

TODAY'S DOINGS IN SPORTING WORLD.

Tennis Games, Horse Races at Calder's and Bike Races at Saucer.

BIG FIGHT AT BUTTE, MONTANA.

Teddy Murphy Writes That He Thinks Nelson Will Whip Herrera in About Fifteen Rounds.

Finals for the tennis state championship in singles. Cricket match at Liberty park. Horse races at Calder's park this afternoon.

Bicycle races at the saucer track this evening. Nelson-Herrera fight at Butte this afternoon. McCarthy-Lafontaine fight this evening.

Such is the line-up of events in which the local sporting world is interested today. The tennis match is for the finals in singles. The cricket match is between picked teams of the Salt Lake club.

The horse races begin at 2 o'clock, and will be the last meet at Calder's park this year. A good program has been arranged by Manager Russell, the best horses heretofore have been entered for the two harness, and the one running event.

THE BICYCLE RACES TONIGHT. At the Salt Palace bicycle track this evening "the best program of the season" will be given by Manager Harry Heagren. The program follows:

Two-mile open lap race, professional. Three-quarter-mile handicap, professional. One-mile handicap, amateur.

Three-mile open lap tandem race, amateur. Five-mile motor-paced race, N. G. Hopper vs. Frank Hoffman.

Big match race between W. E. Samuelson and Floyd McFarland, in unlimited pursuit race. This event is for a purse and a side bet of \$20, and it is sure to be a determined fight between the riders.

PISTIC CONTESTS AT BUTTE. Two other events in which Salt Lake riders are deeply interested, take place at Butte this afternoon and this evening.

The first is the much-talked-of and widely advertised fight between Ted Murphy and Nelson, which will be the first of a twenty-round match. The winner of this twenty-round match will be hailed as the coming featherweight champion of the world.

They will enter the ring between 7 and 8 o'clock this afternoon, in a great arena erected for this contest. The contest is to be a straight Marquis of Queensbury, and the limit is twenty rounds.

This morning the sporting editor of the "News" received a letter from Ted Murphy, manager of the fight, in which he says that Murphy declares that Nelson will win inside of fifteen rounds. He says that the little tape is in great shape, and can win "The Great Dane," he says that Herrera is also in good condition, but is due to go down to defeat.

Murphy believes that it is impossible to be in such shape as to win a fight in less than a year, and he is arranging a match between Eddie Santry and Long or Neary, to take place at Butte, on Tuesday evening. If Nelson wins, Murphy will match him against Terry McGovern.

TEAMS PLAYED ERRORLESS. In a fine game of ball, Spokane again defeated Salt Lake.

Good pitching, brilliant fielding, both teams playing errorless ball, marked yesterday's game at Spokane between Salt Lake and the Indians. The latter won by a score of 6 to 1.

The Spokane batters got next to Thomas and hammered him freely. In the sixth they got a homer, a double and three singles. Two more singles came in the eighth and Thomas had to bat.

Salt Lake could do nothing with Damann, only seven hits being obtained. A shutout would have been scored but for the error, who made a home run in the ninth. There were no men on base at the time. The detailed score follows:

IN OLDEN TIMES

People Were Content To Take Things Easier Than Now.

If our forefathers could behold the modern locomotives, automobiles and electric cars, they would hold up their hands in astonishment.

The stage-coach was fast enough then—people were more content to take things easy.

They used to be satisfied with any sort of a hair lotion that came along—If it did not prevent baldness, they thought it was because baldness could not be prevented.

It's different now. People know that germs cause baldness and that Newbrow's Herpicide kills the germ, thus curing Dandruff and preventing Baldness.

SAN PEDRO MEN JUMPED IN HURRY

Austrians Leaped from Work Train Panic Stricken at the Thought of Smashup.

EIGHT WERE INJURED BY FALL.

Received Severe Cuts and Bruises—Were Taken to Caliente Emergency Hospital for Treatment.

Special Correspondence.

Caliente, Nev., Sept. 4.—What promised to be a fatal accident to a dozen Austrians, yesterday afternoon, was caused by a horse getting on the track near mile 21 below Caliente. The rip-rap train of flat cars carrying 100 laborers was going west at a good rate of speed when the emergency brake was applied to avoid striking the animal.

Eight Austrians on the flat car became demoralized and jumped on the rocky roadbed, and received severe cuts and bruises, but none were fatally injured. They were brought to Caliente emergency hospital and Dr. W. Quick, who is temporarily relieving Dr. A. J. Hoemer during the latter's absence in Salt Lake, attended to the injured men.

It is reported that the San Pedro depot will soon be removed from its present inconvenient site, a quarter of a mile from town, to the east end of the railroad yards. This should have been done several months ago, as its present location is a great hardship to merchants and residents here.

The U. T. C. company's men have the wires up to mile 28, west of Caliente.

ALTON DEAL.

Acquisition by Union Pacific May Change The Western Situation.

Chicago, Sept. 4.—Edward H. Harrison, as an individual, has succeeded in acquiring the Chicago & Alton on the Union Pacific Railroad company, which owns the Southern Pacific and other lines. It is said that the Union Pacific has agreed to guarantee 4 per cent upon all Alton preferred stock for a long term of years.

By the new acquisition the Union Pacific becomes a system containing more than 15,000 miles of road and having a total capitalization and funded debt of more than \$1,000,000,000. The first installment of the deal came several months ago, when Kuhn, Loeb & Co. asked for deposits of Alton common and preferred stock, stating that an offer had been received by another railway system to purchase the property.

The acquisition of the Alton, bringing the system into Chicago, may change the entire western railroad situation. The Union Pacific now enjoys a preferred contract with the south and northwestern roads, the former also having a Chicago Kansas City line. The Alton fits in well with the former Harbinger system, which consisted of the Southern Pacific, Union Pacific, including the Central Pacific, the Oregon Short Line and the Oregon Railroad & Navigation company.

WORK ON THATCHER BRANCH.

Track on Malad Valley Railroad Now Reaches Salt Creek.

Special Correspondence.

Garland, Sept. 4.—Work on the Thatcher branch of the Malad valley railroad is progressing nicely. Occasionally a train is seen pushing its way westward across the valley. The end of the track is near Salt Creek.
