With a view to making the sale of Strings for all Instruments a SPECIALTY, I have been casting about for strings having the best reputation in this country and in Europe, and have now been rewarded, not only in discovering the "BEST STRINGS MADE IN THE WORLD," but also in securing the GENERAL AGENCY for their sale in this and adjoining Territories.

These strings will be known in this market as "Calder's Strings," and will be numbered 30, 31 and 32.

No. 30, are strings known, for many years, by this number, to the leading musicians of the Territory, as the best strings hitherto offered in this market. Price reduced to 25 cts. each.

No. 31, are new unbleached American strings, made from Selected Material only; which have been severely tested by the lead- brand on left hip illegible. ing Violinists of the country, and by them pronounced unequaled for PURITY of TONE, STRENGTH and illegible. here for the first time. Price 25 cts. each.

No. 32, "These strings have created a sensation in Europe." They are of Italian make, and were per- public auction at 2 p.m. at Hennefer, Sumfected in October 1877; since which time they have been thoroughly tested and used at the Conserva- Hennefer, Jan. 4, 1879. tories and Opera Houses in Europe. I have copies of the certificates. Notwithstanding the high cost price of these strings, I will retail them at 30 cts. each.

> I have other fine qualities of four length Italian Strings - No. 28, at 35 cts. for two strings, and No. 29, at 20 cts. each.

I purchase the above strings from the manufacturers, and can therefore guarantee their genuiness. STEEL STRINGS. There are many eas ern dealers selling an inferior

article of steel strings because they are cheap. I get my supplies from the original manufacturers, and guarantee them genuine. Price, On December 29, 1878, of typhoid fever, for violin, guitar or banjo, 30 cts.

If you cannot get my strings at the stores in your towns, send postage stamps for the amount, and I will mail them to you. Be same to order by the number so that I discount of 25 per cent will be made when a dezen is ordered. The trade supplied at regular prices.

The most profitable plan for operating in

stocks is that of uniting capital of various sums by combining or pooling the orders of thousands of customers, and using them as one mighty whole, which has been done so successfully by Messrs. Lawrence & Co., Bankers, 57 Exchange Place, N. Y. Clty. By this co-operative system, each invester is placed on an equal footing with the largest operator, and profits are divided pro rata among tha reholders every 30 days. An investment of \$10 would pay \$50, making 5 per cent on the stock during the month. \$25 would return \$150, or 6 per cent.; \$100 would make \$1,000. or 1 er cent.; and so on, according to the market. Frank Leelie's Illustrated New paper. June 29th, says: "The Combination method of operating in stocks is the most successful ever adopted."

New York Independent, Sept. 12th. says: "The combination system is founded upon correct busines: principles, and no person need be without an income while it is kept working by Messrs. Lawrence a Co."

Brooklyn Journal, April 29th, says: "Our chine in use. Maxes | delice made a net profit of \$101.25 on an investment of \$20 in one of Messrs. Lawrence & Co's combinations."

The firm's new circular (copyrighted and sent free) contains. "Two unerring rules for success in stock operations," and explains everything. All kinds of Stock and Bonds wanted.
