CURE ALL KINDS OF CANCER.—
So successful has Dr. Pierce's
Golden Medical Discovery proven,
as a constitutional treatment for
Cancer, when coupled with the
use of Dr. Sage's Catarrh Remedy,
applied locally by the use of Dr.
Pierce's Katal Deiche (the only
method of reaching the upper and
back cavities of the head,) that the
proprietor of said medicines has
long offered a standing reward of
\$500 for a case of Cancer, which he
cure not cure. The two medicines,
with instrument, for \$2 by drug-
gist.
A SPECIMEN OUT OF THOUSANDS.
Cortland, Ill., April 23, 1873.
Dr. Pierce, Buffalo, N. Y.:
Dear Sir:—It is with pleasure I
make this statement to you that
after taking medicine for twenty
years for the Cancer, I tried your
Cancer Remedy and effected a
cure, so that it has not troubled me
for two years. I am, Wm. W. W.
RETRAILING OUR THUNDER.
People should beware of those
impostors who copy Dr. Pierce's
original style of advertising, by
offering various sized rewards for
cases of Cancer and other diseases
which they can not cure. Those
who do not possess sufficient intel-
ligence to write an original adver-
tisement, but who are willing to be
made great and valuable discover-
ies in Medicine.

LOCAL AND OTHER MATTERS.
TEMPERATURE 23 degrees F. in
the shade, at 1 p. m. to-day. "Dull,
Some fog."
Police Court.—This forenoon a
man was fined for getting drunk.
This afternoon the Locher-Clinton
case for assault and battery is being
tried.
Probate Court.—In the forenoon
the case of McClure, alias "Banjo
Bill," and others, indicted for rape,
was called up and set for hearing
next Saturday.
**The case of the People vs. Nicho-
las Castro,** indicted for assault with
intent to kill, S. H. Kempton, on the
30th day of November last, is
now being tried.
The Constitution Buildings.—By
the advt. of Z. C. M. 1. it will be
seen that not only groceries, iron
and glass ware, and machinery,
but dry goods of all kinds are now
to be kept there, in fact it is to be,
as formerly, a general retail mer-
chandise house, in order to more
perfectly accommodate the public
at large and farmers and other
country customers especially, who
were in the habit of doing business
extensively at those buildings in
former years.
Quick Distribution.—The Govern-
or's Message, which was delivered
before the Legislative Assembly
yesterday at noon, was printed in
upwards of ten thousand copies of
the Daily, Semi-weekly and Week-
ly editions of the DESERT NEWS,
which were distributed in the city,
or mailed for distant subscribers be-
fore 10 o'clock this morning. It is now
on its way to all parts of the Terri-
tory, the United States and Cana-
da, Europe and Australia, and other
parts of the world.
Poland's Utah Bill.—Washing-
ton, Jan. 6. The bill of Judge Pol-
and, in relation to affairs in Utah,
is based, he says, on the fact that
there are two sets of officers in
Utah—one national, the other terri-
torial; that the territorial officers
are more powerful than the
Federal officers. He says that the
bill comprehends the entire judicial
administration of affairs, and its
main idea is to give the control of
the courts to Federal officials, the
same as in other territories, and to
transfer the custody of the laws of
the United States respected instead
of annulled by legislative enact-
ments and Mormon judges. It is
essentially, and entirely, a Gentle
bill. —S. F. Chronicle of Commerce.
Fog and Frost.—The frost has
caused the fog, which has enveloped
this city and surrounding valley
for the last few days, to deposit its
vapors in the shape of hoar-frost,
and the trees have looked as if cov-
ered with a silver spray. Some peo-
ple are afraid that the fruit buds
will be destroyed, and there may be
some cause for apprehension, as the
particles constituting the fog are so
fine and intervene with the air that
they will penetrate into the most
delicate openings on the trees and
cause a dampness which the frost
causes to coagulate into ice, which
chills the delicate fibres which feed
the fruit buds.
But whatever may be the conse-
quences of this weather upon the
trees, there is another matter of
much more serious consequence,
which demands attention, and
that is, in regard to the health
of the people, especially among
the children. Already we hear
of sickness prevailing among
children to a great extent, caused
by colds. Parents should be very
careful not to let their children be
out too much in such weather as
that which prevails at present, and
when they allow them to go out at
all they ought to be provided with
warm clothing. Children will
play in the streets and get warm by
exercise; then they will stand still
and get chilled through. This will
often cause the most serious conse-
quences. People cannot be too
careful of their health, and espe-
cially should parents exercise good
care over their children.
City Council.—In the City Coun-
cil, last evening, the petition of
G. W. Crocheron, asking to be per-
mitted to erect a small building on
the southeast corner of the market
lot, in which to sell fruit, fish, etc.,
and building to remain there during
the pleasure of the council, was
granted.
Bid of W. H. Sherly, offering to
paint the city lamp posts for seven-
ty-five cents each, giving each two
coats of good paint, color to be de-
cided by the Council, with other
bids which have been offered for
painting the lamp posts, was re-
ferred to committee on improve-
ments.
Petition of C. M. Stevens, asking
for license to carry on the auction
business at his old stand, Second
South St., was granted.
Mr. G. G. Bywater, who has had
charge of the city clock for some
years, in a communication address-
ed to the council, tendered his
resignation, and recommended An-
drew Harvey for the position. Res-
ignation accepted and Mr. Harvey
engaged to attend to the clock.
A communication from J. H.
Picknell on the subject of his stall
rent, and license as a butcher, and
making a claim against the city,
was referred to committee on
claims.
Reports of superintendent of sys-
tem, captain of police, showing the
number of arrests, kind of crimes,
etc., for the year 1873, and of chief
engineer of the fire department,
showing the condition of the de-
partment and the work which had
been done during the year 1873,
were read and accepted.
Recommendation of J. R. Win-
dell, city tax collector, to remit the
taxes of some persons, whose names
were handed in, was refer-
red to an appropriate committee.
Several bills were read and re-
ferred to committee on claims,
when council adjourned to meet
next Tuesday evening at seven
o'clock p. m.

ference, which will be known, I

Theatre.—There was a large au-
dience and a fine performance at
the Theatre last evening.
For this evening a very attrac-
tive programme has been prepared,
consisting of the interesting four act
drama of "Carolina, the Queen
of the Arena," Mr. Herne appearing
as Bambergo, King of the Arena,
Miss Walters as "Carolina, Queen
of the Arena," Miss Newton as "Pon-
cha," Miss Cogswell as "Barquera,"
Mr. Croable as "Miss Ward," Miss
Adams as "Blanche Stanhope," Miss
Booth as "Mrs. Stanhope," Mr.
Thorne as "Baron Harleigh," Mr.
Sawelle as "Viscount Percy Har-
leigh," Mr. Croable as "Glowan."
A large house and an effective
performance may naturally be ex-
pected.
Legislative Assembly.
SECOND DAY, Tuesday, Jan. 13.
COUNCIL.
After the dissolution of the joint
session, the Council resumed its
sitting, and Councilor Jennings
introduced a bill (C. F. No. 1) en-
titled, "An Act amending 'An Act
Regulating elections,' approved
January 3rd, 1868, and for other
purposes." Read and tabled.
The bill is similar to that introduced by
Mr. R. P. Rockwood in the House
on the 12th inst., and provides
that it shall be unlawful for the
judge or clerk of any election to
put, on any ballot that may be of-
fered at the polls, any figure, letter
or mark of any kind, and that
any elector who may be detected
in violating the provisions of the Act,
and also that the municipal elec-
tions of incorporated cities shall
hereafter be conducted in accordance
with the provisions of the Act.
After ordering seventy-five cop-
ies of the minutes to be printed,
also seventy-five copies in pam-
phlet form of the names and resi-
dences of the members and officers and
the standing committees of both
houses, for the use of the Legisla-
tive Assembly, the Council adjourned
till 2 p. m. to-day.

After having ordered that seven-
ty-five copies of the minutes and of
the list of members be printed, si-
milar to the order of the Council,
and after having ordered, the Council
concurring, that the Sergeant-at-
Arms be instructed to furnish the
members and officers of the Assem-
bly each, daily, with a copy of the
DESERT NEWS, the Council then
adjourned till 3:30 p. m. to-day.
Ogden Lyceum.—E. W. Nabilt
lectured last night to the members
of the "Young Men's Institute" at
Ogden City. This is an association
of young men for mutual and lit-
erary improvement, and they have
lectures once a week. The young
men of Ogden take a good deal of
interest in their institution and
they are benefitted by the ad-
vice and encouragement given to them
by the best men of their city, of
whom Hon. F. D. Richards is one
who takes special interest in the
advancement of the members.
This speaks well for Ogden. No-
thing aids the advancement of a
community so much as does
the thorough and proper educa-
tion of the rising generation.
"Boys and men" should be edu-
cated for their proper development, but it

requires the **DESERT NEWS** to re-
port them to advantage, hence the
latter should be duly cherished,
and societies like that above men-
tioned are of great benefit when
conducted in a proper manner, and
when so conducted should be en-
couraged.
WESTERN NOTES.
A Chinaman with small-pox,
entered a North Bend and Mission
car yesterday morning. The slouch
from him was fearful, and the pas-
sengers could be plainly seen upon
his face. A panic ensued, and amid
the screaming of the ladies, all the
white passengers were soon upon
the street, and the Chinaman was
his sole possession. —S. F. Chronicle,
Jan. 7.
There are a greater number of
robbery cases to be tried before the
Municipal Criminal Court at this
term, says the San Francisco *Atlas*
of January 5, than ever before since
the establishment of the court.
What looks fearfully ominous is
that three or four of these cases
were robberies by garroting. Judge
Lake had about done away with
this species of crime when he left
the bench. It is again reviving.
There are no less than twenty-
two "grass" widows living in Truck-
ee to have completed their days
of mourning for absent and uncon-
genial husbands. Every available
bachelor in the town and vicinity
is being canvassed by these "widows"
with a view to a matrimonial raid upon
them the first opportunity that of-
fers.
Barke Phillips asked a witness
in the police court yesterday,
"What is a hoodlum?" The witness
replied: "An animal that runs up
and down the streets, yelling and
cursing and annoying the neigh-
borhood generally." Judge Louder-
back thought the definition pretty
good, and everybody but the wit-
ness and the hoodlum, hoodlums
generally referred to smiled. —S. F.
Chronicle, Jan. 6.
The Board of Education have
acted sensibly in cutting off the
study of other languages than Eng-
lish in the four schools, and in
those leaving it optional with pa-
rents as to what language their
children should learn, if any. The
little boys were unnecessarily
crowded, and it is well to relieve
them: Time enough to learn lan-
guages after they pass the common
school, if they want to. —S. F.
Chronicle.
