NEW YORK, 1.—Inspector Byrne's staff to-day received warrants for the arrest of a large number of men for illegal registration. They will be executed to-morrow when the men present themselves at the polling places. An investigation made at the instance of the District Attorney, showed that there were many instances of colonizing voters, principally in the lower wards of the city. All sorts of names were assumed by the offenders, such as "Tim Buam" and "Jack Buster."

CAMDEN, N. J., 1.—Blaine addressed an audience of five thousand people in the City Armory to-night, while two thousand people were unable to gain admittance. His address was confined wholly to the discussion of the tariff and the Southern question.

NEW ORLEANS, 1.—The *Times-Democrat's* Natchez, Miss., special says that John R. Lynch (colored) has announced himself as a candidate for Congress from the Sixth District.

MINNEAPOLIS, 1.—Detectives Quinlan and King arrested, last night, Jas. Hindle, alias McDonald, the notorious counterfeiter and crook who has been passing and disposing of in various ways for the past two weeks, in this city, finely counterfeited silver dollars. This spurious coin is nearly a counterpart of the genuine, the only difference being that it is a trifle lighter. Some \$11,000 of this stuff was found concealed in a cave near Cedar Lake. Hindle confessed to the detectives last night that the stuff is made by a well organized gang, located near Omaha. Hindle has served a term in the Wabash Pen for safe-blowing. He also confesses that a gang has been organized to burglarize several of the prominent banks and business houses in St. Paul and Minneapolis to-morrow night. Hindle is about 35 years old, six feet tall, weighs 180 pounds, light complexion and good looking. Other arrests may follow.

NEW YORK, 1.—An old feud between Joseph Ott, a German waiter, and Charles Babbitt, the first chief of the Astor House, was revived to-night, when the men met in the kitchen, whither Ott had gone to fill a guest's order. After some words Ott drew a pistol and fired two shots at the chief. Both bullets entered the side of the man, who fell to the floor. Ott, imagining he had completed his work, fled from the building. He was dressed in his claw-hammer coat, and in his hasty flight went off hatless. An hour later, while the police, who had been notified of his act by general alarm, were searching for him, a citizen found his dead body in a cellar in Park Place, two blocks away. He had sent a bullet in his head and killed himself instantly. Babbitt is shot in the right side, but the wounds are not looked upon as dangerous.

GALVESTON, Texas, 1.—A special to the *News* from Shepherd, Texas, says: A mail carrier from Bod Springs who arrived here this evening brings the information that last night a mob overpowered the guard about Hewey, who killed young Sam Day ten days ago, seized the murderer and hung him to a tree a short distance from the village. Hewey was a mulatto. He shot Day because he thought the latter was cheating him out of four pounds of cotton. Day's father is a wealthy planter. The murderer had been run down by bloodhounds and was being brought to Shepherd when the mob overtook him.

## NEW YORK.

NEW YORK, 2, 11 a.m.—The weather to-day is clear and not a cloud is to be seen. Magnificent weather is reported from all parts of the State. In this city a large vote is being polled and excitement around the voting places seems as great as in 1884. The George men claim that in the district extending along North River from the Battery to Canal Street, they will receive almost every vote. It is conceded that in many sections of the city the George vote will be large, but in other sections this will be offset by other votes. In many Harlem districts there are no George tickets to be found at the polls. In that portion of the city known as "Brown Stone Front District," George will get few votes, as it is admitted on all sides that the result depends on the number of votes George is able to draw from the Democrats.

At the Central Labor Union headquarters to-day, there was great activity from an early hour this morning. The manager spoke confidently of the success of the George ticket. From an early hour Henry George, Rev. Dr. McGlynn, Rev. Dr. Kramer and T. V. Powderly drove around to the polls in a carriage. Dr. McGlynn said he was delighted at the strength which the George vote had developed, and he was sanguine that the labor candidate would be the next mayor. Mr. George seemed to be jubilant. At Tammany Hall, it is said, everything looked well for the success of the entire Democratic ticket. From the 23rd Assembly district, word came that the united Democrats were holding their own, and the same was the case in the Twentieth district. It was said that it looked very much as if George was running ahead of Roosevelt, but that there was no fear of his equaling Hewitt's vote. In the east and west districts George was polling a heavier vote than was expected, but these were districts principally inhabited by the laboring classes. Reports received at

Irving Hall headquarters professed a big success for the George and Mooney ticket. At the headquarters of the County Democracy, it was estimated that George would only poll 45,000 to 50,000 votes, and that Roosevelt would be behind George as at Roosevelt's headquarters in the Fifth Avenue Hotel.

Ellis Root, chairman of the Republican county committee, gave instructions to the special committee of 20 of Republican clubs, who then scattered over the city to see how things were going on. By 11 o'clock Root had heard from most of these gentlemen and he said from all the reports received, Roosevelt was receiving hearty support from the party all through the city. Root admitted that from two assembly districts he had received dispatches, stating that parts of the ticket were being sold out, and in a number of these districts, he asserted, would this work affect Roosevelt. Reports have also been received that George is polling a heavy vote, and as this is said to be coming almost entirely from the Democrats, the feeling at the Republican headquarters is hopeful. The people there are very bappy over the fine weather, and Roosevelt, who came down early, is confident. Roosevelt spent an hour or more answering messages of good cheer which he had received. One of them was from ex-President Arthur.

At the Democratic State committee headquarters at the Hoffman House, nothing has been received up to noon from the interior of the State. The few who were present were confident that Peckham was elected. All reports received up to noon in the city indicated that Hewitt for Mayor was running ahead of his ticket. The Democrats are certain of his election.

## SOUTH CAROLINA.

CHARLSTON, S. C., 2.—The weather is fine. Voting is light and quiet everywhere.

## TENNESSEE.

CHATTANOOGA, Tenn., 2.—The weather is hazy with prospects of a light day. A full vote is being polled, party tickets generally.

MEMPHIS, Tenn., 2.—The weather is clear and the election is passing off quietly with indications that a full average vote will be polled. The chief interest is centered in the contest between James Phelan, Democrat, and Zack Taylor, Republican, candidates for Congress. Taylor is the present incumbent. Phelan was nominated by the Democrats in opposition to the preference of U. S. Senator Isham G. Harris, hence great interest is manifested. He is quite young, and the proprietor of the Memphis *Avalanche*. The vote will be close, but the indications now point to his election.

## VIRGINIA.

RICHMOND, Va., 2.—The weather is clear and very pleasant. Voting at all the precincts in the city is steady. More than one-half the city vote was polled before noon. Everything is moving quietly. Reports from other points in the State indicate the same condition.

## ALABAMA.

MOBILE, Ala., 2.—The weather is remarkably clear. Voting is very slow. There is no opposition and little interest manifested.

## PENNSYLVANIA.

PHILADELPHIA, 2.—The weather here to-day is all that could be desired. The same report comes from all parts of the State, and with a beautiful, clear sky and warm sunshine, a very heavy vote is being polled.

## CALIFORNIA.

SAN FRANCISCO, 2.—Weather clear and cool. The elections are proceeding quietly. A heavy vote is being polled. The American ticket is cutting a considerable figure in the vote of this city. It was supposed at first that the American vote would only be drawn from the Republican party, but it is now known that it is drawing from both sides. There are seven State tickets in the field, which causes heavy scratching. The vote in the city and throughout the State will be very close.

## NEVADA.

VIRGINIA, Nev., 2.—The weather is clear and warm. A heavy vote is being polled. The main contest is over the governorship. The Democrats are not united over their candidate, and heavy scratching is going on.

## NORTH CAROLINA.

RALEIGH, N. C., 2.—The weather is fair and warm all over the state. The vote will probably be larger than was anticipated.

## IOWA.

DES MOINES, 2.—Twenty-seven precincts give Jackson, Rep., for Secretary of State, 2,778; Sells, Dem., 2,331.

The *State Register* at midnight, on the returns so far received, estimates the Republican majority on the State ticket at 8,500. Its returns indicate the election of Gear (Rep.) for Congress, in the First District, by 300, and the election of Hayes (Dem.) in the Second District, by 1,000 plurality, the election of Henderson (Rep.) in the Third, Tully (Rep.) in the Fourth and Kier (Rep.) in the Fifth seem to be beyond doubt. The Sixth District is close, with the indications in favor of Donnell (Rep.) In the Seventh, Conger (Rep.) has 1,500 majority; the Eighth District is close and uncertain.

The *Register* claims the election of Lyman (Rep.) in the Ninth, Holmes (Rep.) in the Tenth and Struble in the Eleventh.

The Republican State Committee's figures are about the same as the *Register's*. The Democratic State Committee has furnished the following statement for the Associated Press:

"At midnight our returns are very meagre; 30 precincts show net Democratic gains of 276. The same ratio will carry the State by 6,000 to 8,000 for the Democrats. We claim the election of Weaver, Hays and Hall. We have nothing from the Ninth or Fifth. In the Eighth Anderson is making tremendous gains, and the reports indicate his election."

(Signed) "ALEX. CHARLES, Secretary."

Eighty precincts give Jackson (Rep.) for Secretary of State, 10,410; Sells, (Dem.) 9,136.

## ILLINOIS.

CHICAGO, 2.—Up to 6 p.m. practically no returns had been received from to-day's election and even those who had spent the day at the polls in the interests of the various candidates, were unable to state the drift which the vote had taken, except to say that the Labor party had displayed an unusual strength. It is considered certain that this party has carried the Sixteenth ward, and it is possible that their success may have been as great in other parts of the city. The Sixth ward, where Davis (Rep.), candidate for County Treasurer expected to get a great many Democratic votes, is said to be in a very mixed condition, the only thing that stands out clear being the fact that the Democratic candidate for Congress, Frank Lawler, has carried the ward for himself.

Reports from ten precincts of the Sixth ward show that out of a total of 2,493 votes, the Labor party polled 1,035, the Democrats 619 and the Republicans 944. These were straight tickets, the split ones not having been counted.

The election in this city and throughout Cook county was quietly conducted, and the vote polled was a fairly large one. The feature of interest in the canvass was the advent of the United Labor party, which brought to its support, very largely, sympathizers with Socialism. The new party in the strong Democratic wards divided the vote very evenly with the Democrats, while in the strong Republican wards the Republicans and Democrats held their own, with very few labor votes being cast. The indications at 11 o'clock to-night are that the Republican ticket has a majority in both the city and outlying country towns embraced in Cook county, and is elected with the exception of three Republican Judges. The Republicans elect three Judges and the Democrats three Judges, all of whom were endorsed by the labor convention, and whose names appeared on the United Labor ticket. The Republicans re-elect Adams in the First Congressional District, elect Mason in the Third District, and re-elect Dunham in the Fourth. Lawler (Dem.) is re-elected in the Second District.

The Republican majority in Chicago for State Treasurer is estimated at midnight at 9,000, and the Republicans claim a majority in the State for Treasurer of from 20,000 to 25,000. Only scattering returns have been received from the State Senate and Legislative districts. The Socialists claim to have elected three members of the Legislature from Chicago. The returns at 1 o'clock a.m. indicate that the United Labor party has elected four members to the State Legislature from this county—L. P. Dwyer, Richard M. Burke, C. G. Dixon and George Rohrbach. This United Labor gain it is claimed will give them the balance of power in the Legislature.

Specials to the *Inter-Ocean* announce the re-election of Cannon (Rep.) in the Fifteenth District, Townshend (Dem.) in the Nineteenth District, and the possible defeat of Springer (Dem.) in the Thirteenth District by 500 majority.

The latest reports indicate the re-election of Morrison in the Eighteenth District by a small majority. The reports at 1 a.m. indicated the election of six Republicans—Dunham, Mason, Adams, Hitt, Rowell and Bannon; and four Democrats—Lawler, Neece, Morrison and Townshend, with Springer in doubt.

No definite returns have been received from the Fifth, Seventh, Eighth, Ninth, Tenth, Twelfth, Sixteenth, Seventeenth and Twentieth districts.

The *Times* says the Illinois Legislature is unquestionably Republican in both branches. According to the *Times* the next United States Senate is Republican and the Democratic majority in the House has been reduced to about 25.

Springfield, 2.—The returns come in very slowly from this county and Congressional District. The indications are that Springer (Dem.) will be re-elected to Congress, but by a considerably reduced majority. The Irish vote was largely thrown against him, his opponent, Major Connelly, being of Irish parentage. The Democratic ticket is undoubtedly elected in this county.

The Democratic State Central Committee has as yet received returns only from one county (Monroe), which gives 600 Democratic majority on the State ticket. Morrison for Congress received 800 majority.

## INDIANA.

INDIANAPOLIS, 2.—The weather throughout the State was very fine, and

it is reported that the vote polled was very full. The polls in Indiana are kept open until six o'clock. The tickets are very lengthy and the work of counting slow. No returns have been received here yet, but a telegraph message from Fort Wayne claims the election of White (Rep.) for Congress in the Twelfth District. There were two Democratic candidates running in this district.

One hundred precincts give Robertson 11,166; Nelson 9,887. The same precincts in 1884 gave Blaine 11,580. Cleveland 10,698; Republican loss, 414; Democratic loss, 811; net Republican gain, 397.

Not enough returns have been received to make any estimate on the State. The best judgment is, the Democrats have carried the State by a reduced plurality and that the Legislature is in doubt, with the chances favoring the Democrats. The Republicans claim the Congressmen in the First, Fifth, Sixth, Seventh, Eighth, Ninth, Tenth, Eleventh, and Twelfth Districts. The Fifth, Eighth and Ninth are in great doubt and no reliable returns have been received. The Democrats claim nine Congressmen.

At 1 o'clock this (Wednesday) morning, Chairman Henderson of the Democratic State Committee, told an Associated Press reporter that he was confident the State had elected the Democratic ticket by 1,000 plurality, and a Legislature with a Democratic majority on joint ballot large enough for all political purposes. On the other hand a member of the Executive Committee expresses his belief that the Republican State ticket has been elected, but that the Legislature is saved to the Democrats. The election of eight Congressmen sure is claimed.

## KANSAS.

TOPEKA, 2.—The day has been fine and a large vote has been polled. There seems to have been much scratching of the tickets throughout the State. It is not probable that any definite results will be known until late to-night, and quite likely not until to-morrow. This is especially the case in the Fifth Congressional District, where Anderson, the present incumbent, is running independently.

Returns to the Republican State Central Committee indicate that Martin's plurality will be between 30,000 and 40,000.

## KENTUCKY.

LOUISVILLE, 2.—The election for Congressmen and the State Board of Equalization was generally quiet. Throughout the State the Democratic candidates are generally elected for the Board of Equalization. A light vote was polled. At 10:30 o'clock p.m. the returns point to the following Congressional results: In the First District, W. J. Cline (Dem.); Second, Polk Lafoon (Dem.); Third, doubtful, indicating the election of John S. Rea (Dem.); Fourth, A. B. Montgomery (Dem.); Fifth, Louisville district, very close between Caruth (Dem.) and Willson (Rep.), the majority in either case will not be over 200; in the Sixth and Seventh, John G. Carlisle (Dem.) and W. C. P. Breckenridge (Dem.); in the Eighth, J. B. McCreary (Dem.); the Ninth is close and is claimed by G. S. Wall (Dem.); the Tenth, W. P. Taulbee (Dem.); the Eleventh is doubtful, indicating the election of W. H. Botts (Dem.). The vote of Louisville was very light, about 13,000 out of a registered vote of 24,000, being cast. Willson (Rep.) has an estimated majority of 180 in the city, while the county gives Caruth (Dem.) an estimated majority of 250. It is thought that the returns, which are not all in, will not differ materially from these figures. The most doubtful districts are the Third and Ninth, where Godfrey Hunter and G. M. Thorn, the Republican candidates, may defeat J. Shea and C. S. Wall, their Democratic opponents, when the full returns are in, though the present indications point to the election of the Democrats.

Cincinnati, 2.—Speaker Carlisle's majority for Congress, in Kentucky, will probably not exceed 1,500.

## LOUISIANA.

NEW ORLEANS, 2.—The election throughout the State, as far as heard from, passed off quietly. Wilkinson (Dem.) had almost a walk over in the First District, but few Republican votes being cast. The vote in this city has been light. In the Second District, Pierce (Rep.) is reported to have polled a small vote, diverted by Simms in St. James. In the Third District, the meagre reports received indicate a fair vote polled. Throughout the balance of the State, there being no opposition to the Democrats, only a very light vote was polled, electing to Congress in the Fourth District, N. C. Blanchard; Fifth Precinct, Cherubusco Newton; Sixth, E. W. Robertson.

## MASSACHUSETTS.

BOSTON, 2.—The vote of Hull, which is first received, and which is considered an augury for the final result in the State stands a tie of 16 for Governor and Lieutenant-Governor; Long for Congress has 1 plurality. There is a tie for Senator. The Republican Representative has a plurality.

The Democratic vote in Boston shows gains over the last election. It looks as if Lodge (Rep.) had carried the Sixth District over Lovering (Dem.) by 7,000 majority. Brackett's vote for Lieutenant-Governor is well up to Ames' (Dem.) claims his election to Congress in the Third District.

The total vote of this city gives Andrews (Dem.) 26,709; Ames (Rep.) 18,323.

The vote for Governor is very close.

The indications favor Ames (Rep.) The Boston *Traveler* claims his election by 5,000 majority.

John I. Russell was elected to Congress in the Tenth District. The Ninth District is very close between Ely and Burrell.

It is now conceded that Ames and Brackett (Rep.) have been elected by at least 5,000 plurality.

## MARYLAND.

BALTIMORE, 2.—The canvass of the vote in this city has been completed. In the Third Congressional district Rusk (Dem.) received 13,280 votes; Bosse (Industrial) endorsed by the Republicans, 6365; Glass (Prohibitionist) 1704. Rusk's majority over all, 6277; Bosse, 4971.

In the Third District Rayne (Dem.) has carried every ward heard from up to this time. Compton's (Dem.) majority in the Seventeenth Ward of this city and part of the Fifth District is over 1,000, which, it is claimed, assures his election.

## MISSOURI.

KANSAS CITY, 2.—Midnight.—Later returns are more favorable to Warner for Congress, and his election seems almost beyond a doubt. He has 750 majority in his own ward and 50 in that of Phillips, White County. The ticket is in doubt, but returns from the city thus far favor the Republicans.

St. Louis, 2.—Chairman Shields of the Democratic State Central Committee says at midnight that he felt confident the Democrats had carried twelve of the fourteen Congressional districts in the State, and possibly more than that number, although he conceded the fact that four districts—the Fifth, Ninth, Tenth and Thirteenth—are very close, with the outlook favorable to the Republicans in the Ninth and Thirteenth. The other members of the committee were more hopeful and claimed a solid delegation.

The Republican (Democrat) concedes the defeat of Glover in the Ninth District, and claims the election of Phillips in the Fifth and Craven in the Thirteenth. The returns on the State and Legislative ticket are of a meagre description and no estimates as to the results can be made to-night with any accuracy. It may be safely stated, however, that the Democratic State officers will be elected by about the usual majority, and the Democrats will have a majority in the Legislature.

## MISSISSIPPI.

MEMPHIS, 2.—Judge J. B. Morgan (Dem.) is re-elected in the Second Congressional District of Mississippi, defeating General James R. Chalmers (Independent, Greenbacker and Republican) by a large majority.

## MINNESOTA.

ST. PAUL, 2.—The 44 precincts heard from, including the first precincts of the First Ward of St. Paul, give Ames (Dem.) for Governor 700 majority.

One hundred precincts, including one in the city of St. Paul, give McGill (Rep.) for Governor 100 majority. The First Congressional District, 20 precincts, give Lovely (Rep.) a small majority.

Special telegram to the *Globe*, the Democratic organ, from all portions of the State indicate large Democratic gains in counties that have gone strongly Republican in the past.

## MICHIGAN.

DETROIT, 2.—There are 1,409 voting precincts in Michigan: 211 precincts give Luce 34,634, Yule 33,109. The Democratic State Committee claim the election of their State ticket by 5,000 plurality, while the Republicans make slightly larger claims to the same thing. The two State Committees claim the Legislature by small figures. The Republicans have gained two Congressmen and possibly more.

## NEBRASKA.

OMAHA, 2.—The Republican State ticket was elected by over 26,000 majority. Congressman James Laird of the Second district, and G. W. E. Dorsey of the Third District are re-elected. Church Howe, (Rep.) candidate for Congress in this (First) District, is probably defeated by John A. McShane (Dem.) of Omaha.

## NEW JERSEY.

NEWARK, N. J., 2.—Green for Governor is ahead in every ward in Elizabeth. He carried that city by 1,500 majority.

Phelps (Rep.) for Congress in the Fifth District, is elected by 2,000 majority.

Trenton, N. J., 2.—The indications are that the Republicans will retain control of both branches of the Legislature. The majority for Robert S. Green, the Democratic candidate for Governor is estimated at from 3,000 to 5,000.

## NEW YORK.

NEW YORK, 2.—The congressional delegation of New York State is probably as follows:

First District, Perry Belmont (Dem.); Second, Felix Campbell (Dem.); Third, S. White (Rep.); Fourth, P. P. Mahoney (Dem.); Fifth, A. M. Bliss (Dem.); Sixth, A. J. Cummings (Dem.); Seventh, Lloyd Bryce (Dem.); Eighth, T. J. Campbell (Dem.); Ninth, S. S. Cox (Dem.); Tenth, T. B. Spicola (Dem.); Eleventh, T. A. Morriam (Dem.); Twelfth, W. H. Cochran (Dem.); Thirteenth, A. P. Fitch (Rep.); Fourteenth, W. F. Stahlnecker (Dem.); Fifteenth, Henry Bacon (Dem.); Sixteenth, J. R. Ketchum (Rep.); Seventeenth, S. T. Hopkins (Rep.); Eighteenth, H. Burleigh (Rep.); Nineteenth, N. Kane (Dem.).
