Assault.

egden, June 25 .- According to the story told by Ora F. Page, a murderous assault was made upon him by Laurence Farse, both of Salt Lake City, yesterday afternoon on the mountals side in Ogden canyon. Page is a young man, while Farse is much older. It appears that Page a short time ago was keeping company with Farse's daughter, but the two broke up, however he remained on friendsly terms with the girl and her mother, and several times met Mrs. Farse and talked with her. This news reached her hus-band's ears, and being of a jealous disposition he called at Page's room in sait Lake and had a row with him, sait Lake and had a row with him, but after an explanation he appeared to be satisfied and left Page, apparently feeling all right. In order that no fur-ther trouble should ensue Page came to Ogden 10 days ago, and secured a job in the depot yards. Yesterday about noon he finished his work and was walking up town when he met Farse, who asked him to go up Ogden canyon for the afternoon, saying he would pay all the expenses. Page consented, and they drove up to the Hermitage, then took a walk up into the mountain. They had gone some distance and stood looking down at the road, when Page says he was struck a sudden blow on the back of the head, and fell forward down the mountain side. He did not realize what struck him, and rolled about 100 feet down into some brush, where he lay unconscious for he does not know how long. When he regain-ed consciousness he arose and looked around him, and saw Farse making for him out of the brush; realizing his position he ran down the mountain side, and says Farse followed him. As he ran down the road towards the Her-mitage he met Sheriff Sebring, to whom he related his experience, and The deceased was the first Sunday school superintendent of the ward. the sheriff took both men into custody the sheriff took both men into custody, and brought them to the county jail. Fage has a gash on the back of his head, and his face is scratched and bruised considerably. Farse declares he did not strike Page, but says Page attempted to assault him; he has only a slight cut on his hand. The affair be thoroughly investigated by the will be officers.
