

## CHICAGO BANK GOES TO WALL.

Organized in December and Placed in Hands of a Receiver in February.

### BREAKING RECORD BROKEN.

President Said to Have Obtained \$146,000 by Manipulating Securities and Stocks.

Chicago, Feb. 15.—The Bank of America, incorporated last December, with a capital stock of \$250,000, was placed in the hands of a receiver at 10 o'clock tonight by Judge Chytrous of the superior court on complaint of John H. Kavanaugh, one of the stockholders. The bill asking for the receivership holds former Judge Abner Smith, president, and three officers of the bank responsible for the insolvency of the institution.

In the few weeks since the opening of the bank, President Smith is charged with having so manipulated securities, mortgages and notes and the stock of the bank that he has obtained amounts aggregating \$146,000. The other three officers, who in connection with President Smith, are held responsible for the alleged insolvency are G. P. Sorrow, vice president; Jerome Pierce, cashier, and F. E. Creelman, a stockholder and director.

It is charged against these officials, together with President Smith, that they had absolute control of the bank and its funds. The operations of President Smith and the officials mentioned in the bill are said to have begun before the bank opened for business. Judge Smith is said then to have borrowed money, and placed it in the treasury to deceive the state auditor into believing that the stock had been paid up. President Smith was one of the prime movers in the formation of the bank, having subscribed for \$70,000 of the stock. In order to prevent it from being a panic and a possible run on the bank, it was decided to file the bill for a receiver late tonight.

Judge Chytrous and the clerk of the superior court had been asked to be in their office and agreed to do so. Shortly before 10 o'clock attorneys representing Mr. Kavanaugh appeared with the petition for a receiver. Notice had been served previously on President Smith, but he did not appear either in person or by attorney.

After reading the bill the court entered an order appointing Daniel J. Healy, a stockholder, receiver. Bonds of \$100,000 were furnished, and Mr. Healy took charge of the bank.

Among the specific charges made against President Smith are: That before the bank was certified by the state auditor, President Smith borrowed money and paid it into the bank to cause the requisite amount of stock subscribed for by them to appear as paid on the books so that the full amount of money represented by the capital stock was on deposit.

That President Smith borrowed \$70,000 from the bank, giving in return notes signed by his wife and brother-in-law, which are declared to be of little value.

That within a few weeks after the bank opened for business Smith secured \$62,500 from the bank for himself, giving in return mortgages on real estate which are said to be inadequate as security.

It is also alleged that President Smith entered into a contract with F. E. Creelman, a stockholder, by which the latter was to subscribe to 250 shares of the stock and was to be permitted to withdraw \$100,000 from the bank at any time he wished. This, it is stated in the bill, was done and Creelman has withdrawn nearly \$200,000, giving in exchange drafts on other corporations in which he has interest. Many of these drafts, it is asserted, were sent back unpaid until Creelman owed the bank \$80,000.

President Smith, against whom the serious charges are made, was a member of the Cook county bench for many years, having retired from the court in 1904.

Mr. Creelman, who is charged with unleashing a large amount of paper of questionable value on the institution, is a Chicago lumber merchant.

The bank had about \$300,000 in deposits, of which \$25,000 was in savings accounts of working people.

Atty. Clarence Darrow, who is a stockholder, paid up to the extent of \$11,000, personally has come to the rescue of the savings depositors.

"All savings depositors will be paid in full," said Atty. Darrow. "I will buy their books as they are presented at the bank. The bank will be opened in the morning in charge of Receiver Healy."

**WOMAN BURNS TO DEATH.**  
Spokane, Wash., Feb. 15.—Mrs. Mary Mayo, a colored woman, aged 50, was burned to death tonight in a fire which consumed her residence. When discovered the house was enveloped in flames. Youthful who attempted to rescue the woman found the door locked and had to kick it in. When entrance was gained they found Mrs. Mayo sitting in a rocking chair. They were driven back by the fire and smoke.

**WEALTHY MINER GONE.**  
Seattle, Wash., Feb. 15.—Percy K. Swan, a wealthy Tana Valley miner has disappeared. He left Seattle on Jan. 23 for his home in San Francisco via Portland where he was found in money and checks on his person. His baggage went through to San Francisco all right but nothing has ever been heard from the man.

His mother in California through the San Francisco chief of police has wired every city on the coast inquiring for the missing man. He is a pilot.

**WOMAN'S FRIEND.**  
Is to love children, and no home can be completely happy without them, yet the ordeal through which the expectant mother must pass usually is so full of suffering, danger and fear that she looks forward to the critical hour with apprehension and dread.

Mother's Friend, by its penetrating and soothing properties, allays nausea, nervousness, and all unpleasant feelings, and so prepares the system for the ordeal that she passes through the event safely and with but little suffering, as numbers have testified and said, "it is worth its weight in gold."

One bottle of Druggists. Book containing valuable information mailed free.

## BAD! BAD!! BAD!!!

Bad blood comes from bad digestion—bad stomach, bad liver, bad kidneys, bad bowels, bad taste, bad headaches, bad appetite and kindred symptoms. Bad as these are, and serious as are the diseases to which they lead, Dr. Pierce's Golden Medical Discovery comes to the relief and cure of all these by regulating and invigorating the stomach, liver, bowels and kidneys, and putting all these organs in good order.

"Golden Medical Discovery" contains no alcohol, opium or other harmful drugs; neither does it contain sugar or syrup, which are injurious to some stomachs. Without any of these it retains its pleasant taste and marvelous healing qualities in the most trying climate. Don't let a selfish medicine seller cheat you out of your health by giving you a substitute. He's only looking out for a larger profit, not for your good. Shun him, honest, unselfish dealers recommend the "Golden Medical Discovery."

"That your remedies are not for the few, but for the many is evident. For I personally know of many scores of persons in this city who have been restored to health and strength by your medicines," thus writes Henry Landis, Esq., Alderman in 17th Ward, Buffalo, N. Y., of 1894 Jefferson Street.

"I know that Dr. Pierce's Golden Medical Discovery is most valuable in cases of derangement of the liver, having taken the medicine some two years ago when I had a bad attack of liver trouble, and I never used a medicine before that did me so much good. I have since Dr. Pierce's Golden Medical Discovery, and do not wonder at his success, for he is a physician and man of sterling qualities, and is a most extraordinary skill, and he has in his Sanitarium a corps of specialists who are chosen because of their unusual knowledge and professional skill."

If suffering from any obstinate, lingering ailment, write to Dr. Pierce and get, free of charge, sound medical advice. He has the counsel and assistance of a large staff of expert specialists.

The People's Common Sense Medical Adviser, by R. V. Pierce, M. D., Chief Consulting Physician to the Invalids' Hotel and Surgical Institute, 531 North Dearborn St., Chicago, Ill. Paper-bound, 200 pages, 21 one-cent stamps for mailing only; or cloth-bound for \$1 cents. Address the Author, as above.

near of 1897, Dyea-Dawson trail and is supposed to have accumulated a quarter of a million dollars in the Yukona.

**BP. H. M. TURNER CALLS AMERICAN FLAG DIRTY RAG.**

Macon, Ga., Feb. 15.—In an address before the 500 delegates attending the convention of negroes today to discuss racial problems, Bishop H. M. Turner declared the American flag to be a dirty and contemptible rag. He further said that he was an improvement on the United States as far as the negro was concerned.

In conclusion, he said: "If a little ignorant and stupid white man who was a member of a secret society and was heard of until 10,000 years after the resurrection trumpet, wishes a little notoriety he begins to belittle and slander the negro and bounds into popularity. I challenge any man to do all of them to meet me in public discussion, and I will show them that the negro is a far better man than they are."

**GERMAN TARIFF TROUBLES.**

Berlin, Feb. 15.—The government will go before the reichstag within three or four days with a proposal to give the United States the same treatment under the new tariff which becomes operative March 1st, as that given to countries with whom Germany has arranged reciprocal trade treaties. The precise terms of the government's bill will depend somewhat on the result of negotiations which are still continuing at Washington between Ambassador Speck von Sternberg and the state department as to modifications in the American system of invoicing and valuing, some features of which are considered by German exporters as vexatious and unjust. Information regarding exactly what the United States will do in this respect is expected by the foreign office today or tomorrow.

The German government's proposal to give the United States this favored treatment is only for a fixed period, probably a year, so as to afford time to conclude more permanent arrangements.

**SUSAN B. ANTHONY'S BIRTHDAY CELEBRATED.**

Washington, Feb. 15.—A celebration in honor of the 86th anniversary of the birth of Susan B. Anthony was held in the church of Our Father tonight. The attendance included a number of public men, who delivered addresses, and also delegates from the Woman's Suffrage convention, which has just finished its sessions in Baltimore.

Letters of congratulation were read from President Roosevelt, Senators Beveridge, Platt, Gallinger and Patterson, and Representative Payne of New York.

Miss Anthony, in an address, expressed the wish that the men did something beside extending congratulations.

**LIGHT ON LAND FRAUDS.**

Washington, Feb. 15.—Light was thrown on the land fraud investigation by Secy. Hitchcock at an executive hearing before a sub-committee of the house appropriations committee today.

In connection with his estimates of \$30,000 for a continuance of the prosecutions, Mr. Hitchcock explained that 600 indictments and 400 convictions already have been obtained by the interior department in 19 years.

To the great surprise of the sub-committee, Mr. Hitchcock said that Louisiana leads in the number of land frauds uncovered by his department, and has more than Oregon, Washington or any of the states which are supposed to be the chief offenders. California also shows a long list of frauds.

**CLEMENCY REFUSED MILLER.**

Springfield, Ill., Feb. 15.—Gov. Deneen today refused to grant a reprieve in the case of Dorisjanovich, alias John Miller, who is sentenced to hang in Chicago tomorrow for murdering his wife and two children.

**SEVEN CHILDREN INJURED.**

Flint, Mich., Feb. 15.—Seven school children were injured, three perhaps fatally, when a freight train crashed into a wagon in which 12 children were being driven across the tracks here today.

**MILE ROCK LIGHTHOUSE.**

San Francisco, Feb. 15.—The light in the new lighthouse at Mile Rock was started for the first time last night and the event drew a large crowd of sightseers to Point Lobos. The lighthouse itself has been finished for more than a month, but the light was not ready to use until last evening.

**EXPORTS OF AGRICULTURAL MACHINERY TO RUSSIA.**

New York, Feb. 16.—Record-breaking exports of American agricultural machinery will be made to Russia this season. Three complete shipments are to be forwarded to Black sea ports within

## FILIPINO IS A HARD PROBLEM.

Prof. R. S. Williams Says a Superficial Insight Into Him Can't Be Had in Two Years.

### INNATE AVERSION TO WORK.

Some Parts of Islands Where It Would Not Be Safe Without Military Escort.

New York, Feb. 16.—After a sojourn of two years in the Philippines, where he went to explore the flora of the islands for the New York botanical garden, Prof. R. S. Williams has returned with the conviction that the Filipino is a hard problem for the American to solve.

"You could not begin to get even a superficial insight into the character of the Filipino in two years," said the professor yesterday. "One would have to spend a life time there to find out anything about them."

Prof. Williams traveled in both the northern and southern islands, penetrating the forests which in some places cover the islands down to the sea.

"The Filipino," he said, "have an innate aversion to work. They are the most indolent people I have ever encountered. You see, they don't have to exert themselves. The climate is hot, their clothing scant, and their wants few."

In his excursions into the forests and over the mountains and plains, Prof. Williams happened upon some interesting ferns, mosses and general flora, but is very reticent about his discoveries.

"My examination of my collection is not sufficiently advanced for me to talk about it," he said.

"I have not yet had time to sort the specimens."

He found some beautiful orchids, but says the Philippine variety is not comparable either in size or splendor with those that grow in South America, and especially in Venezuela, where the finest varieties come from.

"Yes," he said, in answer to a question, "there are some parts of the islands where it would not be safe to go on exploring expeditions without a military escort. I don't know, however, that I was in any particular peril from either man or beast. The most redoubtable animals I encountered in the forests were wild cats and wild pigs, and even these were not by any means numerous."

**PRESIDENT APPOINTS INDIAN TO WEST POINT.**

Benton Harbor, Mich., Feb. 15.—Paul Knapp, aged 19, mother-bred Indian of this city, whose mother was a daughter of Chief Peter Pelagot of the Pottawatomie tribe, has received an appointment to enter West Point.

Knapp was formerly a student at Haskell Institute and received his appointment by being recommended to President Roosevelt by Indian Commissioner Leupp.

**"SEE AMERICA FIRST."**

Ex-Mayor Morris and Fisher Harris Urge the Idea in Portland.

Portland, Or., Feb. 15.—The Northwest convention of the "See America First" league assembled here today. At the afternoon session Gov. George E. Chamberlain of Oregon, who acted as chairman of the convention at Salt Lake City, delivered an address of welcome.

Fisher Harris of Salt Lake City, the executive secretary of the league, outlined the work of the league and A. L. Craig, general passenger agent of the Harriman lines in the northwest, spoke on "Those Present and the Interests They Represented at Salt Lake City."

Emerson Dwyer discussed the "Immigration Feature" of the "See America First," after which a general discussion occurred.

Tonight Mr. Harris again addressed the conference, his address being, "The East Is Interested."

"Just a Word From Salt Lake," was the subject of former Mayor R. P. Morris of that city. The Advertising Men's Interest in This Movement" was entertainingly handled by Rinaldo M. Hall, advertising manager of the Harriman lines in the Pacific northwest.

From Portland the league will go to Puget sound where a meeting will be held either in Tacoma or Seattle. Mr. Harris will then continue east as far as Minneapolis and back to Salt Lake City.

**A DOMESTIC TRAGEDY.**

Mrs. H. S. Stantz Shoots Her Husband For Accusing Her of Robbery.

Romona, Feb. 15.—H. Stantz, proprietor of the Pacific hotel, was shot in the neck and mortally wounded last night by his young wife, who used a revolver.

Stantz had been to the theater and upon returning home had a quarrel with his wife and the shooting followed.

He accused her, it is said, of robbing him of \$20. Mrs. Stantz was arrested and is now in jail.

**MRS. CLARA WILSON DEAD.**

Towanda, Pa., Feb. 15.—Mrs. Clara Wilson, sister of the late P. P. Bliss, and a singing Evangelist, quite widely known in this country and Great Britain, died today of heart failure, aged 63 years. Mrs. Wilson was associated with Francis Murphy in temperance work for several years.

**SEVEN CHILDREN INJURED.**

Flint, Mich., Feb. 15.—Seven school children were injured, three perhaps fatally, when a freight train crashed into a wagon in which 12 children were being driven across the tracks here today.

**MILE ROCK LIGHTHOUSE.**

San Francisco, Feb. 15.—The light in the new lighthouse at Mile Rock was started for the first time last night and the event drew a large crowd of sightseers to Point Lobos. The lighthouse itself has been finished for more than a month, but the light was not ready to use until last evening.

**EXPORTS OF AGRICULTURAL MACHINERY TO RUSSIA.**

New York, Feb. 16.—Record-breaking exports of American agricultural machinery will be made to Russia this season. Three complete shipments are to be forwarded to Black sea ports within

few weeks and consignments will be made in other vessels to the same part of the world which will bring up the total cargoes to more than 40,000 tons representing a value of fully \$2,500,000.

One of the leading men identified with the export trade in an interview yesterday said:

"The foreign business in agricultural machinery is rapidly growing, particularly with Russia, where American manufactures of this description show an increasing popularity, mainly owing to the fact that the machinery suits local conditions and its extreme light-

ness, which permits of better transportation than European make. In fact, wherever they are introduced American agricultural machinery quickly supersedes everything turned out by foreign competitors. The question of price is not considered by the average buyer abroad, farming machinery made in the United States readily commanding a higher figure than the products of British or German plants."

The exports of agricultural machinery and implements from the United States are expected to exceed \$25,000,000 this year.
