

## FOREIGN OFFICE NOT SURPRISED

News of Outbreak Against Japanese in Canada Was in No Way Astonishing.

### RAISES A SERIOUS PROBLEM.

Situation at Vancouver Grows Menacing—Report Disorders Started by Bellingham Men Not Credited.

London, Sept. 9.—The news of the attacks on the Japanese and Chinese at Vancouver did not surprise the colonial and foreign officials here, who had long expected an outbreak against Asiatics in Canada, but they have the greatest confidence that Canada will be able to suppress any further outbreaks. At the same time, the officials realize that a most serious problem has arisen, particularly as the feeling appears to be strong against the subjects of Great Britain's eastern ally, and that it will require most careful handling, for whatever action is taken is likely to be reacted, either by the colony or by Japan.

The question has been the subject of considerable discussion for some time by the imperial authorities, who have used their good offices on numerous occasions to prevent the enactment of anti-Japanese legislation by British Columbia. It was understood that the matter was discussed at length during the recent visit of the colonial premiers to London, Australia being as much opposed to the admission of Asiatics as are the Canadians. No steps were taken at the time, however, and the subject was allowed to lie until the agitation was revived.

All the cabinet ministers are out of town at present, but the colonial and foreign offices are seeking to obtain all the information possible on the subject of the Vancouver outbreak, with the view of taking some action, the nature of which it is difficult to surmise.

#### SITUATION MENACING.

Seattle, Wash., Sept. 9.—A special to the Times from Vancouver, B. C., says: As a result of disorders Saturday and Sunday evenings the situation here with regard to Asiatics is increasing in menace. The Japanese have notified Chief of Police Chamberlain that as police protection is inadequate they will take steps to protect themselves.

Chinese and Japanese employed in hotels and restaurants have withdrawn from work. It is said that the leaders have instructed them that they must not work under penalty of \$100. The Japanese are purchasing firearms and the aspect of affairs is threatening. The steamer Montcalm, due to arrive Wednesday or Thursday, with many orientals aboard, will be used for a military demonstration. It is freely declared that the orientals will not be allowed to land. There is growing uneasiness in the city. The feeling is increasing that in view of the number of Japanese, Chinese and Hindus in Vancouver, the minister of militia should take steps to protect the orientals. Several restaurant keepers met this morning and resolved to employ nothing but white labor.

Early reports of disorders Saturday night were exaggerated. The crowd amounted to about 10,000, but the temper manifested was merely boisterous. The crowd surged through the streets, shouting and shouting, shooting everything colored. At intervals from an indistinguishable point in the crowd brickbats would hurtle over the intervening heads and crash through windows. Chief of Police Chamberlain, recognizing the inadequacy of the force at his disposal, relied on diplomacy. Fearing of exciting the passions of the mob, he directed his men to desist from truncheons and exercise moderation. Later the order regarding truncheons was revoked, but at no stage did the police and the populace come to blows.

Personal encounters were limited to the Japanese quarters. The Japanese resisted, arming with knives, daggers, clubs and bottles. They charged the crowd with clubs and stones. The crowd carried no arms and scattered after a large amount of damage. One white man was badly stabbed in Powell street, another cut by a stiletto and another had his head laid open with a broken bottle. The man stabbed is in the hospital.

The report that the disorders were started by a number of Bellingham men is not credited. All the arrests were local. They show that the rioting was not confined to any particular class. Bellingham, Oregon, has been spared from those arrested. A crowd several thousand strong gathered last evening. The police succeeded in making 19 arrests in all. Hearing of the charges against the participants in the anti-Asiatic riots is proceeding in the police court today. The hearing is protracted, the courtroom is crowded and crowds line the streets in the vicinity of the courts.

The arming of the orientals becomes more alarming. Downtown dealers, including the second-hand stores, have been cleared of their stocks of firearms. Oriental laborers, who were working this morning were met by pickets of their fellow countrymen and induced to return home. Prominent Japanese residents take a grave view of the situation, declaring that the coming of the steamer Montcalm Wednesday, in view of the present state of feeling among Japanese and whites alike, is an incident fraught with serious danger. The Japanese held a meeting this afternoon.

Accompanied by Terrible Itching—  
A Complicated and Most Distressing Case—Well-known Remedies Failed to Cure—Doctor Thought an Operation Necessary—Then

### CUTICURA PROVED ITS WONDERFUL EFFICACY

"I am now eighty years old and one morning, three years ago, was taken with a hard pain in my right side. In my sleep I had an attack of piles (hemorrhoids) bleeding and protruding. The doctor gave me some medicine and an ointment for them which helped me some but I had to keep using them all the time. Then I began to feel worse and I did not use it every day but I would get worse. The doctor said the only help for me was to go to a hospital and be operated on. At this time, about a year ago, I went to using the S—remedies. I tried them for four days and nothing happened so I stopped up for my piles. During this time sores would appear on a fleshly part of my body. They bothered me all the time, I would get one healed and another would come. These sores changed to eczema, accompanied by a terrible itching. It seemed as if I could not keep my hands from tearing my flesh. This and the pile trouble brought on an inflamed condition. Then I got the Cuticura Remedies. I washed the affected parts with Cuticura Soap and water, then applied Cuticura Ointment on the irritated surfaces and injected a quantity of Cuticura Ointment with a Cuticura Suppository Syringe. I also took Cuticura Resolvent Pills. I took a amount of this treatment to get into a fairly healthy state and then I treated myself one day for three months and after that, once or twice a week. It is fortunate that I used Cuticura. The treatments I had tried took a lot of money that I would have saved by using Cuticura Remedies sooner, but I am sorry now. I am supplied with a full set of the Cuticura Remedies. I washed the affected parts with Cuticura Soap and water, then applied Cuticura Ointment and at night, then used Cuticura Ointment on the irritated surfaces and injected a quantity of Cuticura Ointment with a Cuticura Suppository Syringe.
