

## Special Business Notices.

### TO THE BISHOPS AND PRESIDENT ELDERS IN ALL THE SETTLEMENTS OF THE LATTER-DAY SAINTS.

DEAR BRETHREN: It is our desire to commence again to assist the scattered poor of God's people in the gathering to Zion. To aid in the accomplishment of this purpose we request the Bishops and Presiding Elders in the various settlements to give special attention to the collection of the debts due to the Perpetual Emigration Fund from those who have been assisted in past years. In view of the near approach of the season of the year when our emigration leaves the shores of Europe, we desire that our brethren give this matter their immediate attention, that we may be enabled to do as much good as possible this present year.

It is the duty of all the Saints who have the means to assist in the gathering of these of their brethren and sisters who are still scattered in Babylon, and we should be pleased to have the local authorities solicit donations from those who are not able to do so. For those who are able and willing to do their part for the gathering of scattered Israel.

## EVENING NEWS.

Saturday, March 11, 1878.

### Local and Other Matters.

Thermometer 35 degrees F. in the shade at 1 p.m. to-day. Some clouds.

Preaching.—It is expected that Elder J. W. Wadsworth will preach in the 18th Ward to-morrow afternoon. Services commence at 2 o'clock, at President Young's School-house.

More of It.—Two or three inches more snow last night or this morning.

The Attraction.—Mr. Ottlinger's picture still continues to attract crowds of people.

Returned.—Last evening Col. Betts, clerk of the Third District Court, returned to this City from Washington.

Twelfth Ward.—A lecture in the 12th Ward, on "The Connecting Links of the Priesthood," by Prof. Maeser, on Monday night.

Gailty.—Last evening the jury in the case of the People, etc., vs. John G. Wiggins, for the murder of John Kreamer, alias Dutch John, returned a verdict of guilty of murder in the first degree.

The Marshmallow.—Ex-U. S. Marshal Maxwell's term of office expired on Thursday, when deputy A. K. Smith took charge of the office, pending the arrival of Marshal Nelson, who is expected to reach here to-night.

Useful.—We have been shown a brush, manufactured by Mr. W. H. Miles, for cleaning the interior of stove pipes, for which it is admirably adapted, taking the soot out in very little longer than "no time."

Judgment Passed.—Yesterday W. F. Field, late deputy postmaster at Corinne, indicted for robbing the U. S. mail, while in that office, withdrew his plea of not guilty, in the District Court, and pleaded guilty, the jury returning a verdict, as instructed, in accordance with the plea. The prisoner was sentenced to imprisonment for four years in the Detroit, Mich., house of correction.

Measles Prevalent.—This morning we received a call from Bishop George Halliday, of Santaquin, from whom we learn that measles are very prevalent at that place, there being over one hundred cases there now. Fortunately the disease is not of a virulent type, but rather a mild form, no deaths having ensued from it. It is also prevalent at Spring Lake, and in consequence of this it will be advisable for people traveling southward or northward through those two places not to stop over night at either of them until this malady has disappeared. This advice is specially directed to people accompanied by children.

Fire.—About six o'clock this morning fire was discovered in a small store on First South Street, near the Theatre, next door east of the London News Depot. The cause of it was that the proprietor had left a quantity of smoldering ashes in a wooden box, which burned a large hole in the floor and caused the flames to catch the wall and spread upon the roof. The fire was extinguished, without much damage, by the application of a few buckets of water and tearing a portion of the roof away.

The alarm having been rung, the fire engine was got out and steam raised, but, of course, its services were not required.

A Ludicrous Incident.—A somewhat ludicrous incident occurred at the masquerade given at the Washatch Hotel building last night, under the auspices of the Ladies of the Hebrew Benevolent Society. Judge McKean, with others, was chosen a judge to award the premiums to the best representative characters and, as is always his custom, on every available occasion, he made a speech, which, fortunately for the auditors, was much briefer than usual. He said it was difficult, among so many characters, to well represent, to conclude which was the best, but he had been chosen to decide, and, with a grandiloquent gesticulation, and in high and rhetorical tone, he finished by exclaiming, "I once more have the honor to be made Chief Justice." This remark, however, though somewhat expressed, sentiment was greeted with applause from spirits, lauds and hobgoblins present, while some few expressed disapproval by hissing. The utterance of such a sentiment, under the surrounding circumstances, being so utterly foreign to the occasion, would lead one to the supposition that the gentleman was not acting himself, but representing some other character. Let us hope so, but if this supposition be correct he should have completed the matter by awarding the premium to himself. Great wit to madness nearly is allied.

Criminal Business.—The case of the People, etc., vs. James Dunn, alias Dublin Tricks, indicted for burglary on the premises of Mr. P. Margrett, tried in the District Court, was given to the jury this morning, and at one o'clock this afternoon they were still out.

This morning James Carroll, charged with the murder of John Kreamer, was indicted for murder in the first degree.

Common Schools.—Before us is the Biennial Report of the Territorial Superintendent of Common Schools, Prof. O. H. Riggs, for the years 1874-5. Besides a large amount of other useful information, considerable of it in tabulated form, it includes a well written Historical Sketch of Education in Utah, and also the new school law. The report was printed at this Office, in good paper, in excellent clear type, and enclosed in neat paper covers.

Washington, 11.—Geo. H. Pendleton, who arrived last night, promptly reported to the sergeant-at-arms this a. m., and stated that he was ready for execution whenever the committee should want him.
