

## RATE ANNOUNCED TO FLEET REVIEW

Harriman Lines Offer Special  
Inducements to Witness.  
Naval Spectacle.

### THREE DEPARTURE DATES.

Trains Will Leave May 2, 3, and 4.  
And Tickets Will Be on Sale  
May 2 Only.

A rate of \$31.50 to San Francisco and return is announced by the Harriman lines for the "welcoming of the fleet." May 2 will be the one date for the sale of tickets. Trains leave May 2, 3 and 4 and extra sleepers will be attached to all trains. Going, five days will be allowed, the final limit being the usual 30 days. Heavy travel from this city and neighborhood is anticipated; two special trains have been taken already. The first will leave Salt Lake at 8 o'clock on the morning of May 3 and the second, which will carry the high school cadets, will leave later in the forenoon.

A plan that is being adopted by many who contemplate the trip is the chartering of standard Pullman sleepers. The railroad company will rent a sleeper for \$45 a day, and as the sleepers each have a minimum capacity of 40 persons, it can be seen each person's share will not amount to much more than \$1 a day during the entire trip. Parties chartering a sleeper will virtually own it during the trip, so, for \$1 a day, they will have every comfort of a hotel. Each car will be under the care of two porters. Figuring 40 persons to the car is figuring three to a section and four in the drawing room.

**TODAY'S LITTLE FLURRY.**

In connection with this excursion is a little happening pulled off shortly before noon today. C. M. Haysinger, an attaché of the Harriman down-town ticket office, fixed up a novel display on the "fleet" by cutting holes in an American flag to make it a frame for numerous pictures of the warships. Admiral "Bob" Evans and his wife, put in the window and a crowd gathered. There was no advertising on the display, but it was a crowd coaxed. Mr. Haysinger and L. Keyes, in both Mr. Haysinger and L. Keyes, in the window, were highly elated until somebody rushed in and announced that to cut an American flag is a crime. Mr. Keyes was upset. He reached for two telephones and through the other Clerk Letcher of the Federal court. He got the latter first so hung up the other "phone. Here is the conversation of the Keyes end of the wire: "Hello, Mr. Letcher? Say is it a crime to cut an American flag? Oh, gee whizz! What for? Oh, why there is no advertising, its just a flag made into a frame for pictures of the fleet and "Bob" Evans and so on. What's that? Oh, I am relieved. What? This is the Harriman ticket office talking. That makes no difference. Suit to-day? Well, its time, the government hasn't filed one for pretty nearly a week. Ha ha ha! Well, thank you Mr. Letcher—and the greatly relieved Mr. Keyes and Mr. Haysinger shook hands and went out to resume admiring the display.

### NEW INCORPORATIONS.

Articles of incorporation of the New Hope Irrigation company of Independence were filed with the secretary of state this morning. The company is capitalized at \$15,000, divided into 3,750 shares worth \$4 each. The purpose of the concern is to utilize the waters of the Lake Fork stream in Wasatch county and the Uintah and Duchesne rivers in Uintah county for irrigation purposes. W. T. Fisher is named as president, C. F. Horn, vice president, and Ray C. Horn, secretary.

Certificate of incorporation of the Union Carbide Sales company, organized under the laws of the state of West Virginia, and with the principal place of business at Chicago, were filed in the office of the secretary of state today. George H. ### REGULAR CHINESE PUZZLE.

Chief Pitt Has Problem Every Bit as  
Bothersome as Lloyd's.

Chief of Police Pitt has a package of yellow trouble on his hands. Yee On is in the city jail charged with robbing one Yee Look of \$250, said to have been stolen about a week ago in Look's store in Plum alley. For some reason, best known to himself but guessed freely in police circles, Look has failed to swear a complaint against On. Look probably figures that if he can have On kept in jail long enough he will produce the amount said to have been stolen. Chief Pitt now holds \$233 taken from On. But the chief insists upon Look swearing to a complaint against the prisoner and has told Look if he does not, prosecution against On on a charge of grand larceny.

## That Tired Feeling

That comes to you every spring is a sign that your blood is wanting in vitality, just as pimples and other eruptions are signs that it is impure.

One of the great facts of experience and observation is that Hood's Sarsaparilla always removes that Tired Feeling, gives new life and courage. Take

centy the prisoner will be given his \$233 back and turned loose. The mix-up became more hopelessly tangled today when a third Mongolian appeared in the case and demanded the money taken from On. Chief Pitt was served with a written order to turn the money over to Chin Willie.

So, with three Chinamen under his nose—all chattering noisily—Chief Pitt feels that a police job is no sinecure. When the chief told Look he would turn On loose, Look pattered down to the county attorney's office to consult with the officials there. With the county attorney's office taking a hand in the thing, about the only people left to call in, would be the immigration officers.

Young, Jr., the glee club and choir of the "U" rendered selections, and Miss Maude Babcock recited at a meeting in the chapel—a prominent part of the day's doings. Various buildings, with exhibitions of track and "gym" work and a matinee dance arranged by the Girls' "Gym" club this afternoon, are other features of the day's entertainment arranged for the visitors.

### NO WEATHER MAP TODAY.

Because of wire troubles the local weather bureau was not able to issue its daily map this morning. The Western Union has been experiencing trouble getting messages from Denver to Salt Lake, but at noon things began to straighten out. At 1:30 the weather bureau obtained enough outside information to issue a map with the usual "inside information." With the "dope" at hand the bureau predicts unsettled conditions and clouds for the next 24 hours.

Sargent, who was the son of Mr. and Mrs. Amos Sargent of Hoytsville, was at work in the Grass Creek mines as driver and was driving a horse down underground in his usual occupation when a rock weighing 500 pounds fell upon him, crushing his skull to pulp and shattering his spinal chord.

Mayor Vetoes Resolution—Unless the city council overrides the veto of Mayor Bradford, James Kennedy will not receive the \$9,988.54 appropriated to him by resolution of the city council last Monday evening for pumping water out of the interlocking sewer. The mayor this morning returned to the council without his approval this resolution, taking the stand that the matter was fully covered in the original contract with Mr. Kennedy, and that it was his duty to pump out the water in doing the work and that the city is in no wise liable for the claim.

SOLD TOBACCO TO MINORS.  
E. A. Munsey Says He Will Go to Jail  
Rather Than Pay Fine.

(Special to the "News.")

Ogden, April 24.—E. A. Munsey, owner of a cigar store in this city, was fined \$50 for selling tobacco to minors Sunday last. It appeared from the evidence that Munsey did not personally sell the goods, but that a clerk in his store did so. Munsey after the trial and sentence said that he would not pay the fine, that he would go to jail first. Pressure is about to be brought to bear upon the mayor in order to secure a pardon for Munsey.

Mrs. Mary Corser Watson has filed a cross-complaint for divorce from her husband, William J. Watson, in the Third district court. In Watson's suit against his wife, he charges her with infidelity. In her answer and cross complaint, Mrs. Watson comes back at him with sensational charges, and alleges that he has treated her with extreme cruelty, that he had threatened to wring her neck and tear her head off, and that as a capping act he drove her from the house. Prior to this Mrs. Watson alleges, her husband had been out of the city, but he returned stealthily and abused her in the presence of other persons and accused her of unchastity. Then, Mrs. Watson avers, he knocked her down, stripped the rings from her fingers, tore her clothing and drove her from their home. She asks for a decree of divorce and the custody of their 5-year-old daughter.

Neel, Jr. The complaint sets forth that Neel acted as train dispatcher for defendant company at Sheridan, Wyo., from March 1, 1907, to April 17, 1907, at an agreed salary of \$140 per month, but that the company only paid Neel for his services at the rate of \$100 per month, and the claim on this count is for balance of \$62.67. ## PREMEDITATED CRIME

Oakland Police Satisfied That the Dynamiting of Home of Ex-Supervisor Gallagher Was One.

Oakland, April 24.—Chief of Detective Peterson said this morning in connection with the dynamiting of the home of former Supervisor Gallagher in Oakland on Wednesday night, that the police department were satisfied it was premeditated crime, and they are working on that basis. He says he has not asked for any assistance from any source, and will not. Several persons are under suspicion in connection with the case, but the police are very reticent in discussing this matter.

Pieces of cloth, wire and a number of other things found in the debris are being examined today by chemists in the hope of finding out whether nitroglycerine or dynamite was used. The police have torn the chimney of the house down, piece by piece and have gone over every portion of the wreckage.

"If Mr. Gallagher has any suspicions as to the identity of the people who did this job," said Capt. Peterson, "he is keeping them to himself. In fact he has told us nothing. It is not true that the district attorney's office of San Francisco or any of Mr. Brumfi's detective are assisting in this case."

W. M. Abbott, representing United railroads of San Francisco, offered any assistance that that corporation could give to Dist. Atty. Brown. The latter has left the matter entirely in the hands of the police.

merciful and more spectacular than horse racing or football.

### SUMMER RESIDENCE BURNED.

New York, April 24.—While it was in the care of servants, preparatory to the removal to it of its owners, 10 days hence, the summer residence of Paul D. Cravath, a prominent New York attorney at Locust Valley, L. I., was destroyed by fire late yesterday, with a loss of about \$60,000. Standing on a high knoll in the middle of a 50-acre estate four miles from Oyster Bay, the burning house was visible for miles. The house was well known as one of the ideal summer homes of America, and was so well constructed that it burned slowly, and the caretakers and volunteer firemen were able to carry out furnishings and bric-a-brac said to have been worth \$100,000. It is not known how the fire originated.

### T. A. MCINTYRE & CO. BROKERS, SUSPENDED

New York, April 24.—The suspension of T. A. McIntyre & Co., brokers and members of the New York stock exchange and of the New York cotton and produce exchanges, was announced today.

The firm did a large business and had branches in Chicago, Baltimore, Boston, Hartford, Binghamton, Syracuse, Rochester and Hot Springs, Va. The members of the firm are Thomas A. McIntyre, George C. Ryan, John G. McIntyre, Thomas A. McIntyre, Jr., J. E. Hulscher, James M. Hudson and Edward T. White.

The suspensions was without effect upon the stock market. It was stated that while the firm was engaged in heavy transactions in the past, their present commitments are not large. They had taken a position on the bear side of the market and the recent advance in prices caused their suspension.

T. A. McIntyre & Co., were members of the Chicago board of trade, the New Orleans cotton exchange and the Liverpool cotton association and was one of the largest brokerage commissions houses in the city. Walter H. Moler, office manager for the firm, said today that while he has not yet ascertained the extent of the failure, he believed the firm's liabilities would be less than \$1,000,000. The direct cause of the suspension, he said, was an impairment of the firm's capital which followed the financial panic of last fall. The firm had been carrying the amounts of a number of its customers which were unable to meet their obligations.

Mr. Moler said the firm also has suffered greatly from the effects of the option laws of the southern states which had curtailed trade in cotton.
