THANKSGIVING IN JUNCTION CITY.

Union Church Services—Citizens Visit Cuto-off and Celebrate Its Completion.

DAY OBSERVED AT HUNTSVILLE.

Success of Clark Concert—Winter Course at Weber State Academy Opens Monday Nov. 30.

Thanksgiving was observed yesterday in Ogden in the usual manner. A goodly number of the citizens went out on the cut-off to inspect the great piece of work that has made Ogden's prestige as a railroad center secure for all time, and those who remained behind enjoyed their Thanksgiving dinners all the more from the fact of the knowledge that the great engineering feat was accomplished. Union services were held in the Baptist church by the Presbyterian, Methodist, Congregationalist and Baptist congregations. Rev. Samuel Blair preached the funeral sermon. The Christian Scientists also had special services with the subject as "Thanksgiving."

THANKSGIVING AT HUNTSVILLE.

The citizens of Huntsville celebrated the day in appropriate fashion. The community was reminded of the holiday by the ringing of bells at 9 o'clock in the morning. Devotional exercises were held in the meetinghouse and Bishop McKay presided. There was a good attendance.

The citizens present were asked to vote on the question of the enforcement of the curfew law and the sentiment of the gathering as indicated by the votes of all present was unanimously in favor of the enforcement of the law to the very letter. It will therefore be enforced.

THE CLARK CONCERT.

Miss Arvilla Clark, assisted by Mrs. McCollan, Kirichan, Skelton and the Ogden tubercle choir, with Joseph Balantyne as leader, and Miss Della Lund, as accompanist, rendered a highly pleasing and instructive concert in the tabernacle last night. A program of 10 numbers—most of the numbers having two or more subdivisions—was given and rendered in a manner that captivated the audience. Each of the principals came in for hearty applause and but for the rigid rule that enforces would not have permitted the audience would have commenced repetition of the parts.

WEBER STAKE ACADEMY.

The winter course given by the Weber Stake academy will commence next Monday, Nov. 30. Classes will be organized in arithmetic and grammar, and students who enter can join the classes in elocution and physical geography. Other classes will be organized if the number of applicants justify it.

NO WORD OF REDUCTION.

The reduction in the price of coal, announced yesterday in Salt Lake, has not yet reached Ogden, although dealers expect to receive word of it right away as the order is doubtless being sent to the state. Retailers state that the advance is due wholly to the attitude of producing companies and that as soon as their price is changed, they, too, will be only too glad to fall into line.

THE REYNOLDS FAILURE.

The failure of A. D. F. Reynolds, manager of the Underwood Typewriter company in this city, is much more serious than at first reported, as it is now estimated that his liabilities will reach the sum of \$20,000. It appears, also, that some of his dealings were not exactly on the square as it is authoritatively announced that a short time ago Mr. Reynolds purchased \$700 worth of hardware from the Simmons Hardware company and only a few days before the failure he went to Browning Brothers' store in this city and sold the goods.

CEAR CITY.

Every woman covets a shapely, pretty figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is often destructive to the mother's shapeliness. All of this can be avoided, however, by the use of Mother's Friend before baby comes, as this great liniment always prepares the body for the strain upon it, and preserves the symmetry of her form. Mother's Friend overcomes all the danger of child-birth, and carries the expectant mother safely through this critical period without pain. It is woman's greatest blessing. Thousands gratefully tell of the benefit and relief derived from the use of this wonderful remedy. Sold by all druggists at \$1.00 per bottle. Our little book, telling all about this liniment, will be sent free.

Davis was taken to his home at Minersville.

BRANCH NORMAL NOTES. The patriotism of the students for their charter of self government has been very much aroused this week. The teachers found it necessary to make a law regulating the students' conduct. Not until this law, which the students did not like a bit, began to be put into execution, did they realize that their right of self government had been withdrawn to some extent. Officers, meetings, class meetings, committee meetings and mass meetings followed each other in quick succession until at length a petition was formulated asking the faculty to repeal their law, and allow the city council to formulate one that would meet the requirements. The petition was granted and the students feel as if they are men and women once more.

Saturday night, Prof. Porter opened the series of lectures to be given weekly. His subject was "Birthdays of Great Religions." The assembly room was packed, and an unsurpassed interest was manifested by those present, especially the students in general. The speaker seemed very busy with note book and pencil.

Our grand Thanksgiving ball that was to come off tonight will be given up on account of the relatives of Mr. Roundy.

Instructor Jones took a trip to St. George this week. His object was not the interests of higher education, but for the benefit of the inner man for all that. He brought home a Jersey cow. Miss Ida Stirling, a former student, visited school last week.

Many of the students will leave town this afternoon in order to be at home tomorrow in time to get some of that turkey.

St. George, Washington Co., Nov. 24.—Mrs. Mary Keller, wife of Fred Keller, of Colorado, died here last Sunday night at 11:30 p. m. of pneumonia. Duties of Parents.

Parents no doubt desire to give their children the best and most liberal education they can possibly obtain for them.

They desire their children to grow to be good men and women, to be possessed of character, refinement and education.

It is astonishing, in view of these facts, how many parents fail to appreciate the value and importance of a good encyclopedia at the elbow of every growing child.

The habit of research—of looking up things—established early in life, and its value is incalculable because it means a continuous education through life.

Superintendent Bright of Cook county school, Chicago, who superintends the education of 300,000 children, has said: "The child using an encyclopedia at home in connection with school work will profit 25 to 35 per cent more than one without it."

The Deseret News is forming a club of money saving buyers of the new Americanized Encyclopedia Britannica, the latest and most practical encyclopedia on the market.

Through this club you may save 40 per cent on the purchase of your new encyclopedia. Your order NOW as the membership will be limited. Come to the Deseret News Book store, or if you cannot call, write, sample pages and printed matter and it will be sent without cost to you.
