Liao Yang, Aug. 27.-Gen, Kurokt has joined forces with Gen. Oku in an attempt to cut the Russian line between Anshanshan and Lian Dian Sian The battle of Aug. 25 raged along the eastern front. A strong Japanese force attacked the Russian positions at Miao pass, 11 miles east of Anshanshan, and at Sandiati and Tzgon, 12 miles northeast of Lian Dian Sian. Nine batterles of six guns each bombarded the Russian outposts. At these points the combat repeatedly developed into handto-hand fighting. The Russians stubbornly held the outposts the whole day, falling back on their main position at night. The chief artillery engagement was in front of Lian Dian Sian, the Japanese concentrating the fire of 10 batteries and simultaneously advancing on Torintspu, four miles southwest of Lian Dian Sian, but they were arrested by Cossacks, who were afterwards renforced by infantry and attillers'

Hon. Lafe Pence, former congressman from Colorado and formerly known as "Silver-tongued orator of Colorado," but now a resident of the state the of Idaho, is wanted in this city upon the charge of obtaining money under false pretenses. A complaint was issued this morning by County Atty. J. J. Whitaker, at the request of Don H. Porter, proprietor of the Kenyon hotel, making the charge against Mr. Pence, who is now in Portland, Or., attending the American Mining congress, and the matter will be laid before Gov. Wells this afternoon and a request made for requisition papers so that Pence may

be brought back here for trial. The complaint charges that on July 13. Mr. Pence presented a sight draft on the bank at Lewiston, Idaho, for \$9, which Mr. Porter cashed for him. The draft was returned marked "no funds" and then steps were taken towards prosecuting Pence for obtaining money under false pretenses. County Atty. Whitaker telegraphed to the Idaho bank last night asking if one of its men would come here to testify in the case should a complaint be issued against the offender. A reply was received stating that a man would be sent here upon a week's notice should the case be instituted. So if Gov. Wells decides to issue requisition papers the erstwhile politician from Idaho will be brought back here for trial. The complaint was sworn to by Samuel Porter, son of the proprietor of the Kenyon, and a warrant of arrest was issued by Judge Diehl. Mr. Pence recently came into prom inence, particularly in the west, by reason of his fight in the Mining congress in support of Denver as the permanent home of the congress. During his speech he took occasion to make some insinuating remarks which reflected upon the womanhood of the ladies of Salt Lake. He was immediately called down by Judge Powers, Harry Joseph, Prof. Talmage and other Salt Lake delegates and a very exciting time ensued in the convention. Following is a complete copy of the complaint against Mr. Pence:

Employe of Wilson Hotel Comes to Grief-Man's Pocket Picked.

This afternoon the detectives of the police department arrested Arthur Stevens, an employe of the Wilson hotel, charged with having stolen a ladies' watch from one of the rooms there. The theft occurred a day or two ago, and when Stevens was charged with it, he laid the blame on Clyde Felt, the elevator boy. Felt, however, told such a straight story to the police that they concluded he had nothing to do with it; hence Stevens' arrest. When confronted with the charge the second time, he confessed to having stolen the watch and pawned it. It was later recovered and the thief is now in dur-

BIG LEGISLATIVE FIGHT COMING.

Thus Far but Seven Out of the Entire Legislature Have Been Named---General Political News.

The question of the Tribune's bolting or not bolting the Republican ticket was squarely met at an informal meeting of Republican leaders this morning, and the conclusion reached that if it did so there would be a new party organ in the field with as little delay as possible. And that delay will not extend over a very great period. For, as Ex-Congressman Sutherland, who aspires to the seat in the senate now occupled by Senator Kearns, the owner and publisher of the Tribune, said: "The money is at hand; and if it wasn't it could very easily be raised by popular subscription. We don't know yet just what will be done. The plans have not yet been worked out and the editor has not been selected. All we know is that if the bolt comes the new paper will come. The truth is there are a good many Republicans who would welcome it. There are telegraphic services to be had alright; and if there were not it could be made to succeed as a purely ocal paper, and will be if necessary." Mr. Sutherland did not say who the men were who had determined upon the course outlined in his interview, but they are said to include some of the they are said to include some of the wealthiest men of the party, some of whom believe it would be a good move-whether the Tribune breaks away from the convention's work or not. But with the knowledge of the

propsed new journalistic venture to contend with it is argued that the Tribune people will think twice and then probably fall into line of the thought it would either do that or bolt this morning. It came nearer doing the latter. Editorially it was again silent but in its local columns there were nus evidences of sore spots and dissatisfaction. Those who waited for the editorial keynote now think it will be ounded tomorrow morning when ther will have been more time to ponder over the results of the convention and clude upon a policy. THE LEGISLATURE.

Already there are signs of the tremendous struggle that is coming for the control of the Legislature. A few of the counties have held their conventions and nominated their tickets, but only a few. Just seven nominee have been named. They are Carroll of Kane for the house; Orville Thomp-son of Millard for the house; James P. Curtin of Carbon for the house; Peter llegg of Tooele for the house and Messrs. Johnson and Christensen Sanpete for the house and T. C. Callister of Fillmore for the senate from Millard and Juab counties. The Sutherland people are claiming all but one or two of these at most. One of the doubtful men is Clegg of Tooele. The Legislature is comprised of 63 mem bers, so it will be seen that there are a great many nominations to yet make. Several conventions are scheduled to be held within the next week or two and it will not be long before they will all be over with. Meanwhile the eyes of the senatorial aspirants are upor them with a view to the selection of men favorable to their own candidacies, HOLD-OVER SENATORS.

In this connection it is interesting to note who the hold-over senators are. An examination of the Legislative recrd shows them to be: Second District-Alonzo G. Barber,

Cache: Democrat. Fourth District-David McKay, We-Republican, Fifth District-William N. Williams, Republican, and Simon Bamberger, Democrat.

Seventh District-Henry Gardner and E. Loose, Utah county, both Republicans. Ninth District-C. P. Larsen, San-

Twelfth District-Harden Bennion Uintah; Democrat. This makes nine hold-over senators. Three are Democrats and six are Republicans.
