attempted here.

The contestants are John Lawson, whose racing sobriquet is "The Terrible Swede," and Charles Turville, who last night won the world's one mile motorcycle paced race. Lawson is a veteran at that kind of work, and holds the world's twenty-four hour paced championship on an eight lap track with a record of 52½ miles, made at Los Angeles last winter. This, however, is not the greatest distance covered in twenty-four hours by a bicycle rider. Walter de England has the distinction of having made 62½ miles in the same length of time, but it must be remembered that that was accomplished on a three-lap track, which is practically the same thing as riding on a straight line and is a great advantage over an eight-lap track. It was also accomplished by means of delicately adjusted sails, wind breaks and other helpful racing paraphernalia, and all things considered, not nearly so difficult of accomplishment as the record made by Lawson at Los Angeles.

Turville, who has proved himself a fearful motorcycle follower, hopes to defeat Lawson in this contest. Should he do so, and at the same time succeed in lowering, or beating, the record of Walters, it will mean a big thing for him.

The race will be a question of speed and endurance combined from the very first. A feature will be the fact that the men will not dismount from the time they get astride their wheels on Monday night until the race is over. They will take their food and drink on the run, and as for rest, of course, they will get none of that until the contest is ended. Lawson and Turville will be paced by four of the "red devil" motors and four tandems. The pace makers include Vaughn and Julius, Gus and Iver Lawson, Clem Turville and May, and Chapman and King. The saucer will be open for spectators during the whole of the twenty-four hours. There is little doubt that it will prove the greatest crowd-drawing event of the season. As to the finish on Tuesday night, that is certain to be attended with much excitement.

ANOTHER RECORD SMASHED.

Charles Turville Makes a Mile in 1:32 Against Record of 1:33-5.

The majority of the people that attended last evening's races were surprised at the performance of Charles Turville in his trial for the world's record of 1:33-5, held by Iver Lawson. Even the officials of the track doubted his ability to lower the record. But lower it he did and better time than 1:32 flat will have to be made to wrest from him the championship. Charles was paced by his motor, ridden by "brudder" Clem and Billy Vaughan. The long and short of it is, it was the most magnificent race of the kind ever seen on any track. It was simply impossible for the pacers to shake him. Iver Lawson will now endeavor to bring the record down another peg.

Roy Rodgers, the newly made professional, made a big hit last evening in his race with C. R. Brazier. Roy succeeded in carrying off two best out of three. He lost the one-fourth-mile, which was run in 32-5, but won the half-mile in 1:02-5, and the mile in 2:23-4.

Fred Meakin made a great effort to lower the one-mile paced amateur record held by Will King, but failed, although he made two attempts. The record is 1:35-5. Meakin's first mile was 1:41-5, but as the motor did not go fast enough to suit him he tried it again. The second time it went too fast but Meakin could only make it in 1:34-5. The ten-mile match motor race was distinctly the feature of the evening and was the prettiest motor race ever seen on the saucer.

Chapman and Iver Lawson rode their new motor, while John and Gust Lawson rode the former's motor. The teams got a fair start and the race was fast

pull his clothes and bother him in many different ways. The Pittsburgh boys kept running up to him and registering their kicks about my unfair tactics. Finally I heard him say to one of them: "I can't whip that big guy. You go over and soak him in the ear. You are a bigger man than I am. Well, this set the Pittsburgh gang, mad as they were, to laughing, and they made no more kicks to Tim about me. Hurst is certainly one of the greatest wits that ever handled an indicator, and a good umpire, too."

The Rio Grandes and Pocatillos play a league game at Walker's field this afternoon.

The guards disclosed a small blaze under the north end of the bicycle track last night. The fire was soon extinguished.

Chapman and trainer, Ratt, have parted company. They have agreed to disagree. Chapman has a new trainer in the person of William Bowles, a well known trainer on the National Circuit. He was a rider in '95-6.

UNIVERSITY OF UTAH.

This institution will occupy the new buildings on the east hill the ensuing year. It will open October 1st, entrance examinations being held September 28th, 27th 28th. The Training School, a department of the Normal School, will begin September 10th in the south new building. In the new buildings there will be better facilities in all the courses offered than were in the old home. The new laboratory, called the Physical Building, has been specially arranged for mining and electrical engineering work, along the lines of mineralogy, chemistry, metallurgy, physics and electricity. All the collegiate courses will be better provided for this year, both from the point of room and from that of the instructing force.

The athletic and gymnastic work for male students will be in charge of an experienced

and competent man, who was one of the best athletes and one of the best students in the University of Wisconsin.

Special provision has been made to give instruction to young men and young women over the school age who are not prepared to enter upon any course in the University, at a cost for each of \$20 per year. Such an opportunity will thus enable these persons to prepare for regular courses in the institution.

A competent and practical book-keeper will give a thorough course in bookkeeping for anyone who may apply for it, and especially for the normal and mining students.

Any information concerning the University can be obtained by writing to D. R. Allen, Secretary of the Regents, or by calling at the old University building between 11 and 12 o'clock, or by telephone during this hour.

WHAT IS SALT LAKE'S POPULATION?

GUESS!

... A CHANCE FOR SCHOOL BOYS AND GIRLS ...

THE reports of the census enumerators of this city are now in Washington. In a short time the figures will be announced. To stimulate interest among our school boys and school girls in the subject, the Deseret News has decided to offer ONE STANDARD DICTIONARY, value \$12.00, to the boy or girl who first guesses nearest the correct figures. The only conditions are that each guesser shall have been enrolled in some of the schools, or colleges of Salt Lake, or at the Utah University during the year just past, and that each shall be limited to one guess. In case of a tie, the ownership of the dictionary shall be settled by lot. The guesses will be recorded daily, in the order in which they are received. The "News" has arranged to receive the figures by wire from the census office in Washington as soon as they are known, and the first guesser received, coming nearest the correct figures will be awarded the prize. No guesses will be recorded except those regularly filed out on the guess coupon below. Cut it out and send it with your name, your address, the school you attended and the figures, plainly written, to

A BEAUTIFUL COMPLEXION FREE

MME. A. RUPPERT'S WORLD-RENOUNDED FACE BLEACH—MOST WITHOUT COST. NO MATTER HOW BLEMMISHED THE SKIN, FACE BLEACH WILL MAKE IT PERFECT.

Mrs. A. Ruppert says: "My face has not a new, untanned, healthy, but has been used by the best people for years, and for bleaching and removing freckles, pimples, moles, sunburn, roughness, or redness of the skin, and for brightening and beautifying the complexion, it has no equal."

It is absolutely harmless to the most delicate skin. The marvelous improvement after a few applications is most apparent. The skin becomes as nature intended it should be, smooth, clear and white, free from every impurity and blemish. It cannot fail, for its action is such that it draws the impurities out of the skin, and does not cover them up, and is invisible during use. This is the only thorough and permanent way.

During this month, I will offer to all a trial bottle of my world-renowned Face Bleach, sufficient to show that it is all that I claim for it, and any reader of this can send me 25 cents in stamps or silver, and I will send the trial bottle, securely packed in plain wrapper, sealed, all charges prepaid.

My book "How to be Beautiful" will be mailed free to all who will write for it.

MADAME A. RUPPERT, 6 East 14th Street, New York City. Time, Ruppert's Hair Restorative actually restores gray hair to its natural color. Can be used on any shade of hair, and is not a dye, and does not discolor the skin nor rub off. Perfectly harmless and always gives satisfaction.

Mme. Ruppert's Depilatory removes superfluous hair in five minutes, without pain; will not injure the most delicate skin.

Mme. Ruppert's Egyptian Balm for softening and healing the face and hands. Mme. Ruppert's Hair Tonic positively restores hair, and all scalp diseases, stops falling hair, and in many cases restores hair.

Mme. Ruppert's Almond Oil Compound Soap, made of pure almond oil and wax. Delightful for the complexion and warranted not to chap the most delicate skin. All of these toilet preparations are always kept in stock and can be had from our local agent.

PUTNAM

PUTNAM NAIL CO.

Dear Sirs,—

In reply to your favor I would state that I have used the Putnam Nail for several years, and have advised my friends to use it only. It is hardly necessary for me to add that I prefer it to all others.

Yours truly, M. H. Pomeroy.

The Putnam Nail enjoys the distinction of being the only Hot-Forged and Hammer-Pointed nail made by machinery, and which imitates the old hand process.

ROBERT BONNER

INSISTS ON ITS USE.

All others are COLD ROLLED and SHEARED, as an examination of their edges near the point will show, and are liable to SPLIT or SLIVER in driving, to injure and perhaps kill the horse.
