LLOVER THE WORLD THE PEOPLE PE-RU-NA FOR CATARRH

The Phenomenal Success of Dr. Hartman. A Doctor of National Reputation. A Medicine of World-Wide Fame. Congressmen, Governors, Consuls And Other National Celebrities.

R. HARTMAN SENDS HIS CONGRATULATIONS to that vast multitude of former patients seattered throughout the length and breadth of the United States and Canada Thousands of these patients have visited him at his magnificent Saniat Columbus, Ohio. Thousands upon thousands have never seen the Doctor's but know him as their benefactor through the ministrations of his world famous

A multitule so great that its exact number will never be known have been raised dy, Peruna. A multitude of rescued from some chronic malady which kept them half sick half well-have been rescued by Dr. Hartman's remedy, assisted by free advice and adly counsel.

To all these former patients, and to all those under ment at present, Dr. Hartman sends hearty greeting, rely hoping that the good cheer of parfect health will

the lot of every one. He yen all the splendid th and bodily vigor which imself has enjoyed througha long and useful life, and continues to enjoy.

Mrs. Minnie Lee Collins, Grandniece of the Late President James B. Polk. This direct Descendant of the Historic President Polk Says some interesting things concerning Peruna, the National Catarrh Remedy.

"For several years I experienced a severe attack of female trouble. The best physicians prescribed for me, but without avail. Two years ago I began to take Peruna at the advice of a friend. I noticed a perceptible improvement at once. After taking several bottles I was cured.

"I hold Peruna in high esteem and am always ready to say a good word for it."---Minnie Lee Collins, 912 High Street, Nashville, Tenn.

This is the same old story told by a thousand women in a thousand different ways. Female trouble; doctors fail to cure; Peruna as a last resort, a happy relief from a dreary ser-

vitude to aches, pains and a complication of physical anguish that can never be described.

Peruna is a wonder worker in female diseases, and yet the explanation of it is simple. Catarrh is the cause of these troubles. Peruna cures the catarrh. The cause being removed,

the symptoms disappear.

Women cured by Peruna all tell the same story. Pains all gone. Dragging sensations gone. Quivers and throbbings and trembling and dizziness and nausea and the irregularities and painful periods-all gone. Now they have health.

There are, comparatively, so few people who regard a cold as of sufficient consequence to require prompt and efficient medical treatment that not only is the death rate of the Northern States in-creased one-half thereby, but our land is swarming with invalids and half-sick people as a direct consequence of neglected colds.

It would seem that the love of life and the delights of perfect health would be sufficient inducements to any one to corefully guard them without any warnings or argument from 1 - medical profession. Who has not seen the vic-tim of consumption struggling for life in the fatal grasp of its last stages? The unnatural brightness of their glassy, anxious eyes, the heetic flush of their shrunken cheeks, the dilated magnific and data, semucheral voice, the restrils and deep, sepulchral voice, the punting breath and fluttering heart, the frightfully emaciated form, the hope-fulness of the patient and the hopelessthe attendants-all make a pathetic picture which is far too com-

Long Life and Vigorous Health.

Dr. Hartman, in speaking of his long and busy career, made use of the following innguage:--

"For a number of years my professional duties compelled me to be much on the road, traveling long distances by rall, night and day, exposed to all kinds of vicissitudes, sleeping and cuting in different hotels continually, and through it all I have preserved myself from any derangement of the body resulting from catching cold.

"This could not have been done without Peruna. At the slightest evidence

of cold a few doses of Peruna invariably checked it. If I found myself hawking or frequently blowing my nose, instead of letting it go, us the average man would do, I always took Peruna for a few days, and at no time in my extensive travels have I been obliged to stop a day on account of my bealth."

There are three roads which lead from health to consumption. Over one of these roads pass all of that great multitude of people who die every year of consumption. Each route begins with health and happiness and ends with

discase and death. First road:-A slight cold-neglected -settles in the head or throat-chronic catarrh-extends to the lungs-consumption-death. Second road :- A slight cold-neglect-

ed cough-settles in the lungs-cough pradually growing worse-consumption

Third road :- A cold-neglected-setin the throat-hoarseness-short

ties in the throut-nonreeness-short breath-consumption-death. Thousands have just started on one of these roads, all of whom could be easi-ly cured by Peruna. Thousands more are half way to the fatal end of one of these roads who are still curable by a course of treatment with Peruna. Yet course of treatment with Fertual. Let other thousands are near the end whose last days could be made bearable and hope of recovery more probable by com-mencing Peruna without delay.

"I am satisfied that there is not a fin-er medicine placed before the public to-day than Peruna. I have been troubled for neutry twelve years with kidney and liver trouble, and at times I have been a pretty sick man, unable to attend to my duties. I had about made up my mind that no medicine could help me, when one of your booklets was brought to my office, which I read in a leisure hour. I then decided to give Peruna a trial, and found that I had at last se-cured the right medicine for me. For two months I used it faithfully and felt so well! I was a young man once more. Mr. W. Eichler, No. 153 Degraw St., Brooklyn, N. Y., writes:
