

Loss of life, in Prussia. The districts of Mulhausen and Heiligenstadt, have been visited by a water spout, which raised the water in Unstrut and other streams 18 feet, in 15 minutes, destroyed the entire harvest, covered the fields with sand and stone so as to prevent cultivation for years to come; many lives lost, hundreds of cattle and buildings swept away.

EDITOR DESERET NEWS:—We have made 600 pounds of cheese and butter from five cows since last March. The scripture says, go and do likewise. Query, How much would it amount to, at this rate, in Salt Lake County? S. RICHARDS.

Little Cottonwood Ward, Sept. 28, 1852. N. B. Titling deposited—50 lbs.

Answer.—Suppose 1000 cows in this county; at the same ratio as above, there would be produced 120,000 lbs. of butter and cheese, = 12,000 lbs. tithing. Again, suppose Utah and Tooele have 1000 cows, and Davis and Weber counties 1000 more, all within reach of the Tithing Office, and yielding butter and cheese, at the same ratio, there would be 240,000 lbs. more to be added to the 120,000, making 360,000 lbs. of butter and cheese made within a reasonable distance of weekly returns of the Tithing Office, the tithing of which would be 36,000 lbs. of butter and cheese tithing delivered at the Tithing Office since last March, or in other words, EIGHTEEN TONS. Will the clerks of the Tithing Office inform us if that amount has been received? But, as the number of cows is only our own rough estimate, and we are willing to allow one half for error of judgment, we will put the cows within 50 miles, or a day's drive of the Tithing Office, at 1500; which at the previous ratio would reduce the whole amount of butter and cheese to 180,000 lbs., and the tithing 18,000 lbs., or NINE TONS. Has this amount been received? We wish the clerks would cast up and answer. Have all the bishops been as prompt to forward their butter and cheese as Bishop Richards of Little Cottonwood ward? How many cows are there in the several wards of the several counties above named? If our Bishops would please answer this question, it might relieve us from an awkward guess. But again, suppose our last proposition was on the wrong side, and there should be found 6000 cows within the above distance, instead of 1500; at the same ratio there would be a produce of 720,000 lbs., the tithing of which would be 72,000 lbs., or THIRTY-SIX TONS of butter and cheese which has been or should have been received on tithing since last March. Has it been done? Will Bishops, Clerks, Heralds, and men of judgment, give us the items, and tell us how these things are?

## BOUNTY LAND.

An Act granting Bounty Land to certain Officers and Soldiers who have been engaged in the Military Service of the United States.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That each of the surviving, or the widow or minor children of deceased commissioned or non-commissioned officers, musicians, or privates, who performed military service in any regiment, company, or detachment, in the service of the United States, in the war with Great Britain, declared by the United States on the eighteenth day of June, eighteen hundred and twelve, or in any of the Indian wars since seventeen hundred and ninety, and each of the commissioned officers who was engaged in the military service of the United States in the late war with Mexico, shall be entitled to lands, as follows: Those who engaged to serve twelve months or during the war, and actually served nine months, shall receive one hundred and sixty acres, and those who engaged to serve six months, and actually served four months, shall receive eighty acres, and those who engaged to serve for any or an indefinite period, and actually served one month, shall receive forty acres: Provided, That wherever any officer or soldier was honorably discharged in consequence of disability in the service, before the expiration of his period of service, he shall receive the amount to which he would have been entitled if he had served the full period for which he had engaged to serve: Provided, The person so having been in service shall not receive said land, or any part thereof, if it shall appear, by the muster rolls of his regiment or corps, that he deserted, or was a voluntarily discharged from service, or if he has received, or is entitled to, any military land bounty under any act of Congress heretofore passed.

Sec. 2. And be it further enacted, That the period during which any officer or soldier may have remained in captivity with the enemy shall be estimated and added to the period of his actual service, and the person so detained in captivity shall receive land under the provisions of this act in the same manner that he would be entitled in case he had entered the service for the whole term made up by the addition of the time of his captivity, and had served during such term.

Sec. 3. And be it further enacted, That each commissioned and non-commissioned officer, musician, or private, for whom provision is made by the first section hereof, shall receive a certificate or warrant from the Department of the Interior for the quantity of land to which he may be entitled, and which may be located by the warrant or his heirs at law, at any land office of the United States, in one body and in conformity to the subdivisions of the public lands, upon any of the public lands in such district then subject to private entry; and upon the return of such certificate or warrant, with evidence of the location thereof having been legally made to the general land office, a patent shall be issued thereon. In the event of the death of any commissioned or non-commissioned officer, musician, or private, prior or subsequent to the passage of this act, who shall have served as aforesaid, and who shall not have received bounty land for said service, a like certificate or warrant shall be issued in favor, and enure to the benefit of his widow, who shall receive one hundred and sixty acres of land in case her husband was killed in battle, but not to her heirs: Provided, She is unmarried at the date of her application. Provided further, That no land warrant issued under the provisions of this act shall be laid upon any land of the United States to which there shall be a pre-emption right, or upon which there shall be an actual settlement and cultivation, except with the consent of such settler, to be satisfactorily proven to the proper land officer.

Sec. 4. And be it further enacted, That all sales, mortgages, letters of attorney, or other instruments of writing, going to effect the title or claim to any warrant or certificate issued, or to be issued, or any land granted, or to be granted, under the provisions of this act, made or executed prior to the issue, shall be null and void to all intents and purposes whatsoever, no such certificate or warrant, or the land obtained thereby, be in any wise affected by, or changed with, or subject to, the payment of any debt or claim incurred by such officer or soldier, prior to the issuing of the patent: Provided, That the benefits of this act shall not accrue to any person who is a member of the present Congress. Provided further, That it shall be the duty of the commissioner of the general land office, under such regulations as may be prescribed by the Secretary of the Interior, to cause to be located, free of expense, any warrant which the holder may present to the general land office for that purpose in such State and land district as the said holder or warrantee may designate, and upon good farming land, so far as the same can be ascertained from the maps, plats, and field notes of the surveyor, or from any other information in the possession of the local office, and upon the location being made as aforesaid, the Secretary shall cause a patent to be transmitted to such warrantee: And provided further, That no patent issued under this act shall be delivered upon any power of attorney or agreement dated before the passage of this, and that all such powers of attorney or agreements be considered and treated as null and void.

APPROVED, September 28th, 1850.

REMARKS.—By the foregoing act it will be seen that honorably discharged soldiers, militia, &c., who have been engaged in the service of the United States in the war with Great Britain, or the Indians, are entitled to BOUNTY LAND. All invalids, by producing proper proof, are also entitled to pension. Come BHOYS, now is the time to enjoy your Country's given gold, and I shall be an hand to assist when solicited. W. W. PHELPS.

DIED. Of inflammation of the head and bowels, Oct. 22, 1852, SYLVESTER ALONZO, son of Samuel D. and Mary H. Richards, aged 8 months and 5 days.

On the 25th ult., in his 15th year, WILLIE KANE. This youth, in whom were developed in advance of his years, the forces of maturer manhood, impaired his health by an over application to studies too arduous for his tender age. Always, and even after his strength had begun to fail, he secured the first distinctions of the schools in which he was entered. Yet—such was his brave and generous, as well as most gentle temper—he was the recognized favorite of his classmates. Watchful as he ever was of the comfort of his friends, and thoughtful of their happiness before his own, how could he but be beloved by all who knew him? This bright and cheerful youth, whose life was a lesson to the learned that his young friend bore his sufferings to the last with unbroken fortitude and magnanimity of spirit.

The above was a Brother of Colonel Thomas L. Kane, of Philadelphia; his death was deeply deplored by his class mates, who manifested their feelings by public resolutions. We sympathize with the afflicted relatives.

In Tooele City, Oct. 7th, 1852, ELIZA ANNA, wife of John Rowberry, aged 39 years; disease—inflammation of the lungs.

Millennial Star, England, please copy. Oh, why did you leave us dear sister? And why did you go from your home? Your husband and children are grieving. And with them I feel for to mourn.

Oh! listen a moment; I'll tell you, My Father has called me away; He told me the time was completed, That I had agreed for to stay.

TERRITORY OF UTAH, Great Salt Lake county. COUNTY COURT, Oct. 25, 1852. THE County Court Great Salt Lake County, on the petition of D. H. Wells for the exclusive control and privilege of the wood, timber, lumber, poles, grass, stone, road and water, of the Canyon, commonly known as Emigration Canyon, including the entire control and privilege of said Canyon, and the tributaries to the summit of the outer-side ridge of the same from and above a certain point known as the point where the present emigration road terminates in said Canyon, and turns off to pass over the mountain.

Be it ordered by this Court, That the said D. H. Wells have the exclusive control of the aforesaid Canyon, and that he make a good wagon road, and keep it in repair, and also keep the same open to the public, for the purpose of hauling out wood and poles by paying him twenty five cents per load for each load of wood and poles hauled out of said Canyon. I hereby certify that the above is a correct transcript from the records of the County Court, Great Salt Lake County. Given under my hand and the seal of the County Court of G. S. L. County. JAMES W. CUMMINGS.

Clerk of the County Court of G. S. L. Co. In connection with the foregoing, I wish to observe that arrangements are now making, to construct a good road into the aforesaid Canyon, and that all persons are expected to assist from hauling out wood, poles or timber, unless previous arrangements are made with John Kilham, who is living in the Canyon, or the subscriber in this city. nov-26-1852-4f D. H. WELLS.

DESERET TANNERY. THE Proprietors tender their thanks to their friends who have patronized them by bringing them bark, oils, lumber, and the comforts of life, to assist in starting their business, and particularly to those who have thrown the mantle of charity over the products of the infant tannery—they will be remembered. A strong desire to assist in establishing an order of independence, so far as our ability can extend, has prompted us to spare no pains or expense to enlarge our conveniences for the public benefit. We have a number of Best and Shoe makers steady, making up our stock. We want more help in that branch of our business. We need apply but first rate stogy workmen. We want to employ a good last maker, for the winter at least. Our harness shop is in operation. We have on hand, Bridles, Lines and Halter straps of all kinds, and waiting your orders for making and repairing harness. We have in our employ for some length of time men who are experienced in the manufacture of leather having devoted their lives from boyhood to advanced age in that business, both in Britain and America, but as yet we have not been able to procure all the tools necessary for that business. We wish to purchase: any person having tools will please call. We are also prepared as usual to receive your hides, skins, sumac, squaw bush, oak shaws, as also your oils and tallow for which we will pay you on delivery. We wish you to call and see our progress in home manufacture, and bring us some flour, meal, beef, pork, mutton, butter, cheese, potatoes, and other comforts, such as cloths of all kinds, socks, &c. &c. we will trade our boots and shoes, for anything that is useful for our comfort, if possible. We are in want of two good cast or aluminum shop stoves; also a quantity of pipe, and a drum for heating; or we will purchase a quantity of sheet iron; any person having any of the above articles, please call. oct16-25-4f MULLINER & ALLEN.

DESERET BAKERY. THE subscriber wishes to inform the citizens of Great Salt Lake City and vicinity, that he has removed his Bakery immediately opposite to his old stand. He is now situated 2 doors North of J. & E. Reese's store. Having been 15 years in the business, principally in London, England, New York and Boston, he is prepared to fill orders in all kinds of crackers, such as Boston, Soda, Sugar, and Butter, also Pastry of all kinds, which he will warrant to be as good as if done in New York, or Boston. He will also bake for parties on reasonable terms. Wedding, and all other kinds of fancy Cakes made to order. Light Bread constantly on hand, and for sale as low as can be sold by any Bakery in the city. All the above mentioned articles warranted to be of superior quality, and exchanged for Wheat, Flour, Butter, Wood, Lumber, &c. oct-21-4f JOHN WILLIS.

STRAYED. FROM the Big Field, a yoke of Cattle; one a pale red, white and black face, large horns turned up; the other one a dark brown, white on the belly, one horn lopped a little; both branded on the horns, J.
