

## MORE LIBERTY FOR RUSSIAN PEOPLE.

Project Formulated to Grant Them Right of Assembly for Discussing Political Questions.

## NOT WITHOUT LIMITATIONS.

Special Sanction for Meetings Not Required, but Three Days' Notice Must Be Given.

St. Petersburg, Sept. 22, 3:10 a.m.—A project for granting the Russian people under certain limitations, the right of assembly for the discussion of political and economic questions—a reform second in importance only to the convocation of the representative assembly, which was elaborated by a commission under the presidency of Count Ignatow, is now practically completed, and after a final review by the State Commission on Saturday will be immediately laid before Emperor Nicholas. Its promulgation is definitely expected early next week.

Though coupled with a number of restrictions designed to give the authorities oversight of proceedings, the bill to prevent discussion of treasonable or seditionist subjects, the reform will mark a great constitutional development in the people hitherto having had no general right of assembly except at meetings of authorized societies. The privilege granted by the emperor's rescript of March 3 permitting meetings for discussion of political questions was not a popular measure and was withdrawn when the national assembly recess was issued.

The proposed regulations, however, are required to give three days' notice of a meeting and its purpose. Special sanction is given to the demand that the names and addresses of all the speakers and the assembly may be closed if the speakers deviate from the announced program, or in case of disorder.

The second leading article of the bill of rights demanded by the reformers will make popular representation truly successful. This requires that the freedom of the press, and will probably not take the form of a bill at this juncture, as the government wishes to submit the matter to the national assembly for consideration. It is understood, however, that an informal agreement will be soon made to the effect that the enforcement of the press laws will be relaxed during the campaign so as to permit full discussion of measures and candidates. It is also understood that after Jan. 1, no representatives of the press will be admitted to the sessions of the council of the empire so that publicity may be given to the proceedings of the upper house of the

## CUBA OFFERS APOLOGY TO THE UNITED STATES

Washington, Sept. 21.—Mr. Quesada, the Cuban minister, this morning personally handed to the acting secretary of state a copy of the following cable message received from Senor O'Farrell, secretary of state of Cuba:

"This morning the coat of arms of the United States consulate at Cienfuegos appeared defiled. Expecting to the secretary of state how deeply the government deplored this occurrence, which must not be interpreted as a demonstration of hostility on the part of the Cuban people towards the American people, but as an isolated act due to a criminal hand to the end of creating difficulties to the government. An immediate and complete investigation has been made to punish the author of such repugnant action."

The Cuban government also has apologized to Charge d'Affaires Sloper at Havana.

## Anti-Tammany Fusionists.

New York, Sept. 21.—The fusion committee, with representatives from both the Anti-Tammany political organization, with the exception of the Citizens' union, met again tonight, but adjourned until Monday next without reaching an agreement on candidates.

The fusionists today sent a letter to the Citizens' union inviting it again to join the Anti-Tammany movement. A reply was received from the Citizens' union that going to the late hour the invitation was received and because such action could not be taken without further authorization, it would be impossible for the Citizens' union delegates to join in the conference tonight. It is believed the Citizens' union will again be a part of the fusion forces.

Justice William G. Taylor of Brooklyn has positively and finally refused to allow the use of his name as a candidate for mayor.

BIG JEWELRY THIEF.

Ten Thousand Dollars' Worth Stolen from Jeweler.

San Francisco, Sept. 21.—F. H. McConnell, a bookseller at 44 Post street, this morning, as usual, sent his clerk to the safe deposit vaults where he deposited his valuables over night. When the clerk returned with the box containing about \$10,000 worth of gold and jewelry it was placed under the counter. At few minutes later it was gone, and nothing to the thief has yet been discovered.

McConnell occupies part of the real estate office of Hooker & Lantz. He is a bachelor, and his assistant, F. A. Leonard, has for 10 years past brought his boxes from the safe deposit vaults and put them under the counter where they remained until McConnell arranged the goods in his window. Leonard, who is an elderly man, left the building for a short time this morning and during his absence a collector for the real estate firm who was in the place says that a well-dressed stranger entered and asked for a renting list. He looked at the list, but did not take it with him. When Leonard returned the box with its valuable contents was gone.

**THE REAL QUESTION.**  
The real question of disease is "Can I be cured?" If you or anyone else to you is using strong acids, emetics and cathartics, if you are wise you will not spend time trying to figure out just what name to call the disease by.

It is almost impossible to draw the line where debility and weakness merge into consumption. Your trouble may not be consumption today, but you don't know what it may become tomorrow. Hundreds of people have been restored to robust health by the famous "Golden Medical Discovery" after reputable physicians had pronounced them consumptive beyond hope.

The important point is that they were hopelessly ill but this matchless "Discovery" restored and saved them.

"I was not able to do hardly any work at all," says Mrs. Jennie Dugman of Vanburen, Ark., in a most interesting letter to Dr. Pierce. "I was in bed all day and back, and had headaches all the time. I tried your medicine and it helped me. Last Friday I took a walk; I got so bad I had to be in bed all the time."

"My husband thought I had consumption. He was a doctor, but I told him it was not consumption. We thought we would try Dr. Pierce's Golden Medical Discovery and before I had him an expert in chronic diseases.

Consumption causes and aggravates many serious diseases. It is thoroughly cured by Dr. Pierce's Pleasant Pellets.

## EXPLORING EXPEDITION TO DESERT OF SAHARA

Baron de Forest Undertakes One Osten-sibly for Hunting, but it is Supported by British Government.

New York, Sept. 22.—According to the Herald's Tangier correspondent, a passenger on board the steam yacht Honor, who is well acquainted with the plans of Baron de Forest, is authority for the statement that under pretext of a mere hunting trip the baron has prepared an armed exploring expedition to the desert of Sahara with the support of the British government.

## AMERICA'S GOOD STANDING IMPAIRED

Due to Failure of Americans to Build the Chinese Railroad, Says Ex-Minister Conger.

## MAKE VERY SERIOUS MISTAKE.

Relinquishment of Concession Utterly Defenseless—Has Done More Harm Than the Boycott.

Des Moines, Iowa, Sept. 21.—In an address before the Grand club tonight, former Minister to China Edwin H. Conger said that in the failure of Americans to build the Chinese railway faith had been broken with China and America's good standing with the Chinese seriously impaired.

"We are not able to do hardly any work at all," says Mrs. Jennie Dugman of Vanburen, Ark., in a most interesting letter to Dr. Pierce. "I was in bed all day and back, and had headaches all the time. question is likewise false. In due time I shall prepare and publish a full statement concerning the charges of the governor, which I am sure will convince the public that all of the statements are absolutely false. I will also show that other charges he made in those statements were made to interest me and leave a false impression regarding my conduct.

"When we were granted the concession, personally I made representations to the Chinese that the railroad would be built by Americans who got the concession, assured them on my honor that it was not intended for the purpose of exploitation, and that it cannot be sold or relinquished. Now, however, it has been, and the business men of China feel that they have a right to look upon future business propositions from Americans with suspicion.

"The relinquishment of the concession is utterly defenseless, it seems to me, after the representations which we made to the Chinese. It is vastly more harmful to this nation than the boycott concerning which so much has been said and written."

## CHAPELLE'S SUCCESSOR.

Probably it Will be Bishop Stang Of Fall River.

New York, Sept. 21.—The World this morning said that Bishop Stang of Fall River, Mass., will probably be the successor of the late Archbishop Chapeau in New Orleans. It adds:

"Dr. Stang is regarded as the most available candidate for the vacant see. He speaks fluently English, German and French, and for this reason would be well qualified to fill the vacated见 of the archdiocese of New Orleans. He has been most favorably recommended by influential Catholic ecclesiastics."

Bishop Stang was for many years rector of the cathedral at Providence, R. I., and later became vice rector of the American college at Louvain. From this he was promoted to the new see of Fall River.

He has for many years been prominently identified with the work of Catholic education and of church extension in the eastern states.

He is the author of several books in English on pastoral theology, scripture and religious controversy.

Japanese Seize British Bark.

Victoria, B. C., Sept. 21.—An Ottawa special says:

"The owners of the Victoria, B. C., barkante Antelope have wired the state department asking it to intervene in their behalf. They state their vessel was seized by Japanese pirates while en route to China, and signed to Nicobaras with a cargo of salt for fish curing. She was taken off Sathlakhan on the charge of carrying contraband food stuffs, and taken to Hakodate for trial. The secretary of state has reported the case to the British authorities. The owners protest that the vessel had no contraband.

Among those who have been cured are:
