Despite the claims of the authorities hat the mob is held in check, there is very chance of another clash between whites and colored people. The neroes are well armed and are showing a spirit of determination. The white people are in an ugly mood and farmrs and men from adjoining towns are onstantly arriving.

#### ARRESTING THE NEGROES.

A dispatch from Decatur, Ills., says many negro men who arrived today om Springfield are trying to arouse their people and are urging them to go back to Springfield and fight. Several of them have been arrested and weapons taken from them.

Unless the militia succeeds during the day, in quelling the mob much re effectually than has been done up to the present time, it is feared that e night will bring more serious trouble than has yet occucrred.

By 6 o'clock tonight the First, Fourth and Fifth infantry regiments ill be in the state capitol and the listurbed districts of the city will be nder martial law,

The city is comparatively quiet at oon today, but the atmosphere is with suppressed excitement. The burned district and the wrecked oper restaurant near Fifth and Monbe streets were meccas for sight-seers by the hundreds. Sentries were posted hick about the show places and kept the crowds back from the negroes who earched the blackened ruins for races of former possessions. Scores poor families lost their all in the s, and their condition is such that e state has been compelled to come their relief.

HAVE SITUATION IN HAND. Chicago, Aug. 15.—Maj. Gen. E. C. Young, who is in command of the Illinois national guard received the message from Gov. Deenen at 9 o'clock and afterwards talked with the gover-nor over the long distance telephone. The governor told me that the sit-uation at Springfield today was well in hand but in order to guard against any further riotous demonstrations he-thought it well to make an imposing display of military force," said Gen. "It was not a question of one mob but of many mobs apparently with-out organized leadership, but acting with such instinctive unison that the police and firemen were absolutely powerless before them," said Henry N. Hansen, general secretary of the Y. M. C. A. at Springfield, who arrived in Chicago this morning after having witnessed the tragle scenes in Spring-field last night. Mr. Hansen was pre-vented from taking an expected train out of that city by members of the mask

mob. "I was down town when the rioting began," said Mr. Hansen. "There had been mutterings all the evening and when at 8 o'clock the mob learned that the accused negroes had been taken from the jall in Harry Loper's auto-mobile they searched his restaurant, two blocks from the city hall.
