

OHIO VISITORS
ENTERTAINED.Gov. Nash and Friends Welcomed
by Gov. Wells and Friends.

SEE ALL THE CITY SIGHTS.

Visit the Tabernacle, Hear the Organ,
and Go Out to Saltair on a Special
Train—Go East Tonight.

Governor George K. Nash of Ohio and his party of distinguished ladies and gentlemen from that state arrived in this city last evening and have today been entertained by a committee composed of Governor Wells, Senators Kearns and Hawkins, Congressman Sutherland and ex-Congressman King, Secretary of State Hammond, Mayor Thompson, Col. Dorsey, General Burton and Cannon, and Colonels Spencer, Smith, Clayton and Perry.

The party came in on their special over the Rio Grande Western at eight o'clock last evening and were met at the station by Gov. Wells, Senator Kearns, and General Burton. They came in twelve hours earlier than expected, and a wire from Governor Nash requested that no preparations be made for their reception at the station. Accordingly their arrival was known only to a few and it was thought that they would not leave the train until this morning to accommodate the party.

The ladies took those that were there and the remainder of the party, including Governor Nash, took the street car to the Knutsford. The evening was spent in conversation with the party, and the party retired early, some went to look up old friends.

The informal reception last evening and the absence of any program or entertainment was welcomed by Governor Nash and his friends, who had opportunity to rest and amuse themselves. The entire party was in the Knutsford tonight early this morning awaiting the arrival of the committee having in charge their entertainment for today.

Many Salt Lakeers who formerly claimed Ohio as their home were on hand this morning to welcome the visitors. The rout was crowded with visitors, full of good nature, laughing, and anxious to be pleased at everything, and Salt Lakeers anxious only that they might not give the visitors a sufficiently pleasant and happy time.

At nine o'clock the committee arrived at the hotel, where they were driven from the home of Gen. S. Burton and the visitors were quickly seated in carriages and taken to drive around the city. Governor Wells and Governor Nash led the party in a tour, followed in another by Senator Kearns and the Misses Desher, relatives of Governor Nash, and carriages containing the others of the party. The visitors were taken to Main street and shown the Z. C. M. L. Temple, Brigham Young monument, and the new Deseret News building. Then through the Eagle gate to the Brigham Young burial grounds and thence to the tower hill.

GOV. NASH INTERVIEWED.

While on the hill overlooking the city the party left their carriages for a few moments and the "News" reporter was given a brief talk by Governor Nash. The governor was in a very pleasant mood and was very responsive to the reporter's questions. He has a powerful and masterful looking face. He has a heavy jaw and dark eyes overshadowed by heavy black eyebrows. Notwithstanding his age he is most courteous and approachable. At present he is suffering from the effects of poisoning from fly in California and his face and arm look very bad.

"Your city is very beautiful," said he, "and I am enjoying my stay in Salt Lake. We have had a grand trip. We went to California and saw the southern route, and through the mountains to be at the launching of the battleship Ohio we have not neglected our pleasure but made our trip not one to be easily forgotten. We expect to make only one more stop before we reach home on Saturday. That will be at Denver. We have been away just three weeks, and though our visit has been short we have learned much that will be of interest to us and perhaps of great use. Our stay here has thus far been most agreeable."

The drive was resumed to C and South Temple streets, to Eighth East, thence to First South to State street and to the city and county building. The visitors expressed admiration for the fine edifice, and were surprised to learn that the materials used in its construction were mostly from Utah.

From the city and county building the visitors were driven to the tower hill to listen to the special organ recital.

THE ORGAN RECITAL.

The organ recital proved a source of great delight to the party. The program that Prof. McClellan rendered was among the happiest of his selections, and Prof. H. S. Goldard was accorded an ovation. He sang "Graham's Hymn," and evoked a demand for more nearly every individual joining in the applause. At last seeing that the audience would not cease its applause, he stepped to the front and stated that he had brought no other music with him and would be obliged to decline, however much he regretted it. The organ piece that elicited the greatest enthusiasm was that well known treasure of melody, the "Amen," the "Fourth Offering," by Wey, was also very much appreciated, and it called forth the great variety of tones that are in the instrument. The "Visions in a Dream," by Lumby was played beautifully, and likewise brought forth admiring applause. The program opened with the famous march from "The Nutcracker," and ended with the "Star Spangled Banner," and while it was being played the audience arose and sang the hymn, "God Save the King," and remained standing. It is estimated that about 2,000 persons were in attendance and excellent order was maintained throughout the recital. The organ made a deep impression on many of the visitors, who were heard

Stephen Hays has bought a piece of ground 125x165 feet facing north and west on Fourth South and Second East streets, of Joseph House, for a consideration of \$10,000.

At noon today Colonel T. G. Webster covered the bids for the remodeling of the front of the Z. C. M. L. Temple on the corner of 2nd and 3rd streets, and awarded to the Salt Lake Building & Manufacturing company, this firm being the lowest bidder. There was only one other estimate put in, it being on the part of Asper, Noy & Co. The bids were in the neighborhood of \$14,000. The work embraced in the contract covers the remodeling of the front of the building and putting in new and up-to-date plate glass, full length, show windows. The wooden columns supporting the ceiling on the ground floor of the store are also to be taken out and replaced with iron columns, and that there will be but half as many columns to take up space as heretofore. In addition the contract covers the putting down of a new floor in the ground and hardware departments and general household furnishings for the front of Salt Lake Building across the street, when the work is completed the Z. C. M. L. will be the most handsome store in the inter-mountain region.

To express warm admiration for the race excitement of its time.

After the organ recital at the Tabernacle, Governor Nash and Wells and their staffs were driven to the Alta club, where luncheon was served to them in the small banquet hall. The table was very handsomely decorated with pink carnations and snowballs. Owing to the shortness of time before the train left for Saltair the luncheon was served quickly and no speeches other than a brief one of welcome to the visitors by Gov. Wells and one in reply by Gov. Nash, could be permitted. Those who sat down to the luncheon were Governor Nash, Gen. C. M. Spencer, Col. H. B. Wines, Col. Geo. B. Donahy, Col. J. S. Burrows, Col. Melville (Gillett), Col. H. C. Ellison, Col. E. J. Bird, Lieut. Col. F. M. Hinkel and Charles Geo. W. Collier of Ohio, Governor Wells, Senator Kearns, General C. S. Burton, Col. Clayton, Col. Spencer, Col. Smith, and Col. Perry of Utah.

THIP TO SALT AIR.

After luncheon the party proceeded to a special train, which carried them to Saltair. The train was furnished by President Snow, who also, with members of his family, accompanied the visitors out to the resort.

SOME OF THE VISITORS.

Mr. and Mrs. F. H. Miller of Columbus, Ohio, who are in the city on business, were very much interested in the party. Mr. Miller is a great iron manufacturer of Ohio. He just recently put two new plants into operation in Columbus. "I hear you have great iron deposits in Utah and I am going to look into the matter. We have had a fine trip and I think you have a delightful city. I am not much on religion and don't care what a man may believe in but I think the pioneers to Salt Lake Valley must have been a very great people to build a city out of a desert."

Among the distinguished persons in Governor Nash's party are the following: Miss Helen Desher, a very beautiful young lady, is a relative of Governor Nash and at the launching of the battleship Ohio in America. Her sister, Miss Louise Desher, is also with the party.

Judge J. L. Burkett, who is one of the judges of the supreme court of Ohio, is one of the oldest lawyers in America. W. F. Brudell is a prominent banker of Columbus.

Nicholas Longworth is a member of the family of Longworths who have been known for many years to be one of the wealthiest families in Ohio. He is a member of the Ohio legislature. Mr. Longworth, J. D. Ellison, Willis G. Rowland and A. H. Hughes are in a private car called the "Lullabies" attached to the special and they have had an excellent time during the trip.

George W. Sieber, J. W. Dayes and others are prominent business men.

There are several newspapermen with the party. S. A. Flickinger of the Associated Press, Henry F. Faulkner of the Toledo Express and J. W. Faulkner of the Cincinnati Enquirer.

The wit of the party is J. B. Allen, who is having a great time keeping his department to himself out of the paper as "Home Sweet Home" is not agreeable when ill reports are received there. He says that he had to suppress a San Francisco mention of his name in a visit to Chinatown.

JARVIS IS THE WINNER.

St. George Boy Gets Appointment to West Point Cadetship.

Clarence S. Jarvis of St. George was the successful candidate for the West Point cadetship from Utah. There were fifteen young men entered the examination and young Jarvis, who lives at St. George, outdistanced them all by about 200 points. Out of a possible 600 points he received 584. His percentages on the different branches being: Spelling, 98; arithmetic, 97; grammar, 91; history, 90; geography, 90; reading, 91.

Clarence is a son of George P. Jarvis, who is in charge of the state experimental farm in Washington county. For the past two winters he has been attending the B. Y. Academy at Provo, Utah, and is a member of the academy.

Last evening after getting out of the examination room Clarence returned to Provo to resume his studies in the academy, expressing the opinion that he had been outclassed by the other young men. When the good word reached him this morning by letter from his uncle P. B. Woodbury, of this office, he was as surprised as he was delighted.

Clarence was not only up in the men's physical, but stood highest in the physical. He is 5 feet 11 1/2 inches high, and weighs 173 pounds. The doctors consider him a model of physical manhood.

BUSINESS AND REALTY.

The Draper Live Stock company has filed articles of incorporation with a capital stock of \$10,000 in the state.

The directors are Benjamin R. Meek, president; B. F. Fitzgerald, vice president; Peter C. Rasmussen, secretary; A. J. Nelson, treasurer; and Aurelius Fitzgerald.

EXTRACT.These Were the Conditions That
Obtained in Utah Last Week.

CEREAL CROPS LOOK WELL.

Sugar Beets are Doing Nicely—Lucern
Almost Ready to Cut—Grasshoppers
Bad in Sanpete County.Weekly crop bulletin, Salt Lake City,
Utah, May 21, 1901.

The week ended May 20th was unusually warm, the average daily excess of temperature being about 10 degrees. Light scattered showers fell the first of the week. Like the preceding week, the conditions were ideal for plant growth and all vegetation made rapid advancement. The water in the streams is very high and much irrigation was done. Wheat, barley and oats are in fine condition. Full sown dry farm wheat has begun to head in some localities. The first crop of lucern promises an average yield, and some of it is almost ready for cutting. Sugar beets are generally doing well, but some are ready for thinning in the vicinity of Ephraim, Sanpete county, grasshoppers are very numerous and are doing considerable damage to crops. Fruits are well set and prospect for a large yield continues excellent.

Correspondents' Remarks.

Garland, Boxelder Co.—Very warm all week. Full wheat and lucern made rapid growth. Dry farm grain is beginning to head. A. H. Gleason, Promontory, Boxelder Co.—A very warm week. Lucern is growing rapidly and from 8 to 14 inches high. T. G. Brown.

Tooele, Tooele Co.—The weather of the past week has been all that could be desired. Thunder showers on the 17th, 18th and 19th. Dry farm wheat is heading. Lucern is growing rapidly. Spring sown wheat is looking well. Early potatoes are up. I. J. Elkington, Levan, Juab county, Utah, has had a very good crop of lucern. Lucern has had a thorough soaking, which insures two good crops. Full wheat is very heavy and will soon need watering. An average fruit crop, with the exception of apricots—William Brown.

Hyrum, Cache Co.—Excellent growing weather. All crops are looking well. Fruit prospects are very good. The first crop of alfalfa will be heavy. The streams are lowering a little. W. C. Lind.

Cache, Cache Co.—Very warm all week and everything is growing rapidly. Some of the high land meadows are being irrigated. The Logan river is higher than it has been for years. J. W. Quayle.

Millville, Cache Co.—The week has been very warm. Crops are growing nicely. Sugar beets are looking well. Fruit prospects are very good. The first crop of alfalfa will be heavy. The streams are lowering a little. W. C. Lind.

North Ogden, Weber Co.—The week has been one of continuous sunshine. With excessive heat at times. Crops have continued to make rapid growth. No deficiency of moisture yet. The first crop of lucern is almost ready to cut. Fruit prospects are very good. Strawberries are setting on the vines. James Storey.

Utah, Weber Co.—The temperature of the week has been unusually high. The first crop of lucern will soon be ready to cut. Wheat, barley and oats look fine. Corn is all up and is being harvested. The first crop of alfalfa will be heavy. The streams are lowering a little. W. C. Lind.

Provo, Utah Co.—Light showers on the 15th and 16th. Crops are growing nicely. Early planted corn is up. Lucern is a foot high. I. C. Shaw.

Morgan, Morgan Co.—First crop of lucern is being harvested. Prospects good for a heavy crop. Strawberries and green peas are on our tables. Tomatoes are in blossom. J. G. Black.

Montpelier, Kane Co.—A favorable week for crop growth. Light rain on the 14th. R. Moncur.

CASE IS UNDER
ADVISEMENT.Juge Hall Now Considering Park
Will Contest.

"MARRIAGE" OR "SEALING."

Question That is Regarded as "Pivotal"
in the Case—Arguments of
Attorneys for Both Sides.Arguments in the Dr. Park will contest
case were concluded at 5 o'clock
yesterday afternoon and Judge Hall
took the case under advisement after
permitting the opposing counsel to submit
briefs. The pivotal point of the argu-
ments was whether the union which
took place between Dr. Park and Annie
Ambridge in 1872 was simply a
sealing for the next world or a marriage
meant to be binding both for
earthly relations and the hereafter.

The arguments were opened by Nathaniel V. Jones, Mrs. Hilton's attorney. He attempted to show that sealing, while it was a covenant for eternity, included the ordinary civil contract of marriage. Mr. Jones occupied fifty-five minutes in his argument and answering questions on sealing and marriage.

Judge Howat then took up the argument for the defense. He made the stand that marriage was a contract, and like other contracts must indicate a unity of parties and that the contract, in this case, was not a marriage, but a sealing for the next world.

Defective electric wiring was the cause of a fire at the Odd Fellows Hall on Market street yesterday afternoon, and but for the prompt action of the fire department the building would probably have been completely destroyed. The fire started between the roof and the ceiling and was just getting a good start when the firemen arrived and pumped 100 gallons of chemicals into the blaze. The loss is placed at \$300.

CENT A MEAL.
Economy in Food.

"Ease in getting a meal and economy, are two important things," a lady teacher says about the fully cooked grape-nuts. I started in on Grape-Nuts because I needed no preparation whatever, and I wanted a little lunch before going to bed, so I had cream and sugar ready and a package of Grape-Nuts. Pouring a little of the food into a saucer I treated it with good rich cream and a little sugar at times, usually it was sweet enough. I had a meal that satisfied hunger and I began to sleep at night. After a while I concluded to make my breakfast of Grape-Nuts and a little fruit rather than go to the boarding house. I found that I began to improve very rapidly in health, and my work became a pleasure.

I have made a most important discovery, that is that I can have a meal served at a cost of about one cent, that is the most nourishing meal that I have ever been able to find, delicious in taste and a real genuine 'food cure' for stomach and bowel troubles.

I have many friends using Grape-Nuts Food regularly. This lady lives at Grosbeck, Ohio. Name given
