Indian Depredations.

OMAHA, 29.—A citizen of this place just arrived from Custer City says on the night of the 19th that place was attacked by Indians who burned the ammunition house in the centre of the city, which in blowing up destroyed several. His party, numbering ninety-six, left at daylight next morning, and cannot give particulars. They buried John Schenck, of Yankton, who had been shot eight miles from Buffalo Gap, on the north side of the Platte, between Red Cloud and Sidney.

On the 17th the Indians attacked a miner's cabin at midnight at Rosebud, between Custer and Deadwood, and surprised and killed all the occupants, literally hacked them to pieces.

There are about 4,000 people in Custer and 200 houses. Nothing can be done on account of Indians. If a man goes a mile from camp alone he loses his scalp.

Crooked Stills Everywhere—Judgments Entered.

ST. LOUIS, 29.—Information from internal revenue supervisor Meyer, who is hunting up illicit stills in Bollinger Co., is to the effect that there are crooked stills on nearly every creek in the county, and several secreted in out of the way places in the woods, and considerable resistance has been offered to the government force when arrests are attempted.

In the U. S. District Court to-day the civil suits against distillers' bonds proceeded and judgments were entered in favor of the government against Alfred Bemis for $70,000, and Louis Tenscher for $50,000.

Fire—Failure.

The Mechanics Planing Mill, a co-operative concern, on Salisbury St., between Main and Second, in the northern part of the city, was burned to-night. Loss estimated at $25,000, insured $15,000.

An extensive grocery house, Jackson, Pfauts & Douglas, suspended this afternoon. Liabilities said to be $400,000, assets unknown.

Failures.

LOUISVILLE, 29.—Several provision firms failed to-day. The liabilities are large.

Meeting of Citizens, etc.

CHICAGO, 29.—At an adjourned meeting of the citizens and city officials this afternoon, resolutions were adopted recommending that an extension of one, two and three years be obtained on the outstanding city certificates, the city agreeing to pay seven per cent. interest. The sentiment of the meeting was in favor of paying the entire indebtedness represented by these certificates at the earliest possible moment, and in opposition to issuing any new certificates.

The city council to-night adopted resolutions of the same kind as were adopted at this p. m. by the citizens' meeting, pledging the city to redeem all the certificates issued, and declaring that no more certificates of the kind should be given out.

Reduced R. R. Fares.

The Lake Shore and Michigan Southern, the Michigan Central, and the Pittsburg and Fort Wayne railroads announce the following reduction on passenger rates to go into effect immediately—from Chicago to Boston $17, to New York $16, to Buffalo $12. The Fort Wayne also reduces rates to Philadelphia to $14.40.

Indian Attack—Miners Doing Well.

CHEYENNE, 29.—Captain Egan returned to Fort Laramie to-day after scouting the country from Laramie to Custer over the travelled road, and returning *via* the agency road. On Sago Creek he overhauled a band of six hundred Indians in the midst of an attack on Hecht's ox train, *en route* for the Hills. He succeeded in driving them off, they taking a northerly direction, the Captain says, with the intent of joining Sitting Bull. Egan says fully 1,000 young warriors have left the two agencies. A number of miners returned with Egan, among whom were Mr. Boughton, ex-Mayor of this city, who reports the northern mines to be paying well. About 3,000 miners are in that section.

The Senate Vote for Jurisdiction.

WASHINGTON, 29. — The Senate this evening, by 37 nays to 29 yeas, rejected the resolution of Paddock that Wm. W. Belknap, having ceased to be a civil officer of the United States, by reason of his resignation before proceedings of impeachment were commenced against him by the House of Representatives, the Senate cannot take jurisdiction in this case. It was then decided by the same vote that the said Belknap is amenable to trial by impeachment for acts done as Secretary of War, notwithstanding his resignation, and it was ordered that the respondent and managers on the part of the House of Representatives appear on Thursday next, at one o'clock, to hear the judgment of the Senate.

Killed by a Negro.

NEW ORLEANS, 29.—Three white men, McArdle, Graham and Dumonville, while sleeping in a camp in Beerville parish, were attacked by a negro, who killed McArdle and Graham and wounded Dumonville; the negro plundered the camp and fled.

The Indian Depredations.

MINNEAPOLIS, Minn., 29.—The *Tribune* this afternoon publishes a letter from Israel Haws, just arrived from the Black Hills. He corroborates the statements of the rumors in regard to the Indian scalping stories, and adds that they are not half as startling as the facts. He helped to bury persons killed by the Indians every day. He gives numerous instances of murderous atrocities committed by the redskins.

WESTERN.

China and Japan.

SAN FRANCISCO, 29.—The steamer *Gaelic*, from Hong Kong *via* Yokohama, has arrived with six hundred coolies.

Hong Kong, May 2, Shanghai, May 3.—Grosvenor and Baker were received by Yunnan with much ceremony. Several days were devoted to festivities. The sole work to be done was to overlook the reports of the proceedings already nearly completed by Chinese officials under Li Hung Chang.

Wade, the British minister, maintains at Peking an unfriendly attitude towards the Government.

Fifteen cities are reported in open rebellion in the province of Hupeh.

A Chinese domestic in Shanghai was sentenced to decapitation for rape of a little English girl.

The western army, under General Tso, is suffering repeated disasters; the central authorities are still powerless to send assistance.

A singular panic was produced in numerous cities by the cutting off the tails of great numbers of the populace. This evidently is the work of an organized band, which, mixing in crowds at night, find no difficulty in performing the operation. The low class of Chinese, however, attribute it to supernatural agency. The real purpose is unknown. Some believe it to have a political bearing, others to be merely a device of ingenious speculators in human hair on a large scale. The effect is becoming serious with the ignorant part of the community.

The pirates of the steamship *Pelican* have been arrested and $12,000 of the $25,000 plunder recovered.

The case of the German ship *Anna* will probably be settled without violence. The Chinese government has yielded to two of the three demands of the German minister, and inflicted punishment by execution of the pirates, degrading the mandarins in the vicinity of the place where the seizure and murders occurred, and burning down two villages where the plunder was carried and concealed. The third demand related to indemnity.

Yokohama, May 11.—A Chinese consulate is to be established in London.

The streets of the ancient capital Kioto were lighted with gas for the first time this month.

There was a small volcanic eruption at the end of April at Hot Springs, Simabara, south part of Japan.

Du Bousquet, French attache at Genro, is married to-day to a daughter of the former Daimio, Kuroda, the first instance of an alliance between foreign and Japanese of the higher class.

Attention is directed to American missionary preaching in the interior, in defiance of government prohibition.

The Takasima coal mine, near Nagasaki, is now yielding an average of seven hundred tons daily.

FOREIGN.

GREAT BRITAIN.

Escape of Prisoners.

LONDON, 29.—Two men, John and James Young, in jail here under sentence of death for the murder of Mr. McDonald, tried to remove their shackles yesterday morning, and attacked the jailor with them, leaving him dead. They took the keys from him and escaped.

Winslow to be Surrendered—Grave Situation in the East.

Replies to inquiries made in the lobby of the House of Commons show that the Government doubtless intends to surrender Winslow, and the only difficulty is to find the means of doing so gracefully. Members of Parliament of all parties agree as to the justness of the surrender.

The Marquis of Hartington, in a speech at the laying of the foundation of the new city Liberal Clubhouse, stated that the situation of foreign relations in the East was grave. Granville said he believed that there was some unnecessary alarm about the immediate future. Still the Government had to deal with a state of things requiring the anxious consideration of the statesmen of Europe.

FRANCE.

Declared Void.

VERSAILLES, 29.—The deputies to-day, by 288 to 198, declared null and void the election of Prince Lucien, cousin of the Compte de Chambord, because he forfeited his nationality by serving in the Austrian army.

TURKEY.

Turkish Squadron.

CONSTANTINOPLE, 29.—The Turkish squadron is about to sail from the Grecian Archipelago for evolutions.

The Magazine Business.

The periodical wrecks of the past forty years would make a long and melancholy list, and one sufficiently discouraging to prevent new enterprises of the same sort. Even since the end of the war as many as twenty new magazines have expired here, in Boston, Chicago, San Francisco and other cities. They cannot succeed save in the largest centres, and it is highly probable that in less than a decade hence not an American magazine will be published outside of New York.

Very few persons who have not had the experience understand how hard it is to make a magazine pay. It must depend almost entirely on circulation; and unless that be considerably over 30,000 it is not a desirable investment. Advertising by means of fly-leaves—quite common in Great Britain—is not much in vogue on this side of the sea, and is not to be got without difficulty or to any large extent.

Men seem to have the same infatuation about magazines that they have about newspapers. Notwithstanding the ever-recurring failures, each man thinks he has a peculiar talent for doing what others can not do, and will not be convinced of his mistake until he has lost a certain amount of money. Less of money takes the conceit out of the most conceited. But every man must lose his own money in order to be made wise.

Within twenty years not less than fifty periodicals of divers kinds have died in the United States, and the capital sunk in them would probably reach several hundred thousand dollars, independent of the unpaid debts contracted, which would be nearly as much more. In the face of all this, hardly a twelvemonth passes that two or three magazines are not started on the seaboard and in the interior, only to give up the financial ghost after a few issues. It is folly enough to undertake them in the great cities; in the second-rate towns it is madness personified.

The argument in favor of new home periodicals is often drawn from the fact that Great Britain has many more than we have, and that we are quite as able to support them. If we were quite as able, which we are not, we are not so willing, for Americans have, or take, far less leisure than the Old World denizens, and such leisure as they have they bestow upon newspapers rather than upon magazines. Our daily journals give us a variety to which the European dailies are strangers, and which must be sought in the periodical press. On this account, and on account of the larger leisure, arises the number of transatlantic weeklies, fortnightlies, monthlies and quarterlies. The privileged and secure classes mainly support periodical literature, and we have no such classes, nearly everybody here being engaged in some kind of business.—*New York Correspondence St. Louis Globe-Democrat.*
