

# THREE VERY SHARP EARTHQUAKE SHOCKS

## At Eureka, Cal., Knocking Down More Than a Hundred Chimneys.

PEOPLE BADLY FRIGHTENED.

They Were Sent Scurrying from  
Their Beds Out Into the  
Streets.

A Few Miles North of Eureka Quake  
Caused a Big Fissure Half a Mile  
Long in the Earth.

Eureka, Cal., Aug. 18.—Three sharp earthquake shocks which knocked down more than 100 chimneys, shattered about 40 plate glass windows in the business portion of Eureka, broke much crockery in houses and sent many people scurrying from their beds into the streets, occurred here early today. The damage reported so far is estimated at between \$2,000 and \$3,000.

The first and sharpest shock came at 2:58 a. m. It was almost as severe as the one felt here on April 18, 1906.

The shocks extended as far north as Blue Lakes, 25 miles north of Eureka where some crockery was broken and half a dozen chimneys knocked down. The shocks seem to have been confined to a small area and the vibrations were southwest to northeast.

## NEW LIGHT ON THE KILLING OF ANNIS

New York, Aug. 18.—New light is to be thrown upon the Bayside Youth club tragedy at the inquest to be held Wednesday evening at Flushing into the death of William E. Annis, who was killed last Saturday by Capt. Hains and Henry Houghton, the physician who was with Annis when he lost consciousness, was quoted today as intimating that Annis, in his last moments, acknowledged that he was paying with life for a wrong he had committed. Said the doctor:

"Why," he called on to testify, "I probably will make it public."
