

**MORE SNOW STORMS AND WINTRY WEATHER.**

On the night of Thursday the 12th instant, there was the greatest fall of snow within this valley has been visited this winter, the snow accumulating on the ground to the depth of some six inches. The weather at the time was not very cold, but afterwards it was quite so for this season of the year, and the snow disappeared but slowly, during Friday, Saturday and Sunday. On Monday the weather was warmer, and the snow thawed considerably, making the streets exceedingly muddy. Yesterday was another snowy stormy, wintry, day, and out door appearances were not indicative that winter was soon to pass away.

The weather during the past week in this valley, has been exceedingly hard on the stock running on the public domain, and according to report, many cattle have died. Should the stormy season continue much longer, the wintering of their stock on the range will be an expensive operation to many.

**THEATRE.**—The patrons of the theatre have had, during the past week, a rich treat in the presentation of the fine play of "Damon and Pythias." The house was crowded both nights, and the Management, to meet the wishes of the people, have announced its repetition for this evening, and we believe the demand for tickets warrants us in saying it will be presented again on Saturday evening. Mr. Lyne, as Damon, certainly did meet the expectations of his friends, and the other stock actors, with some few exceptions, played well. Mrs. Gibson, as Calanthe, did admirably, and Mrs. M. G. Clawson's representation of Hermon, the affectionate wife of Damon, with Miss Delle Clawson, as the infant son of Damon, was one of the most touching well-played scenes we ever witnessed on that stage.

To-night, "Damon and Pythias" and the "Artful Dodge" make a fine bill.

**CAPT. BURTON'S COMPANY TO BE PAID OFF.**—Major H. J. Adams, army paymaster, arrived at the Salt Lake House on Monday evening, for the purpose of paying off the company of cavalry ordered out by Acting-Governor Fuller in April last, for the protection of the Overland route East. The Major wishes us to announce that he will pay off Capt. Burton's company on Thursday next (to-morrow) if the members and officers thereof will call on that day at the office of Secretary Fuller, between the hours of two and five p.m.
