**PEOPLE'S VERDICT!**  
Over Half a Million sold and  
in use!  
4,000 made and sold per week!

**SINGER'S**  
New Improved Silent  
**FAMILY SEWING MACHINES**  
ARE  
The Best in the World,  
Because all of them are in constant use, while  
a very large number of the market are not  
used, owing to their being partially or utterly  
impracticable.

**THE SINGER**  
**NEW FAMILY MACHINE**  
Has been brought to perfection, regardless of  
time, labor or expense, and is now incomparably  
the best Sewing Machine in existence.  
It is simple, compact, durable, beautiful, quiet,  
light-running, and capable of performing a  
range and variety of work never before  
tempted upon a single machine, using either  
Siles, Twist, Linen or Cotton Thread, and sewing  
with equal facility the very finest and  
coarsest materials, or any material between the  
two extremes, in the most beautiful and sub-  
stantial manner.  
The New Improved Attachments for Hem-  
ming, (any width) Braiding, Embroidering,  
Magie Ruffing, Gathering and sewing on (at  
the same time) Self-Sewing, Cording, Tucking,  
Quilting, Felling, Trimming, Binding, etc., are  
novel and practicable, and have been invented  
and adjusted especially for this Machine.  
Folding Tops and Cabinet Cases.  
New designs of the unique, useful and popular  
Folding Tops and Cabinet Cases, peculiar to  
the Singer Machine, are in every variety of  
wood, such as black Walnut, Mahogany, Rose-  
wood, Satinwood, and from the plainest to the  
most elaborate pattern and finish. The Ma-  
chines themselves are plain or highly orna-  
mented with pearl and gold to correspond  
with their tables or cabinets.  
In the Singer the work is fed or passed  
through the Machine in a natural direction,  
namely, from the operator, permitting her to sit  
in a natural and healthy position. In many  
other Machines the work passes from left to  
right, or the reverse, compelling the operator to  
strain the back, and thus causing  
weakness of the back, etc.  
The Singer uses a SHORT STRAIGHT  
NEEDLE, which is not liable to break or miss  
the stitch. Many other Machines use a long  
needle, which is liable to break and  
to miss the stitch.  
In the Singer Machine the Shuttle is carried,  
thus avoiding nearly all wear. It requires no  
oil, and does not soil the thread or goods.  
Other Machines drive their Shuttles, in a race,  
thus causing great wear, and requiring oil,  
soiling the thread and goods.  
On the Singer, the Tension on both the upper  
and lower threads is absolutely under the  
ready control of the operator, thus rendering  
the Machine always available for good sewing,  
which is not the case with any other. Many  
so-called cheap Machines are really worthless,  
and so are many of their new peculiarities  
and supposed advantages.  
The SINGER is the  
Oldest Practical Sewing Machine,  
Being about twenty years in the market.  
Having been constantly improved by the em-  
ployment of the most skilled ingenuity of the  
age and unlimited capital, it is now directed  
to all unnecessary parts and possesses all the  
Very Latest Inventions and Improvements.  
It is the only Machine sold on Honest Claims,  
as all its parts are Practical and will do all the  
work claimed for them. Some other Machines are  
Greatly Complicated, to do Useless and Silly  
things, and thus are rendered unreliable.  
Never gives trouble, and is readily and easily  
managed by those who utterly fail on other  
Machines.  
**SINGER'S**  
**New Manufacturing Machines**  
Claim the same advantages over others of their  
class as the new Family Machines. These old  
and well-tried Sewing Machines are applicable  
to all kinds of heavy and light manufacturing in  
Cloth, Leather, etc., and run in the most per-  
fect and reliable manner without trouble to the  
operator.  
Without any previous advertisement, the  
Demand for the Singer Machine is so great  
that we have been unable to retain even one Ma-  
chine to exhibit. All sold, but a large num-  
ber are now on the way from New York, and  
**WILL ARRIVE IN A FEW**  
**DAYS.**  
They will consist of the Different Varieties  
made by the Singer Manufacturing Company  
and we shall sell at Eastern Prices, with ad-  
dition of Freight only. To accommodate parties  
who cannot pay all down, we will sell on  
**EASY MONTHLY INSTALLMENTS**  
So that all may possess one of these Blessings.  
For the convenience of our Patrons we have  
engaged the services of a gentleman, who has  
had twenty years experience and is one of the  
most skillful experts in the world in repairing  
and adjusting Sewing Machines. He will put  
each Machine in complete and practical run-  
ning order before it leaves the Institution and  
will also impart to purchasers all needful in-  
struction, so that they can at once commence  
work.  
We report to no trickery whatever to sell  
Sewing Machines, but allow their Great  
Merits to recommend them. We can do this,  
as the demand for them is so great that  
although the Singer Company make more than  
all other first-class companies combined, they  
cannot nearly fill their orders, and are com-  
pelled to still extend their Gigantic Works.  
We having been so fortunate as to secure the  
**General Central Agency,**  
For this Territory, we extend a cordial invita-  
tion to all to come and see the Machines,  
whether they wish to buy or not. See all  
orders, but do not buy without you ex-  
amine the Singer.  
We Guarantee every Machine we  
sell to give entire satisfaction.  
**THE SINGER**  
**BUTTON-HOLE MACHINE**  
Is the only Practical one in the World.  
OTHER SEWING MACHINES REPAIR-  
ed on Reasonable Terms.  
**MACHINES FOR SALE**  
AT THE  
**RETAIL DRY GOODS DEPARTMENT**  
**ZION'S CO-OPERATIVE**  
**MERCANTILE INSTITUTION.**

and supposed advantages.  
The SINGER is the  
Oldest Practical Sewing Machine,  
Being about twenty years in the market.  
Having been constantly improved by the em-  
ployment of the most skilled ingenuity of the  
age and unlimited capital, it is now directed  
to all unnecessary parts and possesses all the  
Very Latest Inventions and Improvements.  
It is the only Machine sold on Honest Claims,  
as all its parts are Practical and will do all the  
work claimed for them. Some other Machines are  
Greatly Complicated, to do Useless and Silly  
things, and thus are rendered unreliable.  
Never gives trouble, and is readily and easily  
managed by those who utterly fail on other  
Machines.  
**SINGER'S**  
**New Manufacturing Machines**  
Claim the same advantages over others of their  
class as the new Family Machines. These old  
and well-tried Sewing Machines are applicable  
to all kinds of heavy and light manufacturing in  
Cloth, Leather, etc., and run in the most per-  
fect and reliable manner without trouble to the  
operator.  
Without any previous advertisement, the  
Demand for the Singer Machine is so great  
that we have been unable to retain even one Ma-  
chine to exhibit. All sold, but a large num-  
ber are now on the way from New York, and  
**WILL ARRIVE IN A FEW**  
**DAYS.**  
They will consist of the Different Varieties  
made by the Singer Manufacturing Company  
and we shall sell at Eastern Prices, with ad-  
dition of Freight only. To accommodate parties  
who cannot pay all down, we will sell on  
**EASY MONTHLY INSTALLMENTS**  
So that all may possess one of these Blessings.  
For the convenience of our Patrons we have  
engaged the services of a gentleman, who has  
had twenty years experience and is one of the  
most skillful experts in the world in repairing  
and adjusting Sewing Machines. He will put  
each Machine in complete and practical run-  
ning order before it leaves the Institution and  
will also impart to purchasers all needful in-  
struction, so that they can at once commence  
work.  
We report to no trickery whatever to sell  
Sewing Machines, but allow their Great  
Merits to recommend them. We can do this,  
as the demand for them is so great that  
although the Singer Company make more than  
all other first-class companies combined, they  
cannot nearly fill their orders, and are com-  
pelled to still extend their Gigantic Works.  
We having been so fortunate as to secure the  
**General Central Agency,**  
For this Territory, we extend a cordial invita-  
tion to all to come and see the Machines,  
whether they wish to buy or not. See all  
orders, but do not buy without you ex-  
amine the Singer.  
We Guarantee every Machine we  
sell to give entire satisfaction.  
**THE SINGER**  
**BUTTON-HOLE MACHINE**  
Is the only Practical one in the World.  
OTHER SEWING MACHINES REPAIR-  
ed on Reasonable Terms.  
**MACHINES FOR SALE**  
AT THE  
**RETAIL DRY GOODS DEPARTMENT**  
**ZION'S CO-OPERATIVE**  
**MERCANTILE INSTITUTION.**

d281-3m

**THE SINGER**  
**NEW FAMILY MACHINE**  
Has been brought to perfection, regardless of  
time, labor or expense, and is now incomparably  
the best Sewing Machine in existence.  
It is simple, compact, durable, beautiful, quiet,  
light-running, and capable of performing a  
range and variety of work never before  
tempted upon a single machine, using either  
Siles, Twist, Linen or Cotton Thread, and sewing  
with equal facility the very finest and  
coarsest materials, or any material between the  
two extremes, in the most beautiful and sub-  
stantial manner.  
The New Improved Attachments for Hem-  
ming, (any width) Braiding, Embroidering,  
Magie Ruffing, Gathering and sewing on (at  
the same time) Self-Sewing, Cording, Tucking,  
Quilting, Felling, Trimming, Binding, etc., are  
novel and practicable, and have been invented  
and adjusted especially for this Machine.  
Folding Tops and Cabinet Cases.  
New designs of the unique, useful and popular  
Folding Tops and Cabinet Cases, peculiar to  
the Singer Machine, are in every variety of  
wood, such as black Walnut, Mahogany, Rose-  
wood, Satinwood, and from the plainest to the  
most elaborate pattern and finish. The Ma-  
chines themselves are plain or highly orna-  
mented with pearl and gold to correspond  
with their tables or cabinets.  
In the Singer the work is fed or passed  
through the Machine in a natural direction,  
namely, from the operator, permitting her to sit  
in a natural and healthy position. In many  
other Machines the work passes from left to  
right, or the reverse, compelling the operator to  
strain the back, and thus causing  
weakness of the back, etc.  
The Singer uses a SHORT STRAIGHT  
NEEDLE, which is not liable to break or miss  
the stitch. Many other Machines use a long  
needle, which is liable to break and  
to miss the stitch.  
In the Singer Machine the Shuttle is carried,  
thus avoiding nearly all wear. It requires no  
oil, and does not soil the thread or goods.  
Other Machines drive their Shuttles, in a race,  
thus causing great wear, and requiring oil,  
soiling the thread and goods.  
On the Singer, the Tension on both the upper  
and lower threads is absolutely under the  
ready control of the operator, thus rendering  
the Machine always available for good sewing,  
which is not the case with any other. Many  
so-called cheap Machines are really worthless,  
and so are many of their new peculiarities  
and supposed advantages.  
The SINGER is the  
Oldest Practical Sewing Machine,  
Being about twenty years in the market.  
Having been constantly improved by the em-
