LOCAL AND OTHER MATTERS.

MEETINGS AT THE TABERNACLE TO-MORROW
at 11 and 2 o'clock.

THE MEETING at the Thirtieth Ward
Assembly Rooms to-morrow evening com-
mences at seven o'clock instead of six.

THEATRE.—The entertainment at the the-
atre last night passed off well. At the close
of the performance of "Pine Gold," the
beneficiaries, Mr. Thorne, was called before
the curtain. He thanked the audience for
their presence, and expressed his gratifica-
tion that his efforts to entertain the public
were appreciated. The recitation, by Mr.
Dudley, and the song, by Miss Susan Spence,
were well received. The dancing of
Master Willie Clawson and his tutor was
especially good, the spirited execution of
the various steps and the perfect control of
his partner, Mr. Williams, for the pro-
ficiency of his youthful pupil.
To-night the sensational drama, "Under
the Gallies," will be presented. This will
be the closing performance of the season.

SURGICAL OPERATION.—Mr. John M.
Neall informs us that on Wednesday last
at Mr. Gilman's residence in this city, Dr.
Hamilton, assisted by Dr. Nelson, very
successfully took from the side of Mr.
Gilman a large tumor. The patient is do-
ing well and expects to be about his duties
in a day or two.

GETTING HUNGER.—Since the resumption of
freight arrivals from the east, business has
brightened considerably. The stores are getting
to be well filled with goods, and are better
filled with customers than for the past two months.
As a natural consequence people generally feel
better.

THE WEATHER is beautiful, clear and pleas-
ant, and were it not for the atmospheric
uncertainty of this region, one would be led to
predict an open and delightful spring.

IN TOWN.—Mr. James Heath, representing the
firm of M. Martin & Co., importers and whole-
sale dealers in wines and liquors, 48 Front
street, San Francisco, is in town, where he
expects to remain a short time to call upon
business men in this city. This firm is a reli-
able one, and its members are gentlemen in
every sense of the word. We sincerely hope
that the recipient of many courtesies from
them.

THAT ROBBERY.—The man mentioned
in yesterday's News as having been arrested
for robbing another man at the depot
was held in \$500 to appear before the Dis-
trict Court. His name is James Langley.
It appears that he entered a car and asked
a man named Luther M. Hammond, who
was partially intoxicated, if he would
change a ten dollar bill. Hammond took
out his pocket book for the purpose of
complying, when Langley snatched it from
him and made off. The alarm was given,
however, and the thief was caught and ar-
rested by Mr. E. Cox. The pocketbook
contained \$150.10.

COMING ON.—Employment for mecha-
nics has been rather scarce for some time
past. The building season will, however,
soon commence. Last season the amount
of building and other improvements in the
city were greatly ahead of those of any pre-
vious one, and the probability is that the
approaching season will be proportionately
ahead of the last.

Utah has a solid agricultural foundation,
and it therefore can be reasonably expected
that her progress will not only be rapid,
but substantial.

BAPTIST SERVICE.—We are requested to
publish the following announcement:
Rev. Sewall Brown (Baptist) will preach
in Independence Hall, to-morrow (Sun-
day) at eleven o'clock a.m. and at half-past
two p.m. All are cordially invited.

THE "Utah Pomologist and Gardener"
for February has arrived. The editor
would "like to see our legislature pass a
no fence law for Utah."

"Dixie" matters are thus repre-
sented:
Weather sunny and delightful, mercury
70° in the day, a little frost at night.
Lucerne can be cut five times in a
season, will yield about 10 tons per acre.
Some kind of uniform water measure-
ment should be adopted.
The lower is going up on the new
laterns.
No snow at Piocha, Pine valley, or
Kanab.
Almond trees showing the color of their
bloom.

The Trains.

ORDERS, 2.—The passenger trains from the
east continue to arrive daily, usually
from one to two hours behind time.
The train due to-night is very late, being re-
ported 15 hours or more behind regular
time. Extra freight trains arrive from the
east every day in addition to the regular
trains, and the C. P. R. company have been
compelled to send out extra trains over
their road, in order to keep up with the
traffic. The U. C. O. also have four freight
trains daily, bringing large quantities of
one and half ton coal from Salt Lake and
the south, for the east and west.

PROSPECTIVE.—The season for plowing
and sowing is approaching and our sturdy
farmers will soon be putting in their spring
grain. The present prospects for the next
harvest being a plentiful one are good, and
we have no reason to doubt that they will
live in that direction should do what they
can to produce an abundance of the "staff
of life," also a liberal supply of the more
desirable articles.

WILL LIKELY GO AHEAD.—If the
process of the mining interests of the Terri-
tory do not continue to be impeded by a
shortsighted, maddening and bigoted ju-
diciary, those interests will, doubtless, be
speedily and gratifyingly developed. It
seems to be the desire of all sane people
to have the inextricable judicial chaos
that has been brought about under the Mc-
Kean administration cleared away. If the
desires of such be accomplished, the prob-
ability is that a time of business prosper-
ity before long, unparalleled in the history of
the Territory. Capitalists and others inter-
ested in mining and other business matters
of Utah have been chafing under the im-
pediments and obstructions which have been
placed in business channels by the extra-
judicial course of the one sided judges and
others of that ilk.

ANOTHER MURDERER RETURNED.—
Elder Gabriel Hunsman, of Fillmore, was
dropped in this morning. He got back
from a mission to the east last night. He
visited Iowa, Illinois, Ohio and Indiana.
In the latter States he held several
public meetings. He was everywhere
favorably received. Several with whom he
conversed were ready for baptism, but on
account of the severity of the weather, he being
about two feet thick, they concluded to
wait until a more favorable season. Brother
Hunsman will leave for Fillmore, by
stage, on Monday.

HUNTERS.—This morning a soldier hav-
ing a six-mile team and a wagon loaded
with coal, and who was evidently on his
way from the Utah Central depot to Camp
Douglas, being helplessly drunk, lost his
way. He drove his team into Mr. Stand-
ish's farm, at the rear of Walker Brothers,
at the upper end of which he came to a fall.
The animal, which commenced to kick
and plunge in such a manner that had the
faller not been dragged out he would have
been seriously injured, if not killed. As he
was unable to stand, the boys handled him,
neck and heels, into the wagon, turned the
animal and wagon round and got them out
of the yard.
