The defendant was taken before Commissioner Norrell to-day. J. R. McBride appeared as his attorney. The examination was waived and the accused held in \$10,000 bail.

Excursion South.

Those desirous of visiting friends in Utah, Utah and Sanpete counties will have an opportunity to do so on Pioneer Day, when a cheap excursion will be run over the Utah Central Railway from this city. The fares will be from Salt Lake to Lehi or American Fork and return, \$1.50; to Provo and return, \$2; to Payson, \$2.75; to Nephi, \$3.50. Purchasers of tickets can go south on the afternoon of Saturday, the 23d, or on the morning of the 25th, and return any time to and including Thursday, the 28th.

Burned Out.

The particulars of a fire that recently occurred at Washington, in Southern Utah, have been furnished by a correspondent. The house of George Crawford was completely destroyed. Even the furniture and clothing of the family were all consumed. The loss amounted to about \$800. The fire started from a stove in a lumber kitchen, and everything being dry, the house and contents were quickly consumed.

Celebration at St. George.

"W. A. R." furnishes the particulars of a grand celebration of the Fourth at St. George. The exercises consisted of the firing of big guns and little guns, and of speeches, patriotic and other songs, reading of the Declaration of Independence, music by the brass, martial and harmonic bands, toasts, sentiments, etc., in the Tabernacle in the morning. The day was spent in racing, tilting and other sports in the afternoon, and a grand display of fireworks in the evening.

The old cannon that was used in pounding the foundation stones of the Temple, and in driving the spikes of the Virgin bridge, was recently used in the most of the shooting. But it came out badly mutilated, its gearing being broken all to pieces.

Park Notes.

Sunday night last, James Chien went to Dr. LeCompte, suffering from a severe headache, and asked the doctor to give him an injection of morphine to quiet the pain. The doctor had been in the habit of giving the gentleman morphine for that purpose, as he is subject to violent pains in the head, and proceeded to give him the usual dose. Chien went home and to bed, saying as he turned in, that he felt rather giddy and that the pain was still there. The next morning the doctor was up rather early to see Cleveland off for Salt Lake and thought he would call on him and see how Chien was getting along. He was admitted by Mrs. Chien, who told him her husband was still sleeping. On trying to rouse the man the doctor found it could not be done, and at once sent for Doctor Gregory, some brandy and a battery, and the two set to work to bring the sleeping man to life. It was a difficult task and took some hours to produce even a healthy respiration, and the entire day passed before the man was pronounced out of danger.

Last Sunday afternoon, Jack Cleveland and ten companions were coming down from the mines in a car, for the purpose of spending their Fourth of July. The entire party was more or less under the influence of liquor, and as a consequence, allowed the car to travel at a rate of speed which proved reckless, and came near costing the lives of the entire party. Cleveland was operating the brake and allowed the car, at times, to force ahead at a rate of speed that finally precipitated the car and its contents from the track while rounding Rocky Point curve. Fortunately for the party the car went to the inside toward the hill instead of down the embankment, to which fact the men in the car owed their existence to-day. Cleveland had his right leg broken above the knee, and his arms and hands were more or less bruised and shaken up. Mr. Cleveland is the man who escaped from the snow slide that occurred in Thane's cañon, a year ago last February, in which cañon he suffered a broken collar bone. —Park City Call, July 7.

We give the tickets that the People's Party will triumphantly support in several counties, as follows:

The convention to nominate officers for Salt Lake County met in the County Court House at 3 p. m. on Saturday. Hon. Francis Armstrong was elected chairman, M. W. Steadman, secretary, and W. W. Waddell, chaplain, and John S. Waddell, sergeant-at-arms.

A motion that the chair appoint a committee of seven on nominations was amended by making the committee elected by ballot. The following were elected: Jesse N. Smith, Richard Howe, James Barton, Isaac M. Waddell, C. S. Burton, John Clark, A. S. Geddes.

The committee retired and the convention resolved itself into a caucus to consider nominations for precinct officers, which were made as follows:

Sugar House Precinct—Justice of the peace, Paul A. Kikins; constable, Jacob B. East.

East Mill Creek Precinct—Constable, Cyrus Neff.

Draper Precinct—Constable, Heber A. Smith.

The committee on nominations returned and reported the following ticket:

Selectman, E. M. Weller; collector, L. G. Hardy; treasurer, E. Cummings; county superintendent, G. S. Beckstead; district schools, Wm. M. Stewart. The names were voted on separately and no opposition was offered. The ticket contemplates no change among the present incumbents.

A motion that the secretary of the convention notify the chairmen of precinct committees to attend to inserting in the People's ticket the names of precinct officers, was carried.

The following gentlemen were sustained as the County Central Committee for the People's Party: John R. Winder, Herman and Foreman of the territorial supreme bench. This will not be done, however, until after the proposed constitutional convention shall have been held. Messrs. Zane and Foreman are the last of the Republican judges left upon the judicial benches. Great pressure has been brought to bear upon the President to take this step ever since the coming of the present administration. The President, however, declined to move in the matter until well substantiated charges had been preferred against them. The charges, it is understood, are based principally upon the partnership, and one of the cases at least reflect severely upon the accused's judicial integrity.

ARRESTED AGAIN.

Edward Brain is charged with Having Committed Polygamy.

About noon to-day Deputy Marshal Cannon arrested Edward Brain on the charge of polygamy. The complaining and prosecuting witness is Deputy Sprague, and he alleges that the defendant committed the offense by marrying his present wife, Mrs. Annie Brain, a couple of months ago. It will be remembered that about two months ago Mr. Brain was arrested on the charges of polygamy and unlawful cohabitation. The same lady as is mentioned in this case was the one named in the former charges. On that occasion the defendant was acquitted of the charge of polygamy, but was convicted and sentenced for unlawful cohabitation.

A short time ago he was rearrested and accused of unlawful cohabitation in living with his wife, Mrs. Annie Brain, who on the witness stand testified that she was his legal wife. Commissioner McKay decided that the defendant had no legal wife, however, and later Mr. Brain and Mrs. Annie Brain were married. It is for this latest act that Mr. Brain is now under arrest. He was taken before Commissioner McKay at 10 p. m. for examination, and a continuance was had till 2:30 p. m. At that hour the accused started to be tried to waive examination, and Mr. Peters making no objection, this was permitted, and the defendant gave bonds to await the action of the grand jury in the premises.

THE STORM.

A Large Quantity of Water Descends in a Short Time.

One of the severest rain storms for the time lasted that has ever been experienced in this region struck Salt Lake Valley yesterday afternoon, coming from the northwest and sweeping the entire length of the valley. In the morning a slight shower served to refresh the atmosphere, and the sun afterward shone brightly. In the afternoon the clouds in the north and west began to gather darkly around, and about 5 o'clock a thunder storm commenced. There was a sharp squall of wind which laid much of the grain in the fields, and broke down corn, etc., as well as uprooting many trees. The rain followed, the greatest drops descending heavily. This storm raged for upwards of half an hour before a lull came, and the picture presented was not encouraging. The vegetables in gardens in and around the city were beaten down, while the lucern, grain and corn fields throughout the valley suffered still more severely.

The water ran down streets and roads in streams, and in all directions were to be found miniature lakes created by this means. Though the damage done may amount to considerable in some places, the benefits received will undoubtedly be greater. The ground had become parched through the long continued hot weather, and in places the crops were being literally burned up, owing to scarcity of water. The rain has given these crops thorough irrigation and revived their drooping life, so that, generally speaking, it has been received with thankfulness, especially by the farmers.

TRAIN BLOCKADED.

Immense Quantities of Gravel Washed on to the Track.

The Utah Central train from the south, due here at 4:40 last evening, failed to connect on time. The cause of the delay was the blockading of the road near the Point of the Mountain. The storm which came on yesterday afternoon struck the south end of Salt Lake Valley with terrible force, and on the morning of the 10th, the water poured down in torrents. At cut No. 6, near the Point of the Mountain, an immense volume of water poured down the side of the mountain, and into the ravines, carrying large quantities of rocks, sand, trees, brush, etc. Considerable of this mass of rubbish lodged in the cut, covering the track for a considerable distance, and effectually preventing further progress of the train. Word was sent to Salt Lake, and a train was sent out to relieve the passengers.

The work of transferring to the train on this side of the blockade consumed several hours, the passengers having to wait three-quarters of an hour where they could again embark. The inconvenience was considerable, but was alleviated by the fact that it was possible by the railroad officials, whose action under the circumstances was highly commendable. The blocked passengers were finally transferred by 11 p. m., and reached this city about an hour later.

The work of clearing the track was vigorously prosecuted, so that by daylight the train was got through, and came on to this city, leaving the road now open.

THE AXE MAY FALL SOON.

The following special appears in the Denver News:

Washington, July 6.—It is authoritatively stated to-day that the President has decided upon the removal of Judge Zane and Foreman of the territorial supreme bench. This will not be done, however, until after the proposed constitutional convention shall have been held. Messrs. Zane and Foreman are the last of the Republican judges left upon the judicial benches.
