OVERPOWER GUARDS, MURDERERS ESCAPE

Aided by Warden's Wife, Who Was In atuated With Handsome Desperado-They Shot Two of Their Keepers.

Pittsburg, Pa., Jan. 30.—Edward and one and was carried out with great John Biddle, awaiting execution in the county jail for the murder of grocer Thos. D. Khaney of Mount Washington, overpowered the guards at 4 o'clock

this morning and escaped. Both prisoners had been provided with aws with which they cut the bars in their cells. The prisoners occupied adjoining cells on the second range. They evidently had assistance from the outside as both were armed with revolv-

Shortly before 4 o'clock one of the Biddles called James McGeary, who had charge of the outside gates, and asked for some cramp medicine in a hurry saying his brother was dangerously sick.

CALLED FOR MEDICINE.

McGeary hastened to the cell with the medicine when John Biddle sprang through the opening of the cell and seizing the guard around the waist, hurled him over the railing to the stone floor beneath, a distance of sixteen feet.

Edward Biddie joined his brother immediately and both, with drawn revolvers, hurried to the first floor, where they met Guard Reynolds and shot

and the third was on one of the upper ranges. He was ordered down at the point of the revolvers and the three guards were put in the dungeon, The keys were taken from Keeper McGeary and the two desperate prisoners had a clear field. The only persons who witnessed the escape were prisoners who could not interfere or give an alarm. The Biddles went to give an alarm. The Biddles went to the wardrobe, where the guards keep their clothing and each put on a new suit. They then unlocked the outside gates and passed out into Ross street. The escape was not discovered until the daylight guards came on duty at 6 o'clock. They were informed by prisoners where the night guards had been put and they were soon released from the dangeon and sent to the homeo pathic hospital.

Soffel was the only person admitted to the jail since last Sunday. Yesterday afternoon she visited the Biddles during the warden's absence. Last evening she retired at 9 o'clock She told her husband that she was going to visit a sister at McDonald, and that she would retire early so that she could get an early start. Warden Soffel was about the jall until about 12 o'clock. He retired to his room which is separate from Mrs. Soffel's, shortly before 1 o'clock. When he awoke this

morning he asked for Mrs. Soffel and was informed that she was absent. Later, when the details of the escape became known he telephoned to McDon ald and was informed that Mrs. Soffe was not there. Warden Soffel immediately made frank confession of his suspicions.
