POSSIBLE SOLUTION FOR ADMIRAL DREW'S REQUEST—SAN FRANCISCO EVENING PAPER HAS A SCENARIO.

San Francisco, Feb. 27.—The Evening Post, in a sensational article published this afternoon, gives what purports to be some of the inside history of a proposed alliance which has been formed between Germany, France and Russia for the purpose of improving the position of the United States, but more especially to maintain the international power of the United States in the Philippines.

It will be remembered that the Evening Post was the first paper in the United States to tell of the administration's intention to annex the Philippines. The Post's article, which was published in the Evening Post, was a sensational one, and it was not until the following day that the other newspapers of the country were informed of the administration's intention.
