

THE EVENING NEWS.

PUBLISHED DAILY, SUNDAYS EXCEPTED  
AT FOUR O'CLOCK.

DAVID O. CALDER,  
EDITOR AND PUBLISHER.

Thursday, March 4, 1875.

NEWS OF THE DAY.

The telegraphic report of the closing hour of the Forty-third Congress will be found in to-day's News. Nothing is said in the report of the passage by the senate of the notorious Force Bill, so it is to be hoped good sense was so far predominant in that body as to reject the monstrosity.

The bill for the admission of Colorado as a State has passed both branches of Congress. The bill passed by the Senate, for the admission of New Mexico, failed to receive the necessary vote in the House.

It is said the French government is purchasing ten thousand cavalry horses in Germany.

The steamer *Gottentow* and a large amount of life and treasure are reported lost.

The return match, between the rifle clubs of Ireland and America, is to take place on the 29th of June.

Mr. Sidney Dillon and other U. P. men have been elected directors in the P. M. Company.

A newly invented machine gun was tried yesterday in New York; it will fire three hundred shots a minute.

There were some very heavy snowstorms in parts of the east yesterday, at St. Louis the heaviest known for over twenty years, in consequence of which railway travel is badly impeded in several localities.

Seventy-five thousand dollars damage by fire at South Boston, last night.

There is general rejoicing in Arkansas over the recognition of the Garland government by Congress.

Fifty-seven business firms at Louisville have telegraphed thanks to Mr. Poland for his action in Congress in the Arkansas matter.

A London dispatch tells of outrages by the people on Jesuits, at the city of Buenos Ayres.

THE NEXT SENATE.

The next House of Representatives, as everybody knows, will have a Democratic majority, a Republican majority, a welcome change to the country at large, which has given evidence of late that it is about tired of the assumptions and aggressions and corruptions of the yet dominant but fast falling party.

The next Senate will still have a Republican majority, but not a heavy one. The "Independents" may naturally be expected to vote with the opposition or Democrats sometimes, and sometimes with the Republicans, otherwise there would be no practical meaning to the term "Independent." There is still one vacancy to the Senate—

from Louisiana. Not reckoning upon that one on either side, the composition of the next Senate is stated to be straight Republicans, 46; Independent Republicans, 4; Democrats, 23; giving the Republicans a clear majority of seven over the other two classes. Of course a majority of one only decides in many questions, but a majority of two thirds is requisite for some important purposes. As the Democratic majority in the House for exceeds the Republican majority in the Senate, the Democrats may be said to have the decided advantage in the next session. The House, too, is the popular and most important branch of the Legislature, more closely representing the people, more influential with them, and holding more real power, excepting in the matters of trying impeachments, and in confirming or rejecting executive appointments, than the Senate.

The political complexion of the next Senate is thus detailed, in several of our exchanges, the straight Republicans being printed in ordinary Roman, the Independent Republicans in small caps, and the Democrats in italics—

The figure opposite each senator's name are those of the year in which his term expires.

HAPPY YET.—Watertown, N. Y., has been afflicted by the failure of two of its banks, a nine days' snow blockade, and a smallpox epidemic introduced with pigs brought to one of the paper mills, and of which disease a number of people died. Yet a citizen of that place says the

GOING INTO THE UNION.

As will be seen by our dispatches, Colorado is to become a State, provided President Grant does not veto the act admitting her. New Mexico is not admitted yet. Colorado will not be a State for nearly two years, her constitution having to be submitted to the people of the Territory in July, 1875. So that the State of Colorado will not have her Senators and Representatives in Congress before the session of 1876-7.

By Telegraph.

THE WESTERN UNION TELEGRAPH LINE.

LAST NIGHT'S DISPATCHES.

EASTERN.

Colo. Bill Passed.

WASHINGTON, 3.—The Colo. bill passed the Senate, on Garfield's motion, was passed by the House without debate or amendment, and now goes to the President for approval.

Adverse Report.

The House committee on patents reported against the extension of the Tanner carbide patent.

Bill Signed.

The President has signed the bill for the relief of General Crawford, and for other purposes. The effect will be to retain General Sickles on the retired list with the rank of Major General, and also General Badeau, who was retired on the full rank of captain, and renders retired officers eligible to diplomatic and consular positions; the bill reduces the rank and pay of a large number of officers.

300 Shots Per Minute.

New York, 3.—A machine gun or mitrailleuse, invented by Mr. Willard B. Yarwell, formerly naval officer, under the administration of President Lincoln, at San Francisco, was tested yesterday in the presence of the President, and the experiments were very successful. The gun discharged fifty shots in six seconds, being at the rate of 300 shots per minute.

New Officers Elected.

At the meeting of the directors of the Pacific Mail Company, to-day, the resignation of Russell Sage, tendered some time ago, was accepted, and Samuel D. Williams, President of the Union Pacific R. R., was elected in his place. The resignations of F. L. Talbot, A. J. Hatch and W. L. Talbot, were also accepted, and John Gould, Oliver Ames and D. D. Calton were elected in their stead.

Heavy Snow Storm.

CHICAGO, 3.—There was a heavy snow storm here to-day, and railroad trains are delayed to a very considerable extent.

Tremendous Snow Storm.

ST. LOUIS, Mo., 3.—The deepest snow known here for over twenty years fell last night.

Railroads Blocked.

DETROIT, 3.—A heavy snow storm prevailed here and nearly all the railroads in the State have abandoned all trains for the present.

Railroad Law Passed.

MADISON, Wis., 3.—The assembly, to-night, passed a bill materially advancing the freight rates allowed by the railroad law under the Potter law. The Senate passed a similar bill last night, but not the same as the House bill. The difference will probably be settled by a compromise.

The Disposal of Wisconsin.

DETROIT, 3.—The Wisconsin votes to confirm DeKoven and Jagger.

Wool.

BOSTON, 3.—The market remains quiet and there is no change since last week. Sales show no material alterations in prices. There is rather more desire to sell on the part of holders, and fine wools could only be sold at a concession. The market for double extra Ohio and Pennsylvania are quoted at 63 @ 65 cts. 49 @ 52 cts; and medium grades at 45 @ 48 cts. Extra fine Penn. 52 @ 55 cts; good lots of western and Michigan are scarce, and of combing and delaine fleeces, this grade would meet with a ready sale at all prices. Good lots of extra fine and extra pulled are in demand and sell at 80 @ 85 cts per pound as to quality, inferior grades are very little inquired for.

FOREIGN.

IRELAND.

DUBLIN, 3.—The Irish Rites Association to-day fixed June 29 as the date of the commencement of the return match between the Fenian and the Orange forces, and decided that the meeting be either here or at the Curragh of Kildare.

ITALY.

ROME, 3.—In the March consistory the Pope will institute a new diocese in the U. S., or raises these already created to metropolitan rank.

PRUSSIA.

BERLIN, 3.—The North German Reichstag has ordered the purchase of ten thousand cavalry horses in Germany, and hopes the German authorities will take measures to prevent the purchase.

TO-DAY'S DISPATCHES.

CONGRESSIONAL.

SENATE.

Closure of the Session.

WASHINGTON, 4.—As the thirty day clock was run, and the consideration of the river and harbor bill was resumed, the question of adjournment in committee of the whole, other than those disposed of by a special vote. They were all non-concurred in with the exception of a few appropriations, for the Atlantic coast harbor quality. The bill was then read, and at 8:10, passed.

Edmunds submitted the conference report on the legislative appropriation bill; agreed to.

Sargent called up the deficiency appropriation bill, and several amendments were reported by the committee and agreed to.

Several amendments were submitted, but were not voted on, and the bill was then read, and at 8:10, passed.

The bill was then read, and at 8:10, passed.

The bill was then read, and at 8:10, passed.

The bill was then read, and at 8:10, passed.

The bill was then read, and at 8:10, passed.

The bill was then read, and at 8:10, passed.

The bill was then read, and at 8:10, passed.

The bill was then read, and at 8:10, passed.

The bill was then read, and at 8:10, passed.

The bill was then read, and at 8:10, passed.

The bill was then read, and at 8:10, passed.

The bill was then read, and at 8:10, passed.

The bill was then read, and at 8:10, passed.

The bill was then read, and at 8:10, passed.

The bill was then read, and at 8:10, passed.

awards of the Southern Claims Commission, and the amendments made by them, and the bill passed.

Window submitted the conference report on the harbor appropriation bill, which was agreed to. He said the committee had cut down the appropriations so low that he declined to sign the report.

Morrill submitted the conference report on the deficiency appropriation bill; agreed to. A committee was appointed to wait on the President. Wilson declared the Senate adjourned sine die.

HOUSE.

Adjournment of the House.

Garfield, at five minutes past two a.m., reported back the Senate amendments to the sundry civil appropriation bill. A number of amendments were non-concurred in, including the following: amendments striking out the item appropriating \$5,000 for a certain line of the New York & Erie railroad; striking out the item for clothing for the navy; striking out the clause for the re-organization of the treasury department; and the amendment striking out the limitations on the cost of public buildings at Chicago, Cincinnati, Philadelphia and Raleigh.
