AMERICAN.

Wired From Washington.

WASHINGTON, 26.—The Secretary of the Treasury has issued the following bond call: By virtue of the authority conferred by law upon the Secretary of the Treasury, notice is hereby given that the bonds hereinafter indicated will not be accepted for surrender and exchange into three per cent bonds, and that the principal and accrued interest of the bonds hereinbelow designated will be paid at the Treasury of the United States, in the City of Washington, on the first day of November, 1883, and that the interest on said bonds will cease on that day, viz.: all the registered bonds of July 14th, 1870, and January 20th, 1871, continued during the pleasure of the Government, under the terms of Circular No. 52, dated May 12th, 1881, to be at interest at the rate of 3½ per centum per annum from August 12, 1881, and which constitute the residue of those issued under the act of July 14th, 1870, and January 20th, 1871, known as continued 5's, and which have not heretofore been called, or which have not been ordered for surrender and exchange into 3 per centum bonds of the act of July 14th, 1882. The bonds embraced in this circular are those last dated and numbered as required by Section 3 of the act of July 14th, 1870, and include those which have been issued on transfers since the one hundred and twentieth call was issued. The three month's interest due November 12th, 1883, on the above described bonds will not be paid by checks forwarded to the holders of the bonds, but will be paid with the principal to the holder at the time of presentation. Any of the bonds embraced in this call will be redeemed prior to their maturity upon presentation to this Department, the interest being paid to the date of such redemption. Bonds forwarded for redemption should be addressed to "Secretary of the Treasury for Redemption." CHARLES J. FOLGER, Secretary.

The amount of bonds embraced in the above call is about $31,000,000.

President Arthur is expected to return to Washington on Saturday night, and leaves within a day or two to attend the opening ceremonies of the Louisville Exposition, August 1st. Secretary Folger will accompany the Presidential party to Louisville and to Chicago, where he will leave it to visit Minnesota on private business.

The Second comptroller of the Treasury has decided that the act of August 5, 1882, providing for mileage to officers while traveling under orders, does not authorize the payment of mileage for the 668 miles of the route from Sitka to San Francisco, which is off the coast of British Columbia.

The contract for furnishing standard furniture for the court house and postoffice at Philadelphia was awarded to A. P. Andrews & Co., of Chicago.

Depravity and Disaster.

ST. PAUL, Minn., 26. — A Miles City special says a party of masked men proceeded to the county jail, overpowered the jailor, locked him in one of the cells, and then seized a man named Rigney, whom they took about a mile out of town and hanged to a projecting tie over a culvert on the railroad track. Rigney was jailed the day before yesterday for disorderly conduct, and bore the reputation of a bad citizen, being accused of robbery and other crimes. He was bar-tender in the saloon of the Cosmopolitan Theatre. About two hours afterwards the theatre burst into flames and was completely destroyed, with six other buildings, among which were the large drug store of W. E. Savage & Co., and five establishments of business. The progress of the fire was arrested by the brick building of the First National Bank; otherwise the entire block would have been destroyed by the fire, but owing to the inflammable nature of the buildings and their contents it was impossible to subdue the flames. The total loss is estimated at $50,000. It was generally thought the fire was the work of an incendiary, and a sequel to the hanging of Rigney.

Pittsburg, 26.—United States Special Detective Parking, assisted by a number of officers from this city, arrested John S. Gordon, Robert McGeary, Albert Ornsar and Dr. John P. Buck this morning near St. John's, W. Va. The parties are members of an organized gang of highwaymen, who have been operating in Pennsylvania, Maryland and West Virginia for several months with considerable success.

Pittsfield, 26.—Eugene A. Clark of Naugatuck, Conn., one of a party charged with tarring and feathering and driving Mrs. Joannda Sullivan from the town of Sandfield, has confessed and implicated others named White and Sackett. These men were tried at the time the crime was committed, but the jury disagreed. The grand jury has now indicated them as principals and several others as accessories.

Joliet, Ill., 26.—Over a hundred persons in attendance at a lawn party here last evening were make seriously ill by eating ice cream, the flavoring of which is believed to have been poison. None of the victims have died, though several are in a critical condition.

Boston, 26.—Daniel P. Phillips, well known evangelist, troubled for some time in his head from sunstroke, hanged himself.

Philadelphia, 26.—A reception was given to-night on board the new ship *Alameda*, of the Oceanic Steam ship company, San Francisco, just completed at Cramp's ship yard. Among those who favored the company with a selection on the piano was Miss Maggie Cramp, aged 18, daughter of Joseph Cramp of the well known firm of ship builders. On leaving the ship and descending the gang plank to the lighter alongside, Miss Cramp made a misstep and falling overboard was drowned: The body had not been recovered up to 1 o'clock. The sad accident brought the reception to an abrupt close.

Boonerville, Mo., 23.—The *Robert E. Lee*, a small packet plying between Jefferson City and Arrow Rock, was sunk in the Missouri near here this evening. The water is seven feet over her deck. It is thought the boat will be an entire loss. She was loaded with wheat, which was insured. Loss not ascertained.

Providence, 26, 11.30 P. M.—A large fire is reported in Pascoag. Assistance is asked. Several dwellings are destroyed. The fire is already beyond the reach of the force pumps of the mills. An engine will be sent from here if the train can be procured in time.

Detroit, Mich., 26.—A calamity threatened the past three days at Grand Rapids, took place this morning. An immense jam of logs, extending up Grand River a number of miles, that had lodged against the bridge of the Detroit and Grand Haven Railway, succumbed this morning and went down with a rush. The bridge of the Grand Rapids, Chicago & West Michigan followed suit. Millions of feet of logs have gone down the river and are almost certain to continue going down, sweeping everything before them and going into Lake Michigan. If this prove true, a large additional lot of logs will be carried out of Grand Haven, as well as the destruction of all bridges there. Ultimate losses, it is feared, will reach many hundred thousand dollars. The calamity is unprecedented in this respect.

Montreal, 26. — The steamship *Ludwig*, of the White Cross Line, from Antwerp, is ten days overdue; it is feared her shaft is broken.

Bridgeport, Conn., 26. The extensive works of the Howe Sewing Machine Company are nearly destroyed by fire. The buildings destroyed occupied 3 sides of a square, were of brick and four stories high, the company employed 400 hands. They were turning out about 110 machines per day. Loss on building machinery and stock about $850,000; insurance, $275,000, well distributed. A large five story brick building opposite, and occupied in part by the Sewing Machine Company, was saved, together with a portion of the foundry. The fire was plainly seen at New Haven.

Philadelphia, 26.—The quarantine physician to-day reported to the board of health that Patrick Kelly, seaman of the brig *Julia Blake*, died of yellow fever last night at the hospital at Lazzretto station, to which he had been removed from the vessel. The brig is detained at quarantine, and will be thoroughly fumigated and her cargo removed before being permitted to pass up the river.

Galveston, 26.—Reliable advices from Monterey say that following the recent outrage on the American consulate, two attempts were made by the mob to force an entrance into the office at night, but were frustrated by bolts and bars inside.

The Wire Worker's War.

NEW YORK, 26.—There seems to have been a little improvement at the Exchanges this morning, and little complaint is made anywhere except at the Cotton and Produce Exchange. At the latter place nine operators were at work.

The Postal Telegraph Company has put in two Chicago wires, which have been quadruplexed. No operators of the Western Union Company are at the Cotton Exchange, and messages have to be sent to the main office for transmission.

At the Stock Exchange there were nine Western Union operators, and it was reported that the direct wires to Chicago, Boston, Philadelphia and Baltimore were entirely clear, and no delay would occur to-day in the transmission of messages to those points.

The Mutual Union and B. & O. offices were closed, but the merchants and bankers were doing a large business apparently.

Chicago, 26.—Officials of the B. & O. Company have been negotiating with the strikers the past two days, but as the latter demanded the recognition of the Brotherhood as a preliminary to a settlement, no conclusion has been reached.

The operators held a secret meeting at Uhlich's Hall at 10 o'clock, with the object, it was whispered, of discussing some important information that had come to hand from Pittsburg.

Seven Western Union operators in Washington, not members of the Telegraphers Brotherhood, who last week signed an agreement to strike by a certain time if no action should be taken by the Western Union Co. looking to a compromise of the question at issue between the company and the strikers, were discharged at 12 o'clock to-day. All those discharged were first-class men and constitute a majority of those who remained at their desks when the strike began. Others took their places.

Philadelphia, 26.—The striking operators of the American Rapid Co. returned to work this morning in a body.

The linemen and inspectors of the Bell Telephone Co. this morning presented a bill of grievances to the officials, and declared their purpose to strike at 3 p. m. unless their terms were acceded to.

Chicago, 26.—At 11 o'clock to-night the Western Union manager reports all important circuits clear of business, with no material delay in any direction. In short, business is handled as promptly as usual before the strike.

New York, 26.—The usual routine was observed at the meeting of striking telegraphers this afternoon. Chairman Mitchell announced that he would be absent the remainder of the day on business connected with the Brotherhood. He would probably have some important intelligence to communicate when he came back. It is understood he referred to the pending negotiations with the B. & O. Telegraph Co., looking toward a compromise with the Brotherhood.

Many offers of pecuniary assistance are reported, and many accessions to the ranks of the strikers are reported in different parts of the country.

San Francisco, 26.—A theatrical performance in the Grand Opera House next Sunday night is organized for the benefit of the striking operators. The play is Boucicault's "Long Strike." Several strikers are in the cast. The Knights of Labor have subscribed $1,000 worth of tickets. It is reported this evening that over $3,000 are sold. The Knights of Labor have levied an assessment of $1 a week on each member to sustain the operators during the strike.

A full press report is coming through, and Superintendent Jaynes reports the commercial business handled. This is equally as large as before the strike. Everything is working smoothly.

Chicago, 26.—A subscription was taken up on the Board of Trade to-day for the benefit of the striking telegraph operators. Eight hundred dollars were raised.

Chicago, 26.—The striking telegraphers held a meeting to-night, addressed by members of the committee.

In the painters' branch of the Knights of Labor, the cash subscriptions received in Chicago are reported to amount to $32,000.

The first desertion from the strikers ranks in this city was reported to-day. The strikers allege they have evidence that he only joined the strike for the purpose of causing a break in the ranks.

FOREIGN.

British Briefs.

LONDON, 26.—A deputation of the British Medical Association and several members of Parliament called to-day upon President Chamberlain of the Board of Trade, and asked him to appoint a committee to consider the inadequate medical sanitary arrangements on Atlantic steamers. They commented strongly on the want of proper precautions on emigrant vessels, from which a large annual sacrifice of life resulted. They suggested that ship owners be compelled to increase the pay of ship surgeons; that the American Government be requested to contribute a small sum toward the expense of vaccinating passengers on board the vessels. Chamberlain replied that he intended to introduce in Parliament in 1884 a bill dealing with the subject mentioned, and amending the shipping act.

The House of Commons will on Monday discuss Sir Stafford Northcote's motion for an address to the Queen praying she will decline to recognize in any negotiation relative to the Suez Canal any claims of the company to such a monopoly as would exclude other undertakings designed for opening a water way between the Mediterranean and Red Seas.

A case of sickness suspected to be cholera is discovered in London docks, another in Wales, and proper precautions are taken in connection with each case.

Forty members of the army hospital corps are ordered to Egypt.

A banquet to the provincial Mayors was given at the Mansion House to-night. Lowell, U. S. Minister, responding to a toast to diplomatists, dwelt upon the growing numbers of American travelers in England, and the mutual respect of the two nations owing to their increase of intimacy, which, he said, was of the utmost importance to civilization.

Gen. Sir Wm. Fenwick Williams is dead.

Deaths from cholera yesterday at Damietta, 2; Medalla, 25; Chobar, 6; Samanoud, 7; Mehalet, 66; Zieteih, 25; Mansourah, 12; Ghizeh, 55; Menecala, 3.

Liverpool, 26.—The town council having called the attention of the Privy Council to the danger to the public health arising from a large cargo of rags received from Egypt, the Privy Council sent a reply in which they declined to interfere in the matter. The particular cargo cited in the town council's communication as a cargo of Egyptian rags was not intended to be landed in Liverpool, but to be conveyed to New York or Boston. The town council to-day decided to apply for power to deal with the rag cargoes. Chamberlain, president of the Local Government Board, stated in the Commons last night that the board had made orders in regard to Egyptian rags, but that the orders had never been actually obeyed, as the rags had been sent to America.

Cork, 26.—The report of the Tukes committee states that in three months 327 emigrants were assisted at a cost of £35,000, of which £26,000 were received from the Government. The committee says it hopes that State aided emigration will be continued for some years, so as to thoroughly relieve the congested districts. It says the majority of the holdings vacated by emigrants have been consolidated with those of neighboring tenants.

General Items.

Paris, 26.—The proposal to raise a loan of 220,000,000 francs which was rejected yesterday by the Paris municipality was a government measure. It was the intention of the ministry, had it passed, to expend the money for sewers, water works, schools and hospitals.

The Chamber of Deputies granted the credit of 50 000 francs asked for by the government to pay the expenses of a scientific commission which is to be sent to Egypt to investigate the cholera epidemic.

Cargel, accomplice of Louise Michel in the riots here, and recently condemned for inciting the troops to murder their officers and burn their barracks, has been acquitted on appeal.

Berlin, 26.—It is stated that Professor Zeupulitbe killed himself because he had drawn a death lot in a so-called American duel.

A special dispatch to the *Independance Belge* says cholera is reported at Rostov, and several deaths have occurred.

Fredericherahe, 26. — Bismarck still looks ill and bears traces of his recent attack of jaundice.

Alexandria, 26.—There were 422 deaths from cholera in Cairo yesterday.

Cairo, 26.—Cholera is shifting toward the more thickly settled and better populated quarters in the eastern part of the city.

BRIEF TELEGRAMS.

BOSTON, 26.—A dispatch from Crawford House, White Mountains, states there was a heavy frost the last three nights.

Chicago, 19.—Chicagos 17, Philadelphias 5.

Cleveland.—Clevelands 5, Providences 2.

Detroit.—Detroits 2; New Yorks, 0.

Buffalo. — Buffalos 7, Bostons 4.

Kingston, 26.—A Kingston merchant has obtained from the United States government a rebate of $15,000 unjust tax, which he paid on pressed hay exported to the United States.

New York, 26.—A meeting of government employees, including a large number from the Brooklyn navy yard, was held this evening, to take steps to enforce the eight-hour law.

New York, 26.—A decree annulling the marriage of Marianna Conway and Jules Levy, cornetist, was entered to day, in the Supreme Court. The application was made by Mrs. Levy, on the ground that Levy is the husband of another woman.

Boston, 26.—The Senate accepted the majority Tewksbury report this forenoon without a word of debate, by a strict party vote. It refused also by a party vote to admit the House bill to regulate the disposal of bodies of paupers. This finishes all the Tewksbury business before the Legislature.

The cost to the State of the Tewksbury investigation is $13,600.

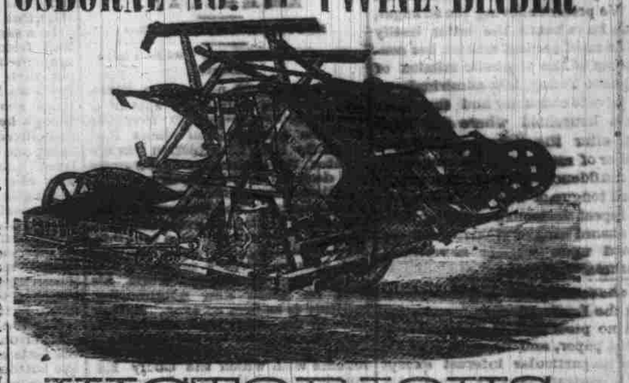
THE
OSBORNE NO. 11 TWINE BINDER.



VICTORIOUS
From the Atlantic to the Pacific, and re-echoes again the glad tidings of joy and comfort to the
FARMERS OF THE ROCKY MOUNTAINS!

[Special to the DESERET EVENING NEWS of July 3rd, 1883.]

Trial of a Twine Binder.

Yesterday afternoon there was an exhibition of the Osborne Twine Binder, on the farm of Mr. John Briggs, in Sugar House Ward. The main points of excellence claimed by the company for this machine are, its simplicity, ease of draft and management, perfect binding, power to elevate and the width of cut, the smallest machine having a six foot blade, while the largest one's blades are ten feet long.

The machine did excellent work, binding equally firm and even in long and short grain and not missing a single bundle. Notwithstanding the fact that the grain was green and heavy, the elevator did perfect work, and the grain was bound so tight that it was next to impossible to shake the bundle out. Considering the inexperience of the driver and team the acre of grain was cut in a notably short time and to the satisfaction of all present. A number of local farmers who were present gave Mr. Mellor, the manager, a testimonial to that effect.

JULY, 2nd, 1883.

We, the undersigned, having witnessed the cutting and binding of about one acre of heavy green wheat, on the farm of John Briggs, near Salt Lake City, by an OSBORNE, No. 11, TWINE BINDER, certify that it did the work to our entire satisfaction, and did not miss a bundle.

Joseph Barton, Amos S. Gabbott, Isaac Barton, W. F. Handley, H. P. Trim, C. I. Handly, J. Gibson, Jas. Siddoway, C. W. Brown, S. P. Trim, T. Reich, I. A. E. Lyon, Jas. Johnson, Jacob Johnson, D. Reich, Jno. Briggs and O. S. Hardy.

WEST JORDAN, July 5th, 1883.

Messrs. D. M. Osborne & Co., Salt Lake City.

GENTLEMEN:—The new No. 11 Twine Binder purchased of you this season, was started on my farm to day in ripe rye cutting and binding to my entire satisfaction. The draft is light, it mixes no bundles, and is the simplest and most perfect self binder I ever saw. I would recommend all farmers in want of binders to purchase the Osborne No. 11. THOS. ROBINSON.

Read the Official Report of the Great Binder Trial at Lexington, Ky.

OFFICIAL REPORT:
Office of the Kentucky Agricultural and Mechanical Association,
Lexington, Ky., June 23rd, 1883.

TO ALL CONCERNED:

This is to certify that in the field trial of Twine Binders held by the Kentucky Agricultural and Mechanical Association on the farm of Mr. J. B. Clay, near Lexington, on the 19th inst., in very heavy barley, the following machines competing, viz: Osborne, Deering, McCormick, Wood, Buckeye, Minneapolis, Kennet, Champion, St. Paul, Buckeye low-down and Deering low-down, the premium of a Gold Medal was awarded to the No. 11 Osborne.

JESSE BRYANT, H. P. BERRY, D. H. JAMES,
Committee of Directors to Conduct Trial.
H. P. KINKEAD, Secretary. W. H. GENTRY, President.

Farmers, come and see the New Osborne No. 11 Twine Binder at our Warerooms, 101 and 103 East Temple St., Salt Lake City, or at our Agencies throughout the Territories.

D. M. OSBORNE & CO.
