

Idaho News From Her Main Cities and Towns.

WHAT HAS BEEN ACCOMPLISHED

Work of the Idaho Legislature During Session Now Closed At Boise.

SEVENTY-FOUR BILLS SIGNED.

List of Those Recently Passed on by Governor Gooding, Thus Becoming Law of State.

Special Correspondence.

BOISE, Ida., March 14.—Comparatively quiet now prevails in the capital city of Idaho—the flurry of the legislative days is past and the people are sobering down in contemplation of the work of the fifth session—what it did and what it did not. Many of the new laws are general and have to do with the people of the whole state. A measure of the latter class is the Sunday rest law. This bill brought forth much debate in the house where it was introduced and attracted to its support nearly all of the women's and ministerial organizations in the state, and for the energetic support of which also Rev. Tufts was arrested for violation of the anti-lobby law.

HIGH LIQUOR LICENSES.

Another general law which will greatly interest peace-loving people is the high liquor license law. This measure has also attracted the support of the governor and will be in force after 60 days. It was one of the hardest fought measures of the session. The main features of the law are as follows:

In the first place the law imposes a straight license of \$750 a year for every saloon, of whatever grade, in the state and requires a bond of \$3,000 before a license can be issued. This bond may be collected in case of prosecutions arising out of misconduct or illegal selling of liquor. The commissioners may refuse to grant a license with or without cause. The old law did not make it optional with the commissioners but required them to issue the license if the fee accompanied the petition. The cost of license heretofore has been \$100, \$300 and \$500.

SEVENTY-FOUR BILLS.

Following is a list of 74 bills recently signed by Governor Gooding, thus becoming laws of the state. The governor still has about 50 bills in his hands for consideration, a number of which it is understood he will veto. There are a number of the regular appropriation measures yet to be passed upon, and a lot of bridge bills that were passed by the legislature after it was learned that the state bond power was being taxed almost to the breaking point. It is understood that the governor will make a general rule to turn down the bills of this class which run considerably above \$100,000 on the ground that the state has no right to impoverish its treasury for the purpose of building roads. The bills are as follows:

BILLS SIGNED.

- H. B. 146, by the committee on military and Indian affairs, providing a salary for the Indian agent.
- H. B. 147, by the committee on corporations and railroads, fixing the fees payable to the secretary of state.

PRESIDENT AND DIRECTORS HELD FOR GRAND JURY.

William H. Newman, president of the New York Central Railroad, and the entire board of directors of that corporation, will be brought before the grand jury to answer for the killing of more than 20 persons by that railroad in New York City in February. As a result of the action of the investigating committee, Newman and his associates are being held for the grand jury. Newman is a resident of New York City and has been in the city since the tragedy. He is being held in the city of New York, where he is being held in the city of New York.

PLACING ALL WINTER IN THE IONA VALLEY.

The city of Boise is now confronted with another municipal election; political circles are stirred up to great activity and great interest among the people is beginning to be awakened. There are already three tickets in the field: Republican, Democratic and Citizens, and there is talk of more.

The expert hunters, Messrs. Breidenstein and Whitlatch, have been recently appointed by the forestry service as guards of the Sawtooth reserve, whose specific duty it shall be to pursue the obnoxious animals of that region, which are so destructive to sheep and young stock.

PLUMBERS BUSY IN REYBURG CITY.

All Hands Are Getting Ready to Turn in the City Water.

NEW BIG PUMP INSTALLED.

Mary Elizabeth Ricks Passes Peacefully Into the Sleep of Death After Years of Suffering.

Special Correspondence.

REYBURG, Ida., March 14.—The new pump for the water works system has been in operation and the mains filled, but when the engineer came to turn the work over to the city, it was discovered that there had been some variation from the plans and specifications agreed upon and a few minor changes are now being made, after which, in a few days, the water will again be turned in. The plumbers are very busy preparing homes and business houses for the new city water. Studebaker brothers have just purchased from the city of Reyburg, the consideration being \$2,000. The company will, in the near future, begin the erection of a new building at a cost of \$5,000. Representative James W. Webster is home again, after spending several weeks in the law-making city of the state.

Monday morning Daniel Ricks returned home from the Northwestern States mission, where he has been doing missionary work for the last two years. All preparations are being made from the city election, which will be held on the 4th inst. Primaries will be held in each of the municipal wards on Monday, where delegates will be chosen to attend the nominating convention to be held on the following Saturday.

DEATH OF A GOOD WOMAN.

On Sunday morning, March 10, at 4 o'clock, Mary Elizabeth Ricks, daughter of Thomas E. and Tabitha Ricks, passed peacefully into the sleep of death, at Reyburg, Ida. She was born at Logan city, Utah, on the 19th day of August, 1861.

At birth she was a beautiful child, perfect in bodily form and intellect. When she was but a few years old, she contracted a very severe cold, which affected her lower limbs, and finally resulted in hip disease, and from which she suffered all the rest of her days.

The funeral services were held in the Reyburg First ward meetinghouse at 3 o'clock p. m. on Tuesday, the house being filled to its utmost capacity. Commending remarks were made by Elder E. J. McIntire, President William Parkinson and President Albert Heath. The white casket, which contained the remains of the departed, was covered with a profusion of beautiful flowers, contributed by loving relatives and friends.

WANTS COLLEGE FOR PSYCHIC STUDY.

Dr. Isaac K. Funk, D. D., L. L. D., psychologist and spiritualist, has expressed the wish that John D. Rockefeller or Andrew Carnegie might endow a college for the study of psychology and a number of educators believe that these philanthropists may yet see the benefit of such an institution of learning. Dr. Funk has said: "Vast sums of money have been spent in polar exploration which is unlikely to be of value to mankind, yet few persons seem to think that undiscovered world where our dead go to be of sufficient interest for scientific exploration." He believes that with a fund of sufficient size a few of the world's most advanced psychologists could be retained to develop their investigations and that the result would be of vast importance and interest to the entire world. The help of Carnegie or Rockefeller, Dr. Funk thinks, would bring great results in the promotion of psychological knowledge.

The March fast offerings of the Idaho were contributed to help pay the heavy expense incident to the lady's affliction. This town has three practicing physicians—Dr. P. A. Price, Dr. H. Lynch and Dr. K. E. Parker, the last named a lady. There are two drug stores here. Heavy shipments of hay, grain and horses are being regularly made from the local Oregon Short Line depot. Many children and some adults are suffering from severe colds.
