MINING, BUSINESS AND STOCKS

WESTERN PACIFIC STRIKES GOOD ORE

Encounters a High Grade Gold-Bearing Quartz at Depth Of 150 Feet.

BELIEVE IT CAPS ORE BODY.

Crater Island Property Gets Into a Grade of Free Milling Gold In Softer Formation.

After firing off but one round of holes in the soft quartz formation that was encountered in the winze off the tunnel level, W. B. Thomas, superintendent of the Western Pacific Mining company property at Crater Island, about 100 miles west of Salt Lake, picked a number of samples and came to Salt Lake to see the management of the company. The samples brought in by Mr. Thomas will run high in gold and is of a free milling quality. The ore is heavily spotted with gold and it is a safe estimate that the samples will go better than $100 a ton.

The company has sent a tunnel into the side of the hill to catch the vein that showed on the surface. The tunnel was in something over 70 feet when the vein was encountered. The breast of the tunnel was sent through this ore body for some distance and an incline winze was sunk on the vein. The winze is now down about 75 feet. This gives a verticle depth of 150 feet. It was in the bottom of the winze that the formation began to change and it is now sinking in a soft quartz. This is believed to be the capping of a body of good ore.

Mr. Thomas came in to see about the installation of heavier machinery in order that more rapid work could be done. In the prospecting work that has been done on the property over 200 tons of high grade copper has been put on the dump for shipment. Various assays shows that this runs high in copper and gold and is a shipping ore.

Jesse Knight and a number of Salt Lake people are interested in the properties at Crater Island. A number of other properties there are said to be developing good ore.

Mr. Thomas left this morning for the property. In a few days he expects to have opened up a better ore body than any before found on the property.

STOCKS SHOW LITTLE LIFE.

Local Exchange Reflects Poor Metal Market and Low Prices.

Scarcely a ripple stirred the stock market this morning out of the general grind of business. The low price of metals and the slow trading of the week still shows its effects on local stocks. Lead and silver producers are holding back with the hope of a better day's market ahead and the copper producers are also lagging behind in hopes they too will get an increased price for their output.

Bullock showed the greatest activity of the small stocks and sold at as high as 9 cents, buyer 60 days. One sale of 1,000 shares was at 8¾ cents. Iron Blossom sagged again today and sold as low as $2.90, with a slight advance at the close.

Sioux Consolidated showed a slight improvement over yesterday's prices. Plutus was very little better than it was yesterday and there was scarcely a change in the rest of the stocks.

On the curb market a large number of stocks were brought out. East Tintic Gold King was sold for one cent and offered at a cent and a half. Uintah Treasure Hill was disposed of at 25 cents. Bingham Central Standard at 33 and 34 cents. Tintic Empire registered a sale at 5¾ cents and Eureka Swansea sold at 11½ cents and was offered at 12½ cents. Talisman was offered at 10 cents. Bingham Copper received a bid of 10 cents and was offered at 18 cents.

MAKE CONNECTION SUNDAY.

Ohio Copper Shaft and Upraise Are Scheduled to Meet in Four Days.

With but about 20 or 25 feet more to go to connect the shaft and the upraise, work at the Ohio Copper company is being pushed with great vigor. Already the sound of the hammer can be heard through the porphry in which both gangs are working. The crew in the shaft had the men working in the upraise are making about five feet a day, which would bring the upraise and the shaft together in four days.

There is no doubt now that the shaft and upraise will meet. The upraise was started after five miles of surveying work up and down the mountain side had been done to get the stakes for the work. As the gangs can now hear each other at work it is certain they will soon get together.

The completing of the work will mean a saving of from $1,000 to $1,500 a month in the expense of pumping air through the Mascotte tunnel to the men working in the upraise crosscutting the ore body.

PRINGLE TO TAKE CHARGE.

Will Relieve C. W. Saxman as Manager of the Yampa Smelter.

C. A. Pringle has been chosen to take over the general management of the Tintic Development & Mining company, owner of the Yampa smelter. Mr. Pringle arrived this morning from Mexico, where he has been in charge of the Calera mine for some time. This morning he and C. W. Saxman, the retiring manager, went over the details of the work and the plans for the future work of the company.

Although Mr. Pringle takes charge at once, Mr. Saxman will remain with the company until March 15. During that time he will endeavor to acquaint Mr. Pringle with the details of the work which he has raised to the present prosperous stage.

J. C. Dick, who is at present the general superintendent of the smelter will leave at the same time that Mr. Saxman does. Mr. Dick's successor has not been named.

After leaving the company Mr. Saxman intends to take a rest. Mr. Dick leaves to take a more lucrative position.

WILL PATENT CLAIMS.

At a meeting of the Ely Amalgamated Copper company last night it was decided that steps be taken at once for the patenting of six of the company's claims at Ely. The property is owned principally by Salt Lake and Provo people. The property has shipped some of the highest lead ore ever taken out in that vicinity. Some years ago ore running as high as 61 per cent lead was taken from the property.

ANOTHER BOXELDER COMPANY.

Garland Wonder Property Soon to be Incorporated.

Boxelder county is soon to have another mining property developed. Already there are a number of producing properties in that county and it is the hope of many of the Garland people to add another producer.

The owners of the Garland Wonder mining claims situated about 11 miles north of Garland and about three miles easterly from Plymouth in Boxelder county are organizing a stock company to develop their property there. They have some good surface croppings of lead and silver ores almost continuously for 4,500 feet.

On a contact vein between a lime and quartzite, running in a northwesterly and southeasterly direction and dipping to the south and southwest on an incline of about 30 degrees, and in and near the foot wall which is dolomite lime there are bunches and small stringers of lead carbonates, assaying fair values in lead-silver and small amounts of gold values. Surface croppings of gossan iron filled through with crystalized lead carrying silver and gold values are also found.

The owners of the properties, since the first of the year, have driven a 40-foot tunnel in a ravine on the vein. At the present time the face of the tunnel is filled with about 3 feet of ledge matter filled through with iron and a lime spary carrying small seams and specks of lead silver, and driving this tunnel about 200 feet further, ought to expose some good ore according to surface indications.

IS ALLOWED TO SEE BOOKS.

Brandi is Given Permission to See Silver King Con. Records.

After a legal fight in which all the technicalities arising were brought to bear, Joseph Brandi, a minority stockholder, obtained permission to examine the books of the Silver King Consolidated Mining company in his suit brought by Judge Ritchie yesterday. While Brandi declares that he only wants to look at the books in order to ascertain the financial condition of the concern, the mining company claims that he intends to furnish information to the Silver King Coalition company with which company they are in litigation over mining claims in the Uintah mining district in Summit county. Brandi brought suit on Aug. 31, 1908, declaring that he was a stockholder of certificate No. 208, for 100 shares of stock in the corporation. He also set forth that he was a stockholder in the Park City Meat company in which the Silver King company is the mining company. In his complaint he stated that he had made a demand on the secretary of the company to see the books and was refused, although he stated that he wanted to find out how much stock had been sold, the names of the stockholders and the financial condition of the company.

When the Silver King Consolidated Mining company answered it was set forth that the demand was made in behalf of the Silver King Coalition company. Brandi named as his agent J. W. Edmunds, who is the general agent and expert accountant of the Coalition mining company and intended to acquire the information for the benefit of his company. The defendants asked that Brandi be denied his application for a writ of mandate to see the books.

OTHER DISTRICTS.

Nevada Hills, 1.30 bid; Pittsburg Sil. Peak, 10 bid; Eagle's Nest, 6 asked; Round Mountain, 85 asked; Rawhide Queen Regent, 20 asked.

CONCENTRATES.

It is understood that the Boston Consolidated intends to issue quarterly reports in the near future.

M. R. Evans, W. J. Craig, T. R. Ellerbeck and John Q. Critchlow have gone to Chafey on mining business.

C. W. Wheelock, a mining engineer from New York, has gone to Nevada to examine the mines of the Delmas Copper company in Elko county. Mr. Wheelock is working in the interests of the New York crowd that intends to take over the property.

W. A. Williams arrived in the city last night from Deep Creek with some very fine specimens of ore from the old Woodman property adjoining which the Gold Hill Extension Mining company has a group of eight claims. The samples show much free gold. He reports everybody out there holding on in hope that the long talked of railway is not far off.

It is understood that within a few days several expert mining men will be here from the east to inspect a number of properties that eastern capitalists intend to take over. According to William Thorton a Buffalo man and a number of others are organizing a $5,000,000 company to establish a smelter in Utah and also buy a number of Utah properties.

In order to secure united action among the lead producers of the western country, a general meeting to protest against the reduction of the tariff will be held in a few days. The Utah Mine Operators' association, through the special statistical committee of which Harry S. Joseph is the chairman, yesterday secured authentic information as to cost and other details from 16 of the big lead mines of the state. This will be used in the argument against the reduction of the tariff.

At the annual meeting of the Bullion-Beck & Champion Mining company Monday the formality of transferring the company's property to the United States Smelting & Refining company was completed. The books of the company were turned over and 65,000 shares of the 100,000 were represented. The officers and directors chosen were: George W. Heintz, president; Joseph F. Smith, vice president and treasurer; other directors, P. T. Farnsworth, J. A. Cunningham, Clarence E. Allen, J. Fewson Smith, Jr., and Frederick Lyon.

STOCKS UNLOADED, CLOSE WEAK, DULL

New York, March 3.—Prices of stocks broke with some violence in the opening dealings today under the influence of the refusal of the public service commission of New York state to modify the terms of the Erie bond issue and the defeat of the ship subsidy bill in Congress. The latter factor was responsible for the 2⅜ points decline in Pacific Mail. There were besides losses in American Smelting of 1⅜, Southern Pacific and American Car 1⅛, Erie, Union Pacific, Canadian Pacific, Reading and Amalgamated Copper a point, and most of the other active trading stocks a large fraction. The market was active and broad, Wisconsin Central made an isolated gain of a point.

Stocks were unloaded freely for a time. Reading and the copper stocks bore the brunt of the decline. Railroad stocks received support later and the entire list rallied. Reading recovering most of its loss of 1⅜. Declines of a point respectively in Atchison and Amalgamated Copper also were partly made up.

The activity of the first hour gave place to [illegible] with prices scarcely moving except in [illegible] cases. [illegible] St. Louis [illegible] Western declined 1 and New York, Chicago & St. Louis second preferred and Westinghouse Electric first preferred 1½. [illegible] Leather preferred rose 1.

Bonds were irregular.

There was no movement to the market outside of a few unimportant stocks. Kansas & Texas and Iowa Central preferred declined 1, and North American 1½. Western Maryland gained 1¾.

The earlier losses were made up during a slow, hardening movement in which New York Central was prominent, selling nearly a point above yesterday's closing. American Locomotive preferred improved 1⅜.

The market closed weak and dull. Hocking Coal was carried up 3 points, Reading second preferred 2, Delaware & Hudson 1¾ and United Railways and Investment preferred 1. The rising tendency was halted and the tone turned heavy again.

LIVESTOCK.

CHICAGO.

Chicago, March 3.—Cattle—Receipts, estimated at 17,000; market 10c to 15c lower. Beeves, 4.40@6.85; Texas steers, 4.10@5.65; western steers, 4.00@5.50; stockers and feeders, 3.40@5.20; cows and heifers, 2.00@5.75; calves, 6.00@8.75.

Hogs—Receipts, estimated at 25,000; market 10c@15c higher. Lights, 6.20@6.60; mixed, 6.30@6.80; heavy, 6.35@6.85; rough, 6.35@6.45; good to choice heavy, 6.45@6.70; pigs, 5.25@6.20; bulk of sales, 6.45@6.75.

Sheep—Receipts, estimated at 12,000; market strong to 10c higher. Natives, 3.75@5.80; western, 3.90@5.80; yearlings, 6.10@7.00; lambs, native, 5.75@7.80; western, 5.75@7.90.

KANSAS CITY.

Kansas City, March 3.—Cattle—Receipts, 4,000; market 10c higher. Native steers, 4.50@6.60; native cows and heifers, 2.40@6.40; stockers and feeders, 3.50@5.35; bulls, 3.00@4.60; calves, 4.00@7.50; western steers, 4.50@6.50; western cows, 3.00@4.50.

Hogs—Receipts, 14,000; market 10 to 15c higher. Bulk of sales, 6.25@6.65; heavy, 6.50@6.75; packers and butchers, 6.20@6.70; lights, 6.00@6.40; pigs, 4.75@5.75.

Sheep—Receipts, 6,000; market steady. Muttons, 4.50@5.75; lambs, 6.50@7.25; range wethers, 4.50@7.00; fed ewes, 3.00@5.25.

OMAHA.

South Omaha, March 3.—Cattle—Receipts, 1,900; market 10 to 20c higher. Native steers, 4.40@6.40; cows and heifers, 3.25@5.50; western steers, 3.50@5.75; Texas steers, 3.00@5.10; range cows and heifers, 2.75@5.00; canners, 2.00@3.00; stockers and feeders, 3.00@5.30; calves, 3.50@5.50; bulls and stags, 3.00@5.00.

Hogs—Receipts, 5,700; market 15c higher. Heavy, 6.35@6.8½; mixed, 6.25@6.35; lights, 6.00@6.45; pigs, 4.75@5.75; bulk of sales, 6.20@6.45.

Sheep—Receipts, 4,000; market 10c higher. Yearlings, 6.00@6.85; wethers, 4.90@5.50; ewes, 4.25@5.25; lambs, 6.50@7.50.

WOOL.

ST. LOUIS.

St. Louis, March 3.—Wool, unchanged. Territory and western mediums, 18@23; fine mediums, 16@20; fine, 11@16.

BOSTON.

Boston, March 2.—The feature of the local wool market is its extreme dulness. Old domestic stocks are practically exhausted. Foreign arrivals have fallen off and there have been only light receipts of new wool from Arizona. On the lightest kind of sales some of the domestic quotations, scoured values, follow:

Texas fine, 12 months, 62@65; fine, 6 to 8 months, 63@65; fine fall, 48@50.

California, northern, 58@62; middle county, 50@52.

Oregon, eastern No. 1 staple, 63@63; eastern No. 1 clothing, 55@57; valley No. 1, 48@50.

Territory, fine staple, 63@65; medium staple, 60@62; fine clothing, 58@60; fine medium clothing, 55@57; half-blood, 60@63; three-eighths blood, 53@56; quarter-blood, 50@52.

Pulled, extra, 52@65; fine A, 58@62; A supers, 50@55.

PRODUCE.

CHICAGO.

Chicago, March 3.—Some of yesterday's bullish news was manifested in the wheat market at the opening today and initial quotations were from ¼ lower to ⅛ higher, May opened at 1.18¼ to 1.18⅞ and July at 1.05¾ to 1.07, the latter figure being a new high record mark for the season for that option. At the start the leading long bought freely of the May delivery, but later this support was withdrawn, allowing the market to become somewhat heavy. May steadied around 1.18¼ and July sold off to 1.05⅝. The bulls were given some encouragement by fresh reports of damage to the fall-sown crop in this country.

Corn prices advanced to new high records for the season, the May delivery touching 67⅞ and the July option 66⅜. The upturn was due to general demand by commission houses based mainly on the strength of wheat. The market, however, declined later on realizing sales in the July option. At the start prices were a shade lower to ⅛@¼ higher, May being 66⅞@67 to 67⅛ and July at 66⅛ to 66¼. Later May sold off to 66⅜@66¼, while July dropped to 65⅞.

The price of oats also advanced to a new high level owing to active general demand. Early in the day May sold at 56⅛, gain of ⅛@⅜, compared with the previous high point established yesterday. Some reaction occurred on the decline in corn and May sold off to 55⅝. The opening was ⅛ to ⅝ higher at 55⅞ to 56. July opened at 50⅝ to 50¾.

Provisions were strong owing to decreased receipts of live hogs at all western packing centers. Prices at the opening were 5 to 12½ cents higher.

Close—Wheat—May, 1.18⅞@1.19; July, 1.06⅞@1.06½; Sept., 99¼; Dec., 1.00¼.

Corn—March, 65; May, 67⅜@67½; July, 66⅝; Sept., 66¼@66½.

Oats—May, 56¼; July, 50½@50⅝; Sept., 41⅛.

Pork—May, 17.35; July, 17.45@17.47½.

Lard—May, 10.02½@10.05; July, 10.15; Sept., 10.25@10.27½.

Ribs—May, 9.22½; July, 9.37½.

Rye—Cash, 80; May, 82.

Barley—Cash, 65½@70.

Clover—March, 9.60.

Timothy—March, 3.85.

Wheat—Bullish sentiment burst forth anew toward the middle of the session and all deliveries advanced to new high record marks for the season. May selling sold up to 1.19¾, and July to 1.07. The bulge inspired enormous realizing sales, which caused a sharp reaction. The close was firm, with May up ⅛@⅜ at 1.18⅞@1.19. July was up ⅛ at 1.06⅞.

Corn—The market rallied with wheat and prices advanced to new high record marks for all deliveries. The top for May was reached at 67¾ and for July at 67. The market closed firm, with May ⅛@¼ higher at 67⅜@67½.

BUTTER AND EGGS.

Chicago, March 3.—Butter—Steady. Creameries, 22@28; dairies, 20@25.

Eggs—Steady, at mark, cases included, 18@20; firsts, 20½; prime firsts, 21½.

Cheese—Strong. Daisies, 15¼@16; twins, 14¾@15¼; young Americas, 16@16½; long horns, 16¼@16½.

EVAPORATED FRUITS.

New York, March 2.—The market for evaporated apples is dull, with fancy quoted at 9¼@9½, choice at 7¼@7¾, prime at 6¼@6¾ and common to fair at 5@6. There is a better tone in the market for prunes, although spot quotations show no improvement, ranging from 2⅝ to 7⅜ for the new crop California fruit up to 40-50s and from 4⅞ to 8 for Oregons, ranging from 60-70s to 20-30s.

Apricots are in limited supply, with choice quoted at 8½@9⅛, extra choice at 9⅛@10 and fancy at 11@13.

Peaches are moving steadily into consumption, with choice quoted at 5⅛@5¾, extra choice at 6⅛@6¼ and fancy at 6½@7.

Raisins are dull on spot, with loose muscatel quoted at 4@5½, choice to fancy seeded at 4¾@6⅛, seedless at 3½@5½ and London layers at 1.25@1.35.

SUGAR AND COFFEE.

New York, March 3.—Sugar, raw, easy. Fair refining, 3.30; centrifugal, 96 test, 3.80; molasses sugar, 3.05.

Refined—Steady. Crushed, 5.35; powdered, 4.75; granulated, 4.65.

Coffee—Steady. No. 7 Rio, 8¼; No. 4 Santos, 9.

TODAY'S MONEY MARKET.

New York, March 3.—Close: Prime mercantile paper, 3½@4 per cent. Sterling exchange steady, with actual business in bankers' bills at $4.85.60 for 60 day bills and at $4.87.80 for demand.

Commercial bills, $4.85⅛@⅝.

Bar silver, 50¼.

Mexican dollars 44 cents.

Government bonds steady; railroad bonds irregular.

Money on call easy 1¾@2 per cent; ruling rate 2, closing bid 1⅞, offered at 2. Time loans very dull and easy; 60 days 2⅛@⅜ per cent; 90 days 2¾@3; six months 3¼@3½.
