Thus did the Salt Lake and Boise Pacific National League baseball teams line up for battle at Walker's field this afternoon, for the first contest of the season.

President Samuel Newhouse, of the home club, passed the first ball to Gov. Heber M. Wells, and the latter threw the spheroid to Hon. Richard P. Morris, mayor of Salt Lake City. Then the fans assembled yelled and shrieked with glee. The sport they have dreamed of, talked of and argued about during the long winter months, is now launched for the season of 1904.

This afternoon's game is a realization of the hope cherished by local fans for several months. It is the result of hard work and unselfishness on the part of a few whig hearted citizens who wanted to see the game flourish here. They believed that, if the sport was started off right, the fans would come to its support. Accordingly they put their time and money to organize a league and put the home team on a sound basis. It is now up to the fans here to determine whether or not the game is to prosper. If they give it the support the management has a right to expect, there can be no doubt as to its future. We will have a prosperous season.

In the two games already participated in by the home guard, it has been demonstrated that Salt Lake has a pretty good team. It is quite likely that weak places will be found. When they are they will be strengthened. If there are some men on the team who can not keep up the pace set, they will be given a ticket of leave, and their places filled by more capable players.

In going against Boise, Salt Lake will have plenty to do, for be it known that "Hinest John" McCloskey is the leader of that aggregation, and John certainly knows how to collect a winning bunch. The Babies came down yesterday afternoon, 14 strong, and at once proceeded to the ball park, where they were given a "work out." They showed up well, and those who think Salt Lake will have a walk-away, have another think coming.

The teams will play a series of six games. Both clubs are determined to land a majority of the games, and therefore they ought to be pretty lively contested.

THE BUTTE BALL TEAM.

What the Denver Post Says About Former Champions from Montana.

Here is how a writer on the Denver Post sizes up the Butte P. N. league ball team:

A bunch of old stiffs with good batting eyes and bum arms is about the manner in which to size up the Butte aggregation of ball players. Nearly every man on the team can hit and they field fairly well. But, oh, y, when it comes to running bases and throwing the ball, the fan in the grandstand who would not bestow pity on them must be a heartless wretch. It seemed that no matter what kind of a hit they made one base was the limit of their expectation. Spencer made a clean home run and then stopped at first base. Of course the spectators laughed. Why shouldn't they? Then there was "Pig" Ward, who didn't think it necessary to run to first base because the ball did not go safe. Is it small wonder that Denver wins playing against a bunch of the kind

Old Shaffer on first base was the clown of the game and the manner in which he called down "Piggy" Ward on every occasion caused much amusement to the stands. Vollendorf was hit rather freely by the visitors, but as they did not take advantage of their hits the game was never in danger. Sporter, the visiting twirler, pitched a splendid game, but his support was not what it should have been. Two opportunities to retire the side were presented in the fifth inning before McHale made his home run with two men on bases. But for that misplay the score would have been 2 to 1.

THE JOHNIES CLUB.

One Organized by Prominent Ball Fans Of Boise City.

A "Rooters' Club" has been formed and under the management of President John Martin of the Hoffman, and Secretary John Kahn, the city attorney, the public will be treated to something new, oblong, opaque and unique. The membership is confined to "Johns" and in the list we find some of the best known "Johns" in the city, for instance: John Lemp, John Broadbeck, John McMillan, John Barry, John Morgan, John Ttate, John Wilson, John Cunningham, John Smith, John McManus, John Borah, John Meyers, John Blake, John Parks, John Aikman, John Wilde, John Pinney, John Hawley, John White, John Sincel, John Moseley, John Hughes, John Coleman, John Ostner, John Herrick, John Mosley, John Collister, John McAlla, John Latham, John Coffin, John Greenbaum, John Eastman, John Ferrault, John Bettus, John Gallup, John Spiegel, John Dawson, John Rossi, John Donaldson, John McCloskey and John Chinaman.

Tea, coffee, baking-powder, flavoring extracts, spices, soda are safe; you needn't get cheated in them, Schilling's Best are not only pure and true, but generous.

Iver will remain in the east this summer, and in the fall will probably go back to Australia.

Yanger Wins Another.

Chicago, April 25.—Benny Yanger of this city, was given the decision over George Decker of Philadelphia after six rounds of fighting tonight. Decerk, who made an excellent impression by his clever work held Yanger better than even in the early part of the contest, but was weakened toward the finish by Yanger's blows to the body. Decker did the cleaner fighting of the two, Yanger putting up a rather rough fight.

Sieloff and Memsic.

Indianapolis, April 25.—At the Auditorium tonight Otto Sieloff and George Memsic fought a snappy ten-round bout. The contest was fast and vigorous throughout.

Worst of All Experiences.

Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newson, Decatur, Ala. "For three years," she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death semed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I'm completely recovered." The place was bright with spring flowers and a program was rendered which delighted their hearers, the numbers being both well chosen and artistically rendered. Refreshments were served and a social hour enjoyed after the program.

OLD AGE

Comes to Everyone, But Its Visits May Be Postponed.

Old age is not a question of years.

Some men are old at forty, others are young at sixty.

It's a mighty hard proposition to look young, no matter how young you feel, if your hair is falling out and your head becoming bald.

Perhaps you are tired trying ineffectual remedies for this evil.

We don't blame you if you are.

Why not try an effective one for a change.

Newbro's Herpicide kills the Dandruff germ—which is the cause of the whole trouble.

CHINAMEN HAVE A HARD ROAD TO HOE

U. S. Supreme Court Says They Must Exhaust All Remedies Before Applying to Courts

JUSTICE BREWER DISSENTS.

He Characterized Inspectors' Proceedings as a Star Chamber Process.

Washington, April 25.—In the supreme court of the United States today an opinion was delivered in the case of Sing Tuck and 31 other Chinese persons held for deportation on the order of an inspector. The men claimed to be citizens of the United States and sued out writs of habeas corpus, claiming that they were entitled to a review of their cases by the courts before exhausting the remedies prescribed by the exclusion treaty of 1894.

The court did not take this view, but held that Chinamen must pursue the course outlined in the law, exhausting the remedies there provided before applying to the courts. The opinion was by Justice Holmes.

Justice Brewer rendered a dissenting opinion, in which he characterized the proceedings of the inspectors as star-chamber process, and said that a Chinaman claiming to be a citizen of the United States is entitled to as much protection as an Anglo-Saxon who makes that claim.

Justice Brewer said he did not consider it strange that China had denounced the treaty, and said that with the growing importance of China that country could be counted upon to show increasing resentment against this country. Hoving sown the wind, he predicted, the United States would reap the whirlwind. Justice Peckham concurred in the dissenting opinion.

The result of the decision is to sustain the action of the inspectors.

Startling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for Consumption Coughs and Colds to be unequaled. A recent expression from T. J. McFarland Bentonville, Va., serves as example. He writes: "I had Bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all Lung and Throat troubles, Consumption, Pneumona and Grip. Guaranteed by Z. C. M. I. Drug Store. Trial bottles free, regular sizes 50c, and $1.00.
