

## DOVE OF PEACE GOES TO ROOST

Every Sign of Trouble Has Finally Disappeared From the Streetcar Situation.

### TEXTS OF NEW AGREEMENTS.

Electrical Workers Accept Revised Wage Scale, and Sign Modified Set of Working Rules.

With the exception of agreeing to articles for the conduct of barn men at the Utah Light & Railway company, the articles under which the men will work, are to continue in force indefinitely, except the wage scale, which runs to May 1, 1909. The document follows:

#### TEXT OF AGREEMENT.

Salt Lake City, Utah, May 2, 1907. Articles agreed upon to be incorporated in the operating rules of the Utah Light & Railway company:

Wages of trainmen shall be as follows: For the first year, 25 cents per hour and 30 cents per hour thereafter.

2. Any employee who may be suspended or discharged, and if upon investigation he is proven not at fault, shall be reinstated to his former position and paid for all time lost.

The seniority right shall prevail in the adjustment of all runs and all runs shall be completed as nearly as possible within 12 consecutive hours.

3. The company, on its part, appoint two men, and the employees, on their part, appoint two men to adjust the question of runs, subject to revision, amendment and approval of the superintendent of railway service; the company, however, reserving the right to operate emergency crews and training cars.

4. In all schedules of runs which are changed and as often as they may be changed, each motorman and conductor shall have the right to make the selection of his run in accordance with his continuous employment in the service of the company, as provided above, with the exception of the emergency schedule.

5. All regular schedules of runs, when posted, shall be at least 10 days prior to their going into effect in order to give each motorman and conductor the right to sign up for the runs he desires. In case a vacancy occurs, such run shall be posted immediately and open to general choice, effective the first day of the following month.

6. In the event that any grievance may arise between the company and its employees, the duly authorized committee of employees shall have the privilege of taking all matters in dispute before the proper officers of the company for adjustment.

7. Employees may obtain, without sacrifice of position in the company, a leave of absence upon application for same for a reasonable time, when consistent with the company's service.

8. All regular crews shall be paid from the time they have been instructed to report until relieved, or until their car is housed.

9. Extra men will not be paid for regular showing up reports. All other reports will be considered as being marked for a run and shall pay no less than one hour for the same. It is understood, however, that the regular showing up reports mentioned above are intended to cover all runs.

10. Where employees are required to lay off to look up evidence or to give testimony in cases of accidents or other cases in which the company requires such services, they shall receive pay at the same rate as wages they would have received had they been operating their cars; provided, such employee has carried out the rules of the company to secure the same witnesses at the time when accident occurred.

11. Uniforms of blue serge material, to be purchased in the open market, quality, style and cut to be named by the company.

12. Bulletin boards to be placed at all car houses for the use of the employees.

13. Any trainman failing to report for duty shall be placed on the extra list three days. It is understood, however, that if a trainman misses his run while en route to work through any cause or delay of the car, he shall only lose that day or part of day. Trainmen under the foregoing circumstances shall furnish to the proper officer a report in detail of the cause and incident, cause of delay or detention.

14. Gravel trainmen operating cars as stormmen shall be included as carmen.

15. Trolley men on gravel cars shall be paid 25 cents per hour.

The foregoing wage schedule and operating rules shall be in effect from May 1, 1907, to April 30, 1909.

#### ELECTRICAL WORKERS.

The agreement between the company and the electrical workers is as follows: Foreman of gang, 55 cents per hour, nine hours per day, \$4.95.

First-class linemen, 50 cents per hour, eight and a half hours per day, \$4.25.

Groundmen, 45 cents per hour, eight and a half hours per day.

Apprentices, according to their ability to do line work.

Workday to begin at 7:30 a. m. and end at 5 p. m. Time and a half to be allowed for overtime, night work, Sundays and the following holidays: Christmas, Washington's birthday, Decoration day, Fourth of July and Labor day.

Violin contains all the medicinal elements of cod liver oil actually taken from fresh cods' livers, but not a drop of the useless, greasy oil to upset the stomach and retard its work. To this is added peptonate of iron (iron tonic).

For this reason Violin is recognized throughout the world as the greatest health restorer and strength creator known to medicine, and we do not believe there is a man, woman or child in Salt Lake City but what Violin will benefit them at this season of the year.

Violin creates health and strength for old people, weak, sickly women and children, nursing mothers, and after a severe sickness.

Violin cures hacking coughs, chronic colds, bronchitis, and all throat and lung troubles.

Try Violin on our offer to return money if it fails. Druehl & Frank, druggists, also Smith Drug Co.

NOTE—While we are sole agents for Violin in Salt Lake City, it is now for sale at the leading drug stores in nearly every town and city in the country. Look for the Violin agency in your town.

## IF YOU TOUCH your tongue to ALUM

and look in the glass—you will see the effect—you can't help puckering—it makes you pucker to think of tasting it.

By the use of so called cheap Baking Powders you take this puckering, injurious Alum right into your system—you injure digestion, and ruin your stomach.

### AVOID ALUM

Say plainly—

## ROYAL BAKING POWDER

Royal is made from pure, refined Grape Cream of Tartar—Costs more than Alum but you have the profit of quality, the profit of good health.

Labor day. Overtime not to be allowed for Sundays and holidays for men held for regular trouble work.

Men to report for duty at store room or on the job, as directed by the foreman and time to stop at the job at night. This job, for the purpose of these working rules, to be within a radius of two miles of the store room.

On work outside of the city, the company to pay transportation to and from the job and for regular employees kept from home temporarily the company to allow 75 cents per day for board.

One man with helper will not be considered a foreman. (The helper not being a foreman.)

It will be the duty of the foreman to have his wagon loaded and ready to leave the store room at 7:30 sharp and report at headquarters at night.

Trouble men, \$30 per month. Lamp trimmers, commercial district, \$72.50 per month.

Lamp trimmers, municipal, street district, \$80 per month. Arc-lamp man in Ogden, \$90 per month.

Laboratory meter man (services in Ogden), \$100 per month. Laboratory meter man, helper, \$75 per month.

Meter settlers, \$50 per month. Nine hours to constitute a day's work in city electric department.

This schedule to continue for two years.

#### ORIGINAL DEMANDS.

The demands of the men were: Minimum Scale—Sub-foremen, \$5; linemen, \$4.50. Eight hours from shop to shop to constitute a day's work.

Trouble men, \$100 a month; trimmers, \$90 a month; lamp trimmers, \$100 a month; switchboard men, \$100 a month; meter settlers, \$100 a month. Eight hours from shop to shop to constitute a day's work.

It was asked that all overtime be paid at the rate of one and a half time until 12 o'clock midnight, and double time from 12 o'clock until 8 o'clock in the morning; double time for all legal holidays and Sundays.

#### THANKED MR. ROBERTS.

Following the conferences with B. H. Roberts, at which the wage scale was finally adopted, the electrical workers met in their hall to ratify the action. The following resolution thanking B. H. Roberts for his services was passed:

Resolved—That local 57 of the I. B. E. W. extend a vote of thanks to B. H. Roberts for his good offices in bringing about a settlement of the controversy existing between the Utah Light & Railway company and the Electrical Workers.

Another resolution expressing the gratitude of the men for the fair press reports appearing in the various papers, was passed.

#### WHEN SLEEP FAILS

Take Horsford's Acid Phosphate. Half a teaspoonful in half a glass of water just before retiring brings refreshing sleep.

#### MORE SIDEWALKS.

City Engineer Kelsey has prepared estimates of cost of sidewalk extension No. 126 and paving extension No. 13, which have been ordered by the city council. The sidewalk extension runs from Third to Fifth South streets and from First West to the Jordan river.

The total cost of the improvement is estimated at \$137,222.22, of which the estimating property owners will pay \$108,597.58 and the city will pay \$28,624.64.

The paving extension includes North Temple street from State to West Canyon street; West Canyon street to Second North; Hillsdale avenue from State to West Canyon street. The total cost of the work will be \$21,096.26, of which the property owners will have to pay \$24,785.59, and the city's portion of the expense will be \$6,210.67. The estimates will be submitted to the city council on Monday night.

#### WILL HOLD EISTEDDFOD.

Enthusiastic Meeting of Cambrian Association Thursday Evening.

The Cambrian Association of Salt Lake City met at the Co-op Furniture store last evening, the purpose being to consider plans for reorganization and to promote an esteddfod for the coming year.

The association, Arthur L. Thomas, the vice president, D. L. Davis, occupied the chair. John James was appointed secretary, a committee of three, consisting of Mathonah Thomas, Lorenzo Haddock and John James, was appointed to draft a plan of reorganization. A report is expected from this committee at a meeting called for Monday night, May 13, when the election of officers will take place.

It was decided to hold "Cambrian day" at Saltair on July 17, which will be in the nature of an annual celebration of the Welsh clans. As the proposed esteddfod, a great deal of enthusiasm was manifested and it was determined that the coming musical festival should be made to surpass any previous effort in that direction, and that means something. Two much appreciated vocal selections were rendered by Senator W. D. Williams and Prof. W. D. Prosser.

#### NEWTON CASE MONDAY.

Preliminary Hearing Comes up Before Justice Bishop on That Day.

The preliminary hearing of William Newton, the attorney who is charged with criminal conspiracy along with Chief of Police Sheets and the hide-outs who robbed the McWhirter brothers of over \$10,000 in this city last September, was yesterday continued by Justice of the Peace Bishop until Monday morning at 10 o'clock.

The continuance was granted upon request of Atty. Soren N. Christensen, attorney for the defendant.

#### THE LIFE INSURANCE

Muddle has started the public to thinking. The wonderful success that has met Ewald's Household Syrup in its crusade on Coughs, Influenza, Bronchitis and all Pulmonary troubles has started the public thinking of the wonderful preparation. They are all using it. Join the procession and down with sickness. Price \$1.00. Sold at all Drug Depts., 312 and 314 South Main St. B.

Los Angeles Limited next Tuesday.

#### HIS SKULL FRACTURED.

Leland Simons Struck on Head by Hammer Thrown on Campus.

Leland Simons of 135 J street was struck on the head yesterday afternoon at the High school campus, by a 12-pound hammer thrown by one of the practicing athletes. The hammer broke as it was being thrown, and after rebounding, struck Simons squarely on the head. The boy fell unconscious, but was quickly picked up and carried to the nearest building where Drs. Wright and Snyder attended him, and he was carried to his home.

His skull was fractured, but he will recover. Simons was watching the sprinters in another part of the field, and did not see the actions of the hammer thrower.

#### IF YOU DON'T

Succeed the first time use Herbia and you will get instant relief. The greatest liver regulator. A positive cure for Constipation, Dyspepsia, Malaria, Chills and all liver complaints. Mr. C. E. Emory, Texas, writes: "My wife has been using Herbia for herself and children for five years. It is a sure cure for constipation and malaria fever, which is substantiated by what it has done for my family." Sold by C. E. M. I. Drug Dept., 312 and 314 South Main Street.

#### STATE LOANS MONEY.

Land Board in Market for State, Municipal and School Bonds.

Secretary Callister of the state board of land commissioners yesterday turned over to the state treasurer the sum of \$9,029.02, the receipts of the land office for the month of April. The board has sold practically all the lands allotted to it by the United States government with the probable exception of 50,000 acres held for reservoir purposes near Hatch on the west fork of the Sevier river. The board is very busy now looking after its loans as it has now on hand \$400,000 to loan on state, municipal and school bonds in this state. It now holds bonds of the total value of \$1,021,542 and has loaned on mortgages on farm lands at two-thirds of their assessed value the sum of \$10,555,751.

It is the intention of the board to make a bid on the \$250,000 school bond issue of this city and it hopes to secure the bond issue recently, but did not get them. Some action may be taken towards purchasing scrip issued by the city on public improvements.

#### FRIENDS HELP

St. Paul Park Incident.

"After drinking coffee for breakfast I always felt languid and dull, having no ambition to get to my morning duties. Then in about an hour or so a weak, nervous, dejected feeling came over me with such force I would frequently have to lie down."

"At other times I had severe headaches, stomach trouble, became affected and digestion so impaired that I had serious chronic dyspepsia and constipation. A lady, for many years told me she had been greatly benefited by getting coffee and using Postum Food Coffee; she was troubled for years with indigestion and was unable to cross to quit coffee when she found she could have as delicious an article as Postum."

"Another lady, who had been troubled with chronic dyspepsia for 15 years, found immediate relief on ceasing coffee and beginning Postum twice a day. She was wholly cured. Still another friend told me that Postum Food Coffee was a Godsend to her, her heart trouble having been relieved after leaving off coffee and taking on Postum."

"So many such cases came to my notice that I concluded coffee was the cause of my trouble and I quit and took up Postum. I am more than pleased to say that my days of trouble have disappeared. I am well and happy. There's a Reason." Read "The Road to Wellville" in O.K.

Los Angeles Limited next Tuesday.

## NORTH CAPITOL AVENUE GRADING

Streets Committee Awards the Contract to Thomas & Johnson.

### 3,000 SIGNS FOR STREETS.

Samples Submitted Costing \$7.35 and \$5.55 Each—D. I. Elton Falls To Materialize.

A brief session of the city council was held last night at which the departmental payrolls for the last half of April amounting in all to \$16,204.75 were approved. The council then adjourned and the regular committee meetings were held.

The streets committee decided to award the contract for grading North Capitol avenue to Thomas & Johnson upon their offer to pay the city 10 cents per load for all gravel taken from the street during the excavating. The work is to be done under specifications furnished by the city engineer and the contractors are to furnish a bond in the sum of \$5,000 for the faithful performance of the contract. As there is a great amount of gravel on the street to be graded it is considered that the contract is an extremely profitable one both for the city and the contractors.

#### NEW STREET SIGNS.

The matter of new signs for the streets of the city was considered by the same committee but a choice of the signs to be used will not be made until next Thursday. Two samples of posts and signs were submitted together with the cost of the same. D. C. Dunbar submitted a bid of \$7.35 each for a four-way sign with iron post. C. O. Peterson made an offer of \$5.55 for a similar sign complete. It is estimated that the city will need 3,000 signs and the members of the committee will inspect the signs thoroughly before making a selection.

### BIRTHDAY OF AUNT BATHSHEBA

As She Stands Today Midway Between Octogenarianism and Nonagenarianism.

### BIG FAMILY CELEBRATION.

Twenty of Her Great Grandchildren To Sit at Dinner Table With Her—A Stirring Career.

A unique manner of celebrating her eighty-fifth birthday has been chosen by the family of Mrs. Bathsbeba W. Smith, who today are entertaining the distinguished president of the Relief societies of the Church, in honor of the fifth anniversary of her birth past the four score mark.

At dinner this evening Mrs. Smith will sit at table with 20 other honored guests, all of whom are her great-grandchildren. Following the dinner, these children will be called upon to furnish most of a musical and literary program in which the evening will be spent.

A FAMILY GATHERING. The celebration is strictly a family gathering, and is being held at the home of her granddaughter, Mrs. J. A. Fisher, in Farmers ward. Mrs. Smith was taken to her residence in an automobile, in company with Mrs. Joseph E. Smith, where she was greeted by many of her children and younger descendants. At the dinner Mrs. G. H. Horne and Mrs. J. A. Fisher will preside, and Mrs. J. A. Fisher will read the program. Mrs. J. A. Fisher is the daughter of Mrs. J. A. Fisher, who was born in 1827, and who was the first wife of Joseph Smith, and who was the first wife of Joseph Smith, and who was the first wife of Joseph Smith.

HER SOUTHERN SPIRIT. Mrs. Bathsbeba W. Smith is the fourth president of the Relief societies in the Church. She was born in West Virginia May 3, 1822. The early years of her life were spent in the mountains of her native state, and she was reared in the faith of the Methodist Episcopal church. Her first experience in her persecutions was during the Missouri drive, in which she saw Apostle David Patten wounded and afterwards pass away in her home, to which he was carried. In 1840, with her family, Mrs. Smith reached Nauvoo, and in July 1841, she was married to George A. Smith, a first cousin of the Prophet Joseph Smith, and while he was on a mission, she had the anguish of going through the Nauvoo persecutions, including the martyrdom of the prophet and his brother, Hyrum. They started their westward journey with others of the Church in 1846, and arrived here in October, 1846. When the Johnson army trouble came Mrs. Smith again participated with her husband in the exodus from Salt Lake, feeling south to Little Salt Lake valley until peace was negotiated.

RELIEF SOCIETY RECORD. In the relief society, Mrs. Smith's work began with the organization in Nauvoo, and was continued in Utah, where her first service was as first counselor to President Rachel Grant of the Thirtieth ward and secretary of the ward. She was later elected president of the ward, and has since that time been constantly at work directing the important task, and despite her advanced age, she is one of the most active workers in the field. Her husband, George A. Smith, died Sept. 1, 1876, at Salt Lake, after a long illness.

GOOD WORDS FOR CHAMBERLAIN'S COUGH REMEDY. People everywhere take pleasure in testifying to the good qualities of Chamberlain's Cough Remedy. Mrs. Edward Phillips, of Salt Lake, writes: "I wish to tell you that I can recommend Chamberlain's Cough Remedy. My little girl, Catherine, who is two years old, has been taking this remedy when she has had a cold since she was two months old. About a month ago I contracted a dread cold myself, but I took Chamberlain's Cough Remedy and was soon as well as usual. This remedy is for sale by all druggists."

Los Angeles Limited next Tuesday.

### WIELDED A KNIFE.

Daniel I. Elton, secretary of the Utah Federation of Labor, did not appear before the streets committee last night and present his proof that American labor was being discriminated against in favor of alien labor by contractors on public improvements being made in the city at present, and that the foremen on the jobs were getting a dollar each from the foreigners for giving them jobs. The investigation of the matter was therefore laid over for a week.

Yesterday afternoon Police Officer Griffith arrested a colored porter named H. W. Reynolds on the charge of assault and battery. Reynolds had a dispute with Supt. Pratt of the Pullman company over oranges and struck Pratt on the head with a knife, inflicting a painful wound. It is not improbable that a charge of assault with a deadly weapon will be lodged against the negro.

## To Make Good Soap

To make good soap—soap that will give best satisfaction—that will not turn rancid, use

## Red Seal Lye

—the very best on the market. By its use far better soap can be made than with old style lye. Nothing better for softening water. Put up in a convenient sifting top can for household purposes such as disinfecting, cleaning, etc.
